

Minutes of the 7th State High Powered Committee meeting on Solid Waste Management

In the Chair :	Chief Secretary
Meeting Date :	18 th December, 2023
Meeting Venue :	13 th Floor, CS Conference Room, Nabanna
Meeting Time :	12.00 Noon
Meeting Attendees :	Annexed

Chief Secretary chaired the meeting to review the progress of Swachh Bharat Mission – Urban (Solid Waste Management) in all 128 ULBs in the State. The meeting reviewed the progress of attainment of ODF and ODF+ by all the ULBs along with processing and disposal of municipal solid waste (both legacy waste and fresh waste) in compliance with the Solid Waste Management Rules, 2016 and directions of the Hon'ble NGT received from time to time.

The Committee noted and decided that:

(1) ODF & ODF+:

- (i) UD&MA Department has set up a target for all 128 ULBs to achieve the ODF+ status within March, 2024. Already 28 ULBs have submitted application in the 'Swachhatam portal' for certification in ODF+ and 15 ULBs are ready for certification and will submit their applications once the portal is open. Rest 53 ULBs shall submit applications for ODF+ certification within 31st March, 2024.
- (ii) The Committee recommended 100% coverage of Community Toilets, Public Toilets and Standalone Urinals to ensure adequate accessibility of people to the toilet, by all the ULBs with special emphasis on sufficient number of public toilets exclusively for women and differently abled persons having all required amenities.
- (iii) The requirement of Public Toilets at Medical College Hospitals, District Hospitals, Sub-Division Hospitals and State General Hospitals is to be assessed and Department shall initiate necessary action accordingly.

(2) Solid Waste Management:

- A. The Committee noted that during processing of legacy waste in several ULBs, fresh waste has been disposed at the same dumpsites due to non-availability of alternative land for disposal. As a result, these fresh waste are getting converted to legacy waste for which another phase for bio-mining and bio-remediation needs to be implemented with the projection of fresh waste likely to be deposited up to December, 2024. By then, the fresh waste processing unit is expected to be commissioned. The existing quantity of legacy waste at each such dump site is to be ascertained through Drone Survey by engaging agencies competent in conducting such surveys.
- B. The Committee noted that for fresh waste processing, land is currently not available at 24 ULBs (Arambag, Tarakeswar, Birnagar, Kalyani, Chakda, Haringhata, Jiaganj-

Azimganj, Domkol, Kandi, Kharagpur, Mathabhanga, Dhupguri, Mal, Katwa/Dainhat, Falakata, Old Malda, Jhalda, Raghunathpur, Purulia, Tamralipta, Panskura, Nalhati, Sainthia and Halisahar), which are either under IDT or are subjected to public agitation after IDT and the ULB concerned has not yet got the possession. Chief Secretary has kindly instructed District Magistrates to take immediate action to ensure ULBs to get physical possession of the land wherever the IDT has been completed. L&LR and RR&R Department, Irrigation & Waterways Department, Public Works Department, Disaster Management & Civil Defence Department have been advised to expedite the IDT process.

Land identification, IDT and possession of all the 24 ULBs must be completed latest within 31st January, 2024.

- C. In the light of the orders passed by the National Bench of the Hon'ble NGT in O.A. 606/2018 and in compliance with the Solid Waste Management Rules, 2016, the Committee recommended to execute the infrastructure development of 488 projects at different ULBs or Development Authorities, as the case may be for implementation of solid waste management projects out of the unspent balance of SWM projects as has been permitted by the Ministry of Housing and Urban Affairs, Government of India, vide no. 1/31/2015-SBM-I (E No. 3125021) dated 27.03.2023 . The list is placed at **Annexure-I** and made a part of the minutes. The design, drawing and estimates of the projects shall be vetted by competent authority and AA&FS of the approved amount to be issued by SUDA after due approval of UD&MA Department.
- D. The Committee noted that Hon'ble NGT has passed several orders to implement the solid waste management activities in different Development Authority Areas in compliance with SWM Rules, 2016. Considering this, the Committee recommended to take up required schemes for integrated end to end solid waste management in the Development Authority Areas from SBM-U. The Committee further recommended taking immediate action in the areas of Gangasagar Bakkhali Development Authority, Jaigaon Development Authority, Digha Sankarpur Development Authority, Mukutmanipur Development Authority, Furfura Sarif Development Authority and Tarapith Development Authority. These are the places where there is a very high footfall of tourists every day and throughout the year.
- E. The Committee endorsed the following proposals on Dumpsite Remediation, City Sanitation Action Plan (CSAP-3A) for Toilets, IEC Plan and Capacity Building Plan under SBM-U 2.0., which have already been approved by Ministry of Housing & Urban Affairs, Government of India at different meetings of the National Advisory and Review Committee (NARC).

Sl	Proposal for	Component	Total Project Cost (Rs. in Cr.)	Central Share (Rs. in Cr.)	State Share (Rs. in Cr.)
1	109 dumpsites of 102 ULBs	Dumpsite Remediation Action Plan	750.49	217.81	532.68

3	128 ULBs	IEC Action Plan	299.3	179.58	119.72
4	128 ULBs	Capacity Building Action Plan	150.49	90.29	60.2
TOTAL (Approved)			1503.18	581.49	921.69

F. The Committee ratified the following proposals on City Sanitation Action Plan for Used Water (CSAP-3B) and City Solid Waste Action Plan (CSWAP) under SBM-U 2.0. with total project cost of **Rs.2189.27 crore** (Central share: Rs.868.16 crore & State share: Rs.1321.1 crore), which are under submission to Ministry of Housing & Urban Affairs, Government of India for approval.

Sl	Proposal for	Component	Total Project Cost (Rs. in Cr.)	Central Share (Rs. in Cr.)	State Share (Rs. in Cr.)
1	73 below 1 lakh population ULBs	City Sanitation Action Plan for Used Water (CSAP-3B)	1016.17	508.08	508.08
2	City Solid Waste Action Plan (CSWAP)				
2A	128 ULBs	Municipal Solid Waste Management	1150.15	353.62	796.53
2B	6 NCAP Cities and 2 above 5 lakh population cities	Construction and Demolition Waste Processing	21.3	6	15.3
2C	6 NCAP Cities and 2 above 5 lakh population cities	Mechanical Road Sweepers	1.65	0.46	1.19
TOTAL			2189.27	868.16	1321.1

- G. The Committee recorded that State Government has submitted Component wise all the Action Plans to Government of India as per total allocation under SBM-U 2.0 i.e. of total allocated Central Share of Rs. 1449.65 crore, State Share of Rs. 2569.27 crore and Total Project Cost of Rs.4018.93 crore.
- H. The Committee noted that as per decision of earlier meeting, State Government in UD & MA Department has initiated actions to set up Waste to Energy Plant at Kolkata MC, Bankura and Maldah. ASCI, Hyderabad has been appointed as Transaction Advisor for Kolkata MC and IIT Kharagpur has been appointed for Bankura.
- The Committee further noted that the land selected for Bankura project at Ranibandh is not feasible, District Administration has been requested to look for an alternative site. Considering feasibility and viability in the long run of such Waste to Energy Project, it would be better if suitable land could be found in West Bardhaman District as both Asansol MC and Durgapur MC would provide constant feed of dry waste as well as from the nearby rural areas, which are peri urban in nature, as well as from the Municipalities adjacent to Bankura, Purulia & Birbhum Districts. Joint inspection of Malda project site has been proposed to be done on 23.12.2023.
- I. The Committee noted that during their tenure, the Micro Planning/Facilitation Organizations (engaged for providing handholding support to the ULBs for preparation of DPR for Solid Waste Management and implementing IEC and Capacity Building activities on SWM) provided Programme Coordinators to their assigned ULBs for providing handholding support in solid waste management to the respective ULBs. After expiry of their tenure, the Micro Planning /Facilitation Organizations have withdrawn the service of these Programme Coordinators.
- The Committee further noted that SBM-U 2.0 has made a mandate that to maintain unhindered fund flow, all the ULBs have to achieve Garbage Free City (GFC) 3 Star Certification and also appreciated that without manpower with required knowledge and skills, ULBs may not be able to achieve the required certification. Therefore, the Committee recommended that ULBs may be provided support of Skilled Supervisors whose enrollments to be charged out of the West Bengal Urban Employment Scheme and further recommended that zone wise experienced Facilitation Organizations are also to be engaged for mentoring and handholding the ULBs to achieve the GFC 3 Star Certification they will also ensure all data are entered in the Swacchatam Portal of MoHUA, GoI. Appropriate payment milestones to be fixed up to ensure all the components for GFC 3 Star rating are complied with.
- J. The Committee felt it necessary to have the Electrical & Mechanical work of waste processing plants, which are being set up either by KMDA or by MED, verified by a third party. This third party will verify whether the processing of dry and wet waste are being carried out in accordance with the prescription of the CPHEEO manual and in conformity with that of the SWM Rules, 2016. Accordingly, the Committee recommended to engagement of Engineers, Civil, Electrical and Mechanical as State Quality Monitors to conduct periodic visits for monitoring of the quality of the SWM infrastructure work executed by MED & KMDA as the implementing agency.
- The Committee also recommended to engage INSDAG (a not-for profit, member-based organization established by Government of India under Ministry of Steel) on

nomination basis for quality monitoring of steel structure and fabrication work at Project sites where truss are to be erected.

- K. The Committee accepted the **enhancement** to the tune of Rs. 383.26 Crore in budgetary allocation of **WBUES** and requested, to move the Finance Department for this, to ensure that adequate conservancy manpower is deployed by the ULBs. This is to comply with the provisions of SWM Rules, 2016 and PWM Rules, 2016 alongwith directions passed by the Hon'ble NGT from time to time. This shall also include Used Water Management for overall cleanliness of the towns and cities round the clock enabling them to qualify for GFC Star ratings.

(3) **Used Water Management:**

The Committee recorded that a detailed Technical Survey of all the ULBs is required engaging some professional Technical Agency for preparing micro level plan for Used Water Management. Technical assistances of Chennai Metro Water Supply Authority has been requested for this by the UD&MA Department, Government of West Bengal. The Committee accepted the proposal.

- (4) The Committee realized that integration and convergence of solid waste management, liquid waste management, construction & demolition waste management, bio/gobor gas, air quality monitoring and waste to energy issues are required between rural and urban areas. Hence recommended to constitute a Task Force by Environment Department. This Task Force shall draw up a comprehensive Solid Waste and Liquid Waste Management plan for all the Rural Development Blocks and Urban Local Bodies in the State. The Task Force shall comprise of representatives of Environment Department, WBPCB, Urban Development and Municipal Affairs Department, Panchayat & Rural Development Department, L&LR and RR&R Department and Finance Department. The Task Force shall place the report before the Chief Secretary by the end of March, 2024.
- (5) The Committee recommended to prepare a 3 months' ULB wise micro level action plan of Solid Waste Management and Liquid Waste Management on expenditure and take action accordingly. The plan shall be submitted before the Committee in the next meeting.

The meeting ended with vote of thanks to and from the chair.

(Dr H.K.Dwivedi)
