Prevention & Control of Dengue – A report w.r.t. South Dum Dum, Dum Dum, Serampore Municipality and Bidhannagar Municipal Corporation

Officials of SUDA visited the said ULBs mostly in weekly frequency and even twice weekly in some of the ULBs. The visits were made with the ULB officials and workers (conservancy worker and larvicidal sprayer) and it most of the time along with District and State Health Officials. The concerned Councillors were also present.

- All the four ULBs are continuing with house to house visit five days at a stretch in a month w.e.f. April, 2016.
- Furthermore, Health workers pay weekly house to house visit for source reduction and awareness generation in high risk wards / places for rest of the month.
- House to house visit have been completed by the said ULBs for the month of September, 2016.
- As per decision of Health & Family Welfare Department, house to house visit to be continued in the month of October, 2016 also.
- Porichhanta Soptah w.e.f. 29.08.2016 to 05.09.2016 was observed by the ULBs for ward-wise awareness generation, cleaning of drains, water bodies, collection of solid waste, use of compactors and organization of Health camp. Fund of Rs. 1317.62 lakh were provided to all the ULBs of West Bengal.
- Furthermore, Secretary, Municipal Affairs Department issued a letter to the ULBs w.r.t. sustenance of such cleanliness activity till puja.
- Fever Clinic run by the four ULBs and blood sample collected for dengue testing.

South Dum Dum	12 nos. daily	Number of attending fever cases are reducing at large.
Dum Dum	02 nos. daily	
Serampore	05 nos. daily	
Bidhannagar	11 nos. daily and in 05 nos. – twice weekly	

- Health check up camps are also being organized in the ULBs. Involving additional Doctors, Lab. Technician, Nurses and other support staff.
- Additional fund have been released by the Department of Municipal Affairs for purchase of Elisa & Fogging machine by Bidhannagar, procurement of larvicide by Serampore Municipality.
- Coordinated effort of Health, conservancy and sanitary sectors of the ULBs are continuing to deal with cleanliness, source reduction of larvae, awareness generation, case detection and treatment.

Sub:-Prevention & Control of Vector Borne Diseases in Urban Areas.

Ref:-SUDA-Health/65(Pt-IX)/16/86(83) Date-08/08/2016

Sir,

In pursuance of the above subject and reference that this year in our Municipal area Vector borne disease control programme has been taken up on from 15/05/2016 and still going on. Adequate quantity of mosquito larvicidal oils are also available in stock. Subsequently next procurement procedure has been taken up from the allotted fund vide Memo No-SUDA-Health/65(Pt-VII)/14/71(124):Dt-29/07/2016&SUDA-Health/65(Pt-VII)/14/76(124)Dt-02/08/2016.

This is for your kind information, With thanks.

Yours faithfully

Chairman
Dhupguri Municipality
Chairman
Dhupguri Municipality

Date of visit: 16.09.2016

Municipality: South Dum Dum

Ward No: 13

Name of the street: Madhugarh

Member of team visited: 1. MS Kuhuk Bhusan, IAS
2. Dr. S. Basu, APO, SUDA
3. Dr. D. Das, Health Officer
4. Clerk, NUHM

Observation:

- A Cluster of 10 fever cases found.
- New case recorded today – 1
- The cases visited private doctors and investigation was done at private laboratories.
- Rapid tests positive – 5 cases, NS 1 ELISA method not followed.
- 2 cases admitted in ID hospital at their own, investigation going on there.
- The locality has clean drains. Larvicide spraying done regularly and Larvae not found.

Suggestion by the monitoring teams:

- The new fever cases were advised to have their NS 1 ELISA blood tests from the laboratory in South Dum Dum municipality or Barasat District Hospital.
- The fever cases that had rapid tests done were advised to go for Mac ELISA test for Dengue.
- The inhabitants of the ward were advised to visit the nearby UPHC for medical check up.

Your letter is not at all convincing. You are directed to instruct ACMOH , Barrackpur to visit the institution (NIOH) at Bonhooghly, Kolkata 90 along with Health officer of Baranagar Municipality immediately and interact with the authority & inmates of the institution and carry out situation analysis & vector surveillance activity within the campus, initiate corrective steps (source reduction), if any, along IEC/BCC activities. ATR should be submitted immediately. Please treat it as most urgent.

Draft Press Release for Hon'ble Minister-in-Charge, MA & UD Department on prevention and control of vector borne diseases in urban areas

- ❖ For the last few years it has been seen that outbreak of dengue takes place in the early part of monsoon while malaria breaks out in the State after the spell of monsoon is over. The State Government has taken adequate advance action for prevention and control of the above vector borne diseases.
- ❖ The Hon'ble Chief Minister held meeting on prevention of these diseases in February, 2016 followed by a review in August, 2016. The State Chief Secretary held meetings with the concerned Departments of the State Government to ensure that there was no lack of co-ordination among the concerned departments.
- ❖ The 41 Urban Local Bodies which were identified as high risk zone for dengue undertook an intensive exercise for prevention of the disease by organizing training of trainers who in turn trained the ULB level field volunteers and supervisors. Micro Plan submitted by the identified ULBs included house to house visit by volunteers for consecutive five days from April, 2016 onwards.
- ❖ Extensive Public Awareness Campaign to ensure that there is no storage of water anywhere in the households and the locality which may cause mosquito breeding has been undertaken through various IEC mechanisms like leaflets, banners, mic, road shows, street corner meetings etc.
- ❖ The diagnostic clinics attached to the Municipal Corporation and Municipalities have been working round the clock for early detection of dengue virus through examination of blood samples.
- ❖ Co-ordination meetings have also been held in the level of Secretary, Municipal Affairs Department with Municipal heads of several Districts and also with the District Administration to ensure prompt medical attention in case of detection in positive. The Municipal Affairs Department released about Rs. 4.5 Crore to all ULBs of the State for procurement of larvicidal agents and intensification of IEC activities.
- ❖ Fever outbreak was reported in South Dum Dum, Serampore Municipalities and parts of Bidhannagar Municipal Corporation and fever camps have been organized in these ULBs with blood samples collected for dengue test.

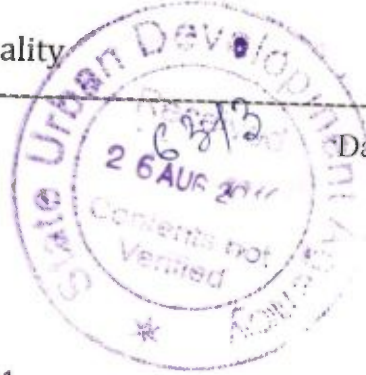

- ❖ Overriding priority has been assigned for prevention and control of dengue and the entire fleet of municipal functionaries from Ward Councillors, Field Volunteers, Supervisors and Conservancy Staff are in regular vigil to ensure cleanliness of the households.
- ❖ With Compactors provided to all Urban Local Bodies it is being ensured that there is no accumulation of garbage anywhere in the Municipal Areas.
- ❖ With very prompt detection and treatment in Government hospitals the fatality percentage compared to the cases detected positive has been extremely low.
- ❖ With heavy spell of rains in the last few days the number of cases detected positive has shown a decreasing trend.

Subject: Submission of report w.r.t. action taken of the decisions taken in the meeting of Chief Secretary on 08.03.2016 & 08.04.2016.

Sir

I am submitting the following points for your kind perusal

Decisions	Action Taken
On 08.03.2016 K. ALC, HMIC & BMC, will arrange display of big size flex at prominent places for awareness generation on vector borne diseases.	Yes
Both KMC and BMC will arrange for churning of water of different canals through its areas to killed mosquito larvae.	Yes, with the help two Civil Defence Speed Boats.
HMIC will take special care to prevent dengue incidences in main Parklane areas.	
KMC, HMIC & BMC will take special care of surveillance of under construction buildings and also the old abandoned premises.	Done, regular surveillance and spraying of larvicide in under construction areas at KMC and BMC areas.
ADD and KMC will jointly chalk out plan to remove all Pigs from Kolkata.	
On 08.04.2016 Ward & BSF will send the list of civilian territory to the Municipal Commissioner, KMC, Howrah & Bidhannagar, NR and Met Metro, Officer of Health of the respective districts. Whether any such list have been received. Yes, No. If Yes, what actions have been taken. Other Civil organization i.e. P. of Trust, Eastern & South Eastern Railway, Income Tax, Post & Telegraph, State level banks, Cooperatives, Food Corporation of India (Eastern India) will also take action w.r.t. cleaning of drains, waste management, identification & destruction of mosquito breeding sites. In case training is required for personnel, the organization shall identify the courses and contact the concerned Municipal Corporation - Yes, No. If yes, what actions have taken w.r.t. imparting training.	Yes, as and when required larvicide spray and fogging are being done.

Yours faithfully,

Alokesh Prasad Roy, W.B.C.S. (Exd)

Action taken Report in connection with prevention of Vector Control Diseases

1. Inspection of larvae breeding places and sources reduction has been done in educational institute, Hospital office & residential premises of State/ Central Government .Meeting has been done with all S.I. Instruction already given for source reduction, spraying of larvicidal and bleaching.
2. Identification priority area ward and action taken --Yes
3. Whether any resistance faced in accessing government and other buildings -No
4. Whether advisory sent by the ULB to educational institute/Organization- Yes
5. All the health workers engaged under Vector Control Programme have been informed to monitor every houses & keep close liaison with office in connection with fever cases/suspected dengue cases.
6. Monitoring work jointly with President, Public Health Standing Committee will be made insuring survey work starting from 18.08.2016 & shall be continued up to 23.08.2016.
7. Monitoring work jointly with President, Public Health Standing Committee will be made insuring survey work starting from 18.08.2016 & shall be continued up to 23.08.2016. Reports will be submitted by 26.08.2016 for further analysis.
8. Whether sufficient larvicidal oil are available with the ULB and regular spraying being done- Yes
9. Instructions have been given to all S.I for source reduction, spraying of larvicide oil and bleaching, fogging of larvae breeding places.
10. All the posters have been distributed and put up in prominent places for awareness of the common people. Print out of hand leaflets have been distributed for awareness programme. A dengue task force has been created to monitor the dengue cases.
11. Yes line listing of fever cases and dengue test results are being received by the ULB from district Health Office on 26.08.2016.
12. Emphasis has been given on regular cleaning of solid waste and drains to reduce the source of larvae breeding.

Minutes of the meeting chaired by the Chief Secretary on 08.04.2016 in the Conference Hall of Chief Secretary at Nabanna with the Government of India officials for Prevention & Control of Vector Borne Diseases in ensuing season.

Name of the participants present in the meeting :

- 1) Shri Basudeb Banerjee, Chief Secretary, Govt. of West Bengal
- 2) Shri Malay Kumar De, Home Secretary, Govt. of West Bengal
- 3) Shri B.P. Gopalika, Principal Secretary, Dept. of Municipal Affairs
- 4) Shri R.S. Shukla, Principal Secretary, Dept. of Health & Family Welfare
- 5) Ms. Sanghamitra Ghosh, MD, NHM & Secretary, PHP, Dept. of Health & Family Welfare
- 6) Dr. Biswaranjan Satpathi, Director of Health Services & e.o. Secretary, Dept. of Health & Family Welfare
- 7) Shri Khalil Ahmed, Municipal Commissioner, Kolkata Municipal Corporation
- 8) Shri M.N. Pradhan, Director, State Urban Development Agency
- 9) Shri Nilanjan Chatterjee, Commissioner, Howrah Municipal Corporation
- 10) Shri Alokesh Prasad Roy, Commissioner, Bidhannagar Municipal Corporation
- 11) Col. S. Adhyo, Col. Health, HQ Eastern Command
- 12) Major General Sunil Pandav, General Officer Commanding, HQ Bengal Area
- 13) Lt. Col. Ravi Nimonkar, SHO(L), Kolkata
- 14) S. Balaji Arun Kumar, Dy. Chairman (K), Kolkata Port Trust
- 15) Dr. Dipak Dutta, Sr. Dy. CMO-I, KOPT
- 16) Dr. Amitava Dutta, Add. CMO/HFW, Eastern Railways
- 17) Dr. R.K. Mukherjee, South Eastern Railways
- 18) Shri Sandeep Salunke, IG, BSF
- 19) Dr. Umesh Tiwari, SB Ftr., BSF
- 20) Shri Ashok Kumar Pramanik, Asstt. Director (P&SR)
- 21) Shri Debashis Majumder, Jt. Commissioner, Income Tax
- 22) Shri Priyadeep Chatterjee, Income Tax Department
- 23) Shri Sanjay Rn Das, Asstt. General Manager, State Level Bankers Committee
- 24) Shri K.C. Sahu, GM, FCI
- 25) Dr. Kamala Kanata Pati, Jt. DHS (PH & CD), DHIW
- 26) Dr. Debashis Biswas, Chief VCO, KMC
- 27) Dr. Monirul Islam Mollah, CMHO, KMC
- 28) Dr. Ashutosh Kundu, OSD (II), HMC
- 29) Dr. Bisakha Halder, MO, HMC
- 30) Dr. Shibani Goswami, PO, SUDA

The Chief Secretary, Govt. of West Bengal took the chair & initiated discussion. He emphasized on integrated approach of both the State & Govt. of India officials for Prevention & Control of Vector Borne Diseases with respect to various Central Government & other offices and residential premises situated within the municipal areas.

The Principal Secretary, Health & Family Welfare Department, Govt. of West Bengal stressed that vectors of Malaria, Dengue, Chikunguniya breed in domestic & peri-domestic areas, and source reduction is necessary to prevent transmission of diseases. Role of various Govt. of India organization to prevent Vector Borne Diseases is to maintain clean environment, personal protection, notification of diseases, case management as per NVBDCP guideline, awareness generation, spray of larvicides etc. He requested all the GOI Officers to cooperate with the local municipal authority for inspection and implementing control measures during vector survey.

Municipal Commissioner, Kolkata Municipal Corporation requested Port Trust to do insecticide activities in their own areas. KMC would provide technical & training support, wherever needed.

Commissioner, Howrah Municipal Corporation stated that during vector survey larvae have been identified in Ramrajatala Station in South Eastern Railways and in Foreshore Road areas under Port Trust, and requested to take corrective measures.

Commissioner, Bidhannagar Municipal Corporation expressed need for vector survey in Income Tax Quarter & CGO complex.

Thereafter, following actions were suggested after detailed discussion :

Discussion :

- Army & BSF have their own arrangement of cleaning of premises, identification of mosquito breeding places, fogging, educating the personnel and diagnosis & treatment of cases regarding Prevention & Control of Vector Borne Diseases i.e. Dengue / Malaria following the NVBDCP guideline.
- Both the organizations stated that peripheral areas (e.g. Mominpur and others), construction sites, vast land in Panagarh etc. need attention by the respective Urban Local Body for cleaning of drains, larvicidal spraying etc.
- Income Tax Department stated that the personnel who are engaged in cleaning of premises need training so that breeding places could be identified and destructed.

Actions :

- Army & BSF will send the list of civilian territory to the Municipal Commissioner, KMC ; Commissioner, Howrah & Bidhannagar Municipal Corporation and Chief Medical Officer of Health of the respective Districts. The contact details of these officers are at Annexure II.
- Accordingly, the ULBs and the concerned CMOHs will prepare plan & undertake actions.

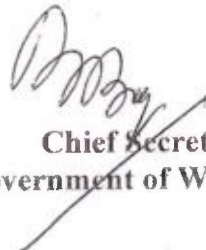

- Other GOI organizations i.e. Port Trust, Eastern & South Eastern Railways, Income Tax, Post & Telegraph, State Level Bankers Committee, Food Corporation of India (Eastern India) will also take action in cleaning of drains, Waste Management, identification & destruction of mosquito breeding sites. In case training is required for the personnel, the organization shall identify the trainees and contact the concerned Municipal Corporations and / or District CMOHs for facilitating the training.

Discussion :

- Notification of Vector Borne Diseases regular notifications are being received by Health Department from Army & BSF.
- Notification need to be forwarded by other GOI Departments like Railways, Port Trust & others.

Actions :

- Notification / reporting format to be circulated by Health & Family Welfare Department with a guideline regarding flow of information.

Chief Secretary
Government of West Bengal

17 AUG 2016

Director SUDA

Urgent

PO(H)

Government of West Bengal
Health and Family Welfare Department

Pl. confirm what action was taken on decisions noted herein

An action taken report pt. 28/8/16
12.08.16

The following decisions were taken in the meeting chaired by Chief Secretary on 8.3.2016 at the Chief Secretary Conference Hall at Nabanna in connection with the prevention and control of Vector Borne Diseases in ensuing season.

Dengue

Action points

- a) Health and FW Department will release fund to SUDA for House-to-House surveillance activity for Dengue from April 2016 to September 2016 (six rounds) in 45 ULBs. Preparatory meeting with these ULBs has already been held on 16-02-16.
- b) Municipal Affairs (MA) Department will arrange printing of IEC materials shared by H and FW Department and will also arrange display/distribution of leaflets, posters etc.
- c) Quality of Dengue House-to-House surveillance to be ensured. MA Department would consider changing those volunteers whose quality of work is poor.
- d) All ULBs will arrange pasting of stickers on the outside walls of buildings where volunteers have visited. This will ensure quality of surveillance and monitoring.
- e) CEO, West Bengal will be duly intimated about the Dengue House-to-House Surveillance to be taken up from April, 2016.
- f) MA Department will instruct all 45 ULBs to share the reports generated following completion of monthly rounds of Dengue Surveillance with the CMOH for analysis and targeted interventions.
- g) KMC, HMC and BMC will arrange display of big size flex at prominent places for awareness generation on Vector Borne Diseases.
- h) MA Department will organize meetings with GOI offices especially Railways, Defense, Port Authorities etc. in the Municipal Corporation areas for effective vector control in their premise..
- i) Both KMC and BMC will arrange for churning of water of different canals flowing through its areas to kill mosquito larva.
- j) HMC will take special care to prevent Dengue incidences in Liluah, Pilkhana areas. ?
- k) KMC, HMC and BMC will take special care for surveillance of under-construction buildings and also the old abandoned premises. ?
- l) ARD and MA Departments will jointly chalk out plan to remove all pigs from Kolkata. Till finalization of this plan, ARD will arrange netting of pigs. ?
- m) MA Department is also requested to arrange meeting with KMC and other adjoining ULBs to ensure coordinated efforts for Dengue control.
- n) MA Department will instruct all ULBs in the State to ensure availability of insecticide.

① No funds beyond this? ~ Done ?
Did we change? Done ?
Did ULBs share reports, if yes what analysis & TI control did
Date of meeting held?

~ Done

AES/JE

Vaccination of JE in the age group of 1-15 yr. has been completed in all districts and Kolkata. It is observed that during 2015 deaths due to JE were more in the age group of 50 yr. and

ডেঙ্গি-ম্যালেরিয়ার দোসর 'মিশ্র'ও

দেবদূত ঘোষ ঠাকুর

একই লোকের রক্তের নমুনা। কিন্তু তাতে উপস্থিত ম্যালেরিয়ার দু'রকম জাতির জীবাণু প্লাসমোডিয়াম নাইভ্যান্ড এবং প্লাসমোডিয়াম ফ্যালসিপেরাম। কোথাও ল্যাবরেটরি লছে আর এক বার অন্য কোনও ঘাব থেকে রক্ত পরীক্ষা করিয়ে ইতো। কোথাও আবার প্যাথোলজিস্ট দেখে দিচ্ছেন 'মিক্সড ম্যালেরিয়া' বর্ধাৎ মিশ্র ম্যালেরিয়া।

একই মানুষের শরীরে কি একই ময়ে ম্যালেরিয়ার দু'টি জীবাণুর সংক্রমণ সম্ভব?

পরজীবী বিজ্ঞানীরা বলছেন, সম্ভব। এক সময় 'স্কুল অব ট্রপিক্যাল মেডিসিন'-এর পরজীবী বিভাগটি ছিল বিশ্বখ্যাত সংস্থা ছ)-র ম্যালেরিয়ার রেফারেল ল্যাবরেটরি। সেই ল্যাবরেটরির প্রাক্তন প্রধান অমিতাভ নন্দী জানানেন, কানও জনবহুল এলাকায় যদি প্লাসমোডিয়াম ফ্যালসিপেরাম ও প্লাসমোডিয়াম ভাইভ্যান্ডের রোগী থাকে এবং আশপাশে যথেষ্ট সংখ্যক অ্যানোফিলিস স্টিফেনসাই মশা থাকে, তা হলে ওই রোগীর দেহ থেকে ওই মশার মাধ্যমে মিশ্র ম্যালেরিয়ার সংক্রমণ অসম্ভব নয়।

"১৯৯৩-৯৪ সালে কলকাতায় ম্যালেরিয়ার ব্যাপক সংক্রমণের সময় স্কুল অব ট্রপিক্যাল মেডিসিনের ম্যালেরিয়া ক্লিনিকে প্রচুর মিশ্র ম্যালেরিয়ার রোগী পেয়েছিলাম", বললেন অমিতাভবাবু। কিন্তু এখন মিশ্র ম্যালেরিয়া পাওয়া গেলে অনেক ক্ষেত্রেই চিকিৎসকেরা বিভ্রান্ত হ'চ্ছেন। এ ক্ষেত্রে অমিতাভবাবুর পরামর্শ,

"মিশ্র ম্যালেরিয়া ধরা পড়লে ভয়ের কিছু নেই। ছ-র নির্দিষ্ট গাইডলাইন রয়েছে। এ ক্ষেত্রে ফ্যালসিপেরাম ম্যালেরিয়ার চিকিৎসাই করতে হয়।"

অমিতাভবাবুর বক্তব্য, নব্বইয়ের দশকে ক্লোরোকুইন দিয়ে ভাইভ্যান্ড এবং ফ্যালসিপেরাম— দু'টিরই চিকিৎসা করা হত। ফ্যালসিপেরামের ক্ষেত্রে অবশ্য অতিরিক্ত একটি ওষুধ (প্রাইমাকুইন) দেওয়া হত। কিন্তু এখন ফ্যালসিপেরাম ম্যালেরিয়ার জীবাণুটি ক্লোরোকুইন প্রতিরোধ করে ফেলেছে প্রায়। তাই এর চিকিৎসায় আর্টিমিসিনিন জাতীয় ওষুধ ব্যবহার করা হয় এখন। ভাইভ্যান্ডের ক্ষেত্রে অবশ্য ক্লোরোকুইনই কার্যকর।

কোনও এলাকায় মিশ্র ম্যালেরিয়া বা মিক্সড ম্যালেরিয়া পাওয়ার অর্থ কী?

পরজীবী বিজ্ঞানীরা বলছেন, কোথাও অনেকের মধ্যে মিক্সড ম্যালেরিয়া পাওয়া গেলে বুঝতে হবে সেখানে খুব দ্রুত রোগটি ছড়াচ্ছে এবং সেই অঞ্চলে দু'ধরনের ম্যালেরিয়া রোগীই রয়েছেন। অমিতাভবাবু জানানেন, গত বছরের থেকে এ বার ম্যালেরিয়ার সংক্রমণ বেশি ঠিকই। তবে তা এতটাও বেশি নয় যে মিশ্র ম্যালেরিয়া এত বেশি ছড়াবে। তাঁর পরামর্শ, মিশ্র ম্যালেরিয়া ধরা পড়ার পর কোনও সংশয় থাকলে মাইক্রোস্কোপের তলায় বারবার পরীক্ষা করা উচিত।

স্কুল অব ট্রপিক্যাল মেডিসিনের ওই প্রাক্তন অধিকর্তা অভিজ্ঞতা থেকে বলেন, "অনেক সময়েই ভাইভ্যান্ডের রিং-কে অনেকে ফ্যালসিপেরাম বলে ভুল করে ফেলেন। এই বিভ্রান্তি এড়াতেই একাধিক বার

মাইক্রোস্কোপের নীচে রক্তের নমুনা পরীক্ষা করা দরকার।"

সম্পূর্ণ নিশ্চিত না হয়ে 'মিশ্র ম্যালেরিয়া' লিখে দেওয়া উচিত নয় বলে জানিয়েছেন আরও এক প্রবীণ প্যাথোলজিস্ট। তাঁর মতে, স্লাইডে ম্যালেরিয়ার পরজীবী চিনতে যে দক্ষতার প্রয়োজন, অনেকেরই তা নেই। তাই ঠিক মতো ম্যালেরিয়ার জীবাণু চিনতে না পারলে সেটাকে ফ্যালসিপেরাম বা মিশ্র ম্যালেরিয়া বলে দায় এড়িয়ে যান অনেকেই। অ্যান্টিজেন পরীক্ষাতে সামান্য সংশয় থাকলে সেটাকেও মিশ্র ম্যালেরিয়া বলে চালিয়ে দেওয়ার প্রবণতা ইন্দোনীং তৈরি হয়েছে বলে জানানেন তিনি।

চিকিৎসকেরা বলছেন, কেবল মিশ্র ম্যালেরিয়াই নয়, একই রোগীর শরীরে ম্যালেরিয়া ও ডেঙ্গি— এই দু'টি রোগের জীবাণুও একসঙ্গে পাওয়া যাচ্ছে। একটি রোগের বাহক অ্যানোফিলিস স্টিফেনসাই, অন্যটির এডিস ইজিপ্টাই।

কলকাতার মতো জায়গায় দু'ধরনের মশারই রমরমা। কোনও এলাকায় ডেঙ্গি ও ম্যালেরিয়া রোগী এবং ওই দুই প্রজাতির মশা থাকলে একই রোগীর রক্তে দু'টি রোগের জীবাণু মেলা সম্ভব। সে ক্ষেত্রে ম্যালেরিয়ার ক্ষয় ক্লোরোকুইন বা আর্টিমিসিনিন এবং ডেঙ্গির ক্ষেত্রে উপসর্গভিত্তিক চিকিৎসা শুরু করা উচিত বলে বিশেষজ্ঞদের অভিমত।

কিন্তু ম্যালেরিয়ার বিভিন্ন রকম ওষুধ নিয়ে রোগীর উপর পরীক্ষা না চালিয়ে প্রথম থেকেই তো কুইনিন চালু করতে পারেন চিকিৎসকেরা। এ বিষয়ে অমিতাভবাবু বললেন,

■ মিশ্র ম্যালেরিয়া কী?

▶ একই সঙ্গে প্লাসমোডিয়াম ভাইভ্যান্ড এবং ফ্যালসিপেরামের সংক্রমণ হলেই মিশ্র ম্যালেরিয়া

■ এর জীবাণু বহন করে কে?

▶ অ্যানোফিলিস স্টিফেনসাই মশা

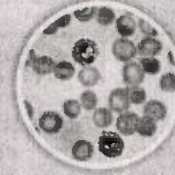

■ রোগ নির্ণয় কী ভাবে?

▶ এক ফোঁটা রক্ত স্লাইডে রেখে মাইক্রোস্কোপের নীচে পরীক্ষা করতে হয়। অনেক ক্ষেত্রেই ভাইভ্যান্ডের রিং-কে ফ্যালসিপেরাম মনে হয়। সংশয় হলে অভিজ্ঞ প্যাথোলজিস্টকে দিয়ে ফের পরীক্ষা করানো উচিত।

রক্ত স্লাইডে

প্লাসমোডিয়াম ফ্যালসিপেরাম

প্লাসমোডিয়াম ভাইভ্যান্ড

■ উপসর্গ কী?

▶ যে কোনও ম্যালেরিয়ার মতোই কাঁপুনি দিয়ে জ্বর, বমি

■ চিকিৎসা কী ভাবে?

▶ মিশ্র ম্যালেরিয়ার ক্ষেত্রে ফ্যালসিপেরামের চিকিৎসা করতে হয়। দিতে হয় আর্টিমিসিনিন ও প্রাইমাকুইন

■ কখন হয়?

▶ জনবহুল এলাকায় দু'ধরনের সংক্রমণ এক সঙ্গে অতিমাত্রায় হলে

"কুইনিন-ই একমাত্র ওষুধ, যার বিরুদ্ধে কোনও রকম ম্যালেরিয়া জীবাণুর সম্পূর্ণ প্রতিরোধ ক্ষমতা গড়ে ওঠেনি। তাই এই ওষুধটিকে আমরা বাঁচিয়ে রেখেছি। সব ওষুধ ব্যর্থ হ'লে শেষ পর্যন্ত ডাক পড়বে কুইনিনেরই।"

কর্মীদের একাংশকে বিষয়টির গুরুত্ব বোঝানোই যাচ্ছে না।”

উত্তর ২৪ পরগনার মূলত নগর এলাকাগুলিতেই ছড়াচ্ছে ডেঙ্গি। সেখানে সমীক্ষা রিপোর্ট তৈরি করার কথা সংশ্লিষ্ট পুরসভার স্বাস্থ্যকর্মীদেরই। কোথাও ১০ দিন কোথাও ১৫ দিনের আগে সমীক্ষা রিপোর্ট মিলছে না বলে জেলার স্বাস্থ্য-কর্তাদের অনুযোগ। জেলার বিধাননগর কমিশনারেট এলাকা ছাড়াও দমদম, দক্ষিণ দমদম, বরাহনগর, কামারহাটি ও গাইঘাটায় ডেঙ্গিতে মৃত ও আক্রান্তের সংখ্যা দিনে দিনে বাড়ছে।

এ দিন বৈঠকে বিভিন্ন পুরসভার স্বাস্থ্য সংক্রান্ত চেয়ারম্যান-পারিষদরা জানান, মূলত মহিলা স্বাস্থ্যকর্মীরাই সমীক্ষার কাজটা করেন। কিন্তু তাঁদের অধিকাংশই বয়স্ক। সে কারণে এক-এক জন স্বাস্থ্যকর্মী এক-একটি পাড়ায় ২০০-৩০০ বাড়ি ঘুরে, তথ্য নিয়ে রিপোর্ট তৈরি করে পুরসভায় জমা দিতে দিতেই ১০-১৫ দিন পেরিয়ে যাচ্ছে। এই কাজটা অল্পবয়স্কদের দিয়ে করালে তাড়াতাড়ি সমীক্ষা রিপোর্ট পাওয়া যাবে বলে বৈঠকে পুর-কর্তারা জানিয়েছেন।

পুর-কর্তারা এ দিনের বৈঠকে জানান, প্রতিদিনই এলাকার ডেঙ্গি পরিস্থিতি বদলাচ্ছে। এমনও দেখা গিয়েছে, বাড়িতে হয়তো এক জনের ডেঙ্গি ছিল, কিন্তু ১৫ দিন পরে সেই পরিবারের সবাই ডেঙ্গিতে আক্রান্ত হয়েছে। আরও দেখা গিয়েছে, বেশ কিছু বাড়িতে ডেঙ্গির মশা জন্মেছে ঠাকুরঘরের জমা জল, ফুলের টবের নীচে জমা জলে। যা কিনা সময় মতো জানা গেলে তাঁদের সতর্ক করা যেত বলে দাবি চেয়ারম্যান-পারিষদদের। ডিস্ট্রিক্ট ভিজিলাস অ্যান্ড মনিটরিং কমিটির চেয়ারম্যান, চিকিৎসক-সাংসদ কাকলি ঘোষদস্তিদার এ দিন বলেন, “সমস্যা মেটাতে বৈঠকে নির্দেশ দেওয়া হয়েছে, কাগজে-কলমে নয়, যুদ্ধকালীন তৎপরতায় সার্ভে করে প্রতিদিন অনলাইনে এলাকার ডেঙ্গি পরিস্থিতির রিপোর্ট দিতে হবে।”

তবে ডেঙ্গি নিয়ে গড়িমসির প্রমাণ মিলেছে আরও। ‘ডিস্ট্রিক্ট ভিজিলাস অ্যান্ড মনিটরিং কমিটি’র বৈঠকটির দিন আসলে নির্ধারিত ছিল ১৬ অগস্ট। কিন্তু সেদিন দেখা যায়, জেলার দু’য়েকটি ছাড়া বেশির ভাগ পুরসভার চেয়ারম্যান, পুরনিগমের চেয়ারম্যান-পারিষদরা উপস্থিত হননি। ফলে সেদিন ভেঙে যায় বৈঠক। এ দিনের বৈঠকে অবশ্য উপস্থিত ছিলেন সকলেই।

এর মধ্যে রাজ্যে ডেঙ্গিতে আরও এক জনের মৃত্যু হয়েছে। বুধবার সন্ধ্যায় দুর্গাপুরের এক বেসরকারি হাসপাতালে মৃত্যু হয় সেকো টাউনশিপের বাসিন্দা উর্মিলা সিংহের (৬৫)। হাসপাতাল সূত্রে জানা গিয়েছে, ১৩ অগস্ট সন্ধ্যায় ভর্তি হয়েছিলেন ওই বৃদ্ধা। প্রথমে তাঁর রক্ত পরীক্ষায় ডেঙ্গি ধরা পড়েনি। কিডনির সমস্যা ছিল। বুধবার সকালে ফের রক্তপরীক্ষায় ডেঙ্গি ধরা পড়ে। এ দিন রাজ্যে আরও ২৩৭ জনের রক্তে ডেঙ্গির জীবাণু ধরা পড়েছে। এই নিয়ে রাজ্যে আক্রান্তের সংখ্যা বেড়ে দাঁড়িয়েছে ৩ হাজার ৪৩৮।

(সহ প্রতিবেদন: সূর্য সীট)

সমীক্ষার রিপোর্ট পেতেও দু’হপ্তা, ডেঙ্গি রুখবে কে

অরুণাঙ্ক ভট্টাচার্য

কোনও এলাকায় ডেঙ্গি রোগী ধরা পড়লে সেখানে স্বাস্থ্য দফতরের সমীক্ষক দল চলে যাচ্ছে। তাদের রিপোর্টের ভিত্তিতেই ডেঙ্গি মোকাবিলার পরিকল্পনা তৈরি হওয়ার কথা। কিন্তু সরকারি হাসপাতালে ডেঙ্গি পরীক্ষার রিপোর্ট পেতে যেমন অনেক সময় সপ্তাহ পেরিয়ে যাচ্ছে, তেমনই স্বাস্থ্য-সমীক্ষকদের রিপোর্ট পেতেও কেটে যাচ্ছে প্রায় ১৫ দিন। ফলে এলাকায় নিশ্চিন্তে ছড়িয়ে পড়ছে সংক্রমণ।

ডেঙ্গি মোকাবিলায় সরকারি টালবাহানার এই ছবিটাই বৃহস্পতিবার ধরা পড়ল উত্তর ২৪ পরগনা জেলাশাসকের দফতরে ডেঙ্গি-বৈঠকে। ডেঙ্গি এবং অন্যান্য সংক্রামক রোগ প্রতিরোধে প্রতি জেলাতেই এখন তৈরি হয়েছে ‘ডিস্ট্রিক্ট ভিজিলাস অ্যান্ড মনিটরিং কমিটি’। সেই কমিটিরই বৈঠক ছিল এদিন। সেখানে এলাকাভিত্তিক সমীক্ষা রিপোর্ট পেশের ক্ষেত্রে দেরির কথা সামনে আসায় প্রমাদ গুনছেন চিকিৎসক, পরজীবি-বিশেষজ্ঞরা।

যে জেলায় ডেঙ্গি উদ্বেগজনক হারে ছড়াচ্ছে, সেখানেই রোগ মোকাবিলায় এমন তিলেমিতে স্বাস্থ্য-কর্তারাও বিরক্ত। এক স্বাস্থ্য-কর্তা যেমন বলেন, “কোথায় কোথায় ডেঙ্গি ছড়াচ্ছে তার ভৌগোলিক চিত্রটা আমরা যদি পরিষ্কার ভাবে না পাই, তা হলে রোগ প্রতিরোধের ব্যবস্থা করব কী করে? স্বাস্থ্যকর্মী ও পুরসভার কর্মীদের একাংশকে বিষয়টির গুরুত্ব বোঝানোই যাচ্ছে না।”

উত্তর ২৪ পরগনার মূলত নগর এলাকাগুলিতেই ছড়াচ্ছে ডেঙ্গি। সেখানে সমীক্ষা রিপোর্ট তৈরি করার কথা সংশ্লিষ্ট পুরসভার স্বাস্থ্যকর্মীদেরই। কোথাও ১০ দিন কোথাও ১৫ দিনের আগে সমীক্ষা রিপোর্ট মিলছে না বলে জেলার স্বাস্থ্য-কর্তাদের অনুযোগ। জেলার বিধাননগর কমিশনারেট এলাকা ছাড়াও দমদম, দক্ষিণ দমদম,

**Sub: Regular update of positive cases of Dengue confirmed by
Elisa tests from District.**

Sir,

This has reference to our previous communication Memo No. **HM/929/Health/2016** dated-17/08/2016 wherein reports of dengue positive cases from Habra municipal area was confirmed and request sent to your office for advice and guidance to obtain adequate measures.

Now, this is to bring to your kind attention that the positive test reports of dengue confirmed cases from your district hospital by Elisa method and the updated number of cases within our jurisdiction may please be sent to our office regularly for our information. Otherwise we are completely in dark that how many number of patients are tested positive admitted at Habra State General Hospital daily.

Looking forward for your co-operation.

Thanking you.

Yours faithfully,

Director, SUDA

● A report on prevention of Dengue in three Municipalities

1. North Dumdum Mpl

- *IEC activity with leaflets, miking ,hoardings ,flex ,is continuing.
- *Larvicidal oil is being sprayed at regular interval.
- *Councillor in charge health has been asked to take note of some of the clogged drains in the wards, which are potential source of mosquito breeding.
- *visited local police station and after inspection the IC of the PS was requested to clear the discarded vehicle parts, tyres, & plastic containers ,which are sites for larval breeding.
- *The Municipal hospital in ward number 18 was visited; proper disposal of biomedical wastes is being done regularly here, by Sembransky, now under the name of Medicare Environmental Management Pvt. Ltd and proper disposal of solid wastes done.
- *Blood samples of fever patients collected from the lab attached with the mpl. hospital are sent to Sagar Dutta Medical College and District Hospital, Barasat and reports are collected by the ULB.

2. South Dumdum Mpl:

- *IEC activity with banners, leaflets and hoardings are continuing.
- *Retraining of field workers, conservancy staff, and doctors of fever clinics being done by the District Health Authority.
- *1Fever clinics have been set up and also a field monitoring team comprising of Health officer, councillor in charge health and local ward councilors supervise each of the wards regularly.
- *Blood tests for dengue being done in the municipal laboratory.
- *Convergence of health sector and the conservancy sector of the Mpl. has now helped in the disposal of garbage in the wards properly and also source reduction.
- *14 number of compactor machines for solid waste disposal is in use.

3. Panihati Mpl:

- *IEC activity is continuing with leaflets, flex, banners .
- *Blood tests are done in the mpl lab.
- *Sanitary inspector of the mpl is in charge of solid waste disposal and larvicide spraying.
- *Retraining of field level workers, team members and supervisors done by district health authority.
- *Councillors involved in activities like IPC, source reduction, solid wastes management ,and supervision of the respective wards.
- *6 number of compactor machines for solid waste disposal is in use.

I am to inform you the following actions have been taken w.r.t. the above mentioned subject, in Chandernagore Municipal Corporation area.

1. Retraining of the team members who are responsible for the H – T – H activities have been conducted: During the H-T-H activities three monitoring teams comprising of members from the health department have been entrusted for monitoring and supervision of the activities of the grass-root level workers.
2. No. house in our ULB has been left out with respect to the H – T – H activities regarding fever surveillance and source reduction, as also distribution of leaflets, except the locked ones.
3. 70,000 leaflets have been distributed apart from the leaflets that were supplied by SUDA. About 170 flex boards have been prepared for display in the 33 wards of CMC. Miking activities has also been taken up.
4. An ULB level meeting of all head of the institution (School, College, Technical College etc.) was organized on 05/08/2016 in presence of S.D.O.-Cgr. ACMOH-Cgr, Superintendent SD Hospital-Cgr, along with all councilors and MMICs for dissemination of information and taking necessary action regarding source reduction in the school premises and personnel protection of students. Our corporation has decided to extend all supports to the Institutions with respect to keeping the premises clean and free from mosquito breeding environment.
5. All concerned has been alerted regarding clustering of fever cases in the different wards of Chandernagore. In such a situation we are prepared to take up corrective measures with help of Dept. of health and Family Welfare.
6. Through cleaning of garbage from all corners is being carried out along with special drive for declogging of Municipal drains.
7. Intensification of spraying of larvicidal oil at the probable mosquito breeding sites is being carried out with help of local councilors. Our conservancy supervisors have been entrusted for regular monitoring and supervisory activities in this regard.

We are trying to look into every aspect for prevention and control of this dreaded disease. This is for your kind information please.

Thanking you,

yours truly,

Mayor

সুস্থ থাকুন। সুস্থ থাকুন।

পূর্ব ও নগরোন্নয়ন দপ্তর
পশ্চিমবঙ্গ সরকার

ডেঙ্গি ও ম্যালেরিয়া রোধে চার উপায় :
কর :

- চৌবাচ্চা/ভ্রাম/কলসি/হাঁড়ি... সব জলাধার, সাতদিনে পরিষ্কার একবার।
- খোলা পাত্রে জল জমাবো না, জমতেও দেব না।
- জ্বর হলেই স্বাস্থ্যকেন্দ্রে যাব, ডেঙ্গি-ম্যালেরিয়া - পরীক্ষার সুযোগ বিনামূল্যে নেব।
- এলাহিজাতেই করাবো ডেঙ্গির পরীক্ষা, ব্যাপিড কিটে নয়।

ডেঙ্গু জ্বর

সম্বন্ধে সচেতনতা ও সাবধানতা
আরামবাগ পৌরসভা

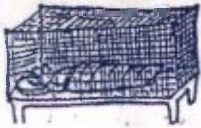

ডেঙ্গু একটি ভাইরাস ঘটিত জ্বর
এডিস্ ইজিপ্টাই নামক মশা এই জ্বরের বাহক
- মনে রাখবেন -

ডেঙ্গু সংক্রমণকারী মশা দিনের বেলায় মানুষকে কামড়ায়।

সমষ্টি ভিত্তিক প্রাথমিক স্বাস্থ্য পরিষেবা
আরামবাগ পৌরসভা

কিভাবে সাবধান হবেন :

- ১। ফেলে রাখা পুরানো টায়ারে, ফুলের টবে, অব্যবহৃত পাত্রে জল জমতে দেবেন না।
- ২। কুলার ও বাড়ির অন্যান্য জলাধার যেমন চৌবাচ্চার জল সপ্তাহে একদিন করে পাল্টান।
- ৩। মাটির পাত্র সঠিকভাবে ঢাকা দিয়ে রাখুন।
- ৪। খোলা জাগায় আবর্জনা ফেলবেন না।
- ৫। অব্যবহৃত ফুলের টব উল্টে করে রাখুন।
- ৬। খালি জলের পাত্র খোলা অবস্থায় রাখবেন না।
- ৭। জলের ট্যাঙ্ক ও অন্যান্য বাসন ঢেকে রাখুন।
- ৮। বাড়ির চারপাশ, নর্দমা প্রভৃতি পরিষ্কার রাখুন।
- ৯। কিছু কিছু মাছ মশার শূককীট খায়। জলের ট্যাঙ্ক, কুয়ায়, ডোবায় এসব ছোট মাছের চাষ করুন। জলে শূককীট মারার ঔষধ (Insecticide) দিন।
- ১০। শরীরঢাকা জামা কাপড় পরুন।
- ১১। দিনে পড়ার বা ঘরের কাজ করার সময় মশা তাড়ানোর ক্রিম লাগান।
- ১২। রাতে মশারী ব্যবহার করুন। এডিস্ মশা শেষরাতেও মানুষকে কামড়ায়।
- ১৩। বুলস্তু জিনিস বা আসবাবপত্র পরিষ্কার রাখুন।

নিজের বাড়ি নিজে পরিষ্কার রাখুন।

নিজের বিদ্যালয় নিজে পরিষ্কার রাখুন।

স্বাস্থ্য অমূল্য সম্পদ, মশা ও ডেঙ্গুকে দূরে রাখুন।

16.08.16

The following decisions were taken in the meeting chaired by Chief Secretary on 8.3.2016 at the Chief Secretary Conference Hall at Nabanna in connection with the prevention and control of Vector Borne Diseases in ensuing season.

Action points

a) Health and FW Department will release fund to SUDA for House-to-House surveillance activity for Dengue from April 2016 to September 2016 (six rounds) in 45 ULBs. Preparatory meeting with these ULBs has already been held on 16-02-16.

b) Municipal Affairs (MA) Department will arrange printing of IEC materials shared by H and FW Department and will also arrange display/distribution of leaflets, posters etc.

c) Quality of Dengue House-to-House surveillance to be ensured. MA Department would consider changing those volunteers whose quality of work is poor.

d) All ULBs will arrange pasting of stickers on the outside walls of buildings where volunteers have visited. This will ensure quality of surveillance and monitoring.

e) CEO, West Bengal will be duly intimated about the Dengue House-to-House surveillance to be taken up from April, 2016.

f) MA Department will instruct all 45 ULBs to share the reports generated following completion of monthly rounds of Dengue Surveillance with the CMOH for analysis and targeted interventions.

g) KMC, HMC and BMC will arrange display of big size flex at prominent places for awareness generation on Vector Borne Diseases.

h) MA Department will organize meetings with GOI offices especially Railways, Defense, Port Authorities etc. in the Municipal Corporation areas for effective vector control in their premises.

i) Both KMC and BMC will arrange for churning of water of different canals flowing through its areas to kill mosquito larva.

j) HMC will take special care to prevent Dengue incidences in Liluah, Pilibhaha areas. KMC, HMC and BMC will take special care for surveillance of under-construction buildings and also the old abandoned premises.

k) ARD and MA Departments will jointly chalk out plan to remove all pigs from Kolkata. Till finalization of this plan, ARD will arrange netting of pigs.

l) MA Department is also requested to arrange meeting with KMC and other adjoining ULBs to ensure coordinated efforts for Dengue control.

m) MA Department will instruct all ULBs in the State to ensure availability of insecticide.

Assessment of B- in the age group of 1-15 yr. has been completed in all districts and Kolkata. It is observed that during 2015 deaths due to JF were more in the age group of 50 yr. and

above. Adult vaccination (15-65 yr.) has been completed in Darjeeling, Jalpaiguri and Dakshin Dinajpur. It is continuing in Malda, Uttar Dinajpur, Burdwan, Bankura and Hooghly districts. Occurrences of non JE AES cases are more in the State. So ensuring safe drinking water supply is most essential.

Action points

- a) PHE and MA Departments are requested to ensure safe drinking water supply, construction of platforms and raising the platforms of tubewells. H and FW Department shares line list of AES/JE affected areas with PHE.
- b) CD & WD and SW Department has at present no system of Take Home Ration. They are requested to consider this for AES/JE affected persons.

Malaria

Plasmodium falciparum (PF) cases are rising but deaths are decreasing. Annual Parasite Index in overall is decreasing in the State but rising in Purulia district.

Action points

- a) H and HW will distribute 75,000 LLINs in Purulia, Bankura and Paschim Medinipur districts in the most affected Blocks.
- b) Panchayet & RD and MA Departments to cooperate with the H and FW Department for effective Indoor residual Spray activities and for holding 1000 IEC cum Service camps in high case load villages on monthly basis for 6 months starting in April 2016.

Kala-azar

At present Kala azar problem is limited to 23 Blocks in Darjeeling, Uttar Dinajpur, Dakshin Dinajpur, Malda, Murshidabad and Birbhum districts.

Action points

- a) Panchayet & RD Department is requested to cooperate with the H and FW Department for effective Indoor Residual Spray activity.
- b) Panchayet & RD and CD & WD and SW Departments are requested to take steps for community awareness for early referral of cases.

Zika

An emerging viral disease has been declared by WHO as Public Health Emergency of International Concern on 1st February, 2016. The vector mosquito is same as that of Dengue and Chikungunya. Necessary surveillance for persons coming from affected countries has been put in place by GOI. Reports are being collected from the delivery points and community health centres to detect incidences of micro cephal, if any. Activities for control of vector mosquito along with personal protection and community awareness generation are to be taken up by concerned Departments

The next meeting will be held on 04.4.2016 at 10.30 AM under chairmanship of Chief Secretary.

Municipal Affairs Department

A report on Prevention of Vector Borne Diseases in Urban Areas

- The Hon'ble Chief Minister hold a meeting on 08.02.2016 and 02.08.2016 on Prevention of Vector Borne Diseases i.e. Dengue / Malaria in Urban areas during the year 2016.
- Following to the meeting of Hon'ble Chief Minister, the Chief Secretary convened a meeting on 08.03.2016 and 08.04.2016 (with GOI & other officials) to review the preparedness for prevention & control of vector borne diseases.

Principal Secretary, Department of Municipal Affairs hold a meeting on 29.03.2016.

41 ULBs have been identified as high risk ULBs by the Department of Health & Family Welfare.

Training of trainers conducted on 16.02.2016 for identified persons of those 41 ULBs in ~~the~~

coordination with Health Department, ^{Ministry} ~~Ministry~~ ^{of Health & Family Welfare} ~~Ministry~~. ^{At Dist level. Training of Field level. Messages sent by M.A. 08.04.16.} All the 41 ULBs have submitted micro plan and started house to house visit for consecutive five days in a month w.e.f. April, 2016.

Coordination meetings held with Department of Health & Family Welfare.

Printing of leaflet by SUDA ^{done centrally} ~~have already been undertaken~~ and delivered to the ULBs.

Monitoring officials of State level visited ULBs during house to house visit.

ULB-wise report for each of the month were collected and sent to Department of Health & Family Welfare

Meeting ^{conducted by Secretary - Dept. of Health & Family Welfare} ~~held~~ with DM of North 24 Parganas, Burdwan and Hooghly and the concerned Mayor / Chairpersons.

Ref No. SUDA-Health/65 (Pt.-IX)/16/98(4)

Date 16.08.2016

From : Director, SUDA

To : The Commissioner / Chairperson

..... Municipal Corporation / Municipality

Sir,

Following to review meeting of the Chief Secretary held on 08.03.2016, 08.04.2016, 04.08.2016 and earlier communications vide memo no. Secy-MA/27/2016 dt. 29.07.2016 and SUDA-Health/65(Pt.IX)/16/74(41) dt. 03.08.2016, you are requested to submit an action taken Report w.r.t. Prevention & Control of Dengue **by return email** (wbsudadir@gmail.com and dfidhhw@gmail.com) on the following issues :

- 1) Inspection of Larvae breeding places and sources reduction including educational institute, Hospital, office & residential premises of State / Central Government.
- 2) Identification of priority area / ward and action taken.
- 3) Whether any resistance faced in accessing Government and other buildings – Yes / No.
If yes, whether action taken with District Administration.
- 4) Whether Advisory sent by the ULB to educational institute / organizations.
- 5) Whether community are being involved during house to house visit
- 6) Whether ACMOH or Nodal Officer of District Health Office analysed house to house report along with HO / Nodal Officer of the ULB.
- 7) Whether ACMOH or Nodal Officer of District Health Office provided the analysis report and discussed with the ULB.
- 8) Whether sufficient larvicidal oil are available with the ULB and regular spraying being done.
- 9) What action taken w.r.t. larvae breeding places in under-construction building.
- 10) Brief of IEC activity undertaken.
- 11) Whether line listing of fever cases and dengue test results are being received by the ULB from District Health Office and at what frequency.
- 12) Status on cleaning of solid waste and drains.
- 13) Any other relevant points like to mention

Matter may be treated **most urgent**.

Thanking you.

Yours faithfully

16.08.2016
Director, SUDA

Dt. .. 16.08.2016

CC

The Secretary, Municipal Affairs Department.

Director, SUDA

Visit official of SUDA and team of Health Dept. on 13.08.16 at Bidhannagar Municipal Corporation (Rajarhat area)

Inspection details :

- Visited house of Ruman Ghosh, who died due to dengue in Ward No. - 17.
- No source of larvae detected in an around 20 houses of the deceased
- One Market area, Khatal area, backyard of closed Binodini Cinema Hall – 15 container with larvae detected and source reduction done.
- Fever cases detected with dengue NS1 positive (in private diagnostic centre) around the area mentioned above.
- Blood collection camp will be organized Bidhannagar MC w.c.f. 17.08.2016.
- Clogged drain and inadequate garbage cleaning observed.
- Visited Ward No. – 14, Sarada Pally & Market area.
- Larvae found in accumulated water of clogged drain.
- Fever cases not reported.

Visit by official of SUDA and team of Health Dept. on 12.08.16 at Dum Dum Municipality

Inspection details :

- Visited Ward No. 3, 4, 14, 17 & 18
- Construction site at ward no. 03 & 18 – Larvae found
- Jessop factory at ward no. 14 – Larvae found – matter taken up by the Chairman with District Administration.
- Ward No. – 18 is comparatively clean.
- Rail gate no. 1 area – peri-domestic area of staff quarters found larvae positive.

Visit by official of SUDA and team of Health Dept. on 14.08.16 at Serampore & Arambag Municipality

Inspection details Serampore :

- 543 cases found NS1 positive out of 1657 blood test.
- Larvae found in drains & discarded pot in the campus of Walsh Hospital.
- Meeting held with DM, SDO, MLA, Chairman, Councillors and others staff.
- 05 fever camps organized and blood collected for testing.
- SDO will take action w.r.t. fish market near railway station and India Jute Mill in Ward No. 12 to keep the area clean.
- Municipality will held meeting with the Promoters of under construction buildings and Secretaries of multistoried complex.
- Blood report received by Municipality upto 09.08.2016 by the District Health Office.
- Retraining of the field workers and spray workers will be conducted by CMOH, Hooghly.

Inspection details Arambag :

- Out of 25 cases found dengue positive – only 02 cases belongs to Arambag Municipality but fever onset was in Kolkata.
- Hands on training for Health workers will be conducted by CMOH, Hooghly.

Visit by official of SUDA and team of Health Dept. on 08.08.2016 & 12.08.2016 at Baranagar Municipality

to me: Arupratan

Municipal authorities should be directed to clear hospital solid waste using compactors forthwith.

Elsewhere, seek compliance on our directive on daily lifting of Solid Waste.

Madam,

Till 11.8.16, total 1657 blood tests done. Out of these, 543 have been found positive in NS1 test and 95 found positive in IgM test. Total 5 fever centres have been made operational, out of which 4 are being run by Municipality. Blood samples are being collected at Fever Centres and samples are being sent to NICED for NS1 tests. IgM tests are being done at Chinsurah SSL. Around 150 samples are being collected every day. Reports are being received in 24-48 hrs. Reports are being sent to Municipality (for samples collected from Municipality Fever Centres) or Superintendent (in case samples were collected from hospital). Although treatment protocol of Dengue and non dengue are same, there is panic syndrome and huge number of persons suffering from fever are coming to Fever Centres for Dengue test.

Today we have first visited the Walsh Hospital. Six patients remain admitted. No death due to Dengue till date. Superintendent has made arrangement of Platelet tests by Cell Counter machine through PPP Model. Around 50 tests are being made every day. CMOH has made arrangement of collection of Platelet from RGKMCH or Central Blood Bank on demand as there is no arrangement of separation of Platelet in Hooghly district. At the initial stage, outbreak took place at Ward Nos. 7-10. Now cases are decreasing in those Wards. But more cases are coming from Ward Nos. 11, 12, 14, 15 and 26.

The condition of cleanliness in Walsh Hospital is very bad. Construction of Super Speciality

Hospital has made it worse. Municipality does not lift garbages regularly. Garbages remain scattered everywhere. Drains are choked.

Then we held meeting at Municipality office. DM Hooghly, SDO Serampore, MLA (Dr. Sudipto Roy), Chairman, Councillors, Supervisors were present. Municipality had deployed 29 teams in 29 Wards for spray, surveillance and IEC. These teams comprise of health workers, conservancy workers. The following decisions were taken-

1. There are residential quarters of Railway at Ward No. 4,6 and 7. Many septic tanks have no outlet and water get stagnant. Health Department will take up with DRM, Eastern Rail.
2. There is one large fish market near Railway Station over the land of Railways. Garbages get piled up in that market. SDO is requested to convene meeting on 16.8.16 with Market Committee, Municipality and Railways. Market Committee would be requested to clean the market daily.
3. There is residential area of India Jute Mill in Ward No. 12 where condition of cleanliness is bad. Owner will be instructed to take arrangement of cleaning.
4. Municipality will convene meeting with Promoters/Secretaries of flat buildings and will ask them to maintain cleanliness. Also the stagnant water under the base of lifts are breeding grounds of mosquitos. Flat owners would be requested to pump water out.
5. Extensive IEC would be done in the form of miking, showing video clips to community for awareness and decreasing panic
6. CMOH will contact IMA and will convene meeting with local practitioners. Private Practitioners would be requested to do Press Briefing for awareness and decreasing panic. That will be shown in local cables.
7. Spray workers dont have proper knowledge of spray and proportion of water and larvicide. Municipality will organize training of those. Health will impart training.
8. Steps to be taken for cleanliness of Walsh Hospital
 - * Superintendent will identify separate spaces for dumping of biomedical wastes and normal garbages
 - * Municipality will lift garbages on every alternate day. Agency for lifting biomedical waste will be asked to lift those on every day basis
 - * Construction Agency of Super Speciality Hospital will be asked to remove all blockades in drains.
 - * Municipality will arrange spray inside hospital complex once in a week.
 - * Superintendent will arrange surveillance inside the hospital complex.
9. Municipality complains that inordinate delay is being done in receiving reports of blood tests. No report have been received for the blood samples which were collected on or after 9.8.16. CMOH is requested to designate one staff who will ensure sending reports on daily basis..
10. It appears that if Platelets are required at odd hours (when staff/ambulance are not available), then patient will have to be referred to RGKMCH. Arrangement may be made if relative of patient may be authorised to receive Platelet from RGKMCH/Central Blood Bank so that patient is not referred. Another arrangement may be explored. Services of courier can be utilized to send Platelet from Kolkata to Serampore (using cold chain).

Ref No. SUDA-Health/65 (Pt.-IX)/16/91

Date 10.08.2016

From : Director, SUDA

To : The Chairman
Kamarhati Municipality

Sub. : Prevention & control of Dengue in Kamarhati Municipality - Monitoring visit by APO, SUDA on 09.08.2016.

Sir,

You are aware that Dr. G. De, APO, SUDA visited Ward No. - 24, 22, 17, 21 & 02 of your ULB on 09.08.2016 along with CIC (Health), Health Officer, MO, Staff of ULB Health facility, members & supervisors of house to house survey team.

During inspection of houses, peri-domestic areas & construction sites the following observations have been made :

Ward No.	24 & 22	17	21	02
Area	Basanta Bihar	Loknath Park	Umesh Mukherjee Rd.	Kamarhati Jute Mill
Places Visited	ESI Hospital	State Garage, BC Chatterjee Street	Belgharia & Mahakali High School	Selemia Girls School
No. of Container inspected	32	24	43	20
No. of Container positive for larvae	Nil	House - Nil Peridomestic area - 2	Peridomestic area - 1	Peridomestic area - 1
No. of House positive for larvae	Nil	Nil	Nil	Nil
Status of cleaning of solid waste	Not cleaned, Clogging of drains	Not cleaned, Clogging of drains	Not cleaned, Clogging of drains	School area not cleaned

Immediate actions are suggested as under :

- Removal of garbage lying alongside the streets & peri-domestic area.
- Cleaning of clogged drains.
- Larvicidal spray in the areas where breeding sources cannot be destroyed.
- To maintain sanitation in the overlooked & peri-domestic area.

Contd. to P-2.

- 2 -

- Identification of *Aedes* larval Habitat and removing on the spot.
- Awareness meeting for the identification of habitat.
- House to house survey team members along with Supervisors, conservancy staff and others are to be involved in identifying & reporting breeding sources to the ULB for taking action.
- IEC shall be strengthened.
- Maintain coordination with CMOH / Dy. CMOH II / ACMOH & other concerned officials of District Health Office.

You are requested to undertake the actions as mentioned above and to provide a feedback Report.

Thanking you.

Yours faithfully

Department of Health & Family Welfare
Swasthya Bhavan, Salt Lake.****Sub. : Extension of days relating to house to house visit towards Prevention &
Control of Vector Borne Diseases in Urban Areas for the year 2016.****Madam,**

This is to inform you that an advisory has been issued to the 41 high priority ULBs, identified by the Health & Family Welfare Department, on source reduction of vector and IEC for prevention & control of dengue. District-wise review meetings are being held by the Secretary, Municipal Affairs Department on the development Programmes including prevention & control of dengue. In this context, I am to refer to the review meeting held by Health & Family Welfare Department with 14 ULBs on 01.08.2016. During discussion in the review meetings, it is gathered from the ULBs that the house to house fever surveillance and source reduction may be extended to 10 days instead of 05 days in a month.

Hence, I am directed to request you to increase the no. of days of house to house visit for 10 days per month. Additional fund requirement per month will be Rs. 75,10,750/-. ULB-wise fund requirement is enclosed herewith.

Thanking you.

Asansol / Bidhannagar / Chandernagore /
Durgapur / Howrah / Siliguri Municipal Corporation****: The Chairman / Chairperson****..... Municipality****Sub. : Prevention & control of vector borne diseases in Urban areas.****Sir / Madam,**

I am to refer to the communication of the Secretary, Department of Municipal Affairs vide memo no. Secy-MA/27/2016 dt. 29.07.2016 w.r.t. strengthening of supervision & monitoring of ongoing house to house fever surveillance and source reduction for vectors at selected ULBs.

This is to inform you that Hon'ble Chief Minister, West Bengal held a review meeting on 02.08.2016 w.r.t. surveillance activities for prevention & control of vector borne diseases i.e. Dengue, Malaria, Chikunguniya etc.

As the dengue cases are reported in ULBs, I am directed to advise you to undertake inspection of larvae breeding places and source reduction of vector in the campus of Hospitals; all educational institutes i.e. Schools, Madrasa, Colleges; office & residential premises of Govt. of India / State Government and others; construction sites, abandoned parks and water bodies in your jurisdiction. The said activities are to be conducted at regular interval along with ongoing house to house visit as per schedule. Priority is to be given in high risk areas, wards & slums. If any resistance felt in accessing Government & other premises, the matter may be brought in the notice of District Administration. A suitable advisory to the Institutes / Organisations may be issued from your end. During inspection community are to be involved to take care of their own premises, inter personal communication to be established, leaflets to be distributed, awareness camp to be organized. Over & above, solid waste being the mosquito breeding places, are to be cleaned regularly. Overall, if any difficulty faced, you may contact the Department.

Contd. to P-2.

- 2 -

A sample copy of Do's & Don'ts which were earlier circulated to you in the form of leaflet for wide publicity is enclosed for similar IEC activities.

Fund for procurement of larvicidal & IEC activities for the year 2016 had already been released to you for taking up related activities.

Your active intervention is required for prevention & control of vector borne diseases in Urban areas.

Thanking you.

Yours faithfully

ডেঙ্গু একটি ভাইরাস ঘটিত জ্বর। এডিস ইজিপ্টাই নামে একপ্রকার মশা এই জ্বরের বাহক। এই মশা সাধারণতঃ দিনের বেলায় কামড়ায়।

ডেঙ্গু জ্বরের সাধারণ লক্ষণ

- ☞ আকস্মিক তীব্র জ্বর, মাথা ব্যাথা,
- ☞ চোখের পিছনে, পেশীতে ও গাঁটে ব্যাথা
- ☞ খাবারে অরুচি, বমিভাব, পেটে যন্ত্রণা
- ☞ বুকে-পিঠে ও বাহুতে হামের মতো ফুসকুড়ি
- ☞ নাক, মুখ বা মাড়ি থেকে রক্তক্ষরণ, চামড়ায় কালশিটে

ডেঙ্গু জ্বরের চিকিৎসা

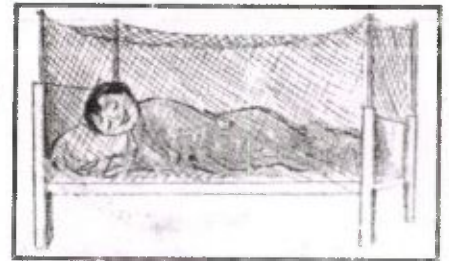

উপরোক্ত লক্ষণগুলি দেখা দিলে, যত তাড়াতাড়ি সম্ভব, সরকারি স্বাস্থ্যকেন্দ্রে যোগাযোগ করুন। জ্বর বা ব্যাথার জন্য অ্যাসপিরিন বা আইবুপ্রোফেন খাবেন না। ডাক্তারবাবুর পরামর্শ মতো ওষুধ খান ও প্রয়োজনে রক্তপরীক্ষা করান। জল ও তরলজাতীয় খাদ্য বেশি করে খান। মনে রাখবেন, অধিকাংশ ডেঙ্গু রোগীই সময়মতো সাধারণ চিকিৎসায় সেরে যায়।

কী ভাবে সাবধান হবেন

- ☞ ডেঙ্গু-বাহক মশা পরিষ্কার জমা জলে জন্মায়। তাই গবাদিপশু ও পোষা পাখির জল খাওয়ার পাত্র, ফেলে রাখা পুরনো টায়ার, ফুলের টব, ডিম ও ডাবের খোলা, পরিত্যক্ত ব্যাটারির সেল, পিচের ড্রাম, অন্যান্য অব্যবহৃত পাত্রে জল জমতে দেবেন না।
- ☞ জলের ট্যাঙ্ক, চৌবাচ্চা, এয়ার-কুলার এবং বাড়ির অন্যান্য জলাধারের জল সপ্তাহে একদিন খালি করে শুকিয়ে নিন এবং সর্বদা ঢেকে রাখুন।
- ☞ বাড়ির চারপাশের পরিবেশ যেন সর্বদা জঞ্জাল ও ঝোপঝাড়মুক্ত থাকে।
- ☞ শুধুমাত্র বাড়ির ভিতরে নয়, বাড়ির আশেপাশেও কোনও পাত্র বা খানাখন্দে জল জমতে দেবেন না।

- ☞ নিয়মিত নর্দমা পরিষ্কার করুন।
- ☞ গা-ঢাকা পোশাক পরুন।
- ☞ রাতের পাশাপাশি দিনের বেলাতেও, ঘুমোনের সময় সর্বদা মশারি ব্যবহার করুন।
- ☞ ডেঙ্গু-আক্রান্ত এলাকায় জ্বরের রোগীকে অবশ্যই মশারির মধ্যে রাখুন।

পৌর বিষয়ক দপ্তর, পশ্চিমবঙ্গ সরকারের পক্ষে সুডা কর্তৃক প্রচারিত।

ডেঙ্গু, চিকনগুনিয়া ও ম্যালেরিয়া রোগ নিয়ন্ত্রণ করতে মশার প্রজনন প্রতিরোধ করা জরুরি

কি করবেন আর কি করবেন না

জলের ট্যাঙ্কের ঢাকনা ভাঙা অথবা খোলা রাখবেন না

জলের ট্যাঙ্ক সঠিকভাবে ঢেকে রাখুন। পরিষ্কার কাপড় ঢাকার জন্য ব্যবহার করা যেতে পারে

সপ্তাহে একবার জলের ট্যাঙ্ক পরিষ্কার করুন

মাটির পাত্র খোলা রাখবেন না

মাটির পাত্র সঠিকভাবে ঢাকা দিয়ে রাখুন

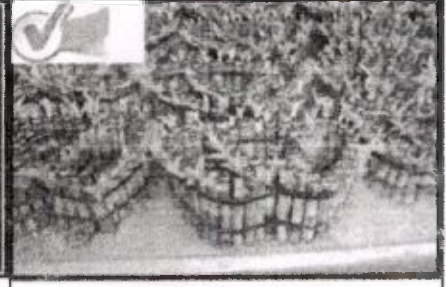

কুলার সপ্তাহে অন্ততঃ দুবার পরিষ্কার করুন

খোলা জায়গায় আবর্জনা ফেলবেন না

খালি জলের পাত্র খোলা অবস্থায় রাখবেন না

ফুলের টব নিয়মিত পরিষ্কার করুন

অব্যবহৃত পাত্র খোলা অবস্থায় রাখবেন না

অব্যবহৃত ফুলের টব উল্টো করে রাখুন

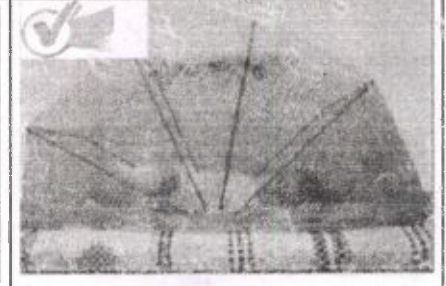

পাখির খাওয়ার পাত্র নিয়মিত পরিষ্কার করুন

খোলা জায়গায় বাতিল টায়ার ফেলে রাখবেন না

শরীর ঢেকে রাখতে চেষ্টা করুন

ঘুমোনের সময় সর্বদা মশারি ব্যবহার করুন

Sub. : Strengthening of supervision & monitoring of ongoing House to House fever surveillance and source reduction for vectors at selected ULBs.

Sir / Madam,

You are aware that Director, SUDA issued a communication vide no. SUDA-Health/65(Pt.IX)/16/32(41) dt. 26.05.2016 w.r.t. enhancing quality of House to House survey and Inter-sectoral Coordination for Prevention & Control of Vector Borne Diseases at Selected ULBs.

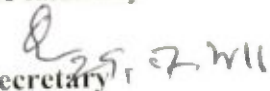

In the mean time, Video Conference & District level meeting had been organized to review House to House surveillance activities. Training & re-training of team members on technical issues had been organized jointly with concerned District Health officials. Joint monitoring visit of officials of SUDA and Health & Family Welfare Department conducted in a no. of ULBs.

As the dengue cases are on the rise in ULBs, you are requested to take all out efforts to strengthen ongoing house to house fever surveillance as well as source reduction of the vectors. District Health Administration, Health Officials & all Councillors of ULB are to be involved immediately to obtain desired output. Your direct involvement is required regarding planning, implementation, monitoring & supervision.

You are also requested to send an action taken report by **03.08.2016**.

Thanking you.

Yours faithfully

The Dy. Director Health Services (Public Health), DHFW

Director, SUDA

Government of West Bengal
Health & Family Welfare Department

The following decisions were taken in the meeting chaired by Hon'ble Chief Minister on 08.02.2016 at NABANNA in connection with the preparedness for forthcoming season with a view to preventing Vector-Borne Diseases.

Secretary, PHP will follow-up on all the points in coordination with the Director of Health Services.

1. From the end of February, 2016 the following activities will be undertaken for prevention and control Vector-Borne Diseases in 2016.
 - o [redacted] awareness in the community in both urban and rural areas.
 - o [redacted] of publicity material through multi-media like Newspapers, Radio, TV, Hoardings, Leaf-lets, Posters etc. The publicity material will be in different languages for different regions (Bengali, Hindi, Urdu, English & Nepali).
 - o [redacted] house-to-house visits by health workers/volunteers.
2. Stagnant water in Kestopur Khal either to be drained or manipulated to prevent breeding of mosquitoes.
3. Howrah and Bidhannagar Municipal Corporations will take intensive prevention & control measures along the lines of the work done by Kolkata Municipal Corporation (KMC).
4. The Mayor of Kolkata Municipal Corporation will co-ordinate with the Mayors of Howrah and Bidhannagar Municipal Corporations and with Chairpersons of Municipalities around Kolkata.
5. Municipal Affairs Department will convene a meeting of 45 Municipalities to review their preparation for preventive & control measures in coming season. The Department will also ensure adequate availability of larvicide at each Municipality.
6. KMC, Howrah and Bidhannagar Municipal Corporation will approach the management of Central Government agencies operating in their respective jurisdiction to undertake measures for prevention and control of Vector-Borne Diseases.

- 2 -
7. The Municipal Corporations and Municipalities will inspect construction sites in their respective jurisdiction and ensure that breeding of mosquitoes is not at all allowed. Necessary penal measures should be taken against defaulters.
 8. The Chief Secretary will take a meeting of Central Government agencies (Railways, Military, Civil Aviation, BSF, CISF, NIA, Coal India, Banks, Port Trust, Tea Board, CPWD, etc.) to ensure co-ordination about measures against Vector-Borne Diseases.
 9. Health & Family Welfare Department will issue a circular about the protocol relating to diagnosis and reporting of Dengue and other Vector-Borne Diseases. A notification will be issued to all Nursing Homes/Private Hospitals for strict adherence to the protocol.
 10. Health & Family Welfare Department will ensure blood testing facilities on 24 hours-basis, particularly at North Bengal Medical College & Hospital. The Department will also monitor JE/AES situation in North Bengal districts.
 11. Health & Family Welfare Department will ensure adequate supply of drugs, consumables, blood, plate-lets etc.
 12. The Women and Child Development Department and the P&RD Department will extend their assistance to Health Department in ensuring extensive house hold coverage by Indoor Residual Spray in the ensuing season.
 13. The P & R.D. Department will generate awareness, in rural areas and will take measures against breeding of mosquitoes.
 14. The Animal Resources Development Department will coordinate with Municipal Corporations and Municipalities in controlling pigs in identified areas.
 15. The Municipal Affairs Department will improve supply of safe drinking water, particularly in urban areas of North Bengal.
 16. The Chief Secretary will monitor the situation from time to time.

Sub : Request for placement of fund of Rs. 4 Lakhs(Rupees Four Lakhs) only for purchasing of Larvicidal oil and Anti-adult mosquito control spray to prevent of vector borne disease under Dum Dum municipality.

Sir /Madam,

In pursuance of your letter no. SUDA-Health/65(Pt-IX)/16/331(41) dated 09/03/16 three round of awareness campaign or house to house visit for prevention and control of vector borne disease was completed (April, May, and June). After three round there are some larva positive houses identified by house to house survey team and as the monsoon has already been started, we are expecting that there may be a possibility of outbreak of dengue cases in our municipal area. On the above circumstances, we required some larvicidal oil and anti-adult mosquito control spray well in advance as a precautionary measure to prevent dengue outbreak.

So, you are requested to place a fund of Rs. 4 Lakhs(Rupees Four Lakhs) only as per previous year to purchase the larvicidal oil and anti-adult mosquito control spray for atleast four round of spray in and around 22 no. of wards of our ULB to prevent and control of vector borne disease.

Thanking you.

Yours faithfully

Chairman

Dum Dum Municipality

Chairman

Dum Dum Municipality

Enclose:

- 1 Report of H-to-H visit for the month of June, 2016.

We have received Rs.4,52,79,000/- in the Financial Year 2016-17 for procurement of Larvacidal Oil and IEC for different ULBs. The PO(H) has proposed for releasing entire fund in favour of 124 ULBs as per list stated NSP 51 to 53. In earlier years we have released 50% of the fund received during the year to the ULBs in the first phase. The balance amount ~~is~~^{is} released on getting UC of the amount released in 1st phase.

In view of above we may accord approval for release of Rs.4,52,79,000/- (Rupees four crore fiftytwo lakh seventynine thousand only) to 124 ULBs as per list for 2016-17, which will be released in two phases equally as in earlier years.

Ref No.SUDA:Health/65 (Pt.-IX)/16/52

Date21.06.2016

From : Director, SUDA

To : The Chairman
South Dum Dum MunicipalitySub. : Entomological survey of Dengue Vector in South Dum Dum Municipality
done on 17.06.2016.

Sir,

As a no. of fever cases from Ward No. 23 & 24 and two lab confirmed dengue cases of South Dum Dum Municipality were reported, entomological survey of Dengue Vector was conducted in your ULB on 17.06.2016 by the officials of State & District Headquarter of Health & Family Welfare Department, representative of SUDA and Asstt. Health Officer of your ULB.

The survey team had a discussion with the councillors, local social workers & club members of Ward No. 23 & 24, imparted hands on training to the house to house members, collected blood samples of fever cases for testing. Following to that a meeting was held with you by the survey team.

Result of Entomological survey is as under :

Place of survey	No. of house surveyed	No. of House positive for larvae	No. of container inspected	No. of container positive for larvae	HI (%)	CI** (%)	BI
Ward No 23	28	15	86	38	53.5	44.1	117
Ward No 24	38	18	73	42	47.3	57.5	110

Actions suggested by Health & Family Welfare Department for control of Dengue Vector are as under :

- To maintain sanitation in the overlooked & peri-domestic area.
- Identification of *Aedes* larval Habitat and removing on the spot.
- Larvicidal spray in the areas where breeding sources cannot be destroyed.
- Awareness meeting for the identification of habitat.
- Removal of garbage lying in the open fields.

Contd. to P-2.

- 2 -

- Access to the houses by house to house survey team are to be enhanced through involvement of Local councillor or their representatives.
- House to house survey team members along with Supervisors, conservancy staff and others are to be trained in identifying & destroying breeding sources.
- IEC shall be strengthened.

You are requested to undertake the actions as mentioned above and to provide a feedback Report.

Thanking you.

Yours faithfully

Report on entomological survey of dengue vector Survey in South Dum Dum Municipality
done on 17.06.16

Purpose: Several fever cases were reported from ward no 23 & 24 of South Dum Dum municipality. IDSP reported 2 cases of lab confirmed Dengue cases. Hence an entomological survey and fever survey were necessary in the area.

Date of visit: 17.06.16

Unmanaged garbage lying in the open area

Survey team:

A) State HQ:

1. Dr. Kartick Chandra Mondol, ADHS (Entomologist), Govt Of WB
2. Dr. Surajita Banerjee, State Entomologist, IDSP, SSU, WB
3. Mr. Palash Mondol, State Microbiologist, IDSP, SSU, WB.
4. Mr. Swapan Kr. Dey, Insect collector, Retd.

B) District HQ

1. Dr. B Pal (DY CMOH II) N24 Pgs
2. Dr. Apurba Das (ACMOH, Barrackpore)
3. Ms. Debolina Das (Pal), VBD Consultant, NVBDCP, N24 Pgs
4. Mr. Monoranjan Pandit (Technician)
5. Mr. Madhusudhan Saha (Gr D Staff).

C) South Dum Dum Municipality:

1. Dr. S Roy Chowdhury, Municipality, AHO

D) SUDA:

1. Dr. Sunanda Roy

Shallow well with larvae

Observation:

1. Ward no 23 & 24 are located in just two opposite sides of the lane.
2. House to house survey team members were present during survey.
3. The members were carrying torch light but most of them could not identify *Aedes* larvae.

4. The house to house members failed to identify major breeding sites lying in the domestic and peridomestic areas.
5. Unmanaged garbage vats were noticed in both ward no 23 & 24.(JOGIPARA ROAD)
6. Several fever cases were found during fever survey (12cases) during our visit and several cases were noted who were admitted to hospital with the complain of fever,rash,headache,nausea,vomiting,anorexia,weakness & NS1 ELISA-Positive, confirmed as dengue cases ,released &have been found to be recovered during our visit but one patient named Mithun Bhadra,H,M,aged about 30 yrs B/o-Rathindra Nath Bhadra , whose NS1 ELISA-Positive, Platelet count-35,000/cmm; is still admitted at Apex Hospital,Kolkata. Hence it was evident that a transmission of dengue is going on in the area.
7. Blood samples were collected from three such patients (having fever with joint pain for more than 5 days & whose Screening for Dengue by CARD test (Rapid test-reactive)
 - 1. Smt. Krishna GuhaThakurta,H,F, 66 yrs. Ward No: 24
 - 2. Sri .RathindraNathBhadra,H,M, 38yrs,Ward No-23
 - 3. Smt. Nita Bhadra,H,F, 32 yrs W/o- Rathindra Nath Bhadra,WardNo-23

These Samples will be tested by IgM ELISA methods from Barasat DH (SSHL)
8. It was noted that South DumDum Municipality has the provision for dengue testing (by Eliza Method). They are performing the test regularly. Hence they were requested to share the data with District Surveillance Unit as well as the State Surveillance unit.

Drum not properly covered facilitating mosquito breeding.

Result of Entomological survey:

Place of survey	No. of house surveyed	No. of House positive	No. of container inspected	No. of container positive*	HI (%)	CI** (%)	BI
Ward No 23	28	15	86	38	53.5	44.1	117
Ward No 24	38	18	73	42	47.3	57.5	110

Action taken:

1. Meeting with the Ward Counsellor of Ward No 23Ms.KeyaDas, Kamal Mondol ward No 24, along with local social workers &club members namely Mainak Bhattacharjee, Nilkantha Roy & others, was done. The larvae were shown and the respective houses were given alert. IPC were done by showing the collected larval and its consequences.

2. The house to house members were given hands on training of the respective wards who were present in the field were given training on (where to search, how to search and what to search) during survey.
3. Meeting with the Chairman of the South DumDum Municipality Mr. Panchu Roy was done.
4. The Municipality as well as State Urban Development Authority (SUDA) requested for a training to reorient the supervisors of the house to house survey team to improve their work. The Chairman ensured that all the Ward counsellors will also participate in the same workshop which be held on 21.06.2016 & 24.06.2016.
5. Collected blood samples were sent to Barasat District Hospital for Dengue testing.

Action suggested:

1. Suggested to maintain the sanitation in the overlooked area.
2. Identification of *Aedes* larval Habitat and removing on the spot.
3. Larvicidal spray in the areas where breeding sources cannot be destroyed.
4. Awareness meeting for the identification of habitat.
5. Removal of garbage lying in the open fields.
6. House to house survey team complained that they are not getting access to the houses in some places. Involvement of Local counsellor or their representatives may solve the problem.

Conclusion:

1. Several fever cases were found during our visit indicating active transmission of cases.
2. House to house survey team need to be more active in identifying and destroying breeding sources.
3. Garbage vats should be regularly cleaned.
4. IEC should be strengthened.

Report Submitted By:

1. Dr. KC Mondol ADHS,(Entomologist,NVBDCP,WB)
2. Dr. Surajita Banerjee (State Entomologist, IDSP,SSU,WB)
3. Mr. Palash Mondol (State Microbiologist, IDSP,SSU, WB).....

Asansol / Bidhannagar / Chandernagore /
Durgapur / Howrah / Siliguri Municipal Corporation****: The Chairman / Chairperson
..... Municipality****Sub. : Enhancing quality of house to house survey and inter sectoral
coordination for prevention & control of vector borne diseases at
selected ULBs.****Sir / Madam,**

I am to refer to the Video Conference session at Swasthya Bhawan on 25.05.2016 on house to house surveillance activities with your ULB and District Health Officials. In the said session data on house to house surveillance activities were discussed at length.

Some issues have been emerged out of the discussion regarding inadequate training of team members & supervisors, limited access of team members by the house hold, less no. of container examined by the team members in comparison to house hold visited, discrepancy in no. of fever cases identified, less supervisory activity, non-monitoring of house to house activity, non-analysis of data reported after house to house visit.

Hence, you are requested to please take following actions so that quality of house to house survey could be enhanced :

- Access of team members by the house hold shall be enhanced through intensification of IEC & involvement of concerned Ward Councillors.
- Training & re-training of team members on technical issues, inter personnel communication and reporting before start of house to house visit for each month.
Sensitisation on inspection of containers in the household as well as peri-domestic area for identification and source reduction of breeding sites of larvae.
- Training & re-training of supervisors regarding supervisory activities and reporting.
- All the training & re-training shall be imparted in consultation with District Health Office.
- Joint monitoring visit by the ULB & District Health Officials during house to house survey.

Contd. to P-2.

- 2 -

- Analysis of team-wise & supervisor-wise data by District Health & ULB Officials within ten days of completion of the round.
- Sharing the observation / findings of data analysis with team members, Mayor / Chairman, Commissioner / Executive Office of the ULB, respective CMOH and State NVBDCP Cell.
- Regular solid waste management and cleaning of drains.
- Joint action with factory owners, Govt. of India organization, wherever applicable.
- Involving community members in source reduction.

Utmost importance shall be given to prevent & control of Dengue / Malaria etc.

Thanking you.

Yours faithfully

Sub : Necessity of Identity Card in respect of the Enumerators and the Supervisors during H - to - H visit and requirement of Fund for constructive publicities for the sake of apprising of the said visit in connection with prevention and control of Vector Borne Diseases .

Madam ,

I would like to say that a review meeting is held at the chamber of the Chairman of Berhampore Municipality at 11:30 a.m. on 05.05.2016 immediate after the end of the 1st round of the H - to - H survey of the afore - stated subject .

In the said meeting , the supervisors and the representatives of the Enumerators expressed vividly before the Dy CMOH - II , Murshidabad and to the undersigned that the House - to - House visit during the 1st round of the Survey - Programme for prevention of Vector Borne Diseases hampered to some extent for the following ground .

Many a boarder and many an owner of many houses do not allow the visiting-team to enter the house as well as conduct the survey inside the house because they are not aware of the visiting-programme and because that the visiting-teams are not uniformed with their identities .

Almost all are thinking that there is the necessity of providing Identity-Card in respect of the Enumerators and the Supervisors at the time of the H – to – H Survey of the said hygienic-programme. Wild-publicities are another need for successful implementation of the said programme . Leaf-lets are not enough for awareness programme . Publicities in the local cables of the media , festoons , hoardings and miking ward-wise coverings all doors of the houses each time before each round of the H – to – H survey of the said programme may be included .

In view of the above stated matter I would like to seek your wise opinion as well as to request you to transmit the issue onward for kind approval for issuance of Identity Cards of the visiting- teams and for release of fund which may be required for constructive Publicities .

Kindly acknowledge this and kind feed-back , in this respect , is solicited from this end .

Yours faithfully

Municipal Affairs Department

A report on Prevention of Vector Borne Diseases in Urban Areas

- For Prevention of Vector Borne Diseases i.e. Dengue / Malaria in Urban areas, various steps were taken from Municipal Affairs Department, Health & Family Welfare Department and Urban Local Bodies (ULBs) during the year 2015.
- All the ULBs have undertaken IEC, training and larvicidal operation for prevention of Vector Borne Diseases.
- Intensive house to house visit activities as per Micro-Plan prepared by the ULBs in consultation with DHFW, had been taken in 45 high risk ULBs in each month w.e.f. June, 2015 to October, 2015 and in 8 ULBs in the month of November, 2015.
- Department of Municipal Affairs has released fund of Rs. 449.46 lakh (ULB-wise data is enclosed at enclosure – I) for procurement of Larvicidal Oil, IEC materials & training and Department of Health & Family Welfare has released fund of Rs. 376.76 lakh for house to house visit during the year 2015.
- On an average 26.34 lakh household have been covered during house to house visit, detected 1.59 lakh of fever cases, 1.74 lakh container with larvae were detected & destroyed.
- ULB-wise performance report during the month of June to October, 2015 are appended below :

Sl. No.	Name of ULBs	No. of Household	No. of Household visited	Fever Surveillance No. of Fever Cases with joint pain	Environmental Management
