The points raised by the Chairman are :

- 1) Whether Health workers attached to IPP-VIII (Extn) are eligible to contest municipal election; and
- 2) if not, whether a Health worker who contested the recently held municipal election without obtaining permission may be allowed to join her duties after returning from leave.

Now the issue as on pt. ① above is to be decided by the Deptt. because the latest legal provision in this regard is not known to us. The second issue can only be decided upon after obtaining clarification on the first one.
