In case of Tamluk Municipality implementing CBPHCS & Urban RCH funded by Department of Health & Family Welfare, proposal for repair & renovation of Sub-Centres may be approved as Sub-Centres are the Nerve Centres for providing primary Health care services. Source of funding for the purpose may be identified. A decision may be arrived at whether such repair & renovation may be undertaken for the Sub-Centres which are located in private accommodation. Additionally not only the Tamluk Municipality, the other Municipalities implementing Urban Health Programmes may need such funding.

Furthermore, a decision may also be obtained from Department of Municipal Affairs whether the additional fund requisition by the respective ULBs submitted time to time shall be processed through SUDA, if so, a Committee may be constituted to process the proposal.

FA may pl opine. *WJ*

Rey 'x' - Yes, tender is to be invited if the estimated cost as per P.W.D. current schedule exceeds ₹ 1,00,000/-

Rey 'y' - normally no. ^{Govt} office in private owned house cannot be repaired/renovated at the cost of public exchequer. However, if the proposed repairing/renovation is considered essential it could be undertaken with the concurrence of Finance Department.

Rey 'z' - 'Additional fund' for what purpose is not clear. If the fund is meant for such type of proposed expenditure which are outside the normal ambit for consideration then it is to be sent for fund releasing authority for due concurrence. Hence, the formation of a committee in SUDA for this purpose is not required, at least right now.
