Sub:- UIDSSMT Project works and there of

Respected sir,

The Suri Municipality in the district of Birbhum is facing acute problem regarding supply of drinking water particularly the remote draught situation in this summer. The water level of the tube well as well as dug well within the Municipal area has been decreased to a great extent. We are supplying drinking water inadequate by running the old pumping Machinery due to low yield of the tube well. The rate payers and the consumers are not getting drinking water up to the Mark and the citizen of the Suri town is facing acute problem for want of drinking water. The water demand is increasing and supply is reducing per capita per day due to low discharge of the tube well and we are not able to run the pumping Machineries continuously. Water supply project under UIDSSMT is in progress. But due to several formalities relating to tender processing circulating etc, the progress of the project is delayed. In this connection, I fervently pray to you to arrange necessary steps so that this project may be implemented within a very short period, through M.E.dte Burdwan division after observing all the formalities with minimum times.

Kindly look into matter and your personal intervention is requested so that the project may be implemented within a very short period and also request you to help all the financial assistance by releasing the next fund so that the people of this town will get sufficient amount of drinking water.

Thanking you.

Yours faithfully,

Sd/-
Chairman
Suri- Municipality

Memo No - 86/1(2)

NOTICE INVITING QUOTATION

Memo No. 1137/S.M.

Dated- 30/08/2011

NIT No.- 03/S.M./UIDSSMT/2011-12

Dated- 30/08/2011

Sri Chakrabarty
TA
TH
22/9

Sealed quotation in prescribe printed Municipal form are invited by the Chairman, to obtain a rate contract for supplying of DI pipe materials for one year period, for Suri Municipality as stated below from the DI Pipe manufacturers. Materials are to be supplied within municipal towns within the State of West Bengal as and when required during one year contract period. Rates quoted should be inclusive of all taxes and delivery charges at site. Supply of materials may be for Municipality. Time to time supply order will be issued by the said authorities as per their requirement.

Details of quotation with necessary requirement towards submission of Quotation Papers will be available from the office of the Chairman as per particulars given below and will be received by the Office of the Chairman, Suri Municipality.

A. a)	Name of the work	Supply and delivery at site ISI Mark Socket and Spigot jointing system centrifugally cast DI (K9/K7) Pipes conforming to IS 8329-2000 (Third revision) in standard length 4 m, 5m, 5.5m, 6m for push-on joint (rubber gasket) with internal cement mortar lining and external protection by metallic zinc coating with finish layer of epoxy/bituminous coating of outside as per IS 8329-2000 specification with necessary jointing material rubber gasket (IS 5382:1985) including transportation, loading, unloading and staking at site including free supply of polythent sleeves for Water Supply Projects.
b)	Manufacturers eligible for submission of rate	<ul style="list-style-type: none"> Manufactures should have Valid PAN no., /VAT/Sales Tax & Professional Tax Clearance Certificate. They should have valid Certificate from Pollution Control Board. For bulk purchase of DI pipes bonafide manufacturers are only eligible. The manufacturer will submit previous experience certificate of supply of DI pipes to government/PSU/reputable Private Sector bodies, but such experience is not mandatory.

		<p>Private Sector bodies, but such experience is not mandatory.</p> <ul style="list-style-type: none"> • Certificate to ensure that the installed pipe manufacturing capacity of the factory is sufficient to cater to the tendered requirement. • Valid BIS certification of the manufacturer for each and individual diameter of pipe tendered. • External coating of the pipes will be bituminous/epoxy over zinc coating and inside cement mortar lining as per IS:8329:2000. • Certificate from reputed Government Institution/Universities is essential for eligibility to participate to ensure desired hydraulic smoothness of Cement Mortar Lining in the DI pipe, the minimum Hazen Willium's "C" value of 140 corroborating the guideline of CPHEO Manual Water Supply and Treatment. • Providing rubber gasket conforming to IS 5382:1985 for each of the joints admissible in the ordered quantity +5% extra to be included in the quoted rate. • Third Party Inspection (TPI) through RITES/MECON/EIL/PDIL of the pipes is mandatory before delivery of the pipes. TPI report should cover, (ii) test to ensure rubber gasket quality as per IS Code 5382:1985. The inspection charge etc to be included in the quoted rate. • The sampling size will be guided as per relevant IS code.
c)	Printed form in which quotation is to be submitted	In printed Municipal Quotation Form along with special terms and conditions.
d)	Price per copy of the set of quotation documents	Rs.5, 000/- (Rupees five thousand) per set.
e)	Last date of receiving application for quotation documents	28.09.2011 upto 3.00 PM.
f)	Documents require to be submitted along with the Application for obtaining quotation paper.	Valid PAN No., VAT/Sales Tax & Professional Tax Clearance Certificate & Income Tax Clearance Certificate. Valid certificate from Pollution Control Board. Valid BIS Certificate for their products as per BIS 8329/2000. Organizational Structure, Annual Report and Audited Balance Sheet of last year. Previous Experience Certificate.
g)	Date of purchasing the Quotation paper	20.10.11 upto 3:00 P.M.
h)	Date, time & place for dropping of quotation documents	24.10.11 upto 3:00 P.M. at Suri Municipal Office.
i)	Date, time & place of opening the tender	24.10.11 upto 4:00 P.M. at Suri Municipal Office.
j)	Time of completion of work	One year from the date of agreement
k)	Mode of issue of quotation paper	Quotation paper will be issued by the Office of the Chairman only to the eligible applicants who have submitted all the requisite documents in respect of their

		eligibility as mentioned point 'A(b)' above on recommendation of the concerned Executive/Superintending Engineer, MED.
l)	Earnest money required to be deposit at the time of submission of quotation	Rs. 20,000/- (Rupees twenty thousand) or @2% of total amount quoted whichever is less.
m)	Approximate quantity of Supply of pipes	1) 100 m.m. dia D.I. Pipe M. for K7/K9 2) 150 m.m. dia D.I. Pipe M. for K7/K9 3) 200 m.m. dia D.I. Pipe M. for K7/K9 4) 250 m.m. dia D.I. Pipe M. for K7/K9 5) 300 m.m. dia D.I. Pipe M. for K7/K9 ✓ 6) 350 m.m. dia D.I. Pipe M. for K7/K9 7) 400 m.m. dia D.I. Pipe M. for K7/K9 8) 500 m.m. dia D.I. Pipe M. for K7/K9 9)
n)	Supply order issuing authority	Chairman, Suri Municipality, Suri, Birbhum.
o)	Authority who will receive the material and make payment of supplied materials	As stated in item 'n' above

B) The detailed N.I.Q, documents and other relevant particulars may be seen by the intending quotationers during office hours within the date mentioned above in the office of the Chairman of the Suri Municipality. The offered rate, if accepted, should be valid for 1 (one) year from the date of formal agreement in that regard.

C) The materials are to be supplied in accordance with the procurement programme of the Suri Municipality who would issue the supply order as per the terms and conditions as laid down hereunder and the payment will be made by them as per the actual materials supplied with entire satisfaction of those authorities. Deduction @10% of the Gross amount of the bill will be made as security deduction against each lot of supply and the same will be returned to the agency after 1 (one) year from the date of actual supply subject to fulfillment of the conditions applied.

Supply order shall be issued by those authorities who will take supply of the pipe and payment will be made by them.

D) If the agency fails to supply the materials as per the demand placed by the municipality, penal action in the form of forfeiture of earnest money and or security deposit money, as decided by the authority, will be imposed on the agency and the decision of the authority will be conclusive and binding. In case of failure of supply of DISS pipe materials (Approved Quality) Chairman Suri Municipality shall be empowered to invoke the Earnest Money Deposited in favour of him..

No price escalation, if any form, within the contract period will be entertained.

E) If any pipe fails to withstand the pressure as suggested in the quotation paper during execution the same will have to be replaced, as per the quotation specification, by the agency at their own cost without any claim within 7 (seven) days (or as suggested by the authority). In case of failure of pipe the authority shall have the right to recover the whole damage amount from the supplier. In this regard the claim will be ascertained by a competent State Government authority as per the decision of Municipal authority.

F) The rate quoted should be inclusive of all cost of transportation, loading, unloading, staking at site within any municipal area of the State of West Bengal, and all Taxes, VAT, etc. what so ever.

G) Deduction viz (i) ST (ii) IT or any other taxes, due as per rules, will also be deducted from the bill of the agency.

Successful agency shall have to make an agreement (in 3 copies) with the Chairman Municipality, in prescribed pro-forma stating that the agency is agreeable to supply the pipe materials as and when require (as per the rates quotation papers) to the municipality with in the municipality/adjcining areas (as the case may be) ...

H) Applicants intending to purchase Quotation papers are requested to produce valid ST clearance certificate, PT clearance certificate, PAN card & other credentials as mentioned in clause no A(b) (manufacturer eligible for submission of rates) in self attested photocopies & a prayer for purchase of Quotation documents addressed to the Chairman, Suri Municipality. Quotation papers will be issued to qualified applicants. Applicants if found to be not complying with the eligibility requirement of the quotation as asked for in clause A(b), shall not be considered for issuance of Quotation paper. Decision of concerned Executive Engineer/ Superintending Engineer of Municipal Engineering Directorate/ Chairman/ of Concerned Municipality shall be final & binding on the applicants in this regard.

I) Payment will be made by the concern authority who will place the supply order.

J) The authority reserves the right to accept or reject any or all offer without assigning any reason.

Sub: - Estimate for providing High lift and Low lift pumping Machinery including allied H T & L T Electrical works for supply of water to O.H.P. of Suri Municipal Complex and parade Ground of Suri Town from Tilpara Barrage under Suri Municipality under UIDSSMT Project works for vetting purpose for Rs.1, 23,28,593.00

Ref: - Your Memo No. 584/S.M. Dated 25.06.2011

Sir,

The scope of work, technical specification and the estimate of Electrical-Mechanical work for Suri Town, under UIDSSMT was sent for vetting by the Chairman, Suri Municipality vide memo, referred above.

The estimate has been checked by our Technical Adviser (E/M). He has opined that as most of the items are non-scheduled in nature and analysis of rate or market rate has not been enclosed, item rate Tender may be invited to fix up the rates. The schedule of work, scope of work along with technical specification, however, have been modified by him as per data provided by the Executive Engineer, MED, Burdwan and are enclosed for taking further action from your end.

Enclo: - As stated

Yours faithfully,

Director, SUDA

Director, SUDA

Office of the
Suri Municipality

P.O. : Suri * Dist. – Birhum (W.B.) * Pin Code –

**SPECIAL INSTRUCTION PROVIDING HIGH LIFT & LOW LIFT
INCLUDING ALLIED LT ELECTRICAL WORK FOR SUPPLY OF WATER
FROM NEAR TILPARA BARRAGE TO OHR AT SURI MUNICIPAL COMPLEX AND
PARADE GROUND OF SURI TOWN OF SURI MUNICIPALITY UNDER
UIDSSMT SCHEME OF JUNNURN PROGRAMME**

1.0 THE SCHEME

- 1.1 The scheme is to draw water from Tilpara Barage by 8 Nos. Ground bored Tube wells with the help of Submersible Pumping Machinery, stored in 2(two) nos. underground CWR at Suri Municipal Complex and Parade Ground.
- 1.2 The water from CWR will be pumped to Suri Municipal Complex & Parade Ground distribution OHRs by Centrifugal Pumps after it is being duly chlorinated through Metering Pump installed near the OHR located within the respective zones.
- 1.3 In the scheme three nos. 415Volt Switch Room will be installed in two different places suitable to drive the Low Lift Pumping Machineries.
- 1.4 The chlorination system will be provided by liquid chlorine.
- 1.5 This specification covers supply, installation, storage, guarding, testing, commissioning and maintenance of all pump sets with associated equipments, pipe work etc.
- 1.6 The tenderer should offer rate as per the scheme described in the NIT and may offer additionally any scheme of his choice as an alternative offer, which may be accepted by the department if found technically accepted and economically viable.

2.0 SALIENT FEATURES OF HIGH LIFT & LOW LIFT CLEAR WATER PUMPING STATIONS

- 2.1 Specific requirements of the pumping station as well as the substation are elaborated below enabling the tenderer to select suitable equipment.
- 2.2 The pumping stations will have two parts of high lift centrifugal pumping stations comprising 2Nos. pumps in each station of identical capacity discharge with minor changes of head in terms of the meter and one part of low lift pumping station comprising 8Nos.submersible pumps.
- 2.3 415V±10%, 3Phase, 50Hz ± 3% AC Power Supply for both the High Lift Pumping Stations will be available from existing Power Supply of the Municipality, for which one 415V Power Distribution Board cum Motor Control Center will have to be installed inside both the Municipality Complex & Parade Ground Pump House.

In order to drive all the Submersible Pumps of Low Lift Portion, three Motor Control Center will be installed in two different switch room, in which 415V 3Phase AC Power will be made available from outdoor transformers to be provided by WBSEDCL

- 2.4 All the valves on the suction and delivery lines as called for in the specification shall be manually operated and suitable for a minimum pressure rating of PN 1.0.
- 2.5 All high & low lift pump sets shall be operated from the Star-Delta Starters at the MCC installed in the Pump House.

3.0 SCOPE OF WORK

- 3.1 The Scope of Work of this specification covers supply, delivery at site, storage, installation, testing, commissioning and Trial run for 3 (Three) months of the pump sets with associated equipments
- 3.2 Major equipments covered by the s pump sets with associated equipments Specification".
- 3.3 The scope of work also includes receipt of all materials and equipments at Site, safe storage of all equipments and transport them to the Pump House and Switch Rooms of the respective zones near Tilpara Barage, Suri Municipal Complex and Parade Ground.
- 3.4 The Department will provide necessary storage space.
- 3.5 Keeping the materials safe, in storage and during erection will be the responsibility of the successful contractor. Hence, 24 hours, day and night watch and ward personnel have to be engaged by the contractor during the period.
- 3.5 The scope of work does not include any civil work. However, small and minor work, civil in nature will have to be carried out by the Pump Contractor. Such work includes - making foundation, grouting the foundation bolts, trench making for laying of suction & delivery pipe lines, making good of any opening made in the wall for taking Pipe/Pipes through them, support of Pipes & Valves etc. and work of similar in nature.
- 3.6 On successful commissioning till completion of trial run, all machinery & equipments are to be guarded against theft, burglary etc. round the clock. Operation of the pumping machinery would be within the bidder scope of work during the trial run period.

4.0 STANDARD

- 4.1 All equipments and materials shall conform to the latest edition of relevant Indian Standard.

o/l ✓ *[Signature]*
19/8/2011

Providing High Lift & Low Lift Pumping Machinery including allied LT Electrical Works for supply of water from DTW to CWR & CWR to OHR at Suri Municipal Complex and Parade Ground of *[Signature]*
Suri Town from ^{near} Tilpara Barrage under Suri Municipality.

[Handwritten marks]

TECHNICAL SPECIFICATION

1.0 Mechanical

1.1 Centrifugal Pumps (High Lift Portion of Part-A & Part-B)

- 1.1.1 The Pumps shall be horizontally mounted axially Split Casing Centrifugal type suitable for installing on base Frame inside the Pump House. The pump shall be supplied with Coupling for Pump and Motor, Coupling Guard, Vent Cock, Draining Plug etc. The Pump should be 1500RPM (Syn) max. Impeller, Shaft Sleeve & Lantern Ring of Bronze and Shaft made of SS.
- 1.1.2 The Pump shall have single stage, Operating speed of the pump shall not exceed 1500rpm (syn). The pump shall be tested as per IS Standard.
- 1.1.3 Rating and material of construction of the pump shall conform to the following :

	<u>Part-A</u>	<u>Part-B</u>
Nos. required	: 2	2
Capacity	: 90 M3/Hr.	90 M3/Hr.
Total Head	: 30MWC	35 MWC
Liquid Handled	: Clear Water	Clear Water
Temperature	: Ambient	Ambient
Type of Impeller	: Closed	Close
Type of Sealing	: Gland Packing	Gland Packing
Type of Coupling	: Flexible Pin & Bush type	Flexible Pin & Bush type
Type of Bearing	: Antifriction	Antifriction
Type of Lubrication	: Grease Lubrication	Grease Lubrication

Material of Construction

Casing	: CI IS 210 GR FG 260	CI IS 210 GR FG 260
Impeller	: Bronze	Bronze
Shaft	: Stainless Steel	Stainless Steel
Shaft Sleeves	: Bronze	Bronze
Base Plate	: Fabricated MS	Fabricated MS

All other components shall be as per manufacturer's standard.

2.0 Submersible Pumps (Low Lift Portion of Part-C)

- 2.1 The pump shall be Submersible type coupled with submersible motor and submersible cable.
- 2.2 The pump shall be designed to handle clear water.
- 2.3 The Submersible Motor shall be suitable for 415V \pm 10%, 3Phase, 50Hz. \pm 3% AC Power Supply and winding shall be limited to class 'B' insulation. The motor shall be suitable for Star-Delta starting.

Sump Pump

- 3.1 Submersible dewatering pump set shall have suitable operating at 220V, Single Phase power supply to drain water from CWR depressed area. The pump shall have MOC as per manufacturer's choice and shall have float operated level guard for dry running protection.

4.0 Pipe Work

4.1 For High Lift Portion (Part-A : Suri Municipal Complex)

4.1.1 The Pipe Work shall comprise :

One 150mm dia. 90 Degree Bend with one 150mm dia. Short Pipe and one 150mm x 250mm dia. Bell Mouth to be sunk inside the CWR, one 150mm dia. MSSF Pipe of required length from CWR to Suction Common Header end for each Pump.

200 mm dia. MS Pipe of required length and One 200mm dia. 90 Degree Bend for Suction Common Header.

One 150mm dia. MSSF Short Piece, One 150mm dia. Sluice Valve, one 150mm dia. D.M. Joint to be installed on pump suction end to suction common header for each pump.

One 100mm dia. MSDF D.M. Joint, One 100mm dia. NRV, One 100mm dia. Sluice Valve, One 100mm dia. MSDF Short Piece, One 100 x 150mm dia. Enlarger and one 150mm dia. 90 Degree Bend to be installed on pump delivery end to delivery common header.

One 150mm dia. MSDF Pipe of required length to be installed as delivery common and one 150mm dia. MSSF Short Piece, One 150mm dia. Sluice, Two 150mm dia. 90 Degree Bend and One 150mm dia. MSDF Pipe of required length to be installed as common delivery header.

4.2 For High Lift Portion (Part-B: Parade Ground)

4.2.1 The Pipe Work shall comprise :

One 150mm dia. 90 Degree Bend with one 150mm dia. Short Pipe and one 150mm x 250mm dia. Bell Mouth to be sunk inside the CWR for each pump.

One 150mm dia. MSDF Pipe of required length, One Sluice Valve and One D.M. Joint to be installed on pump suction end to CWR for each pump.

One 100mm dia. MSDF D.M. Joint, One 100mm dia. NRV, One 100mm dia. Sluice Valve, One 100mm dia. MSDF Short Piece, One 100 x 150mm dia. Enlarger and one 150mm dia. 90 Degree Bend to be installed on pump delivery end to delivery common header.

One 150mm dia. MSDF Pipe of required length to be installed as delivery common and one 150mm dia. MSSF Short Piece, One 150mm dia. Sluice, Two 150mm dia. 90 Degree Bend and One 150mm dia. MSDF Pipe of required length to be installed as common delivery header.

4.3 For Low Lift Portion (Part-C: Suri Municipal Complex)

4.3.1 The Pipe Work shall comprise :

80mm dia. MS ERW Column pipe of 5Nos. 10 ft. length & 2 Nos. 5ft. Length, 2Pair Suspension Clamp, One 80mm dia. NRV, Tube Well Cover etc. to be installed for each Submersible Pump set.

5.0 Valves

5.1 Non Return Valve

All Non Return Valves for High Lift Portion shall be 100mm dia. CIDF Swing Check type of PN-1.0 rating. Material of construction of the valve shall be as per IS:5312

All Non Return Valve for Low Lift Portion shall be 80mm dia. CIDF Swing Check type of PN-1.0 rating. Material of construction of the valve shall be as per IS:5312.

5.2 Sluice Valve

The Sluice Valves of Pump Suction end for High Lift Portion and common delivery header shall be 150mm dia. CIDF Non-Rising type of PN-1 rating. Material of construction of the valve shall be as per IS:14846 and 100mm dia. Non Rising type of PN-1 rating for Pump Individual Delivery end.

6.0 Dismantling Joint

The Dismantling joint for pump suction end shall be 150mm dia and 100mm dia shall be for pump delivery end of Part-A & Part-B Pumps. The Material of construction should be MSDF.

7.0 LT Motors

7.1 The motors for Part-A & Part-B pumps will be Horizontal Foot Mounted Squirrel Cage AC Induction type.

7.2 The motors will be suitable for AC, 3Phase, 50Hz. \pm 3%, 415Volt \pm 10% Power Supply. The bearings shall be either ball or roller type.

7.3 The motors shall be totally enclosed fan cooled designed (TEFC) with degree of protection IP:55. of Class 'F' insulation (temperature rise limited to Class 'B' insulation).

7.4 The motor body will have two separate earthing terminals as per IE rules.

8.0 415Volts Motor Control Centre.

8.1 For Part-A & Part-B : High Lift Portion.

The sheet steel cubicle will be made of 2mm CRCA sheet, dust and vermin proof, Indoor, single front, floor mounting fixed type, compartmentalized having common bus bar chamber in front and individual cable alley at the rear side of the panel board. The bus bar will be 2"x1/2" Aluminium for Phase, 1"x1/2" Aluminium for Neutral.

The Panel shall be painted with epoxy based powder coated finish both inside and outside. The Panel shall be IP-54 degree of protection.

8.1.1 Incoming Feeder

- 1 100A TPN MCCB, 50KA with Thermomagnetic type Release for O/L & S/C protection & Extended type door drive kit & separator with 1NO + 1NC Aux. Switch
- 2 100/5A Bar Primary type CI, Class:1.0, 15KV (Tape Wound)
- 3 0-100A AC Ammeter, 96sq.mm CI ; 1
- 4 (sliding type per phase)
- 5 16A, 3Position (RYB) with OFF, Ammeter Selector Switch.
- 6 16A, 3Position (RY-YB-RB) with OFF Voltmeter Selector Switch.

- 7 ON/OFF/TRIP Indication Lamp, LED type, 240V AC.
- 8 R-Y-B Indication Lamp, LED type, 240V AC.
- 9 16A TPN MCB
- 10 16A TP MCB
- 11 6A DP MCB
- 12 4Way Power Terminal

8.1.2 Outgoing Feeder :

3 Nos. 25HP Star-Delta Starter (1Working + 1Stand by)

- 1 63A TP MPCB, 50KA with magnetic release only with door drive kit.
- 2 50A TP Contactor (AC-3Duty) with 2NO+1NC add on auxiliary contact block, 240V AC Coil.
- 3 50A TP Contactor (AC-3 Duty) with 1NO+1NC add on auxiliary contact block, 240V AC Coil.
- 4 Aux-Contactor with 2NO+2NC contact, 240V AC.
- 5 50/5A Bar Primary type C.T., Class: 1.0, 15VA (Tape Wound)
- 6 0-50A AC Ammeter, 96sq.mm, CI:1.5.
- 7 16A, 3Position (R-Y-B) with off, Ammeter Selector Switch.
- 8 Electronic type Motor protection relay with ZCT for over current, Phase loss, Phase reversal locked rotor, Ground Fault, 2 C/O output contact, Aux. Supply-240V AC.
- 9 Electronic Star/Delta Timer (3-60 sec) 240V AC.
- 10 On Delay Timer, with 1 C/O Contact, 240V AC.
- 11 Star (G)/Stop® Push Button, spring return actuator type with 1NO/1NC Contact.
- 12 ON(R)/OFF(G)/Trip(A) indicating Lamp (LED Type), 240V AC.
- 13 16A, 1P 2way Auto/Manual Secector Switch.
- 14 63A fuse base with 40A Fuse Link.
- 15 440V, 3Ph, 50Hz. 12.5KVAR Power Capacitor (Type MPP)
- 16 32A TP Contactor (AC-3 Duty), 240V AC Coil for capacitor.
- 17 ON(R)/OFF(G) Indicating Lamp (LED type), 240V AC for Capacitor.
- 18 3Ph. 4Wire 415V AC Voltage monitoring relay with 2CO Output contact combined O/V, U/V relay.
- 19 6A TPN MCB
- 20 6A DP MCB.
- 21 Stud type terminal size: M5 (CBT M5)
- 22 3 Way Power Terminal.

1 No. 1HP DOL Starter for Chlorinator.

- 1 10A TP MCB
- 2 12A TP Contactor (AC-3Duty) with 2NO+2NC add on auxiliary contact block, 240V AC Coil.
- 3 1.4-2A BOL with inbuilt SPPR.
- 4 Liquid Level Controller with stainless steel probe with 1 C/O contact, Aux. Supply: 240V AC.
- 5 ON(R)/OFF(G)/Trip(A)/Chlorination tank low level (A) indicating lamp (LED type), 240V AC.
- 6 Aux-Contactor with 4NO Contact, 240V AC.
- 7 Start(G)/Stop(R) Push Button, spring return actuator type with 1NO/1NC contact.
- 8 Stud type terminal size:M5 (CBT M5)

2 Nos. Lighting Feeder

- 1 32A TPN SFU with 32A Fuse Link.
- 2 4Way Power Terminal.

1 No. for General

- 1 Space Heater with Thermostat.
- 2 Panel Illumination Lamp.
- 3 5A Plug & Socket
- 4 6A SP MCB.

8.2 For Part-C : Low Lift Portion.

8.2.1 2Nos. Panel Board (for each P/H)suitable to drive 4 Nos. Low Lift Submersible Pump each.

The sheet steel cubicle will be made of 2mm CRCA sheet, dust and vermin proof, Indoor, single front, floor mounting fixed type, compartmentalized having common bus bar chamber in front and individual cable alley at the rear side of the panel board. The bus bar will be 1"x1/2" Aluminium for Phase, 1"x1/2" Aluminium for Neutral and 25 x 10mm Aluminium for Earth throughout the length of the Panel Board. The Panel shall be painted with epoxy based powder coated finish both inside and outside. The Panel shall be IP-54 degree of protection.

8.2.1.1 Incoming Feeder

- 1 100A TPN MCCB, 50KA with Thermomagnetic type Release for O/L & S/C protection & Extended type door drive ket & spreader with 1NO + 1NC Aux. Switch
- 2 100/5A Bar Primary type CI, Class:1.0, 15VA (Tape Wound)
- 3 0-100A AC Ammeter, 96sq.mm CI: 1.5.
- 4 0-500V A C Volt Meter, 96sq.mm CI:1.0.with protection fuse (sliding type/ph)
- 5 16A, 3Position (RYB) with OFF, Ammeter Selector Switch.
- 6 16A, 3Position (RY-YB-RB) with OFF Voltmeter Selector Switch.

- 7 ON/OFF/TRIP Indication Lamp, LED type, 240V AC.
- 8 R-Y-B Indication Lamp, LED type, 240V AC.
- 9 16A TPN MCB
- 10 16A TP MCB
- 11 6A DP MCB
- 12 4Way Power Terminal

8.2.1.2 Outgoing Feeder :

4 Nos.10 HP Star-Delta Starter

- 1 63A TP MPCB, 50KA with magnetic release only with door drive kit.
- 2 25A TP Air Break Contactor, 2NO+1NC Contact, 240V AC.-3 nos.
- 3 Electronic type Motor Protection Relay & Star- Delta timer3-60 sec
- 4 20/5A Bar Primary type C.I., Class:1.0, 15VA (Tape Wound)
- 5 0-20A AC Digital Ammeter, 96sq.mm, CI:1.5, CT Sec:5A, Auxiliary supply: 230V AC.
- 6 16A, 3Position (R-Y-B) with off, Ammeter Selector Switch.
- 7 ON(R)/OFF(G)/Trip(A) indicating Lamp (LED Type), 240V AC.
- 8 Start (G)/Stop(R) Push Button, Spring return actuator type with 1NO/1NC Contact.
- 9 6A HRC Fuse Link with 32A Fuse Base.
- 10 9A TP Air Break Contactor for 3KVAR Capacitor.
- 11 440V, 3Ph, 50Hz., 3KVAR Power Capacitor, (Type MPP)
- 12 ON delay Timer, (0.5-10sec) with 1C/O aux. Contact, 240V AC.
- 13 Cap. ON (R)/OFF (G) Indicating Lamp, LED Type, 240V AC.
- 14 6A TPN MCB
- 15 6A DP MCB.
- 16 Neutral Link
- 17 2.5sq.mm Control Terminals.
- 18 3 Way Power Terminals.

1 No. Lighting Feeder

- 1 32A TPN SFU with 32A Fuse Link.
- 2 4Way Power Terminal.

Cable

9.1

LT Power Cable

LT power cables shall be 1.1KV grade XLPE insulated multi-core stranded aluminium conductor armoured cables with over all PVC sheathing manufactured as per IS: 1554 (Part-I). Cables shall generally be laid on trays run along ceiling, ground and column. Tenderer to indicate sizes and quantity of various cables considered by him in the offer. Termination & jointing of cables with all accessories be included in the tenderer's scope.

11.3

Control Cable

LT Control cable should be PVC insulated, steel armoured, overall PVC sheathed having stranded copper conductor and should have voltage grade of 650/1100V.

12.0

Earthing

12.1

The earthing of pump house and switch rooms including lightning arrestor shall conform to the requirements of IE Rules and IS:3043.

12.2

GI flats of adequate cross sectional area shall be used as earth conductor. A grid shall be formed along the periphery of the pump house and switch rooms. Nos. of electrodes shall be sufficient so that over all earth resistance is below 1Ohm. After installation of the system if earth resistance is found to be above 1Ohm, then successful tenderer will have to supply and install additional electrodes at no extra cost to the purchaser so that earth resistance reduces to below 1Ohm.

12.3

Each equipment will have to be connected to the grid by means of two independent connection of adequate cross section. Tenderer therefore shall consider supply of earth conductors of miscellaneous sizes for earthing of different types of devices.

13.0

Switch Room Accessories and Safety Equipment

13.1

The tenderer shall include all standard safety devices and accessories for the switchrooms as per IE rules and satisfaction of the electrical inspector including but not limited to the following items.

13.2

Three Nos. each of 5Kg. Dry powder type wall mounted fire extinguishers, Gas cartridge type conforming to IS:2171-76. (One for each switchroom)

13.3

Rubber mat of minimum width of 600mm and thickness of 8mm.

13.4

3Nos. fire bucket with sand. (one for each switchroom)

13.5

One no. first-aid box complete with all accessories for each switch room.

13.5

Shock treatment chart, one each in English, Hindi for each switchroom.

13.6

One No. caution boards per panel.

14.0

Pump House, Switch Room and Yard Lighting.

14.1

Scope of work shall include lighting of the following areas.

14.2

Switch Room building interior.

14.3

Pump House building interior.

14.4

Switch Room and Pump House peripheral area lighting.

14.5

For lighting of switchroom and pump house peripheral area, Switch Room building interior and Pump House building interior, provision for SFU will be there inside the LT Panel.

14.6

Switch Room building shall be illuminated by 40W fluorescent fittings mounted on walls. Exhaust Fan, Ceiling Fan etc. The Lights & Fans will be controlled by an wall mounted switch box having SP MCB, 16A 3Pin socket outlet and DP MCB.

14.7

Wiring of light, fan and 16A socket outlet points from switch board upto fittings will be done by means single core, 1.5sq.mm stranded PVC insulated copper wires. Wires will be laid through 20mm dia. PVC Conduit run along wall.

- 8 Pump House building shall be illuminated by 40W fluorescent fittings mounted on walls, Ceiling Fan, Pedestal Fan etc. The Lights & Fans will be controlled by an wall mounted switch box having 5A switches, 5A 3Pin socket outlet and DP MCB.
- 14.9 Wiring of light, fan and 5A socket outlet points from switch board upto fittings will be done by means single core, 1.5sq.mm stranded PVC insulated copper wires. Wires will be laid through 20mm dia. PVC Conduit run along wall.
- 14.1 Switch Room and Pump House peripheral area shall be illuminated by 150W SON-T fittings mounted on 9.5Mtrs. Steel Tubular Pole. The lights will be controlled by DP MCB installed in LT Panel of each Switch Room.
- 14.11 Wiring of Peripheral Lighting will be done by means 2Core 6sq.mm PVC insulated Ar. Al. Cable.

15 Instrumentation

15.1 Gauges

One pressure gauge shall be provided on each delivery branch of pump sets. The gauges shall be bourdon type and will be complete with isolation valves. The dial of the gauges shall be 150mm diameter.

15.2 Level Measuring System

Mechanical steel wire rope type with float and measuring scale for CWRs & OHRs

16 Erection

The scope includes supply, delivery to site, storage at/near site, erection and commissioning of all the equipments required to complete the project and to meet the system objective.

17 Testing , Commissioning & Trial run.

17.1 On completion of erection the system shall be commissioned on completion of testing.

17.2 A pumping station will be considered commissioned when each pump in the station has run successfully in parallel or in isolation atleast 72 hours at rated output including six hours operation at a stretch or as per direction of EIC

17.3 The trial run must be carried out for a period of three months on successful commissioning.

DL
19/8/2011

Schedule for Providing High Lift & Low Lift Pumping Machinery including allied LT Electricals for Supply of water from DTW to CWR & CWR to OHR at Suri Municipal Complex and Parade Ground of Town near Tilpara Barrage under Suri Municipality

<u>Sl.No.</u>	<u>Description</u>	<u>Qty.</u>	<u>Rate</u>	<u>Unit</u>	<u>Amount</u>
For Head Work Site at Suri Municipal Complex under Suri Municipality.					
Part - A : Supply Part - For High Lift Portion.					
1	a) Supply, delivery at site and storage of Split Casing Centrifugal Pump Set with MS Fabricated Common Channel Base Frame and other accessories i.e. Coupling for Pump and Motor, Coupling Guard, Vent Cock and Draining Plug etc. The Pump should be 1500 RPM (Syn) max. Impeller, Shaft Sleeve & Lantern Ring of Bronze and Shaft made of SS of following specification. Discharge Capacity : 90 M ³ /Hr. Total Head : 30 Mtrs. Make : Mather & Platt/Kirloskar	2		Nos.	
	b) Supply, delivery at site and storage of Horizontal Foot Mounted Squirrel Cage AC Induction Motor (25 HP) suitable for 3Phase, 415V \pm 10%, 50Hz \pm 3% Power Supply having TEFC enclosure Class 'F' insulation (temp. rise limited to Class 'B') and speed of the motor will be matching with the above pump. Make : Kirloskar / Crompton/Alsthom	2		Nos.	
2	Supply, delivery at site and storage of following valves.				
	a) CIDF Non-Rising type Sluice Valve of PN-1.0 Rating as per IS:14846:2000.(IVI/Kirloskar/Upadhyay)				
	I) DN 150mm for Individual Pump Suction Line	2		Nos.	
	II) DN 100mm for Individual Pump Delivery Line.	2		Nos.	
	III) DN 150mm for Common Delivery Header Line.	1		No.	
	b) CIDF Swing Check Non-return Valve of PN-1.0 rating as per IS:5312 Part - 1.(IVI/Kirloskar/Upadhyay)				
	I) DN100mm for Individual Pump Delivery Line	2		Nos.	
3	Supply, delivery at site and storage of MS Dismantling Joints as per following specification.				
	I) DN 150mm for Suction Line.	2		Nos.	
	II) DN 100mm for Discharge Line	2		Nos.	
4	Supply, delivery at site and storage of MS Pipe, Puddle Flanges, Bend, Common Suction Header, Common Delivery Headers, Specials, Flanges, Nuts, Bolts, Gaskets etc. as required to make the installation complete in all respects upto the battery limits.	1		Lot	

Contd....2..

<u>No.</u>	<u>Description</u>	<u>Qty.</u>
5	a) Supply, delivery at site and storage of bourdon type pressure gauge 150mm dia. Cast Aluminium dial with S.S. internal with DN 1.5 G.I. Impulse line 3 way cock, root isolator valve etc. Pressure gauge for pump discharge line 0-5Kg. Make : H.Guru.	2 Sets.
	b) Supply, delivery at site and storage of bourdon type compound gauge 150mm dia. Cast Aluminium dial with S.S. internal with DN 1.5 G.I. Impulse line 3 way cock, root isolator valve etc. Compound gauge for pump suction line 0-10 Kscg. Make : H.Guru.	2 Sets.
6	Supply, delivery at site and storage of suitable sump pump set with level float switch suitable for operating at 230V AC, 50Hz.8cu-m/hr.8 mhead Make : Kishor/Aqua/MBH	1 Set.
7	Supply, delivery at site and storage of necessary Pipes, Gate Valve and NRV etc. (alongwith suitable size copper cable & required length & plug socket) for discharge the water from the delivery pipe to the nearest drain by using the dewatering pump.	1 Lot.
8	Supply, delivery at site and storage of Mechanical steel wire,float, measuring scale and other accessories all complete for meaasuring water level at CWR & OHR as per specification and direction of E.I.C	1 Lot
9	Supply, delivery at site and storage of Indoor type floor mounted 2mm thick CRCA Sheet Steel enclosed cubical type 415V Motor Control Centre IP-54 degree of protection with inter locked hinged door, box channel busbar chamber, cable alloy, busbar alloy, all fabricated as per relevent Indian standards and consisting of following incomming & outgoing feeders as detailed in technical specification.	1 Item
10	Supply, delivery at site and storage of Liquid Chlorinator for feeding accurately controlled dosages of chlorine solution into the supply drinking water by connecting chlorine pump of Positive make with flow rate of 200 Liter/Hr. and pressure 12Kg/cm ² including base plate, flexible coupling coupling guard for pump & motor and foundation both suction & discharge flanges with all accessories including 1HP AC 3Phase, 400 ± 10% volts 1440 RPM Motor complete set including 100 Ltrs. PVC cointainer and other materials as per direction.	1 No.
11	Supply, delivery at site and storage of NaDCC Granules Dehydrate as per IS:15773.	25 Kgs.
12	Supply, delivery at site and storage of Cable, Gland etc. as follows :	
	a) 1.1KV grade 35 sq.mm 3.5C XLPE insulated Al.Ar. Cable for Supply Main to LT Panel Busbar. (Make: Gloster / ICC /Polycab)	30 Mtrs.
	b) Compression type brass cable gland for dust & moisture proof cable entry for 35 sq.mm x 3.5C Al. Ar. Cable.	2 Sets.

Contd....3..

<u>No.</u>	<u>Description</u>	<u>Qty.</u>
c)	1.1KV grade 35sq.mm 3Core XLPE insulated Al.Ar. Cable for High Lift Pump Motor connection. (Make : Gloster / ICC / Polycab)	75 Mtrs.
d)	Compression type brass cable gland for dust & moisture proof cable entry for 35sq.mm x 3Core Al. Ar. Cable.	8 Sets.
d)	1.1KV grade 3Core 6sq.mm XLPE insulated Al. Ar. Cable for Chlorine dosing, Sump Pump etc. (Make : Gloster / ICC / Polycab)	30 Mtrs.
e)	Compression type brass cable gland for dust & moisture proof cable entry for 2.5 sq.mm x 3Core Al. Ar. Cable.	3 Sets.
13	Supply, delivery at site and storage of earthing and lightening protection conductor for Pump House as per details asked in Technical Specification.	1 Lot.
14	Supply, delivery at site and storage of the following electrical lighting equipments for pump house.	
a)	2mm thick CRCA sheet enclosed wall mounted lighting distribution board for pump house with one (1) No. 32A TPN MCB Isolator as incomer, 1No.16A SPN MCB, 10Nos. 5A Switches and 1No. 16A Plug Socket for outgoing circuit.	1 No.
b)	Phillips make industrial rail type fluorescent fitting with 1No. 40W fluorescent lamps complete with choke, starter and all accessories.	8 Nos.
c)	1200mm Sweep Ceiling Fan with regulator & down rod of approved make.	2 Nos.
d)	600mm Sweep Pedestal Fan with regulator of approved make.	1 No.
e)	Equipments for point wiring of light, fan & socket outlet complete with conduits, wires, clamps etc.	1 Lot.
15	Supply, delivery at site and storage of curb angle & removable chequered plate for placement over the open portion of the trench.	1 Item.

<u>No.</u>	<u>Description</u>	<u>Qty.</u>
<u>Part - A : Installation Part - For High Lift Portion.</u>		
1	Cutting of Cement Concrete Floor inside the Pump House and making C.C. Foundation of 2m x 5m x 300mm size and mending the same for installation of 2Nos. Centrifugal Pump Motor set &. Erection of the Pump Motor Set mentioned in Item SI.No.1(a)(b) of Supply Part of High Lift Portion (Part-A) including alignment of pump motor, grouting of the pump base plate, fitting fixing of all accessories complete with supply of foundation nuts, bolts, washers and all other necessary materials as per direction of E.I.C.	1 item
2	Installation of all Valves, Pipe Lines with Suction & Delivery Common Headers, Gauges, Dismantling Joints etc. of Item SI.No.2 to 5 of Part-A : Supply Part - for High Lift Portion as per direction of EIC.	1 Item
3	Installation of dewatering pump alongwith its necessary pipes, valves, dismantling joints, level measuring instrument etc .of SI.No.6, 7 & 8 upto the satisfaction of E.I.C.	1 Item
4	Installation of LT Panel of Item SI.No.9 & laying of cables of Item SI.No.12 of Supply Part for High Lift Portion of Part-A with proper alignment and cable line through MS Cable Trays, GI Conduit from LT Panel to Pump-Motor (including supply of cable tray/conduits/preparation of cable trench)	1 Item
5	Installation of automatically controlled chlorine dosing pump set of SI.No.10 of Part-A : Supply for High Lift Portion by supplying of required Pipes and specials and making of suitable foundation including net cement finish for Pump Motor set & PVC Tank complete with drawing of power line as per direction of EIC. [A separate room is to be provided near the overhead reservoir for installation of chlorine dosing pump motor set alongwith its all accessories]	1 Item
6	Termination of cables both at LT Panel and ends of Pumps (8Nos. For Centrifugal Pump Motor, 6Nos. For Chlorine Pump Motor and Dewatering Cable Line Connection) for High Lift Portion.	1 Item
7	Making earthing arrangement for the entire pumping installation by using 50 x 6 GI Earth Flat of required length & 2Nos. Earth Electrode of Item SI. No.13 of Part-A: Supply Part for High Lift Portion for earthing of 2Nos. Motor, LT Panel & Chlorine Pump Motor upto the satisfaction of EIC.	1 Item
8	Making lightening protection of the Pump House by using 50 x 3 GI Earth Flat of required length & 2Nos. Earth Electrode of Item SI.No.13 of Part-A: Supply Part for High Lift Portion upto the satisfaction of EIC.	1 Item

<u>#.No.</u>	<u>Description</u>	<u>Qty.</u>
9	Cutting of Cement Concrete Floor inside the Pump House and making brick mortar trench of about 5m length x 1m wide x 1m depth and mending the same for laying of common delivery pipe line complete with fitting fixing of curb angle & removable chequered plate of Sl.No.16 of Part-A: Supply Part - for High Lift Portion with necessary welding, cutting and shaping of the same for suitable fitment on the trench flashing with the floor as per direction.	1 Lot.
10	Distribution wiring for lighting arrangement of the pump house including fitting fixing of lighting fixtures and wiring equipments of Item Sl. No. 14 of Part-A :Supply Part of High Lift Portion including supply of other necessary required items for completion of the job. The wiring should be completed with earthing attachment.	1 Item
11	Painting of the installed pipe line works, cable trays etc. with two coats of synthetic anemel over one coats of primer.	1 Item

Description

Qty.

For Head Work Site at Parade Ground under Suri Municipality

Part - B : Supply Part - For High Lift Portion.

- 1 a) Supply, delivery at site and storage of Split Casing Centrifugal Pump Set with MS Fabricated Common Channel Base Frame and other accessories i.e. Coupling for Pump and Motor, Coupling Guard, Vent Cock and Draining Plug etc. The Pump should be 1500 RPM (Syn) max. Impeller, Shaft Sleeve & Lantern Ring of Bronze and Shaft made of SS of following specification.
Discharge Capacity : 90 M3/Hr.
Total Head : 35 Mtrs.
Make : Mather & Platt/Kirloskar 2 Nos.
- b) Supply, delivery at site and storage of Horizontal Floor Mounted Squirrel Cage AC Induction Motor (25 HP) suitable for 3Phase, 415V \pm 10%, 50Hz \pm 6% Power Supply having TEFC enclosure Class 'F' insulation (temp. rise limited to Class 'B') and speed of the motor will be matching with the above pump.
Make : Kirloskar / Crompton/Alsthom 2 Nos.
- 2 Supply, delivery at site and storage of following valves.
 - a) CIDF Non-Rising type Sluice Valve of PN-1.0 Rating as per IS:14846:2000.(IVI/Kirloskar/Upadhyay)
 - I) DN 150mm for Individual Pump Suction Line 2 Nos.
 - II) DN 100mm for Individual Pump Delivery Line. 2 Nos.
 - III) DN 150mm for Common Delivery Header Line 1 No.
 - b) CIDF Swing Check Non-return Valve of PN-1.0 rating as per IS:5312 Part - 1.(IVI/Kirloskar/Upadhyay)
 - I) DN100mm for Installation of Individual Pump Delivery Line 2 Nos.
- 3 Supply, delivery at site and storage of MS Dismantling Joints as per following specification.
 - I) DN 150mm for Suction Line. 2 Nos.
 - II) DN 100mm for Discharge Line 2 Nos.
- 4 Supply, delivery at site and storage of MS Pipe, Puddle Flanges, Bend, Common Suction Header, Common Delivery Headers, Specials, Flanges, Nuts, Bolts, Gaskets etc. as required to make the installation complete in all respects upto the battery limits. 1 Lot
- 5 a) Supply, delivery at site and storage of bourdon type pressure gauge 150mm dia. Cast Aluminium dial with S.S. internal with DN 15 G.I. Impulse line 3 way cock, root isolator valve etc. Pressure gauge for pump discharge line 0-5Kg./cm2 Make : H.Guru. 2 Sets.
- b) Supply, delivery at site and storage of bourdon type compound gauge 150mm dia. Cast Aluminium dial with S.S. internal with DN 15 G.I. Impulse line 3 way cock, root isolator valve etc. Compound gauge for pump suction line 0-10 Kscg. Make : H.Guru. 2 Sets.

<u>Sl.No.</u>	<u>Description</u>	<u>Qty.</u>
6	Supply, delivery at site and storage of suitable dewatering pump set with level float switch suitable for operating at 220V AC, 50Hz. Make : Kishor	1 Set.
7	Supply, delivery at site and storage of necessary Pipes, Gate Valve and NRV etc. (alongwith suitable size copper cable & required length & plug socket) for discharge the water from the delivery pipe to the nearest drain by using the dewatering pump.	1 Lot.
8	Supply ,delivery at site of mechanical steel wire ,float,measuring scale and other accessories all complete for measuring water level at CWR and OHR as per specification & direction of E.I.C.	1 Lot
9	Supply, delivery at site and storage of Indoor type floor mounted 2mm thick CRCA Sheet Steel enclosed cubical type 415V Motor Control Centre IP-54 degree of protection with inter locked hinged door, box channel busbar chamber, cable alloy, busbar alloy, all fabricated as per relevant Indian standards and consisting of following incoming & outgoing feeders as detailed in technical specification.	1 Item
10	Supply, delivery at site and storage of Liquid Chlorinator for feeding accurately controlled dosages of chlorine solution into the supply drinking water by connecting chlorine pump of Positive make with flow rate of 200 Liter/Hr. and pressure 12Kg/cm ² including base plate, flexible coupling coupling guard for pump & motor and foundation both suction & discharge flanges with all accessories including 1HP AC 3Phase, 400 ± 10% volts 1440 RPM Motor complete set including 100 Ltrs. PVC container and other materials as per direction.	1 No.
11	Supply, delivery at site and storage of NaDCC Granules Dehydrate as per IS: 15773.	25 Kgs.
12	Supply, delivery at site and storage of Cable, Gland etc. as follows :	
a)	1.1KV grade 35 sq.mm 3Core XLPE insulated Al.Ar. Cable for Supply Main to LT Panel Busbar. (Make : Gloster / ICC / Polycab)	30 Mtrs.
b)	Compression type brass cable gland for dust & moisture proof cable entry for 35 sq.mm x 3.5Core Al. Ar. Cable.	2 Sets.
c)	1.1KV grade 35 sq.mm 3Core XLPE insulated Al.Ar. Cable for High Lift Pump Motor connection. (Make : Gloster / ICC / Polycab)	75 Mtrs.
d)	Compression type brass cable gland for dust & moisture proof cable entry for 35 sq.mm x 3Core Al. Ar. Cable.	8 Sets.
e)	1.1KV grade 3Core 6 sq.mm XLPE insulated Al. Ar. Cable for Chlorine dosing, Dewatering etc. pumps. (Make : Gloster / ICC / Polycab)	30 Mtrs.

<u>S.No.</u>	<u>Description</u>	<u>Qty.</u>
f)	Compression type brass cable gland for dust & moisture proof cable entry for 6sq.mm x 3Core Al. Ar. Cable.	3 Sets.
13	Supply, delivery at site and storage of earthing and lightening protection conductor for Pump House as per details asked in Technical Specification.	1 Lot.
14	Supply, delivery at site and storage of the following electrical lighting equipments for pump house.	
a)	2mm thick CRCA sheet enclosed wall mounted lighting distribution board for pump house with one (1) No. 32A TPN MCB Isolator as incomer, 1No.16A SPN MCB, 10Nos. 5A Switches and 1No. 16A Plug Socket for outgoing circuit.	1 No.
b)	Phillips make industrial rail type fluorescent fitting with 1No. 40W fluorescent lamps complete with choke, starter and all accessories.	8 Nos.
c)	1200mm Sweep Ceiling Fan with regulator & down rod of approved make.	2 Nos.
d)	600mm Sweep Pedestal Fan with regulator of approved make.	1 No.
e)	Equipments for point wiring of light, fan & socket outlet complete with conduits, wires, clamps etc.	1 Lot.
15	Supply, delivery at site and storage of corrosion protection tape of 4mm thick for under ground pipes of approved make.	1 Lot.
16	Supply, delivery at site and storage of curb angle & removable chequered plate for placement over the open portion of the trench.	1 Item.

<u>Sl.No.</u>	<u>Description</u>	<u>Qty.</u>
Part - B : Installation Part - For High Lift Portion.		
1	Cutting of Cement Concrete Floor inside the Pump House and making C.C. Foundation of 2m x 5m x 300mm size and mending the same for installation of 2Nos. Centrifugal Pump Motor Set &	1 Item
	Erection of the Pump Motor Set mentioned in Item Sl.No.1(a)(b) of Supply Part of High Lift Portion (Part-B) including alignment of pump motor, grouting of the pump base plate, fitting fixing of all accessories complete with supply of foundation nuts, bolts, washers and all other necessary materials as per direction.	1 Item
2	Installation of all Valves, Pipe Lines with Suction & Delivery Common Headers, Gauges, Dismantling Joints etc. of Item Sl.No.2 to 5 of Part-B: Supply Part - for High Lift Portion as per direction of EIC.	1 Item
3	Installation of sump pump alongwith its necessary pipes, valves, cable etc. of Sl.No.6 & 7 of Part-B : Supply Part of High Lift Portion in the CWR upto the satisfaction of EIC.	1 Item
4	Installation of the mechanical level measuring unit of Item Sl.No.8 of Part-B : Supply Part of High Lift Portion at a suitable location including supply of all erection materials as per direction of EIC.	1 Item
5	Installation of LT Panel of Item Sl.No.9 & laying of cables of Item Sl.No.12 of Part-B : Supply Part for High Lift Portion of Part-A with proper alignment and cable line through MS Cable Trays, GI Conduit from LT Panel to Pump Motor (including supply of cable tray/conduits)	1 Item
6	Installation of automatically controlled chlorine dosing pump set of Sl.No.10 of Part-B : Supply for High Lift Portion by supplying of required Pipes and specials and making of suitable foundation including net cement finish for Pump Motor set & PVC Tank complete with drawing of power line as per direction of EIC. [A separate room is to be provided near the overhead reservoir for installation of chlorine dosing pump motor set alongwith its all accessories]	1 Item
7	Termination of cables both at LT Panel and ends of Pumps (8Nos. For Centrifugal Pump Motor, 6Nos. For Chlorine Pump Motor and Dewatering Cable Line Connection) for High Lift Portion.	1 Item
8	Making earthing arrangement for the entire pumping installation by using 50 x 6 GI Earth Flat of required length & 2Nos. Earth Electrode of Item Sl. No.13 of Part-B:Supply Part for High Lift Portion for earthing of 2Nos. Motor, LT Panel & Chlorine Pump Motor upto the satisfaction of EIC.	1 Item
9	Making lightening protection of the Pump House by using 50 x 3 GI Earth Flat of required length & 2Nos. Earth Electrode of Item Sl.No.13 of Part-B: Supply Part for High Lift Portion upto the satisfaction of EIC.	1 Item

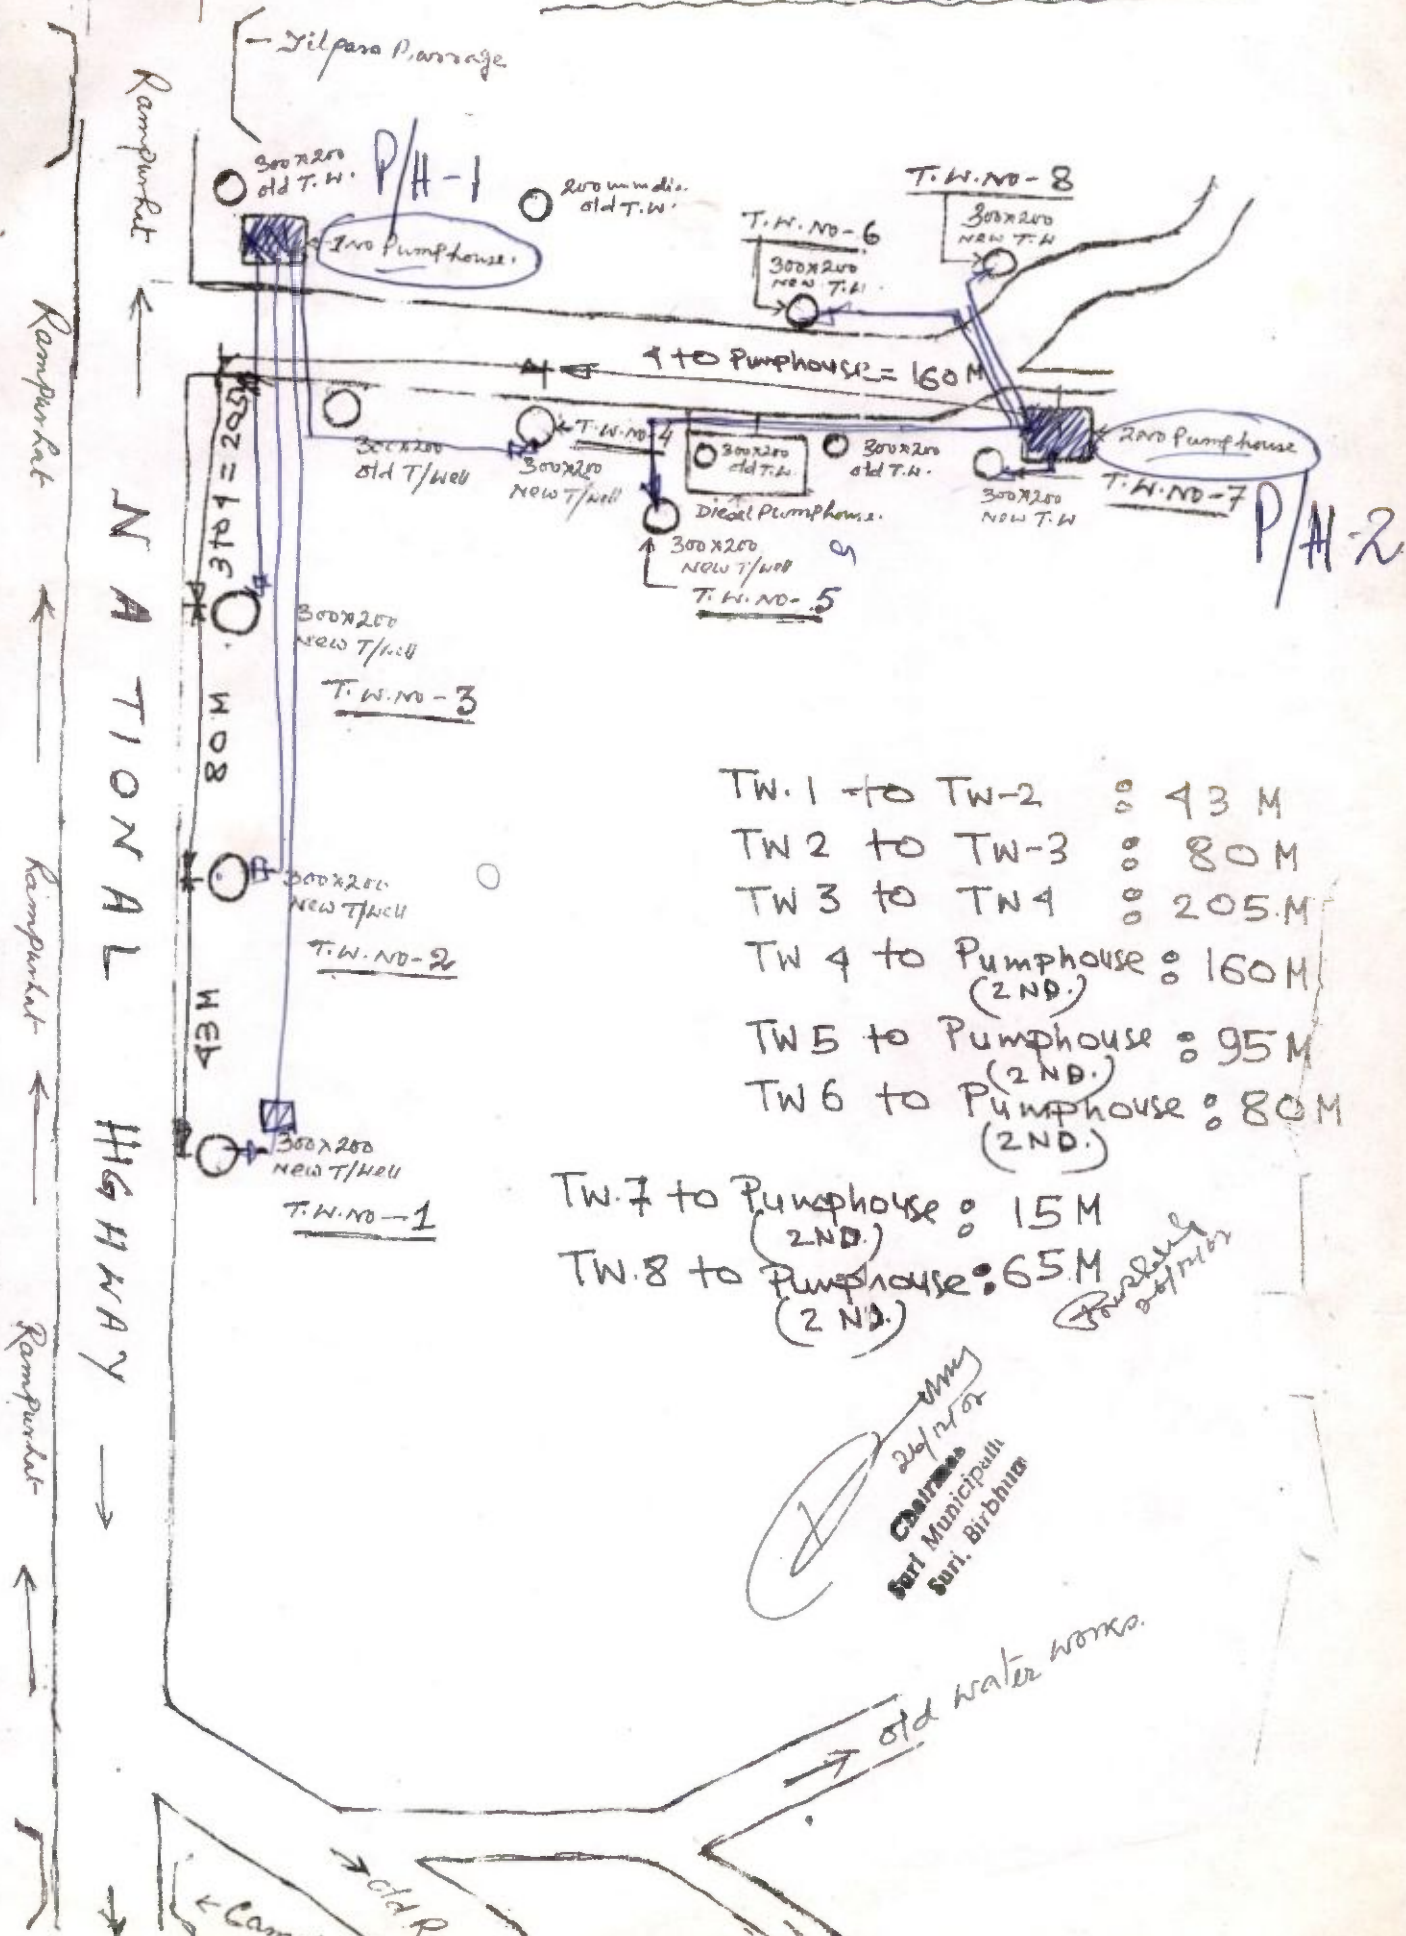

<u>Sl.No.</u>	<u>Description</u>	<u>Qty.</u>
10	Cutting of Cement Concrete Floor inside the Pump House and making brick mortar trench of about 5m length x 1m wide x 1m depth and mending the same for laying of common delivery pipe line complete with fitting fixing of curb angle & removable chequered plate of Sl.No.16 of Part-B: Supply Part - for High Lift Portion with necessary welding, cutting and shaping of the same for suitable fitment on the trench flashing with the floor as per direction.	1 Lot.
11	Distribution wiring for lighting arrangement of the pump house including fitting fixing of lighting fixtures and wiring equipments of Item Sl. No. 14 of Part-B : Supply Part of High Lift Portion including supply of other necessary required items for completion of the job. The wiring should be completed with earthing attachment.	1 Item
12	Painting of the installed pipe line works, cable trays etc. with two coats of synthetic anamel over one coats of primer.	1 Item

<u>Sl.No.</u>	<u>Description</u>	<u>Qty.</u>	<u>Rate</u>	<u>Unit</u>	<u>Amount</u>
<u>For near Tilpara Barrage under Suri Municipality</u>					
<u>Part - C : Supply Part - For Low Lift Portion.</u>					
1	Supply, delivery at site and storage of Submersible Pumping Machinery directly coupled with wet winding type suitable size submersible motor having the following specification with suitable 3mtrs. Long submersible cable : Pump Duty Condition - 500-900LPM H-54-34M(HP-10) Motor - Submersible type 3Ph. 50Hz \pm 3%, 400V \pm 10%, 2900RPM, Winding - Wet type, Shaft - Stainless Steel, Thrust Bearing- Carbon. (Make : KSB/Flowell/Pluga) (Manufacturer's Guarantee, Test Certificate alongwith HQ Curve should be produced at the time of delivery)	8 Nos.			
2	Supply, delivery at site and storage of 80mm dia. Column Pipe 'C' class MS ERW 11PTI threaded both side with one No. heavy type socket & thread end protector and also coated with anticorrosive paint... For each tubewell 10ft x 5 Nos. = 50 ft. 5ft x 2Nos. = 10 ft.				
a)	10ft long (3.04 Mtrs.)	40 Nos.			
b)	5ft long (1.52 Mtrs.)	16 Nos.			
3	Supply, delivery at site and storage of MS Suspension Clamp by for holding 80mm dia. Column Pipe complete with Nut, Bolt & Washers.	16 Pairs			
4	Supply, delivery at site and storage of 80mm dia. Non Return Valve as per IS: specification (PN-1). (Make: Bharatmata/Kirloskar/Upadhyay)	8 Nos.			
5	Supply, delivery at site and storage of 3C. 1.1KV grade Copper Submersible Cable as follows : (Finolex / Netco / EMGEE)				
a)	3c,2.5sq mm submersible cable for 1-8no. Pump	320 Mtrs.			
a)	3c,10 sq mm pvc armoured cable foe 1 to 7 nos pump	1000 Mtrs.			
b)	3.4 c,10sq.mm Submersible Cable	100 Mtrs.			
6	Supply, delivery at site and storage of MS fabricated tubewell cover by 12mm thick MS Plate complete with one 80mm & one 40mm dia. GI Socket welded on top of the round plate along with one 300mm dia. additional GI Flange for fixing on the tubewell. 80mm dia. GI Socket for holding Column pipe and and 40mm dia. G.I. Socket for Cable entry.	8 Nos.			
7	Supply, delivery at site and storage of 40mm dia.GI Pipe (Medium) both end threaded with one socked. (Prakesh / Zindal/Nazone)	2000 Mtrs.			
8	Supply, delivery at site and storage of MS fabricated 3" dia. X 1.1/2" thick Cable Holding Clamp : 8 Nos. Pump x 3 Pairs.	24 Pairs			
9	Supply delivery cable jointing box (kisok)providing insulating plate with 6 nos nuts and bolts for easy termination of pvc armoured cable and submerssible cable and with earthing arrangement	7 Nos.			
10	Supply delivery M.S fabricated Piller Box of suitable heghit and size for providing one no MPCB and star delta stater	1 No.			

<u>Sl.No.</u>	<u>Description</u>	<u>Qty.</u>	<u>Rate</u>	<u>Unit</u>	<u>Amount</u>
<u>Part - C : Installation Part - for Low Lift Portion</u>					
1	Installation of submersible pumping machinery of Item SI.No.1 of Supply Part for Low Lift Portion alongwith its column pipe of Item SI.No.2 of Supply Part for Low Lift Portion and fixing of the fabricated top cover of Item SI. No. 6 of Supply Part for Low Lift Portion on the tubewell by supplying all necessary materials i.e. nuts, bolts, rubber insertion all complete as per direction & upto the satisfaction of EIC.	8 Nos.			
2	Laying og 1.1 KV 3c 2.5 sqmm submerssible cable mentioned in item no-5a fixing on the coloumn pipe by supplying cable clamp on type kit and jointing the same with submerssible pump motor set and the kiosk and as per direction of E.I.C	160Mtrs.			
3	Supply & fitting fixing of compression type brass cable gland, rubber rings with dust & moisture proof entry for 3C 6sq.mm & 10sq.mm submersible cable in the pump starter panel in three different switch room and termination the leads by crimping method with suitable solderless dowels socket, PVC tape & other necessary materials as per direction.	8 Sets.			
4	Laying of 1.1 KV 3c & 3.5 c 10 sq mm pvc armoured cable mentioned item no 5(b) in U.G trench 460 mm wide and 760 mm average depth with bricks protection on the top of the cable with 8 nos. bricks including filling the trench with shifted soil and levellinh up	8 Sets 1200Mts			
5	Making the inter connection of Pump Mouth(3") to submersible pipe line (CWR line) by supplying all short pipe, tee, bend, pipe, reducer all complete including fixing of NRV, Suspension Clamp of Item SI.No.3&4 complete with supply of nut, bolts, rubber insurction as per direction.	8 Items.			
6	Making safety device for above pump by supplying 3Nos. Suitable size MS clamp and 1" dia. Nylon rope of required length including supplying nuts, bolts, washer and other materials as per direction.	8 Sets.			
7	Erection of 7 nos. kiosk (as mentioned in item no-9 on C.C foundation above fload level with neat cement finishing near the D.T.W as per direction of E.I.C	7 nos.			
8	Erection of MS pillar box near DTW no-1as mentioned item no-9 on CC foundationwith neat cement finishing and as per direction of EIC with provition entry and exit of the cable with earthing arrangement as per I.E.Rules	1 nos			
9	Finishing the end of the cables by crimping method including supplying and fixing dowels & solderless socketing & jointing materials size of cable 3c ,3.5 c 2.5 sqmm to 10 sqmm	48 nos.

Design of Submersible pump for water supply scheme under UIDSSMT of Suri Municipality

Location : Tubewell near Tilpara Barge to Clear water reservoir at Municipality Premises

Minimum Discharge : 13000 gph (From Yield Test Report)
 Design Discharge : 0.6 x 13000 : 7800 gph per tubewell 591.5 LPM

For 6 nos tubewell : $Q = (7800 \times 4.55) / (1000 \times 3600) : 0.00985833 \text{ cumecs}$
 Using 150 mm dia. DI pipe : Total Q : 0.05915 cumecs
 Velocity of fl : $Q/CA = 4Q / 3.14d^2 : (4 \times 0.05915) / (3.14 \times 0.300^2) : 0.83722576 \text{ m/sec}$

Total Head : Maximum depth of static water table at lean period +
 Depression head +
 Velocity head +
 Head loss due to friction of pipe +
 Head loss due to bends +
 Free head

Maximum depth of pumping water level at maximum discharge (including depression head) : 12.00 M (from yield test report)

Difference of Ground Elevation in between tube well at Tilpara and CWR at Municipal Premises : 19.00 M

Height of Entrance pipe from Ground : 3.00 M

Length of Rising Main in between Tubewell and CWR at Municipal Premises : 4350.00 M

Velocity head : $V^2/2g : (0.8372258^2) / (2 \times 9.81) : 0.036 \text{ M}$

Frictional loss : $h_f : f l v^2 / 2gc : (0.024 \times 4350 \times 0.8372258^2) / (2 \times 9.81 \times 0.30) : 12.433 \text{ M}$

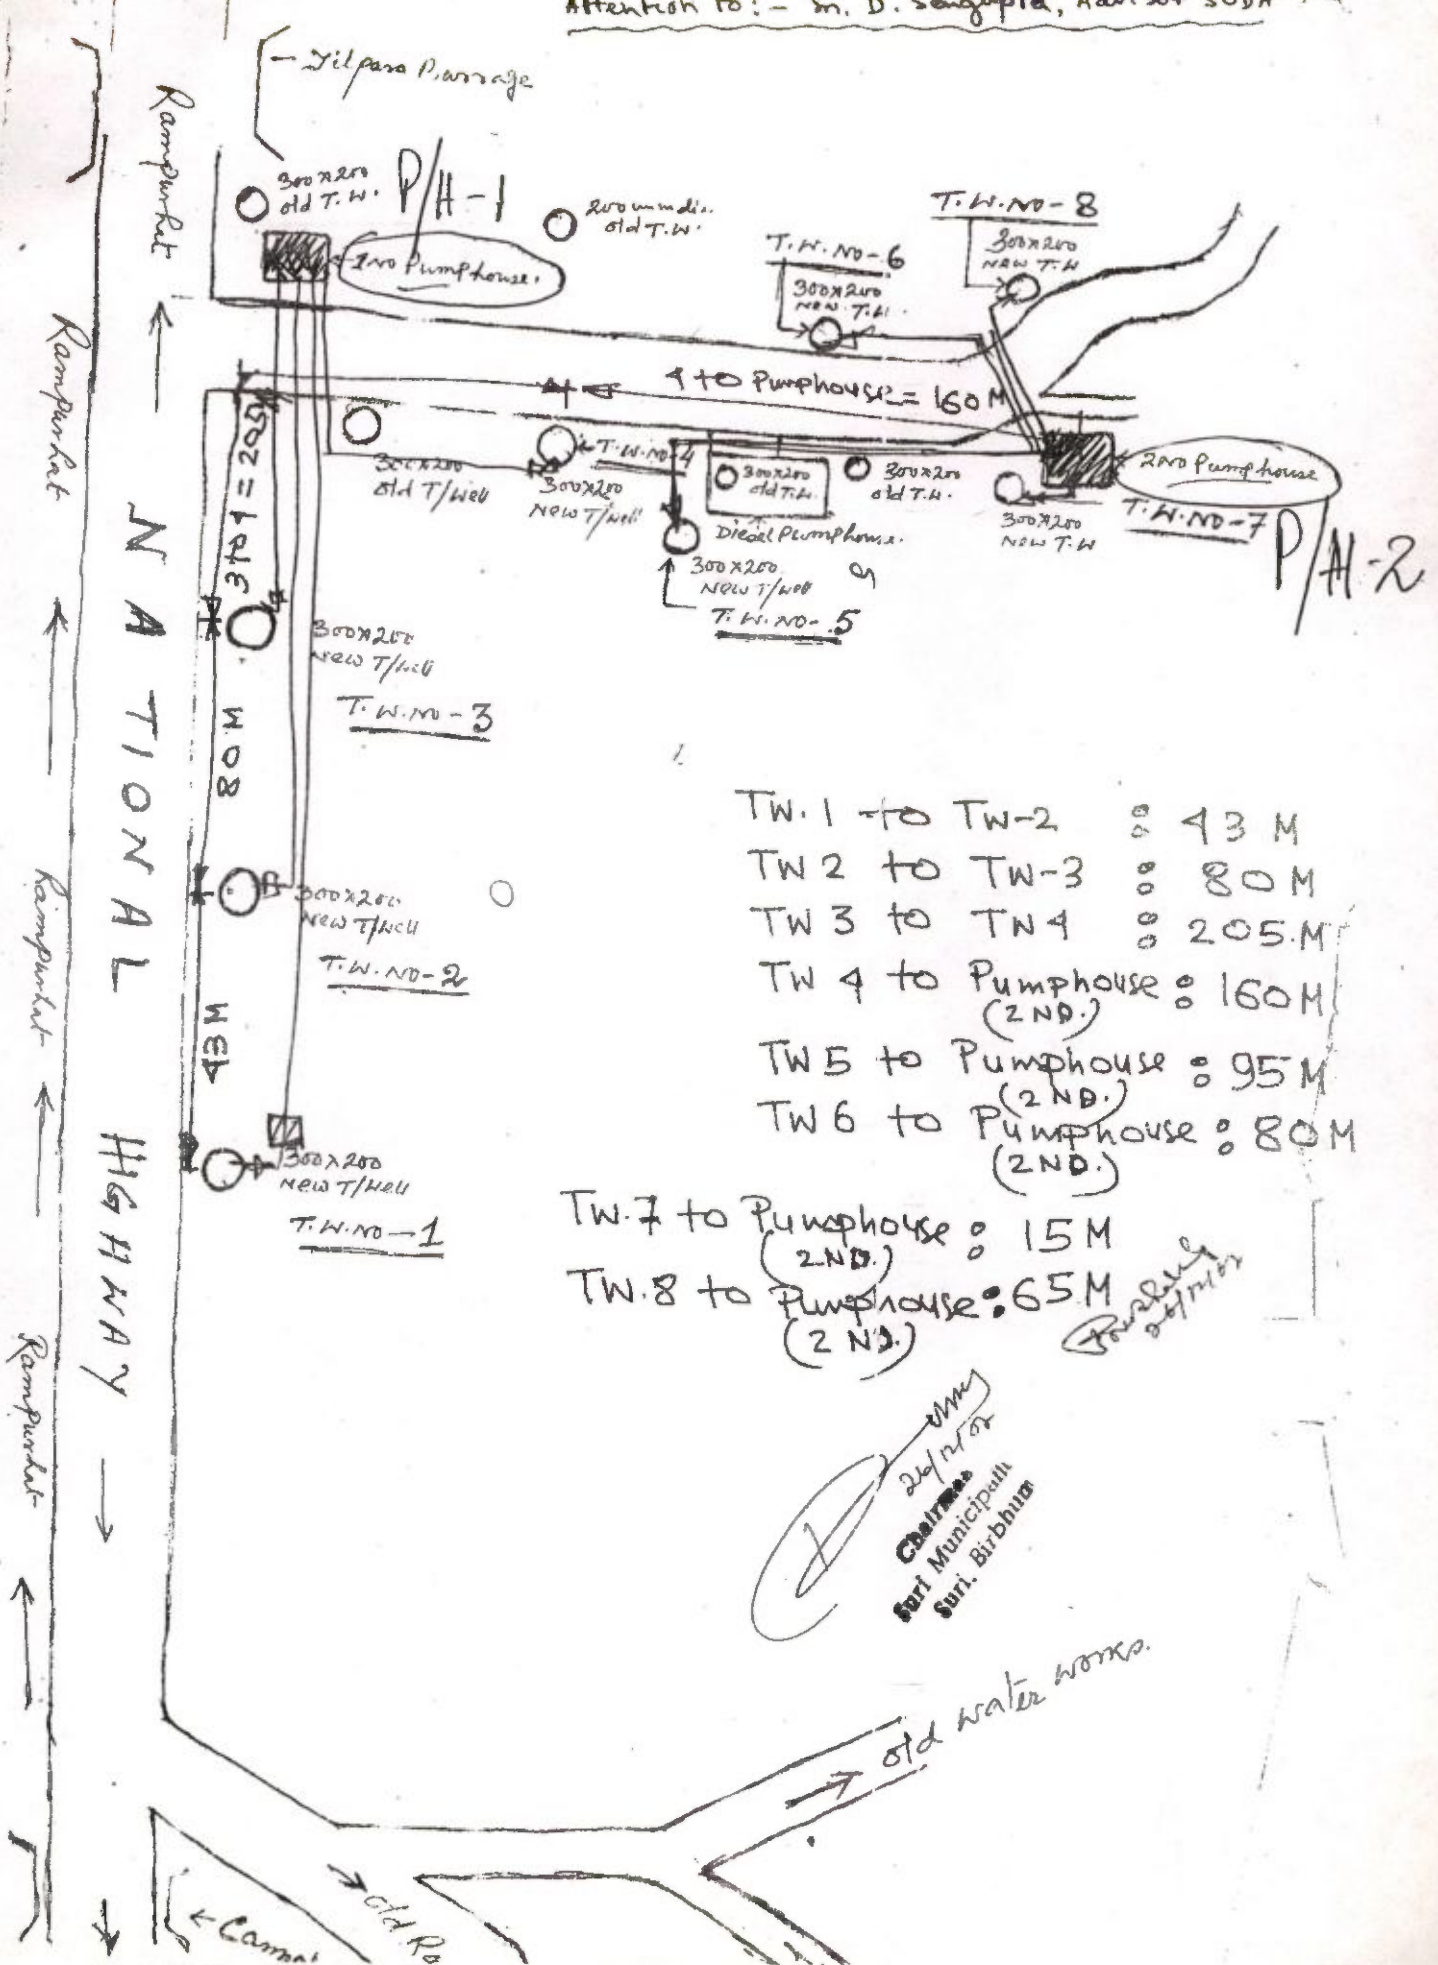

Head loss due to bends : $0.25 h_f : 0.25 \times 12.432699 : 3.108 \text{ M}$

Free head : 1.000 M

Total Head : $2.00 + 19.00 + 3.00 + 0.036 + 12.433 + 3.108 + 1.00$ 50.58 M

Horse Power Required : $(W \times Q \times H) / (75 \times \eta) : (1000 \times 0.0098583 \times 32.18) / (75 \times 0.55) : 72.5237783 \text{ H.P. for 6 nos. T.W.}$

**Comparison of major components in the original DPR and proposed revision of
SURI MUNICIPALITY under UIDSSMT**

No. of wards: 18

No. of wards considered in DPR: 11 nos.

Zone Ref	Population		Design Water Demand	Tubewell		Overhead Reservoir (Nos./Capacity)		Clear Water Reservoir		Distribution Line (KM)	
	Year-2001	Year-2023		Originally Sanctioned	Proposed in Revised DPR	Originally Sanctioned	Proposed in Revised DPR	Originally Sanctioned	Proposed in Revised DPR	Originally Sanctioned	Proposed in Revised DPR
I (Municipal Office Area) 1,6 (P), 8 (P), 14, 15 (P), 17 (P)	1142	10833	@70 lpcd 1.20 MLD*	3 nos.	5 nos.	0.30 ML	0.30 ML	0.20 ML	0.20 ML	9.575 KM	
II (Bus-stand Area) 2,3,4,6 (P), 8 (P), 15 (P), 17 (P)	6525	8972	@70 lpcd 1.02 MLD	3 nos.	5 nos.	0.255 ML	0.55 ML	0.172 ML	0.40 ML	11.567 KM	<u>Total</u> 101.50 Km.
III (Parade Ground) 2 (P), 3 (P), 16, 17 (P), 18	6426	9344	@70 lpcd 1.06 MLD	3 nos.	5 nos.	0.25 ML		0.176 ML		12.974 KM	
Total No. of ward considered in design: 11 nos.		29149	3.28 MLD	9	15					TOTAL: 34.11 KM	

* Including fire fighting and 15% UFW

- 3 CWRs and 3 OHRs have been replaced by 2 CWRs (0.40 ML and 0.20 ML) and 2 OHRs (0.30 ML and 0.55 ML) in the revised DPR but reasons for this change has not been substantiated in the design.
- The completion cost of the project as per an interim assessment made in the year 2009 work out to Rs. 1415.00 lakh and the State Finance Department was moved for additional requirement of Rs. 108.00 crore arrived at through the interim assessment for all other projects including Suri under UIDSSMT
- The cost of the Project as per revised DPR works out to Rs.2556.14 lakh as against Rs. 965.73 lakh sanctioned under UIDSSMT Scheme.

Electro-Mechanical:

- Sinking of all the 8 DTWs out of the 9 nos. sanctioned in the DPR have been completed in same place near the river regime and in the vicinity of the existing 6 (six) DTWs.
- There is an existing 63 KVA transformer for the existing 6 DTWs.
- Another 63 KVA transformer is required to operate the new 8 nos. DTWs (6 in operation and 2 as standby).
- In the revised DPR, High Tension Power supply has been considered for excess load (beyond 63 KVA) which would result additional capital cost for the present and recurring Operation and Maintenance cost in future.

**Observations on the
Revised DPR for Water Supply Scheme of Suri Municipality**

General:

- Water Supply Scheme for Suri Municipal Town was sanctioned at an estimated cost of **Rs. 965.73 lakh** and for a design population of 29,149 (year 2023) covering 11 wards (1,2,3,4,6,8,14,15,16,17,18). It is to be mentioned that the Municipality has total number of 18 wards and there are six existing DTWs.
- For design purpose 11 wards have been divided in 3 zones (shown in the enclosed sheet as zone-I, II & III).
- With a design of 2 nos DTWs with one standby for each zone a total no. of 9 DTWs was provided in the DPR to meet up the total water demand estimated as 3.28 MLD. It may be mentioned here that discharge of each tube well was taken as 0.6 MLD (8800 gallon/hr.) in the design .
- A total no. of 34 km. distribution pipeline was considered in the approved DPR. Supply of Water was proposed to be managed by three 3 CWRs and 3 OHRs as per capacity noted below:
 - CWRs: 0.20 ML; 0.172 ML; & 0.176 ML for zones I, II and III respectively
 - OHRs : 0.30 ML; 0.255 ML; & 0.25 ML for zones I, II and III respectively
- In the revised DPRs 6 (six) additional tube wells have been proposed to replace the six existing DTWs thereby total no of 15 DTWs have been considered.

Total Design population vis-à-vis the water demand has not been provided in the Revised DPR.
- Distribution line has been proposed as 102 km. with the contemplation that existing AC pipeline which was laid earlier needs to be replaced and also to cover some uncovered areas in the sanctioned jurisdiction of Zone-II & III which remained uncovered in the DPR. No relevant details are furnished in the DPR for the additional length.

on 04.07.2011**

Sir,

This is to inform you that Sri B.Chakraborty Technical Advisor, SUDA and Sri B.Das, TUO, SUDA will visit to your Municipality in connection with ongoing water supply project under UIDSSMT on **04.07.2011**. They are expected to reach Suri by around **11.30A.M.**

The engineers will hold a discussion with you regarding the status of implementation of the UIDSSMT Scheme and thereafter will move for field visit in the afternoon.

You are requested to ensure that concerned municipal engineers be present in the field visit.

Yours faithfully

Sub: - Release of 2nd installment of fund on-going Water Supply scheme within Suri Municipality under UIDSSMT

Sir,

Please find enclosed herewith the Utilization Certificate in respect of implementation of Water Supply scheme under UIDSSMT (JNNURM) Programme within Suri Municipality in which it may be seen that the said Municipality has utilized more than Rs. 410.46746 lakh out of total fund of Rs. 482.86970 lakh (ACA Share Rs. 386.29 lakhs + State Share Rs. 72.4297 lakhs + ULB Share Rs. 24.15 lakhs) which is 85% utilized out of the total fund received so far.

Therefore I would request to take necessary action to release of further fund of amounting Rs. 2.5 crores (Rupees Two Crores) only in favour of the Chairman, Suri Municipality for the above said scheme to keep a smooth progress of work.

Yours faithfully,

Government of West Bengal**Sub: Release of further funds in favour of Suri Municipality for implementation of Water Supply Scheme under UIDSSMT**

Sir,

A reference is invited to your memo No. ME/4004/ID-124/06 Pt-VI dated 01.03.2011 in connection with the above subject requesting for release of further funds to the Municipality.

It is stated in this connection that in the UC furnished along with your aforesaid letter is dated 07.12.2010 and hence, the amount of Rs.50.00 lakh released to the ULB on adhoc basis in January, 2011 has not been reflected therein.

You are, therefore, requested kindly to send an updated U.C. incorporating the last adhoc release of Rs. 50.00 lakh. The U.C. is also required to be authenticated by the concerned Executive-Engineer, MED.

You are further requested to forward a statement along with the U.C. indicating therein the list of work already executed (showing value of work) but bills yet to be settled. This is to substantiate the physical progress achieved against the fund already released. On receipt of the updated U.C. and the statement, proposal for further release of funds will be considered.

Yours faithfully,

Sub: Release next allotment of fund under U.I.D.S.S.M.T.

Madam,

In continuation of this memo no. 1267/S.M. dt. 2/11/2010, I am again request you kindly to take necessary action for release of next allotment of fund under U.I.D.S.S.M.T. at an early date. It may be stated that the work is going on full swing. Due to shortage of fund the on going work may be hampered and delayed. You are fully aware that the work is a time bound programme and to be completed by 31/3/2011.

Considering the above, next allotment is required for the purpose. It may also be mentioned in this regard that necessary statement of expenditure in the prescribed proforma along with copies, Bank Pass Book (up to date) are to be submitted very shortly.

I expect your wholehearted co-operation in this matter.

Thanking you,
Yours faithfully,

To

The Director

S.U.D.A.

ILGUS BHAVAN

SALLAKE, KOLKATA

Subject: - Release of next allotment of fund under UIDSSMT

Sir/Madam

in continuation of this Memo No-726/SM dated-17-08-2010 regarding deposit of ULB Share against Rs.24.15 Lakhs.

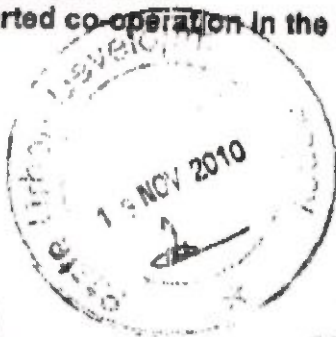

This is to inform you that till date no fund is released from your end.

Due to shortage of fund, the on going work is being hampered and the undersigned thinks that the Scheme will be stopped due to non payment of contractors Bills and the bills of suppliers for departmental materials.

Under the above Circumstances I would request you kindly to release next allotment of Fund without further delay in order to keep the ongoing work normal.

The matter is extremely urgent as it involves essential services like water supply for the benefit of the public of this town.

I expect your whole hearted co-operation in the Matter.

Yours Faithfully

U. Mukherjee

Suri Municipality**Sub: Moving the Government of India for second installment of ACA – Utilisation Certificate – Bank Statement and Receipt-Expenditure Statement upto 30.11.2010 in respect of UIDSSMT**

Sir,

SUDA has released a sum of Rs. 458.7197 lakh (Rs.386.29 lakh as ACA and Rs. 72.4297 lakh as State Share) to Suri Municipality for implementation of Water Supply Scheme under UIDSSMT. It has now been considered necessary to examine the accounts of this programme upto 30.11.2010 prior to moving the Government of India for second installment of ACA.

In this connection you are requested kindly to send to this office the following documents related to UIDSSMT.

1. Copy of updated Bank Pass Book duly attested.
2. Receipt-Expenditure Statement (Format enclosed)

Kindly treat this as extremely urgent.

Yours faithfully,

Director

UIDSSMT

Subject: - Release of next allotment of fund under UIDSSMT

Sir/Madam

In continuation of this Memo No-726/SM dated-17-08-2010 regarding deposit of ULB Share against Rs.24.15 Lakhs.

This is to inform you that till date no fund is released from your end.

Due to shortage of fund, the on going work is being hampered and the undersigned thinks that the Scheme will be stopped due to non payment of contractors Bills and the bills of suppliers for departmental materials.

Under the above Circumstances I would request you kindly to release next allotment of Fund without further delay in order to keep the ongoing work normal.

The matter is extremely urgent as it involves essential services like water supply for the benefit of the public of this town.

I expect your whole hearted co-operation in the Matter.

Yours Faithfully

Sub:- Depositing of Municipal Share amounting to
Rs. 24,15,000/- (Twenty four Lakhs fifteen thous-
and) only for releasing 2nd instalment for UIDSSMT
Project work under JNNURM Programme.

Ref:- Memo No SUDA-2007/1050 dt.- 27.05.10
189/2007/1050.

S i r,

The project works of UIDSSMT is going on. At present the Municipality is not in a position to deposit (5% of Municipal share) which comes down to Rs. 24,15,000/- for releasing the 2nd instalment. The undersigned has taken charges of this Municipality on 22.6.10 after formation of new Board with a great economical crisis. In this connect-
ion I request you to release the 2nd instalment of UIDSSMT Project so that the running work of the Scheme is continu-
ing smoothly. But for want of fund, the total project works will be discontinued . However I shall try my best to depo-
sit the U.L.B share as early as possible i.e. within 31.10.2010. In the present circumstances I request you to

Sub : NIT No.01/SM/UDISSMT/07-08 dated 11.05.2007 issued by the Chairman, Suri Municipality for procurement of 100 mm to 450 mm Ductile Iron Pipes under UIDSSMT.

Dear Sir,

In connection with the subject Tender, we would like to draw your kind attention towards the gross irregularities practised deliberately by the Suri Municipality in the tender process with a biased objective of facilitating the entry of Jindal Saw Ltd, a Company which is not a State based Company in the State by releasing and negotiating the NIT and acting in contravention of the Govt. Order dated 28.03.07 as well as the Municipal Engineering Directorate (MED) guidelines.

1. As per the Govt. Order dated 28.03.07 regarding procedure towards implementation of water scheme under IHSDP & UIDSSMT procurement under JNNURM, the NIT is to be finalized by the Municipality after receipt of tender documents from the Municipal Engineering Directorate (MED). The MED, upon review of all the prevailing Tenders of Govt. Depts. in West Bengal, has sent their guidelines to all municipalities specifying the Eligibility Criteria for DI Pipes Manufacturers as Satisfactory Performance for a period of at least 3 (three) years or more. Moreover, MED in their specification included the Excise Duty refund clause as per General Terms & Conditions Form DGS&D-1001 (Cl.No.13).
2. On the contrary, Suri Municipality issued the tender specification ruling out the guidelines of MED and issued the tender documents (NIT No.01/SM/UDISSMT/07-08 dated 11.05.2007).

ELECTROSTEEL CASTINGS LIMITED

19, CAMAC STREET, KOLKATA - 700 017 (INDIA)
TEL : Board Number 91-33-2283 9990
Fax : (Directors) 91-33-22894338, (Sales) 91-33-22894337, (Export) 91-33-22894338, (Finance) 91-33-22894339.

3. In the Govt. Order dated 28.03.07 it has been clearly mentioned that the tender documents will be issued to the applicants, those who are found to be eligible and recommended by MED. In this connection, EE, Burdwan Division has not recommended any of the applicants for issue of the tender documents. In spite of that Suri Municipality has issued the tender documents to all the applicants.
4. It may be seen from the above that Suri Municipality has violated totally all the norms of MED for supporting one manufacturer i.e. Jindal Saw Ltd. M/s.Jindal Saw Ltd and other three associated contractors of M/s.Jindal Saw Ltd have participated in the Tender. It is further cleared that M/s.Jindal Saw Ltd have made curtail arrangement for good business in their field.
5. The most important point is that the Excise Duty Refund clause was withdrawn from their NIT when other Municipalities like Tamluk Municipality, Haldia Municipality, Raiganj Municipality etc. have incorporated the said Excise Duty Refund clause.

The objective of Excise Duty Refund clause is enumerated below :

One of the DI pipe manufacturers i.e. M/s.Jindal Saw Ltd, in spite of having their Excise Duty Exemption as per Government Notification No.39/2001 Central Excise dated 31.07.2001 (issued by the Government of Revenue, Ministry of Finance, Government of India for units located in Kutch) are charging Excise Duty @ 16.48% to the customers which is totally illegal and violation of the said Government Notification. M/s.Jindal Saw Ltd charges the Excise Duty to the customers and get the refund from Bhuj Excise Authority and is enjoying the benefit of the full exemption of Excise Duty. In this process, M/s.Jindal Saw Ltd makes unjust enrichment at the cost of State Exchequer and the mechanism is in complete violation of Section 11D of the Central Excise Act, 1944.

In this connection, we are stating some of the facts in regard to the irregularities of Excise Duty charged by M/s. Jindal Saw Ltd :

Website : www.electrosteel.com

ELECTROSTEEL CASTINGS LIMITED

19, CAMAC STREET, KOLKATA-700 017 (INDIA)
TEL : Board Number 91-33-2283 9990
Fax : (Directors) 91-33-22894338, (Sales) 91-33-22894337, (Export) 91-33-22894338, (Finance) 91-33-22894339.

- a) M/s.Jindal Saw Ltd represented to DGS&D for similar amendment, but its request was not considered (a copy of the reply vide letter dated 21.02.07 of DGS&D is enclosed – Annexure 'A').
- b) Audit objection raised by the Office of the Sr. Deputy Accountant General (Works Audit & Projects), Orissa, vide their letter Ref.CASS-435 dated 11.04.07 (copy enclosed – Annexure 'B').
- c) Audit objection raised by the Principal Accountant General, Rajasthan, Jaipur vide their letter dated 18.05.07 (copy enclosed – Annexure 'C').
- d) Audit objection raised by the Office of the Accountant General, Haryana, vide their letter dated 11.09.06 (copy enclosed – Annexure 'D').
- e) Audit objection raised by the Office of the Accountant General Audit, Himachal Pradesh, Shimla (copy enclosed – Annexure 'E').
- f) For the similar reasons even the PHE Department, Kashmir, has withheld the payment of Excise Duty amount charged by M/s.Jindal Saw Ltd in their invoices.

In spite of the above facts, M/s.Jindal Saw Ltd is continuing to mislead and confuse various State and Central Government Undertakings and charging Excise Duty from the customers on Ductile Iron Pipes, which are exempted from payment of Excise Duty. This is resulting in unjust enrichment of M/s.Jindal Saw Ltd at the cost of State Exchequer and is also resulting in unhealthy and unfair competition.

It may be mentioned here that Suri Municipality has totally over ruled the Guidelines of Finance Dept. (Govt. of West Bengal) for incorporation of Three years experience clause. They have not also included the Excise Duty Refund clause being followed by all the Govt. Departments in West Bengal including all Municipalities in West Bengal as per the Guidelines of MED. In the process, Suri Municipality issued the Tender documents with the involvement of some officials of Municipality to allow entry to M/s.Jindal Saw Ltd even being a non-eligible bidder. In fact, even a single meter of DI Pipe has not been

supplied by M/s.Jindal Saw Ltd and their product has not been tested in the soil of West Bengal. This is totally a malafide intention and vested interest of some officials of Suri Municipality.

It is our humble request to your goodself to investigate into the matter and advise the concerned authority to stop further progress of Tender immediately. Please also advise the concerned officials of Suri Municipality to issue fresh NIT complying with the MED Guidelines as being adopted by all other Municipalities so as to **have a single window Tendering procedure for all the Municipalities.**

Trust you would pay due attention to our prayer and would take a wise decision in this regard.

QUERIST : ELECTROSTEEL CASTINGS LTD.

In Re: Central Excise – Issue arising out of exemption being availed under Notification No. 39/2001-CE dated July 31, 2001, as amended.

OPINION

1. By a Notification No. 39/2001-CE dated July 31, 2001, which has been amended from time to time (hereinafter referred to as "**said Notification**"), the Central Government, in exercise of powers conferred upon it by Section 5A(1) of the Central Excise Act, 1944 (hereinafter referred to as "**the Act**") read with Section 3(3) of the Additional Duties of Excise (Goods of Special Importance) Act, 1957 and Section 3(3) of the Additional Duties of Excise (Textile and Textile Articles) Act, 1978, has granted location based excise duty exemption to goods specified in the ANNEXURE of the said Notification which are manufactured and cleared from units located in the Kutch District of Gujarat in the manner set out in the said Notification.
2. In terms of the said Notification goods specified in the "ANNEXURE" appended thereto and cleared from a unit located in Kutch District of Gujarat has been **exempted** from so much of the duty of excise or additional duty of excise, as the case may be, leviable thereon under the aforesaid specified acts as is equivalent to the amount of duty paid by the manufacturer of goods, other than the amount of duty paid by utilisation of CENVAT credit under the Cenvat Credit Rules. "**The exemption contained in**" the said Notification is required to be given effect to in the manner specified in paragraphs 2 and 2A of thereof.
3. There are several manufacturers who are situated in the Kutch District of Gujarat who, upon manufacture of the specified goods, are enjoying the benefit of exemption from duty under the said Notification on goods manufactured and cleared by them from their respective factories.
4. From, inter alia, paragraph 2 of the said Notification, it would be seen that the manner in which the **exemption** is granted under the said Notification is by way of refunding the duty

of Central Excise paid in cash by the manufacturer concerned after adjustment of the Cenvat Credit availed of in the manner laid down in the said Notification.

5. In view of the aforesaid a question has now arisen, particularly in the light of a recent Circular issued by the Central Board of Excise & Customs under F.No. 209/11/2005-CX-6 dated December 8, 2006 (hereinafter referred to as "said Circular") in the context of rebate on goods manufactured and cleared upon availing the benefit under, inter alia, the said Notification and subsequently exported under Rule 18 of the Central Excise Rules, 2002 (hereinafter referred to as "the said Rules"), as to whether the manufacturer enjoying exemption from excise duty under the said Notification can charge and/or realise excise duty from its customers to the extent that such duty is exempted by way of refund of the duty paid in cash in terms of the said Notification. The querist seeks my opinion on this issue.
6. Section 5A(1) of the Act empowers the Central Government to, in public interest, by way of a Notification in the Official Gazette, "exempt generally either absolutely or subject to such conditions (to be fulfilled before or after removal) as may be specified in the Notification" excisable goods "from the whole or any part of the duty of excise leviable thereon". The said Notification has been issued in exercise of powers under Section 5A(1) of the Act.
7. From the said Section 5A of the Act, it would be seen that the Central Government in the grant of exemption, in exercise of powers under Section 5A of the Act, can evolve procedures which may be different, depending on the reason or circumstances in which the exemption notification is issued. However, the net result or effect of these exemption notifications are the same, which is, grant of exemption, in whole or in part, as the case may be, from the duty of excise payable in respect of the subject goods specified in the respective notifications. This is so even if such exemption notifications are as and by way of incentives.
8. In the present case, under the said Notification, the goods manufactured by and cleared from units set up in the Kutch region of Gujarat have been granted full exemption from

duties of excise payable on the said goods. The exemption has been granted in the particular manner set out in the said Notification whereunder initially the duty payable is adjusted against the Cenvat Credit available to the said manufacturer (in respect of the duties paid on input materials used in or in relation to the manufacture of the final products), and the balance amount, if any, of duty payable is paid on clearance by the manufacturer but refunded to it by the 15th day of the next month. As would appear from the said Notification this method of granting exemption has been adopted to ensure proper verification by the jurisdictional Central Excise authorities that no excess exemption than due is granted. In such circumstances, where no duty in effect is paid by the assessee concerned in terms of the said Notification, such manufacturers, cannot collect as and by way of duty any Central Excise duty on the subject goods manufactured and cleared from the said units from their customers. In the alternative, they would not be entitled to refund of the duty paid. In this respect reference may be made to, inter alia, the following decisions of the Supreme Court, dealing with rebate / incentives allowed to manufacturers of sugar as per similar exemption notifications:-

- (i) Sahakari Khand Udyog Mandal Ltd. vs. Commissioner of Central Excise & Customs, 2005 (181) ELT 328 (SC) - [3 member Bench decision]
- (ii) Commissioner of Central Excise vs. Kesar Industries Ltd., 2006 (197) F.T.T 317 (SC)
[reversing the Larger Bench decision of the Tribunal reported in 2000 (119) ELT 295 (T.LB)].

9. The aforesaid legal position is now further strengthened by the said Circular issued by the Board, the relevant parts whereof reads as follows:-

"The issue relating to the amount of duty that is to be rebated under Rule 18, in respect of excisable goods manufactured and cleared availing the area based exemption schemes presently available for North East (vide Not.nos.32/99-CE and 33/99-CE both dated 8.7.1999), Jammu & Kashmir (vide Not.nos. 56/2002 & 57/2002-CE both dated

at

14.11.2002), Kutch (Not.No. 39/2001-CE dt. 31.7.2001) and Sikkim (vide Not.no. 56/2003 dated 25.6.2003) are under examination of the Board.

2. The issue is briefly elucidated. Rule 18 of the Central Excise Rules, 2002, provides for grant of rebate of duty paid on exported goods. In terms of the notifications as mentioned above issued under section 5A(1) of the Central Excise Act, 1944, exemption from excise duty is available only to the extent it is in excess of the amount paid out of CENVAT credit. However the said exemption has been operationalised by way of paying the full amount of duty first, and thereafter granting of refund of duty paid in cash. A doubt had arisen as to whether the said payment of duty at first stage, which is subsequently refunded, can be considered as 'duty paid' in terms of rule 18 or not. The matter was referred to the Law Ministry, who have opined that the term 'duty paid' used in rule 18 does not include that portion of duty, which is subsequently refunded to the manufacturer. They have further opined that the amount so refunded to the manufacturer is to be treated as an exemption and rebate of the said amount cannot be paid."
10. The expression 'duty paid' in Rule 18 of the said Rules and the expression 'duty paid' in the said Notification [the said Rules having been issued in exercise of powers conferred by Section 37 of the Act and the said Notification having been issued under Section 5A of the Act], both of them dealing with the same subject, i.e., excise duty paid on goods manufactured and cleared and, further, there being no specific definition of the said expression 'duty paid' in either the said Rules or the said Notification, the terms, scope and meaning ascribed to the same in the said Circular would apply even in interpreting what is 'duty paid' under the said Notification. Applying the said principle, it is clear and evident, in my opinion, that the amount of duty paid in cash by the manufacturer of goods availing benefit under the said Notification, which amount of 'duty paid' is refunded to it as per the said Notification, has to be treated as an exempted goods and are not and/or cannot be said to be duty paid goods.
11. In terms of the provisions of the Cenvat Credit Rules, 2004 (Rule 12 thereof) in case of clearances of excisable goods by a manufacturer, which is either an input of capital goods

for the consignee, in terms of, inter alia, the said Notification, Cenvat Credit on such inputs or capital goods has been made admissible by a non-obstinate provision as if no portion of the duty paid on such inputs or capital goods is exempted under, inter alia, the said Notification. This deeming provision has been introduced in the Cenvat Credit Rules only for the limited purpose of making available to the purchaser of the subject goods the benefit of Cenvat Credit of the duty paid by it on the said goods, since otherwise the said purchaser of the goods would be unduly adversely effected. However, this deeming provision introduced for a limited purpose, and that too in the Cenvat Credit Rules, cannot and does not make the subject goods manufactured in the specified area in Kutch District, non-exempt or dutiable goods. They continue to remain goods exempt from payment of Central Excise duty to the extent provided for by the said Notification issued under Section 5A of the Act.

12. In such circumstances, such a manufacturer of excisable goods enjoying benefit under the said Notification cannot realise excise duty on the subject excisable goods from its customers except to the extent paid by way of adjustment of Cenvat Credit. In the event of such a manufacturer realising or continuing to realise such amount of excise duty which is refunded or refundable to it in terms of the said Notification, the said manufacturer is statutorily obliged to pay to the Central Government the sum so realised in terms of Section 11D of the Act. Otherwise, as observed and held by the aforesaid decisions of the Supreme Court, it would result in unjust enrichment, which is impermissible in law.
13. This would also be evident from the fact that similar incentives for setting up industrial units, in the form of grant of exemption from excise duty by a specific location based exemption notification, being Notification 50/2003-CE dated June 10, 2003, have been granted by the Central Government in respect of goods manufactured in industrial units set up in Uttaranchal and Himachal Pradesh on the terms and conditions as laid down in the said Notification. It would be seen therefrom that, unlike in the case of the said Notification where the duty is paid to the extent as aforesaid and refunded within the 15th of the next month by the Central Excise authorities, no duty is required to be paid under the

Notification No.50/2003-CE at the stage of clearance of the goods and, hence, the question of refund does not arise. None of the industrial units set up in Uttaranchal and Himachal Pradesh and availing benefit under the said Notification No. 50/2003-CE can or does realise any sum as and by way of excise duty in respect of the said goods cleared from its customers, without having to deposit the same with the Central Government under Section 11D of the Act.

- 14 Section 11D of the Act clearly provides that any sum collected by an assessee as and by way of duty of excise from the buyer of excisable goods is to be deposited with the Central Government. The said Section reads as follows:-

SECTION 11D. Duties of excise collected from the buyer to be deposited with the Central Government. - (1) Notwithstanding anything to the contrary contained in any order or direction of the Appellate Tribunal or any Court or in any other provision of this Act or the rules made thereunder, every person who is liable to pay duty under this Act or the rules made thereunder and has collected any amount in excess of the duty assessed or determined and paid on any excisable goods under this Act or the rules made thereunder from the buyer of such goods in any manner as representing duty of excise, shall forthwith pay the amount so collected to the credit of the Central Government.

(2) Where any amount is required to be paid to the credit of the Central Government under sub-section (1) and which has not been so paid, the Central Excise Officer may serve, on the person liable to pay such amount, a notice requiring him to show cause why the said amount, as specified in the notice, should not be paid by him to the credit of the Central Government.

(3) The Central Excise Officer shall, after considering the representation, if any, made by the person on whom the notice is served under sub-section (2), determine the amount due from such person (not being in excess of the amount specified in the notice) and thereupon such person shall pay the amount so determined.

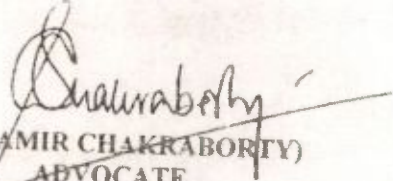

(4) The amount paid to the credit of the Central Government under sub-section (3) shall be adjusted against the duty of excise payable by the person on finalisation of assessment or

any other proceeding for determination of the duty of excise relating to the excisable goods referred to in sub-section(1).

(5) Where any surplus is left after the adjustment under sub-section (4), the amount of such surplus shall either be credited to the Fund or, as the case may be, refunded to the person who has borne the incidence of such amount, in accordance with the provisions of section 11B and such person may make an application under that section in such cases within six months from the date of the public notice to be issued by the Assistant Commissioner of Central Excise for the refund of such surplus amount."

15. Merely because exemption of excise duty is granted as and by way of or because of grant of incentive or under any incentive scheme of the Government, the provisions of Section 11D do not and cannot become inapplicable. The aforesaid decisions of the Hon'ble Supreme Court (referred to in paragraph 8 hereinabove) makes this evident.
16. In my opinion, just as in the case of manufacturers availing exemption under, inter alia, Notification No. 50/2003-CE, who cannot realise any sum from their customers as and by way of excise duty in respect of goods manufactured and cleared by them without having to deposit the same with the Central Government under Section 11D of the Act, manufacturers availing of exemption under the said Notification also cannot realise any sum of money as and by way of excise duty which is refunded to them as and by way of exemption under the said Notification in respect of the goods manufactured and cleared by them, without having to deposit the same with the Central Government under Section 11D of the Act. No exception has been made or can be made in this respect, in law.

... agree to make good ...
consignee may report within three months from the date of their final
balance payment.

I/We _____ further agree that all rights of Purchaser under the
general and Special Conditions of the Contract shall remain entirely
unaffected thereby."

NOTE: The Contractor shall have to furnish with the bills, a Photocopy of the
Railway Receipt as proof of despatch of material duly attested by the person
signing the bill. In case where facility of furnishing of photocopy is not available,
the Contractor shall furnish a True Copy of the Railway receipt duly attested by a
(gazetted officer, M.P., M.L.A. a Notary Public or a Magistrate. Bills not
supported with the Attested Photocopy or the True Copy of the Railway Receipt
will not be admitted for payment.

13. EXCISE DUTY:

13.1 Excise duty, wherever to be paid extra in terms of Clause 8 of "SCHEDULE A"
will be paid to the Contractor at actual against a documentary evidence i.e. a photocopy
of the Invoice duly attested & signed by the Contractor's Managing Director or his
authorised signatory for the purpose.

13.2 The Contractor, while submitting the Bills, will also furnish the following
Certificate on the Bill itself.

- i) Certified that the Excise Duty charged on this Bill is not more than what is
payable under the provision of the relevant Act or the rules made
thereunder.
- ii) Certified that the amount of Rs. _____ claimed as Excise Duty in
this Bill is in accordance with the provisions of the Rules in all respects
and that the same has been paid to the Excise Authorities in respect of the
Stores covered by this Bill

13.3 The Contractor shall submit to the Paying Authority, the following Certificates:

- a) Certificate with each Bill to the effect that no refund has been obtained in
respect of reimbursement of Excise Duty made to the Contractor during
three (3) months immediately preceding the date of the covered by the
relevant Bill.
- b) Contractor's Statutory Auditor's Certificate as to whether any refunds have
been obtained or applied for by the Firm or not in the preceding financial
year, after the Annual Audit of their Accounts also indicating details of
such refunds/applications, if any. This Certificate should contain
reference to all Ad-hoc A/Ts, Rate Contracts held by the Contractor.
- c) A Certificate, alongwith the Final payment Bills to the effect whether or
not they have any pending appeals/protest for refund or partial refund of

Excise Duties already reimbursed to the Contractor by the Government pending with the Excise Authorities and, if so, the nature, the amount involved and the position of such appeals. This Certificate should be signed by Contractor's Managing Director/Manager/Accountant.

- d) An undertaking to the effect that in case it is detected by the government that any refund from Excise Duty Authorities obtained by the Contractor after obtaining reimbursement from the Paying Authority and if the same is not refunded by the contractor to the Paying Authority, giving details and particulars of transactions, the Paying Authority will have full authority to recover such amount from the Contractor's outstanding Bills against a particular contract or any other pending Government Contractor and no dispute on this account would be raised by the Contractor.

14. SALES TAX

14.1 Whenever supplies are made to a Government Department or to any other Department which does not fall under the definition of Government i.e. the local bodies etc. but is a registered dealer under the respective Sales Tax act, the Contractor should intimate whether the purchase being a Government Department or a registered dealer is entitled for any concessional rate and if so under which notification or category they are allowed such concessions for their prompt settlement of their sales tax claim.

14.2 Wherever, the sale is to a registered dealer or Government Department or to such consignees who are entitled to avail of the benefit of the concessional rate of tax or exemption from payment of sales tax under the Central Sales Tax Act or the State Sales Tax Act or the rules made thereunder, the Contractor must obtain the relevant certificate/declaration in proper time and in case declaration/certificate the matter should be immediately brought to the notice of the S.O. issuing Authority under advice to the Purchase Officer of D.G.S&D.

In Supply Orders or Amendments, thereto allowing Sales Tax, State or Central, the Contractor shall furnish the following certificate under the dated signatures on their relevant Bill for Sales Tax:

"Certified that the goods on which Sales Tax has been charged have not been exempted under the Central Sales Tax Act or State Sales Tax Act or the rules made there under and the charges on account of Sales Tax on these goods are correct under the provisions of that Act or the Rules made thereunder. Certified further that we (or our branch or

(Agent)(Address) are registered as dealers in the State of under Registration No. for the purpose of Sales Tax."

14.3 The Contractor should also give a Certificate that the assessment for the period under which the Supply Order or the supplies made to the Government Department or Consignee have been made or not? In case the Assessment has been done, the Contractor should furnish a copy of the Assessment Order in which the supplies or the supply order have been covered to determine the exact rate of sales tax at which they have been assessed by the sales tax authorities.

No. CASS- 495

Dated: 11-04-07

To

The Chief Engineer,
Public Health (U), Orissa, Bhubaneswar

Subj: Purchase of centrifugally cast DI, S/S pressure pipes.

Sir,

In inviting a reference to your letter No. PB 532(3) dated 08.12.2006 on the above cited subject, I am to state that purchase order for supply of ISI marked centrifugally cast DI (K-7 & K9) S/S pressure pipes conforming to ISI 8329/2000 of different diameters for Rs.4,19,80,161 was placed with M/s Jindal Saw Ltd. New Delhi, at the accepted rate quoted by the said firm vide his tender dated 29.08.2005. It was noticed from the PO that two rates i.e. one with all taxes and duties and the other without Central Excise, have been quoted for the same item.

In this regard it may be mentioned that under the notification No.39/2001 of the Central Board of Custom and Excise all goods manufactured and cleared by JSL from its Kutch unit are exempted from Excise duty irrespective of their intended use. As such JSL can not fully quote price with excise duty nor could it realise the excise duty amount from the purchaser since the same is not being credited in the Government accounts. Besides, the clarification issued vide Ministry of Finance, Tax Research unit letter No. F 332/07/2006 Tru dated 25.04.2006 stipulates that exemption to Kutch based manufactures operates through a refund mechanism where in a manufacture is first required to pay full duty and in such case duty so paid is later on refunded to the manufacturer and ultimately the buyer of the goods is entitled for credit of the full duty.

In the purchase order the basis cost of the indented article exclusive of taxes, duties, packing and forwarding is normally shown but in the instead PO the rate was inclusive of taxes etc. In order to determine the total Central Excise duty paid to supplier, the following information alongwith copy of supporting documents may please be made available to audit.

- 1) Whether the accepted rate was inclusive or exclusive of taxes including Central Excise (copy of rate quoted by M/s JSL and tender notice)
- 2) Copy of comparative statement and proceeding of purchase committee.
- 3) Total amount paid to M/s JSL with Bill No. and date (copy of the bills)
- 4) Total Central Excise claimed in the bills.
- 5) Copy of letter No. PD 471/Pipe 4/2006 PB) dated 14.11.2006 and subsequent correspondence with the Commissioner, Central Excise, Rajkot.
- 6) Action taken to get refund of Central Excise paid to M/s JSL in terms of clause 18 of PO.

I am deputing one of my Audit Officer to verify the original records and the above information may please be handed over to him.

Your active co-operation in this regard is solicited.

Yours faithfully,

FACTUAL STATEMENT
(Public Health Engineering Department)

Loss of Rs 129.87 lakh to Government due to not mentioning/inserting excise duty refund clause in the rate contract.

The Chief Engineer (H.Q) Public Health Engineering department executed rate contract on 12 December 2005 with M/s Jindal Saw Ltd. (JSL) for supply of ISI marked centrifugally cast Ductile Iron (Spun) pipes class K-9 & K-10 including excise duty. The rate contract was valid upto 15 October 2006. During scrutiny (April 2007) in audit it was revealed that M/s Jindal Saw Ltd. (Integrated pipe unit) was set up in the District Kutch, Gujarat during the period starting from 31.7.2001 & before ending on 31.12.2005 and was availing the exemption of excise duty as per notification No. -39-2001 CE dated 31.7.2001. However, the JSL has not passed on any benefit on refund of excise duty on the plea that refund of excise duty has been allowed as an incentive & the benefit has been given to the Department in the shape of best prices quoted.

As per clause No. 13 of the general terms & condition governing the DGS & D rate contract the contractor is required to refund the central excise duty to the purchaser if the same is obtained by the supplier contractor. However, it was noticed that the CE, (HQ) PHED Rajasthan Jaipur while executing the rate contract with the firm did not insert such a clause.

Thus, due to not inserting clause regarding refund of the excise duty the Department/Government has been put to a loss of Rs 129.87 lakh (details in annexure) on the supply of DI pipes from M/s. JSL, thereby resulting into extra burden on state exchequer.

Dy. Accountant General (Works)

True Copy

Office of Accountant General, Audit, Haryana
Sector 33, Chandigarh

No. CW-IX/Spl-I dated 11.09.2006

To,

The Director,
Supplies & Disposals, Haryana
Sector-22, Chandigarh

Sub.: Supply Order no. 110 dt. 2-1-06 by DS&D on M/s JSL for supply of
DI Pipes.

Madam,

DS&D floated a tender for supply of DI Pipes on 1-8-2005. M/s Jindal Saw Limited (JSL) submitted tender and quoted two sets of prices – one with excise duty component and the second one with excise duty exemptions. DS&D placed supply order no. 110 dt. 2.1.06 on M/s JSL for supply of D.I. Pipes in the excise Paid Category. Under the notification no. 39/2001- Central Excise dated 31.07.2001, all goods manufactured and cleared by JSL from its Kutch unit are exempted from Excise Duty irrespective of their intended use. As such JSL cannot fully quote price with excise duty nor could it realize the excise duty amount from the customers.

- i) Specific reasons for adopting dual pricing concept (with ED and without ED) by M/s JSL and placing supply order by DS&D for supply of DI pipes with full ED may be intimated to audit on priority basis.
- ii) Details of material supplied (size wise) against above supply order by JSL alongwith amount paid (price +ED) should also be supplied to audit.

Yours faithfully

Sd/-

**OFFICE OF THE ACCOUNTANT GENERAL (AUDIT)
HIMACHAL PRADESH SHIMLA 171003**

Letter No. CASS III/Misc/CED.Exempt/2006-07/1363-65 Date:- 12, September 2006

To

The Engineer-in-Chief
IPH Department U.S. Club
Shimla-171001

Subject:- Reg. Non-obtaining of refund of Excise duty paid by the IPH Deptt. To the supplier for the procurement of DI pipes for use in Water Supply schemes.

Sir,

Kindly refer to the correspondence resting with your office Letter No. IPH-SH-I-Pipes-Excise exemp/ 2006-3216 dated 4.9.2006 regarding central Excise duty exemption for pipes used in water supply schemes.

2. In this connection I am to state that M/s. Electrosteel Castings Ltd., Panchkula vide their letter dated 1.5.2006 addressed to you, alleged that another supplier namely, M/s. Jindal Saw Ltd.(JSL), have on the one hand obtained payment of excise duty from the IPH Deptt HP on the DI pipes supplied by him to be used for various water supply schemes and on the other have obtained refund of the same from the central Govt as their factory is based at Kutch district of Gujarat State which is covered by exemption from central excise duty. However, the amt. Of the refund so obtained by M/s. JSL has not been remitted to the IPH Deptt. Of the H.P. Govt. This has resulted in availing of undue financial benefit of the amt. Of Excise duty so refunded by the central Excise deptt at the cost of the H P Govt.(IPH deptt.) who had to incur avoidable extra expenditure on the procurement of the pipes. In this context reference is also invited to the Govt. of India Ministry of Finance (Deptt. Of Revenue) Tax Research Unit (TRU) letter No. F No. 332/07/2006-Tru dated 25th April 2006 addressed to the secretary General, Federation of Industries of India, New Delhi vide which it has been clarified that the exemption for Kutch district of Gujarat operates through a refund mechanism where in a manufacturer is first required to pay full duty and duty paid in cash is later on refunded to the manufacturer and the buyer of goods is entitled for credit of full duty.

3. A statement showing particulars of DI pipes purchased by IPH Deptt. of H P Govt. from M/s. JSL for C/o Various Water Supply schemes under various divisions and the amts. Including cent. Excise duty paid to them has been prepared from the information supplied by your office as well as H P State civil supplies corporation. Accordingly, for supply of 86045 Rmt. of DI pipes of various dias, Rs. 8.38 crore were paid to M/s. JSL which included an amt. of Rs.1.16 crore towards payment of Cent. Excise duty for which M/s. JSL has obtained refund of the Excise duty and expressed him intention not to pass on the benefit of the refund to the Govt. of H P (IPH Deptt.) as intimated vide his letter No.JSL/IPU/MKTG/CHD/401/14 dated 27.6.06. His contention was, however, not tenable in view of the clarifications furnished vide the Govt. of India letter dated 25.4.06 referred to above.

In this connection you are requested to furnish a detailed reply to various points raised in the annexure enclosed.

This may kindly be accorded top priority.

Yours faithfully,

Audit Officer

Copy forwarded to the Pr. Secretary to the Govt. of H P (IPH) Shimla along with copies of Statement and annexure referred to above for necessary action in the matter.

Audit Officer

Copy forwarded to the Managing Director H P State Civil Supplies corporation, Shimla w r t his letter No.HPSCSC/Pro-1-36/2006-II (Excise)017268 dated 31.8.06 along with a copy of the Statement. It is requested that the information required under columns 11 (date of payment), 12 (Particulars of Supply orders Agreement) and 13 (Action taken to obtain refund or ED) may be furnished in r/o each of the items included in the Statement urgently.

Audit Officer.

ANNEXURE

Subject:- Regarding non-obtaining of refund of Excise duty paid by the IPH Deptt. to the supplier for the procurement of DI pipes for use in water supply scheme.

In the context of above subject, the requisite information/ clarification on the following points may be furnished urgently.

The facts and figures given in the appended Statement may be confirmed as correct. Variations if any, may be pointed out. The wanting information under columns 11,12 and 13 may also please be supplied for each of the items in the statement.

2. Vide their letter dated 1.5.06 addressed to the E-IN-C. Copies endorsed to the Secretary IPH, H P Govt. and others, M/s. Electrosteel Castings Ltd., Panchkula had alleged interalia that M/s. JSL were charging Excise duty from the State IPH Deptt and then claiming refund thereof under Kutch notification which was not being passed on to the paying department. This has amounted to giving of undue financial benefit to M/s. JSL on the one hand and incurring of avoidable extra expenditure by the State IPH Deptt. on the other.

In this connection it may please be intimated whether the above complaint of M/s. Electrosteel Castings Ltd. has been got investigated by your deptt. If so, the copy of the investigation Report and details of the follow-up action taken on the findings may be intimated/supplied. If no action has been taken reasons thereof may please be intimated.

3. As per letter dated 24.4.06 of Ministry of Finance, M/s. JSL were required to pass on the entire amount of the refund of the Excise duty obtained by them under Kutch notification to the IPH Deptt. What action has been taken by the deptt. to obtain the refund of the amt? Amt. of the refund obtained from M/s. JSL so far and credited to Govt. account may be intimated. If no action has been taken, reasons for non initiation may be justified in respect of the cases included in the enclosed statement as well as in other similar cases, the particulars of which may also be supplied.

4. Was suitable provision for passing on the refund of the Cent. Excise duty by the Supplier to the paying deptt. incorporated in the supply order/supply agreements entered into by the deptt. with M/s. JSL? If so, copies of the supply orders/relevant extracts of the agreement may be supplied. If no such clause was inserted, the position for non inclusion may be clarified/justified.

13. EXCISE DUTY:

13.1 Excise Duty wherever to be paid extra in terms of Clause 8 of "SCHEDULE A" will be paid to the Contractor at actual against a documentary evidence i.e. a Photo copy of the Invoice duly attested and signed by the Contractor's Managing Director or his Authorised Signatory for the purpose.

13.2 The Contractor while submitting the Bills, will also furnish the following Certificates on the Bill itself.

- i) Certified that the Excise Duty charged on this Bill is not more than what is payable under the provision of the relevant Act or the Rules made thereunder.

- ii) Certified that the amount of Rs.....claimed as Excise Duty in this bill is in accordance with the provisions of the Rules in all respects and that the same has been paid to the Excise Authorities in respect of the Stores covered by this Bill.

13.3 The Contractor shall submit to the Paying Authority, the following Certificates:

- a) Certificate with each Bill to the effect that no refund has been obtained in respect of reimbursement of Excise Duty made to the Contractor during three(3) months immediately preceding the date covered by the relevant Bill.
- b) Contractor's Statutory Auditor's Certificate as to whether any refunds have been obtained or applied for by the Firm or not in the preceding financial year, after the Annual Audit of their Accounts also indicating details of such refunds/application, if any. This Certificate should contain reference to all Ad-hoc A/Ts, Rate Contracts held by the Contractor.
- c) A Certificate along with the Final payment Bills to the effect whether or not they have any pending appeals/protest for refund or partial refund of Excise Duties already reimbursed to the Contractor by the Government pending with the Excise Authorities and, if so, the nature of the amount involved and the position of such appeals. This Certificate should be signed by Contractor's Managing Director/Manager/Accountant.
- d) An undertaking to the effect that in case it is detected by the Government that any refund from Excise Duty Authorities obtained by the Contractor after obtaining reimbursement from the Paying Authority and if the same is not refunded by the contractor to the Paying Authority, giving details and particulars of transactions, the Paying Authority will have full authority to recover such amount from the Contractor's outstanding bills against a particular contract or any other pending Government Contract and no dispute on this account would be raised by the Contractor.

14. SALES TAX

14.1 Whenever supplies are made to a Government Department or to any other Department which does not fall under the definition of Government i.e. the local bodies etc but is a registered dealer under the respective Sales Tax

Act, the Contractor should intimate whether the purchaser being a Government Department or a registered dealer is entitled for any concessional rate and if so under which notification or category they are allowed to such concessions for their prompt settlement of their Sales Tax claim.

14.2 Wherever the sale is to a registered dealer or Government Department or to such consignees who are entitled to avail of the benefit of the concessional rate of tax or exemption from payment of Sales tax under the Central Sales Tax Act or the State Sales Tax Act or the rules made there under, the Contractor must obtain the relevant Certificate/declaration in proper time and in case of such declaration/certificate, the matter should be immediately brought to the notice of the S.O issuing authority under advice to the Purchase Officer of DGS&D.

14.3 In Supply Orders or Amendments thereto allowing Sales tax, State or Central, the Contractor shall furnish the following certificate under the dated signatures on their relevant Bill for Sales Tax:

"Certified that the goods on which Sales Tax has been charged have not been exempted under the Central Sales Tax Act or State Sales Tax Act or the rules made thereunder and the charges on account of Sales Tax on these goods are correct under the provisions of that Act or the Rules made there under. Certified further that we (or our branch) or

(Agent) (Address) are registered as dealers in the State of under Registration No. for the purpose of Sales Tax."

14.4 The Contractor should also give a Certificate that the assessment for the period under which the Supply Order or the supplies made to the Government Department or Consignee has been made or not. In case the Assessment has been done, the Contractor should furnish a copy of the Assessment Order in which the supplies or the supply order have been covered to determine the exact rate of sales tax at which they have been assessed by the sales tax authorities.

14.5 The Contractor should also make all their efforts to approach the last legal forum whenever there is dispute regarding applicability of sales tax in the category of the schedule under which they fall or whether a contract or

contract for sale or the category or schedule under which they fall the contractor should ensure that the assessment made by the first authority i.e. the ASTO or STO is not final and their orders are challenged in the next higher judicial forum..

Sir,

I am to invite a reference to your memo No.539/S.M dated 13.07.2010 in connection with the above subject and to inform you that deposition of due Municipal share in the UIDSSMT account and submission of Utilisation Certificate with the said share reflected therein, is a pre-requisite for moving the Govt. of India for second installment of ACA.

I would, therefore, request you kindly to consider if the Municipality will approach the West Bengal Municipal Trust Fund for loan (~~at low rate of interest~~) to tide over the immediate problem. It may be mentioned in this connection that Utilisation Certificate without ULB share will not be entertained by Govt. of India.

Yours faithfully,

S i r,

The project works of UIDSSMT is going on. At present the Municipality is not in a position to deposit (5% of Municipal share) which comes down to Rs. 24,15,000/- for releasing the 2nd instalment. The undersigned has taken charges of this Municipality on 22.6.10 after formation of new Board with a great economical crisis. In this connection I request you to release the 2nd instalment of UIDSSMT Project so that the running work of the Scheme is continuing smoothly. But for want of fund, the total project works will be discontinued . However I shall try my best to deposit the U.L.B share as early as possible i.e. within 31.10.2010. In the present circumstances I request you to

to move the appropriate authority for releasing of grant (2nd instalment) ^{at} of an early date for upkeep the water supply arrangement of this Municipality ~~is in~~ which is in a dangerous position. This Municipality is suffering acute scarcity of drinking water to meet the growing population increasing day to day. It is stated that necessary ULB Share will be deposited by 31.10.10 from the arrear collection of Govt Holdings. Hence I fervently pray to you to kindly make an arrangement for releasing the 2nd instalment of UIDSSMT Project for the interest of the Public service at an early date otherwise on-going project will be hampered.

Your active co-operation will be highly appreciated.

Yours faithfully,

Chairman
Suri Municipality
12.7.10

Memo No.

..... dt.

Copy forwarded to the Dist. Magistrate, Birbhum P.A. Section for information and necessary action with a request to pursue matter for the interest of the Public of this Town. The matter was discussed in the meeting held on 08.7.10 in the Prasasan Bhaban, regarding Dev Schemes.

Chairman
Suri Municipality

ক্রমিক SU/DA-201/2007/1050
189/2007/1050

তারিখ 27.05.2010

From: Director

To. The Chairman, Suri Municipality
P.O. – Suri, Dist. Birbhum
Pin- 331101**Sub: non deposition of ULB share**

Sir,

It is found from the quarterly progress report on water supply scheme of your town under Urban Infrastructure Development Scheme for Small & Medium Towns (UIDSSMT) up to March '10 that the ULB contribution towards the scheme remains nil. But as per conditions of the scheme, the municipality is required to deposit 5% of the total project cost that amounts to Rupees 48, 29, 000/- (Forty eight lakhs twenty nine thousand only).

The audit from the office of Principal Accountant General, West Bengal has also taken a serious view for your non compliance.

Moreover, as per stipulated conditions of the scheme the Government of India cannot be moved for release of 2nd instalment of ACA of the project unless and until the mandatory proportionate share of the municipality which, at this stage, comes to Rupees 24, 15,000/- (Twenty four lakhs fifteen thousand only.) is deposited to the dedicated account of UIDSSMT.

Under the situations stated at above, I am to request you to look into the matter so that the required amount of Rupees 24, 15,000/- (Twenty four lakhs fifteen thousand only.) as proportionate share of the municipality is deposited without further delay.

In this context, it is suggested that if you think that the municipality is not in a position to deposit the required amount right now, you may approach the Municipal Trust Fund for loan exclusively for this purpose.

Yours faithfully

Director, SUDA

To
The Chief Engineer
Municipal Engineering Directorate,
BIKASH BHABAN, Salt Lake City,
Kolkata - 91

Sub : Land for another O.H.R., C.W.R. at Suri Police Parade Ground.

Ref: MED/BWN/601/W-13/07.Dt 29/8/08 of the Executive Engineer, Municipal Engineering Directorate.

Sir

With reference to above this is to inform you that this Municipality has already moved to the appropriate authority to give permission in favour of Suri Municipality for the purpose of construction of O.H.R. & C.W.R. under UIDSSMT Project at Police Parade Ground, Suri.

It may be stated that the then Supdt. of Police, Birbhum Mr. S.S.Panda, has granted No objection for the earmarked land and accordingly D.P.R. has been prepared on the said earmarked land and the same has been approved by the higher Authorities for final approval. Vide Memo No - 2350/P dt.26/4/07 and the, Chairman, Suri Municipality has already met with S.P.Birbhum in several times Physically and also over telephone with the higher authority of Home Deptt, for the purpose. It is also stated that the Supdt. Of Police Birbhum has sent the proposal to the I.G. Western Circle through D.I. Durgapur Range, Chinsurah. Vide his Memo No -4130/E Dated -27.06.2008. for final approval for handing over the proposed land to the Suri Municipality.

Considering the above, I would therefore request you kindly to take necessary action in the matter, in view of several correspondences made with the District Level and State Level for obtaining the said Land.

Your kind intervention in the matter will be highly appreciated as it involves public interest like supply of drinking water facility and it is a time bound programme.

Memo No. 243 / 11/18

To,
The Superintendent of Police, Birbhum,
Suri, Birbhum.

Sub :- Submission of site Plan for proposed Construction of O.H.R. & C.W.B. under U.I.D.S.S.M.T. Project at Parada Ground.

Ref. :- His Memo No. -8800 V/H.C, Dt. -07.09.07.

S i r,

As desired by you, the undersigned is sending herewith 3 (Three) Copies of Sketch Map for the above noted purpose for favour of your perusal and taking necessary action. It may be noted that the Parcha of the said site is not available from our custody.

I would request you kindly to allot the said site in favour of the Suri Municipality so that the proposed work may be undertaken at an early date for welfare of the Police Personnel as well as the public of the Town as there is no suitable land in that adjoining area for the proposed work.

I expect your Whole hearted Co-operation in the matter.

Yours faithfully,

[Signature]

**Sub: Procurement of D.I. pipe in connection with laying of Rising Main
under UIDSSMT Schemes.**

Ref.: Your letter No. 742 dated 06.08.2008

Sir,

In connection with the above, kindly recall the discussions you had with our Technical Advisers on 30.07.2008 afternoon, during your visit at SUDA.

From our office record, it transpires that N.I.Q. (06/S-M/UIDSSMT/2007-08) was issued on 27.06.2007 for value of pipes amounting around Rs. 392.00 lakhs but subsequently work order was issued vide memo no. 720 dated 19.07.2007 for supply of pipes amounting Rs. 330.00 lakhs. The reasons for issuance of work order for such lesser quantity is not clear to us particularly when there was a trend in rise in price of steel materials.

However, for increase in cost of rising main, we would request you to please submit one comprehensive proposal for revised estimates incorporating therein all items of DPR with suitable justification for excess amount, where necessary.

Yours faithfully,

Director, SUDA

Memo No. *743* / SM
To
The Executive Engineer
Municipal Engineering Department
Burdwan Division

Date. *6/5/08*

Sub: To conduct periodic Electro Logging testing at different spots under Suri Municipality under the MIF Project

As per the decision taken at the meeting held on 31/07/2008, this Municipality desires to undertake the investigation work by Electro Logging testing at different spot within Suri Municipality in order to ascertain the position of water sources in connection with the MIFSSMT Project. This work should be undertaken by the Technical Expert of Jadavpur University or any other competent agency. The cost of such work would be made from MIFSSMT Fund.

In order to expedite the work, I would request you kindly to allow the proposal at an early date so that the Municipality would proceed with the work without further delay.

Your suggestion for this work is sought for.
The matter is extremely urgent as it involves public interest like supply of drinking water.

Yours faithfully

Me.no No 142 SU

Date. 06/8/2008

To:
The Principal Secretary
Department of Municipal Affairs
Govt. of West Bengal
Arora Building, Kolkata

Sub: Request for purchase of 400 mm dia. 11.7 Pipe @ enhanced rate (Prevailing Market rate)
in comparison with existing Main Line under UHSSMT (JNN KRM)

Sir
You are aware that this Municipality has earmarked under UHSSMT Project for which total Project cost amounting to Rs. 8.5 Lakhs has been sanctioned by the Govt. of West Bengal out of which Govt. Share 144,900 Lakhs, Central Share 772,580 Lakhs & U.L.B. Share 48,200 Lakhs. This Municipality has already undertaken the construction of CWR & GHR as per estimate data prepared by the Municipal Engineering Div. Burdwan Divn. Now laying of Rising Main Line from pump house to reservoir are urgently needed but it reveals from the estimate of Rising Main Line as prepared by the M.E. Divn. stands at Rs. 5,00,00,000/- for 2 nos. Rising Main Lines (length 2.2 km @ previous Rate of 11.7 Pipe i.e. Rs. 3,270/- per Mtr. for 450 mm dia. 11.7 pipe where as the prevailing market rate (Revised rate of Electro Steel Ltd.) previous at Rs. 8,000/- per Mtr. @ 400 mm dia. 11.7 pipe which is higher than that of previous rate.

After scrutiny of the estimate it is found that a difference amount for purchasing of 400 mm dia. 11.7 pipes towards laying of Rising Main - 2 nos. Line stands at Rs. 8,00,00,000/- (Rs. 8.00 Crores) - Rs. 3,00,00,000/- (Rs. 3.00 Crores) in the circumstances the Municipality is unable to undertake such additional financial burden on its own resources from the Project cost.

It is, therefore, requested that at the enhanced rate then the project would not be completed as intended by the estimate amount.
Hence, it is requested to recommend your opinion whether

1. The Municipality should use the 11.7 pipe at revised rate as recommended & suggested by the Directorate of M.E. Divn. Burdwan Division or not?

Whether the 400 mm dia. 11.7 pipe etc. would be purchased for the purpose in order to complete the project, such detail may be mentioned in this connection that

Contd.P/2

The Municipal Council is aware of the quality in the nature of the Tifton make which was installed at Suri station and which works form more than about 100 years ago. Considering the contents as stated here in above I would further request you kindly to examine the whole matter and submit your views / opinion at an early date in order to enable this Municipality to proceed with the work in public interest.

Your request in this matter would be highly appreciated as it involves the interest of the general public of Suri Municipality like supply of drinking water facilities.

Yours faithfully

SUDA- 189/2007/807

13
18.07.2007

From: Director, SUDA

To: The Joint Secretary to the Govt. of West Bengal,
Municipal Affairs Department,
Writers' Buildings, Kolkata- 700 001

Sir,

May kindly recall our previous correspondence vide U.O.No. 05/2006/72 dt 08.06.2007 (copy attached for ready reference) on the matter of a Court Case in Suri Municipality. M/S Jinda Saw Ltd. another contender in the tender process, has filed a Writ Petition in the Hon'ble High Court, Kolkata.

If a panel of Senior Advocates is available with this office, we may contact any of them for aid and advise, whenever necessary, to defend such cases.

I may request you to please send a Govt. panel of Senior Advocates for such aid and advise.

Yours faithfully,
J. S. 23/7
for Director

96

Ld. Advocate Shri Litan Maitra has served a notice stating that a Writ application has been filed before the Hon'ble High Court, Calcutta in connection with "Inviting tender by Suri Municipality to procure D.I. Pipe for execution of IDSSMT works".

Though SUDA has not been included in the Writ application yet, the Ld. Advocate has served the notice to the Director of SUDA. Hence, it is apprehended that SUDA may be included subsequently.

However, as a measure of precaution, SUDA likes to keep itself ready to engage an Advocate, if required, with no lose of time.

It is therefore, requested to kindly suggest one Advocate from the Govt. panel to defend SUDA separately, if required.
