

Sub. : Study by CMU on utilization of Health facilities created in respect of different Health Programmes in 6 ULBs.

Study were conducted in 4 KMA ULBs i.e Barrackpore, Budge Budge , DumDum , Uttatpara Kotrung and 2 Non-KMA ULBs i.e Alipurduar and Burdwan to learn about utilization of health infrastructure created under different health programmes. Individual Report for each of the 6 ULBs and Consolidated Report are enclosed for kind perusal.

Activities in respect of recommendation of the Report/s may be undertaken for better and effective utilization of the health facilities.

Submitted.

The above may be seen. The study had the following objectives:

- (a) To learn about:
- Utilization pattern of the Health facilities created in ULBs viz. Sub Centres, Health Administrative Units, Maternity Home, ESOPD and Regional Diagnostic Centres
 - Urban Health Care service delivery & implementation of National Health programmes.
 - Effectiveness of HHWS in providing primary health care services
 - Existing referral system for institutional delivery & common ailment of U-5 children
 - Involvement of CDS, NHA and NHC in urban health care delivery.

~~The study reports - index~~

The TOR for the study is placed in file (Page 1)
The study reports - six index separate reports for the six ULBs and a consolidated report is also placed in file.

(12)

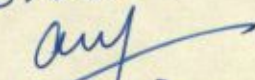

We may take the following actions:

① Send a copy of the six VLB reports to the six concerned VLBs. Ask them to study the report and make an action plan for corrective measures. They may be asked to share the action plan with us and also tell us whether they require any help in taking the corrective measures.

② The consolidated report has made a number of recommendations, subdivided into the following:

- ① Recommendation for VLB
- ② For Sub Centre functioning
- ③ For Health Administrative Unit functioning
- ④ For ESOPD functioning
- ⑤ For Maternity Home functioning
- ⑥ For Diagnostic Centre
- ⑦ For Public Health
- ⑧ Functioning of HHWS
- ⑨ Role of COS/NHC/NHG
- ⑩ Training
- ⑪ Monitoring and Supervision.

SODA may start implementing the process of implementing the recommendations it accepts. For policy decisions, SODA may put up ~~the~~ its recommendation to the Government.
Submitted for kind consideration
