

**Minutes of the 63rd Meeting of State Level Task Force on Solid Waste Management
for discussion on several issues of solid waste management**

In the Chair : Director, SUDA

Meeting Date : 10th June, 2024

Meeting Venue : SUDA Conference Hall (2nd Floor)

Meeting Time : 12.00 Noon

Meeting Attendees :

➤ List of Members and participants : Annexed

Director, State Urban Development Agency (SUDA) chaired the meeting.

At the outset, he welcomed all the members present and explained the discussion points of the meeting. After threadbare discussion the following decisions were arrived at:

1. The Committee noted that SUDA has floated tenders for engagement of agency for biomining and bioremediation of legacy waste for different ULBs, for which the participating bidders will deliver their presentation regarding their action plan for their eligible projects before the Committee as per format provided to them, which is as a part of the technical evaluation of the bids. The participating bidders gave their eligible project wise presentation as detailed below:

Sl No	Agency Name	Eligible Projects for which PPT presented before the Committee
1.	Eastern Organic Fertilizer Private Limited	Cluster 1, Burdwan, Midnapore, Siliguri MC, Behrampur, Durgapur MC, Bhadreswar and Naihati
2.	Greentech Environ Management Pvt. Ltd.	Burdwan, Midnapore, Behrampur, English Bazar and Old Malda, Durgapur MC, Bhadreswar, Purulia and Raghunathpur
3.	M/s D H Patel	Cluster 1
4.	National Federation of Farmers Procurement Processing & Retailing Co-operatives of India Ltd. (NACOF)	Cluster 1, Burdwan, Siliguri MC and Durgapur MC
5.	People's Association For Total Help & Youth Applause	Cluster 1, Burdwan, Midnapore, Siliguri MC, English Bazar and Old Malda, Behrampur, Durgapur MC, and Bhadreswar
6.	Aayushi Hygiene And Care Private Limited	Purulia and Raghunathpur, and Naihati
7.	Tansam Engineering And Construction Company	Cluster 1, Burdwan, Midnapore and, English Bazar and Old Malda
8.	Rohini Fire Safety Pvt. Ltd.	Burdwan, Midnapore, Behrampur, English Bazar and Old Malda, Bhadreswar and Naihati
9	Rajan Construction	Purulia and Raghunathpur

The compiled sheet of the marks provided by the Members of the Committee is placed at **Annexure-I**.

The Committee recommended opening the financial bids for the participating bidders who have achieved the qualifying marks of 70 or above in the technical evaluation as per bid condition, and place the same before the Committee at the next meeting for further action after opening of financial bids.

2. Earlier it has been decided that the ULBs where the waste generation is less than equal to 30 TPD the waste processing will be done through SHG mode where CAPEX and the structural aspects would be provided from the end of SUDA/ KMDA/ MED. This has come up as an order issued from the Administrative Department (order no-1471-UDMA-11012(99)/53/2021 dated-06.06.2024) where this CAPEX mode of waste processing has inter alia been decided. In the same order distribution of the ULBs where such processing would be done by whom i.e. by SUDA or KMDA or the ULB concerned was also delineated. Shifting from this earlier paradigm, now, it has been decided that in most of the ULBs the processing will be done in CAPEX mode where techno-financial support will be provided from the end of SUDA, KMDA or MED . The operation of these processing units will be carried out by engaging members of SHGs of the ULBs concerned or through engagement of an operating partner. The details of this have been provided in **Annexure-II**. This shift of paradigm is due to the fact that in many cases 'Agency Mode' of waste processing did not work despite engaging agencies in many of such ULBs. The Members of the Committee unanimously decided that to achieve the time bound progress of waste processing work there is no other alternative but to bank upon to this new paradigm. The Committee further decided that UD&MA Department would be moved for coming up with a revised order in this regard.
3. After a threadbare discussion on the fresh waste processing issue of Promadnagar, the Committee recommended the following for North DumDum Municipality and New Barrackpore Municipality:
 - ✓ M/s EOFPL shall transport the segregated waste from Secondary point and process the same.
 - ✓ The drain silt & road sweeping material along with partially mixed waste shall be transported by M/s EOFPL from Secondary point and process the same for an interim period of three months w.e.f. 01.03.2024.

With no other issue for discussion the meeting ended with vote of thanks to and from the chair.

(Supriya Ghosal)
Director, SUDA
