It is very difficult to make comment on such cryptic papers as the value of prospective price of digital x-Ray machine will exceed ₹ 1,00,000/- and hence tender is to be invited before procurement.

If tender was invited then all documents and papers related with tenders need to be submitted for comments, if any.

Foregoing notes

My observation at n.s.p. 3 ante still stands. Tender not quotation is to be invited for the purpose of procurement of product having value more than ₹ 1, 00,000/- .

However, the word 'Financial person' used by P.O.(Health) in her note is not understood by the undersigned. I think there is no such designation at least in this office.
