**Sub : Coverage Evaluation Survey on Immunization under IPP VII
Extn. - Reports on Focus Group Discussion**

I am enclosing herewith three reports on three Focus Group Discussions conducted at Siliguri Town (2) and Darjeling Town (1). Lists of participants for each of these discussions are also enclosed.

I hope you will find them in order.

Thanking you,

Yours sincerely,

(Dr. A. K. Roy)

FOCUS GROUP DISCUSSION- I

A focus group discussion was conducted at Siliguri in block no. 186, ward no. 42. A total of 19 married women participated. List of participants enclosed. Most of the women were Rajbansi and Bengali speaking.

Salient points arising out of the FGD are as follows: -

1. Mina Barman said that many children did not take immunization in time. Dipika said that those children who took immunization did not follow the 'immunization schedule'.
2. The major reason, as told by most of the participants is because there is no nearby immunization center. The cost taking children to Sliguri (around Rs.30-50 per trip) is prohibitive.
3. Surubala Barman said that all expected mother will be greatly benefited if immunization were done at this health post center (inaugurated on 12/03/2001). CD specialist informed that at present there was no electricity at the center.
4. It appears that the doctor is supposed to come on Thursday but it is irregular.
5. Archana Sarkar said that women shudder to go to hospitals because they were very, very dirty. They fear that they might contact other diseases.
6. Out of 19 women present, 6 women had deliveries at 'home'. All the deliveries were conducted by local dais. Women did not know whether the local dais were trained or not.
7. Uttara Rai said that there were no transportation arrangement for taking would be mothers at night or during emergencies. Further, cost of transportation to Siliguri is very high.
8. Most of the women have had 2 doses of TT.
9. Most of the women praised the services of HHW who provided ANC services by taking the women to hospitals if necessary.
10. Only 2 -3 women were aware of the Maternity Home and OPD at Dabagram. Even these 2-3 women were also not aware about cost details, availability of ambulances etc.

FOCUS GROUP DISCUSSION – II

There were 20 participants (married women) at the FGD conducted at Paswan Basti (block no.199, ward no. 43). List of participants enclosed. Most of the families are from Bihar, mainly engaged in construction work. Hindi was the medium of discussion.

Salicnt points arc :-

- 1) Women did not seem bothered or enthused about the IPP VII center at Gandhi Nagar. It appeared that a number of women were not aware about it's functioning. However, FTS seems to be very popular among the women.
- 2) Bimla Paswan said that, although doctor was available on Mondays & Fridays, quality was bad because patients were not cured. She further said that most patients had to go to private doctors after taking treatment from this doctor.
- 3) Most of the women said that the well water drunk by the households were contaminated resulting in a number of water-borne diseases.
- 4) Most of the deliveries were institutional deliveries. In fact, we did not find a women having home delivery.
- 5) A number of women did not know the number of immunizations to be taken.
- 6) Seven-eight women said that their children have not been immunized.
- 7) Six women have had female sterilization. There is no case of male sterilization.
- 8) Rajia Devi said that for common diseases like blood pressure, blood sugar, dysentery, no medicines are given. Along with her, number of other women complained that only cheap medicines on cough & fever are given. Therefore, it did not work. They had to go to private doctors for medicines.
- 9) After illness, no vitamin tablets are given.
- 10) After operations, no medicines are given.

FOCUS GROUP DISCUSSION III

Only 10 married women attended (list enclosed). All were Nepali women. IIIIW and EIT Supervisor (Shri Dinesh Chhetri) acted as the translators.

Salient points are: -

1. All the children have had 8 immunizations (BCG,DPT-3 doses,OPV-3 doses and Measles). All the mothers carried immunization cards.
2. HHW stays in the same locality. She reminds the women about the dates of immunization.
3. Birth weights have been taken. 4 women gave the birth weights as 2500 gms, 2300gms, 2600gms and 2400-2500gms.
4. All the women had gone to Sadar Hospital (distance of 10 minutes) for ANC and for delivery. Unless there was a complication, women do not go for PNC.
5. Generally, 3TT injections (TT1,TT2 and one booster) are taken.
6. Three women had female sterilization.
7. Because of the distance (3kms), women do not go to Sub-Health Post Centre. It was HHW who would bring the medicines to the women and deliver them at home.
8. Sanu Chettri said that a Maternity Home and OPD was being constructed by IPPVIII authorities 10-12 kms away. It would, therefore, not be used by the project beneficiaries. They would continue to go to the Sadar Hospital.
9. All the participants suggested that the project should continue.
10. HHW, many women said, supplied only tablets for cough and fever. Cough syrup for children should be given. Other costly medicines and medicines for other diseases should be supplied by the project authorities.

The training of field supervisors for the above study will be held in our office from 3rd to 5th December 2001. After the training the supervisors will be sent to all the 10 towns to recruit field interviewers & editors locally. The supervisors will arrange training programme of the field interviewers and editors. We shall be glad if you kindly address the supervisors explaining the IPP VIII programme on the inaugural day i.e. 3rd December 2001.

We have already forwarded to you the list of the selected serial numbers of each of 10 towns to enable you to provide us the name of HHWs associated with respective serial numbers as the Blocks to be covered can only be identified with the name of HHW.

Our supervisors will require the cooperation & assistance of the officials of local bodies & other Officials involved in IPP VIII Extn.

We shall therefore, request you to kindly provide us the name of the HHWs at the earliest and issue letters to all concerned officials to extend co-operation & assistance to our field staff for smooth conduct of the study.

Thanking you,

Yours sincerely,

We herewith confirm your consulting appointment to carry out the above mentioned assignment specified in the attached Terms of Reference.

For administrative purposes Dr. K.L. Mukherjee, Asstt. Chief of Health, IPP-VIII, Kolkata has been assigned to administer the assignment and to provide the Consultant with all relevant information needed to carry out the assignment. The services will be required in Family Welfare (Urban Slums) Project – IPP-VIII for about 60 (sixty) days during the period from 02.04.2001 to 31.05.2001. These dates are estimates and Project Director, IPP-VIII, Kolkata, may find it necessary to postpone or cancel the assignment and /or shorten or extend its duration. However, every effort will be made to give you, as early as possible, notice of any such changes. In the event of termination, Ms. Sanchita Chowdhury shall be paid for the services rendered for carrying out the assignment to the date of termination and will provide the Project Director IPP-VIII, Kolkata with any reports or parts thereof, or any other information and documentation gathered under this agreement prior to the date of termination.

This Agreement, its meaning and interpretation and the relations between the parties shall be governed by the laws of the Union of India.

Set out below are the terms and conditions under which you have agreed to carry out the assignment. The services to be performed, the estimated time to be spent, and the reports to be submitted will be in accordance with the attached Terms of Reference.

This agreement will become effective upon confirmation of this letter by you and will terminate on 31.05.2001, or such other date as mutually agreed.

Payments for the services will not exceed an amount Rs. 1,00,000/- (Rupees one lakh) only.

You will be paid as follows, within 30 days of receipt of invoice a fee of

Amount	Currency	
20,000	Indian Rupee	Upon receipt of a confirmed copy of this letter and submission of inception report.
60,000	Indian Rupee	Upon receipt of the draft report.
20,000	Indian Rupee	Upon receipt of the final report acceptable to Project Director, IPP-VIII, Kolkata

TERMS OF REFERENCE

Family Welfare Urban Slums Project

Terms of Reference for documenting innovations under the project in Calcutta Urban Slums

Background :

The IDA supported Family Welfare Urban Slums Project has been providing further support to the Government of India's Family Welfare Programme since 1994. This project assists four municipalities viz., Bangalore, Kolkata, Delhi and Hyderabad in adapting and refining the Urban Revamping Scheme to meet the particular needs of slum populations in their jurisdictions, as well as to make it affordable and sustainable given the weak financial status of the municipalities. The major objectives of the project are to : (a) reduce fertility among slum populations in the forty municipalities; and (b) improve maternal and child health status, by helping to decrease maternal and infant mortality and morbidity rates among slum populations.

The Mid Term Review of the project undertaken in May, 1998 indicates that it has made significant gains in 40 municipalities around Kolkata. Three factors seem to have significantly contributed to this. Firstly, establishment of a decentralized programme management structure fully engaging the local bodies with increasing community participation. Secondly , promotion of public private partnership in service delivery involving local consultants and medical practitioners, and thirdly innovative efforts to ensure the sustainability of the project inputs through cost recovery and at the same time safe guarding the poor through differential pricing and cross subsidy.

Rapid urbanization is an important phenomenon in South Asia and India is no exception in this regard. Urban residents are expected to contribute 40% of total population in India by year 2020. Hitherto, there is no coherent policy on providing comprehensive Primary Health Services for urban slum residents in the region and surveys suggest much lower coverage of basic RCH services among women and children residing in urban slums. India Government is keen to address this concern and has taken initiative to organize a think-tank workshop during February, 1999 with technical support from the Bank and several other development partners such as EU, DFID and UNFPA took part in this workshop. Consequently, proposals for urban RCH services are being prepared for future donor assistance. For the Bank to comprehensively review such proposals, an in-depth understanding of the ongoing innovation in Kolkata would be necessary. Also, documenting this experience would be useful for the Bank's future work not only in India but in most of Asia. A consultancy assignment is, therefore, proposed to document the experiences of Family Welfare Urban Slums Project in Kolkata.

Terms of reference :

1. The consultant will interact with clients (especially, women and key decision makers in the family), community based volunteers (Honorary Health Workers), representatives of the local bodies, providers and project management to understand their perceptions of the project, views on its value addition in improving access to critical RCH services and how they feel the effort would be sustained.
2. Specifically the consultant will undertake
 - Review of documents
 - Site visits to selected locations and undertake personal interviews and group discussions.
 - Organize / Participate in selected workshops as required.

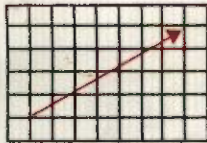

Output :

The consultant will

- a) provide a document summarizing the process and experiences from the innovations carried out under Family Welfare Urban Slums Project in Kolkata commenting on appropriateness, replicability within the state (both urban and rural areas) and outside, and list the factors that contributed the success as well as those which are likely to hinder its impact
- b) present the findings to Govt. of India and partners in a workshop/ meeting.

Time frame :

The assignment would be completed in sixty days during the period from 02.04.2001 to 31.05.2001.

Dear Sir,

This has reference to the telephonic discussion our Sri B. M. Bhattacharya, Senior Executive had with you/Dr. Kar regarding the study on coverage on Immunisation.

We shall indeed be very happy if we get the opportunity to associate ourselves with your organization.

Our Organization is mainly devoted to micro and macro level Socio-economic studies with special emphasis to Health Sector.

During the last three years, we have carried out a number of large sample surveys. These are :

1. National Family Health Survey - II in West Bengal & Sikkim - sponsored by Ministry of Health and Family Welfare, Govt. of India through International Institute for Population Sciences, Mumbai.

- The study involved interview of 4408 married women between 15 - 49 years in 153 clusters spread over all the districts of West Bengal and 1107 married women between 15 - 49 years in 50 clusters in Sikkim spread over all the districts of the state. The enquiry included coverage of immunisation of children.

2. District Level Multi-Indicator Cluster Survey - II in the states of Assam, Orissa and West Bengal, sponsored by UNICEF.

- This study covers 10 districts and two towns for urban slums in Orissa, 4 districts in West Bengal and 2 districts in Assam. In this case also the survey is carried out in statistically selected 30 clusters in each district / Town and 40 Households in each cluster. The enquiry includes coverage of immunisation.

3. Barrackpore Population Health Survey, sponsored by Ramkrishna Vivekananda Mission, Barrackpore

- The enquiry of the study was major diseases prevalent among population of Barrackpore Municipality. The study was carried out in Six (6) statistically selected wards of the Municipality and covering randomly selected 500 households in each ward. The study covered interview of about 15000 individuals.

We are therefore, very confident to take up the survey to assess the coverage of immunisation in West Bengal or any other state.

A list of major studies undertaken by us during last couple of years and the Brochure of our organization are enclosed.

We look forward to a favourable response from you.

Thanking you,

Yours sincerely,

(Dr. A. K. Roy)
Chief Executive
