Sub: Urban H to H fever and container Surveillance

Sir,

This to inform you that the dwelling units as shown in the H to H survey report is 38090, but it has been enhanced to 41690 for which additional 12 teams are to be required for proper verification. It is to be noted that according to the 2011 census, the population of this Municipality is 121000 and now the population has been increased to about 129000.

You are therefore requested to sanction an additional 24 workers and 2 supervisors i.e. a total heads of 26 for 12(twelve) teams for proper verification of additional 3600 dwelling units.

Thanking You,

PO(H)  
de  
Yours faithfully,

Sd/-  
Chairman  
Baidyabati Municipality

Government of West Bengal  
Health & Family Welfare Department (PHP Branch)  
Swasthya Bhawan, GN-29, Sector V  
Salt Lake, Kolkata 700091

No. 224- HFW-18049/1/2018-PHP SEC-Dept. of H&FW

Date: 04-07-2018

**ORDER**

Government has prepared Joint Action Plan to tackle Vector Borne Diseases in the State and fund for payment of Honorarium to Dengue House to House workers, Supervisors and Data Entry Assistants for 12 rounds has been released vide this Department's order No. 2403(sanction)/HF/P/P&B/PHP/2M-05/2012 dtd 22.3.18 and No. 2556(sanction)/HF/P/P&B/PHP/2M-05/2012 dtd 29.3.18. , fund for 2 more rounds has been released out of NVBDCP fund and NUHM fund.

Now, Commissioner, Howrah Municipal Corporation, vide his office Memo No. Health-19/18-19 dtd 05.05.2018, informed this department the **revised number** of House to house workers and volunteers which is as follows:

	House to House Workers		Supervisors	
	Honourary Health workers	Volunteer	Honourary Health workers	Volunteer
Revision proposal	49	2337	16	267
Already sanctioned	2386	0	283	0

In this revised proposal, the total number of workers and supervisors remain same but number of volunteers increase by 2604 and same number of Honourary Health Workers decrease. It was decided that Honourary Health Workers would receive Rs. 100 per day and Volunteers would get Rs. 150 per day. Thus, additional Rs. 651000 (Rs. 50 x 2604 x 5 days) would be required per round for Howrah Municipal Corporation.

In view of above, the undersigned is directed by order of the Governor to say that the Governor has been pleased to approve revised number of House to House workers and Supervisors engaged at Howrah Municipal Corporation for Dengue House to House survey.

Fund will be provided from the available sources.

This has approval of Principal Secretary of this Department.

  
**Deputy Secretary**

**Sub: Requisition of additional funds of Rs. 53,21,250/- for Dengue House to House survey to volunteers and FTS/HHW**

Sir,

This is for your kind information that we have been allotted Rs. 73,02,250/- (Seventy three lakhs two thousand two hundred fifty) only for dengue house to house survey for 730 nos. FTS/HHWs and 22 nos. volunteer house to house workers and 80 nos. FTS/HHWs House to House dengue supervisor.

However we have 175 nos. of FTS/HHWs and 577 nos. of volunteers' House to House dengue workers and 62 nos. of FTS/HHWs and 18 nos. of volunteers dengue House to House Supervisors.

Therefore you are request to allot additional fund of Rs. 53,21,250/- (Rupces fifty three lakhs twenty one thousand fifty) only in favour of Siliguri Municipal Corporation for 15 (fifteen) round dengue House to House survey by volunteers and FTS/HHWs for the prevention and control of Vector Borne Diseases. The detail of required additional fund is annexed herewith.

Thanking you.

Yours faithfully

Annexure to memo no. 544/SMC/NUHM/18-19

Date: 14/06/2018

As per letter received from SUDA vide memo no. SUD-Health/65 Pt.-IV/13/335(124) date 27-02-2018 total Rs. 25,65,000/- has been already received against House to House survey by the supervisor and the workers in SMC area for 4 (Four) round. The detail of fund is as under

Name	No. of Teams	No. of Team Members		No. of Supervisors		DEA Rs. 75/- per day	Hon. To H-t-H members Supervisors & DEA for 11 rounds	Vector Control Team (VCT) @ Rs. 150/-	Total Fund released
		FTS/HHW @ Rs. 100/- per day	Volunteer @ Rs. 150/- per day	FTS/HHW @ Rs. 100/- per day	Volunteer @ Rs. 150/- per day				
SMC	376	730	22	80	0	22	17,19,000/-	282	25,65,000/-

Here the fund of vector control team allotted.

And as per letter received from SUDA vide memo no. SUD-Health/65 Pt.-IV/13/358(126) date 03-04-2018 total Rs. 47,37,250/- has been already received against House to House survey by the supervisor and the workers in SMC area for 11 (Eleven) round. The detail of fund is as under

Name	No. of Teams	No. of Team Members		No. of Supervisors		DEA Rs. 75/- per day	Hon. To H-t-H members Supervisors & DEA for 11 rounds	Contingency to ULBs for 06 months	Total Fund released
		FTS/HHW @ Rs. 100/- per day	Volunteer @ Rs. 150/- per day	FTS/HHW @ Rs. 100/- per day	Volunteer @ Rs. 150/- per day				
SMC	376	730	22	80	0	22	47,27,250/-	10,000/-	47,37,250/-

Here the fund of vector control team not allotted.

Not only that the total no. of FTS/HHWs shows 730 no. as team member and 22 nos. As volunteer members and all supervisors' shows as FTs/HHWs however the no. of Non volunteer supervisor is 62 and volunteers are 18 nos. and there are 175 nos. FTS/HHWs and 577 volunteers work as a team member. So the amount of House to House survey to supervisor and workers has also change. The detail of 15 rounds is as given below:

Name	No. of Teams	No. of Team Members		No. of Supervisors		DEA Rs. 75/- per day	Hon. To H-t-H members Supervisors & DEA for 11 rounds	Vector Control Team (VCT) @ Rs. 150/-	Contingency to ULBs for 06 months	Total Fund to be needed
		FTS/HHW @ Rs. 100/- per day	Volunteer @ Rs. 150/- per day	FTS/HHW @ Rs. 100/- per day	Volunteer @ Rs. 150/- per day					
SMC	376	175	577	62	18	22	85,95,000/	282	10,000/	1,26,23,500/-

Therefore Rs. (1,26,23,500 - 73,02,250)=53,21,250.00/- ( Fifty three lakhs twenty one thousand two hundred fifty) only more required for payment of 15 round House to House supervisors and workers.

POURA BHAVAN, FD-415A, Sector-III,

Kolkata - 700 106

Memo No. *Bme/GS/2018/183*

Date: *2/2/2018*

To

The Director

SUDA

ILGUS Bhaban, HC Block, Salt Lake, Kolkata

Sub: Requisition for additional fund of Rs. 32, 66,500/- for house to house fever surveillance programme for the year 2017(14 rounds) under Bidhannagar Municipal Corporation.

Sir,

The House to House surveillance of Dengue at Salt lake municipality was started in 2011. This was repeated in the subsequent years. At that time an honorarium was given to the volunteers both for the Salt Lake Block areas and added areas @ Rs. 150 per head per day. Also fund for hiring vehicles @ RS. 1500/- per vehicle per day and Tiffin allowance @ Rs. 40/- per head per day was allotted. A copy is enclosed- Annexure-"X"

We were getting allotment from SUDA at the above rate till in the year 2015. A copy of allotment letter is enclosed-Annexure-"Y"

But in 2016 many more Municipalities throughout West Bengal were included in the house to house survey programme and SUDA started allotting fund at a flat rate with an honourarium to Supervisors and Volunteers Rs. 75/- per head per day without any exception to Bidhannagar Municipal Corporation. There was no allotment of the Vehicle and tiffin allowances which we were getting so long. We could not reduce the amount from Rs. 150/- to Rs. 75/- for the worker in added area of Bidhannagar. In Rajarhat area and for the Nursing Students we paid the workers Rs. 75/- per head per day.

We have already made the expenditure as above. It is seen that the actual expenditure in 7 months in 14 rounds is Rs. 90, 04,750/- against which we received allotment total being Rs. 57, 38,250/-. The difference is Rs. 32, 66,500/-.

You are requested to kindly arrange allotment of the said fund amounting to Rs. 32, 66,500/- as early as possible.

Yours faithfully,

Commissioner

Bidhannagar Municipal Corporation

Bidhannagar

**Actual volunteers, supervisors, & ULB's staff engaged I 14 round of May,2017 to November 2017.vis a vis fund involvement.**

**A.Honorarium :**

Particulars	Numbers	Rate per Head Rs	No of Days	Total Amount Rs
Volunteers	12390	75/-	5	46,46,250.00
Volunteers	2768	150/-	5	20,76,000.00
Supervisors	1120	75/-	5	4,20,000.00
Supervisors	430	150/-	5	3,22,500.00
ULB staff	112	75/-	5	42,000.00
Total				75,06,750.00

**B. Tiffin Expenses :**

Total No of Nursing student involved 1190 nos

Particulars	Numbers	Rate per Head Rs	No of Days	Total Amount Rs

Subject: Dengue Prevention and Control Activities in 2013-14  
Reference: Your Memo No. 862/BM dated 02/05/2013

Sir,  
Appropos the captioned subject and reference, I have been directed to inform you that the Principal Secretary of this Department has approved the following items of expenditure at the scales indicated against each, in connection with undertaking House to House activities for prevention and control of Dengue in Bidhannagar Municipality in consonance with your Micro Plan.

Serial	Item of Expenditure	Basis of Calculation	Amount (Rs)
1	Honoraria for 200 Trainee Nurses	200 Trainee Nurses @ Rs. 75 pd X 5 days	75000
2	Honoraria for 60 IPP 8 Workers	60 IPP 8 Workers @ Rs. 75 pd X 5 days	22500
3	Honoraria to Daily Rated Workers (456 Volunteers + 57 Supervisors) - (200 Nurses + 60 IPP 8 Workers) = 253	253 Daily Rated Workers @ Rs. 150 pd X 5 days	189750
4	Honoraria to ULB Staff	4 Municipal Staff @ Rs. 75 pd X 5 days	1500
5	Refreshment for Trainee Nurses	200 Trained Nurses @ Rs. 40 pd X 5 days	40000
6	Mobility Support for Trainee Nurses	12 Tata Sumo @ Rs. 1500 pd X 5 days	90000
TOTAL			418750
Total Amount Required For 6 Rounds of H-T-H Activity			2512500
Amount to be placed by CMOH/ SUDA @ Rs. 193875 per Round X 6 Rounds			1163250
Fund to be placed to Executive Officer, Bidhannagar Municipality			1349250

You are requested to proceed with implementation of the programme on the basis of this approval. The uncommitted amount of Rs. 1349250 over and above the amount to be placed by the CMOH/ SUDA will be placed to you in due course after observance of the usual formalities.

Yours faithfully,

# BIDHANNAGAR MUNICIPAL CORPORATION

POURA BHAVAN, FD-415A, Sector-III,

Kolkata - 700 106

Memo No. BMC/Health/79

Date: 26/12/2017

To

The Director

SUDA

ILGUS Bhaban, HC Block, Salt Lake, Kolkata

Sub: Requisition for additional fund of Rs.32,66,500/- for house to house fever surveillance programme from May,2017 to November, 2017 ( 14 rounds) under Bidhannagar Municipal Corporation.

Sir,

The house to house fever surveillance for the year 2017 which was continued for seven months starting from May,2017 to November, 2017 for 14 rounds are over.

The sanction from your end was as follows:

ULB	Total population(Census 2011)	No. of Household	No. of Supervisors	No. of Teams	No. of volunteers
Bidhannagar Municipal corporation	616836	182590	125	480	960

It is seen from the payment status that the actual cost is much more than the amount allotted. From previous times of the house to house fever surveillance during dengue episodes the volunteers and supervisors were paid an honorarium @ Rs. 150/- per head per day as it is difficult to get the volunteers in Bidhannagar area( one reference of sanction is enclosed).

You are aware that in Bidhannagar Block areas Nursing students are hired from different Nursing Schools by Health Department. They were allotted a Tiffin allowance @ Rs. 40/- per head per day. This was continued

For movement of the Nursing Students 12 numbers of vehicles were made in each round which was also continued.

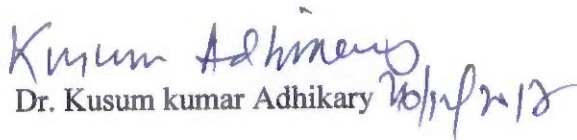

However the Nursing Students were paid a honorarium to the tune of RS. 75/- per head per day.

We have already made the expenditure as above. It is seen that the actual expenditure in 7 months in 14 rounds is Rs. 90, 04,750/- against which we received allotment total being Rs. 57, 38,250/- . The difference is Rs. 32, 66,500/-.

You are requested to kindly arrange allotment of the said fund amounting to Rs. 32, 66,500/- as early as possible.

The calculation sheet of the actual expense is enclosed herewith for ready reference.

Yours faithfully,

  
Dr. Kusum kumar Adhikary

Chief Health Officer

Bidhannagar Municipal Corporation.

**Sub. : Request for providing IEC Materials for Vector Borne Diseases.**

Sir,

It is decided that permanent hoardings / displays for public awareness relating to vector borne diseases in the Urban Local Bodies (ULBs), West Bengal will be launched w.e.f. January, 2018. You are requested to provide IEC materials (soft copy) for onward transmission to the ULBs so that the activity of public awareness could be ascertained.

In this connection, you are also requested to provide IEC materials for audio and TV spot.

Thanking you.

Yours faithfully,

# বাড়ি বাড়ি কড়া বাতী! অথচ পুরভবনের ছাদেই জমা জল

নিজস্ব সংবাদদাতা

বাইরে জমা জল নিয়ে সচেতনতার  
পাঠ। অথচ পুরভবনের ছাদে তার  
কোনও ছাপ নেই!

দক্ষিণ দমদম পুরসভার ছাদের  
একাংশে বাঁশ, ভাঙা চেয়ার, টুল, একাধিক  
আলমারি, কম্পিউটার মনিটর, কি-বোর্ড,  
পলিথিন, ধার্মিকল জড়ো করে রাখা  
রয়েছে। যেন পরিত্যক্ত সামগ্রীর 'স্টোর  
রুম'। আলমারির ছাদে, পলিথিনের  
উপরে, বাঁশের ফাঁকে মিষ্টি জল খুঁজে পেতে  
কষ্ট করতে হবে না। পুরকর্মীদের একাংশের  
বক্তব্য, বাড়ি বাড়ি যে পাঠ দেওয়া হচ্ছে, তা  
পুরভবনের সিলেবাসে নেই!

আঁতুড়ঘর: পুরসভার ছাদে জমা  
জল। ■ নিজস্ব চিত্র

বুধবার এলাকার ৭৬টি স্কুলের  
প্রতিনিধিদের সঙ্গে বৈঠক করে পুরসভার  
স্বাস্থ্য বিভাগ। সেখানে ছাত্রছাত্রীদের  
ফুলহাতা জামা-ট্রাউজার্স পরে আসার  
পাশাপাশি অভিভাবকদের সঙ্গে বৈঠকের  
পরামর্শ দেওয়া হয়েছে। স্কুলের সামনে  
সচেতনতা ব্যানার এবং জমা জলের  
রিস্ক সম্পর্কে সবার মনোযোগ আঁকড়ে  
আসার আর্জি জানানো হয়েছে। ব্যানারে  
জমা জলের সচেতনতায় কী লিখতে  
হবে তার জন্য দেওয়া হয়েছে লিফলেট।  
স্বাস্থ্যবিভাগের পুরপ্রধান পারিষদ (স্বাস্থ্য)  
গোপা পাণ্ডে বলেন, "স্কুলের ছাদ পরিষ্কার  
রাখার দিকে বিশেষ নজর দিতে বলেছি।"

এই পাঠশালার শিক্ষা থেকে পুরসভা  
কি স্কুলছুট? পুরপ্রধান পাচু রায় বলেন,  
"ছাদের পরিত্যক্ত জিনিসগুলি নিলাম  
হয়ে গিয়েছে। দ্রুত সেগুলি সরানো হবে।  
নিরামিত মশার তেল দেওয়া হচ্ছে।"

এ ক্ষেত্রে ডেস্কি রোধের প্রচারে থাকা  
স্ক্রেনের ছড়াই আওড়ানো যাক— "ছোট  
ছোট যুক্তি, ডেস্কি থেকে মুক্তি"।

**Sub : Addition of a new item in list of approved larvicides.**

In continuation with the vector control/entomological guidelines already provided from our end, I like to mention that NVBDCP, GOI has included the following item in their approved list of larvicides. This is in addition to other two varieties of BTI, viz. -BTI WP, Strain-164, Serotype H-14 and BTI 12 Aqueous Suspension, that are already there from earlier.

Bacillus thuringiensis var israelensis 5% WP Strain-ABIL, Serotype H-14 (Accession No. - 01318).

Accordingly the above item may be used as a biolarvicide on clean as well as polluted water in the recommended strength i.e. 375 gm per 10 ltrs. of water and 500 gm per 10 ltrs. of mixing water respectively.

This information may please be shared with all the Municipalities under your jurisdiction.

Yours sincerely,

  
Dy. D.H.S. (P.H.)  
Govt. of West Bengal.

# বিএসএফ ক্যাম্পাসের মধ্যে মশার লার্ভা, উদ্বিগ্ন কাউন্সিলের

নিজস্ব সংবাদদাতা

এক পথে মত আলাদা! বিএসএফ ক্যাম্পাসে হানা দিয়ে ডেঙ্গি, ম্যালেরিয়া মশার লার্ভা চাক্ষুষ করলেন দক্ষিণ দমদমের পুরপ্রধান, জনস্বাস্থ্য এবং স্বাস্থ্য বিভাগের পুর পারিষদ আর স্থানীয় তৃণমূল কাউন্সিলের 'চাক্ষুষ' করলেন আগামিদিনের সম্ভাব্য কড়া পদক্ষেপ!

প্রসঙ্গত, ক্যাম্প সংলগ্ন বাস্কাবনগর, জ্যোতিনগরে বহু মানুষ এ পর্যন্ত ডেঙ্গিতে আক্রান্ত হয়েছেন। সোমবার প্রাইভেট রোডের বিএসএফ ক্যাম্পাসে তখনও

সরেডামিন: সোমবার বিএসএফ ক্যাম্পাসে ডেঙ্গি মশার লার্ভা পরীক্ষা। ■ নিজস্ব চিত্র

অভিযান শুরু হয়নি। নিজের আশঙ্কার কথা জানিয়ে ৯ নম্বর ওয়ার্ডের কাউন্সিলর সুরজিৎ রায়চৌধুরী বলেন, “এরকম অভিযান না হওয়াই ভালো! সাত, আট, নয়, দশ নম্বর ওয়ার্ডের নিকশি বাগজোলা খালের উপরে নির্ভরশীল। খালের একটি অংশ ক্যাম্পাসের ভিতর দিয়ে গিয়েছে। আগামিদিনে সোনা কর্তৃপক্ষ যদি ক্যাম্পাসে ঢুকে তা পরিকার করতে না দেয় তা হলে নাগরিকেরা মুশকিলে পড়বেন। পুরসভায় আরও অনেক মশার আঁতুরঘর রয়েছে। এখানে কেন?”

সতীর্থ কী বলছেন, তা কানে ঢুকছিল জনস্বাস্থ্য বিভাগের পুরপারিষদ দেবশিস বন্দ্যোপাধ্যায়ের। পুরপ্রধান

সুরজিতের উদ্বেগ জানা মাত্র তা খারিজ করে দেন। সেই সুযোগে আসরে নামেন দেবশিসও। পুরপ্রধান পাচু রায় বলেন, “চূড়ান্ত অসহযোগিতা করছে বিএসএফ ক্যাম্পাস। এখানে মশার চাষ হচ্ছে!” দেবশিস বলেন, “আগে তো আমরা পরিকার করতাম। কিন্তু বর্ধিত হারে চুক্তি পূর্নবীকরণ করল না। ওদের মশা ওরা তাহলে আটকে দিক!”

তাতে অবশ্য সুরজিৎ দমার পাত্র নন। ক্যাম্পাসের ভিতরে পাঁচ কিলোমিটার রাস্তা জুড়ে দু'ধারের জমা জলে ডুবু ডুবিয়ে লার্ভা তুলেছেন পতঙ্গবিদ পরিতোষ অধিকারী। লার্ভা পাওয়া মাত্র পরিতোষ বলেন, “চেয়ারম্যান সাহেব এদিকে আসুন। এখানে হাজার!” হাসিমুখে পুরপ্রধানের প্রতিক্রিয়া, “তাই!” স্বাস্থ্য পারিষদ গোপা পাণ্ডের মন্তব্য, “ম্যালেরিয়া না ডেঙ্গি বলে দিন।” আদুরে সুরজিতের স্বগতোক্তি, “এটা ঠিক হচ্ছে না। সোনা ক্যাম্পাসের ৩০ মিটারের মধ্যে নির্মাণের অনুমতি নেই। এবার ওরাও যদি নিয়ম দেখায়!”

present  
of State

**Subject :** Request for intervention to eradicate vector borne diseases specially unknown fever and dengue in some pockets under Bidhannagar Municipal Corporation.

Sir,

As we are well aware that transport is the ultimate way of connectivity which stimulates trade and commerce followed by finance development of any country were this infrastructure is easily available. During February 2010, the Metro Rail Authority of Govt. of India undertook a project under banner of East West Metro Project fixing various targets like mass caring of passengers with minimum possible time. This herculean project was a synergic endeavour of Centre and State for which Bidhannagar Municipal Corporation took a lead role offering its ultimium endeavour and cooperation for completing the project in question. The East West Metro project had a route starting from Air Port to Howrah via New Town and Salt Lake. In order to take up this herculean task, Duttbad being a segment of Salt Lake was selected as a camp workshop of Metro Project wherein huge volume of civil construction works was going on. As a substantial area was occupied by Metro Rail Authority to set up their temporary workshop/shed for construction works for years together, number of temporary water reservoirs were built for day to day use of concrete mixing and slab/pillars manufacturing process. This huge volume of waste products, damaged and broken concrete materials followed by abandoned reservoirs has become the labor room of vector borne diseases like malaria, unknown fever and dengue as well. Owing to this agony, although Bidhannagar Municipal Corporation has taken up sufficient precaution and health awareness programme with regular fogging added by spraying of larvicide and other chemicals to combat this menace, the Metro workshops remains are the area of the major concern.

Several attempts has been to take up on this issue with Metro Rail Authority, but it is quite unfortunate to let your goodself inform here that the venture and endeavour on our part has become futile and it felt that the Metro Rail Authority is not keen to extend their coporation to us to eradicate the deadly vector borne diseases.

Finding out no other option we are being compelled to approach your kindself with the request to kindly arrange for taking up this serious issue with the highest authority of Metro Rail for their awareness and stimulation, so that positive steps are taken by the Metro Rail Authority without loss of any further time.

Thanking you,

Yours faithfully,

S. Dutta 30/10/17.

Kolkata - 700 064.

Sub:- Dengue prevention activities.

Sir,

With respect to the subject vide-supra, I would like to mention the following points:-

- 1) Asansol Municipal Corporation has made comprehensive plan regarding Dengue prevention activities including spray of larvicide & insecticide, fogging, sanitation, garbage removal and IEC activities.
  - 2) The available Twelve fogging machines are functional and are being used continuously especially in vulnerable areas. Also ten teams have been deputed for the same purpose.
  - 3) Asansol Municipal Corporation is having sixty-three spray machines which are functional and spray is being done every week with strict monitoring. We have one hundred & six Spray teams and adequate supply of larvicide & insecticide have been made available
  - 4) Special sanitation drive have been carried with Health team and public representatives.
  - 5) There were reports of negligence by Health workers initially and show cause has been issued by the Health officer. Currently the health workers are doing house to house survey and reports are being scrutinised on daily basis.
  - 6) CMOH has shared annexure H report dated 1<sup>st</sup> October, 2017.
- This is for your kind information and necessary action.

# KMC to help Bidhannagar civic body in dengue fight

TIMES NEWS NETWORK

## HELP AT HAND

**Kolkata:** The Kolkata Municipal Corporation (KMC) has decided to help its counterpart in Bidhannagar in the latter's fight against dengue outbreak. The decision was taken in a meeting on Monday. Earlier, the KMC brass had decided to extend support to municipalities in south Dum Dum and Baranagar in dengue prevention.

According to sources, the Bidhannagar Municipal Corporation has failed to stop

The vector control team's focus will be on Kestopur canal

- KMC to offer Bidhannagar Municipal Corporation logistics for dengue prevention
- KMC entomologist will train the Bidhannagar vector-control team
- KMC is also keen on undertaking a joint drive with Bidhannagar civic body
- The area of focus will be on KMC areas that share border with Salt Lake

“ We intend to share our expertise with the Bidhannagar civic body so that it can use our infrastructure for dengue prevention  
**Atin Ghosh | MMC**

mosquito breeding as the civic body's vector-control wing lacks manpower and logistics. "We have a vector-control wing that is not only well-equipped but also experienced to take on the dengue menace. We intend to share our expertise with the Bidhannagar civic body so that it can use our infrastructure for an effective dengue-prevention drive," said Atin Ghosh, mayor-in-council member overseeing the KMC health department.

One of the KMC health department officials trained in vector control said the absence of an entomologist at Bidhannagar Municipal Corporation is holding it back in crunch time. "A vector-control team needs a recognized entomologist to lead it so that the members can recognize mosquito larvae responsible

for outbreak of dengue or malaria. There is no scope for any guesswork that concerns identification of mosquito larvae," the official said. In 2014, dengue had become an epidemic in Kolkata after the dreaded disease originated in Salt Lake and spread to adjoining areas under KMC jurisdiction.

GOVERNMENT OF WEST BENGAL  
URBAN DEVELOPMENT & MUNICIPAL AFFIARS DEPARTMENT  
POURA PRASHASAN BHAWAN  
DD-I, SECTOR-I, SALT LAKE, KOLKATA-700064

No. 625/MA/c-10/3S-18/2016

Date, Kolkata, the 5<sup>th</sup> July, 2017

To:

1. The Chairman/Chairperson, -----Municipality/NAA
2. The Municipal Commissioner, Kolkata MC
3. The Commissioner, Howrah MC/Bidhannagar MC/Asansol MC/ Durgapur MC/ Chandernagore MC/Siliguri MC
4. The Administrator, Buniadpur Municipality

Sub: Cleaning the Drains of your City for avoiding Water Logging

Sir/Madam,

You are aware that in every Rainy Season, Water Logging in different corner of the cities is the basic problem resulting to inconvenience to the citizen and loss of health and economy.

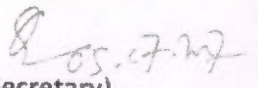

In this connection, you are requested to take the following actions, so that no Water Logging can be observed in your city during this Rainy Season:

1. Arrange Regular Cleaning of all the Drains of your City.
2. Deploy extra Manpower, if required.
3. If there arises any blockage due to Solid Wastes then remove that immediately.
4. If any Water Logging is being observed due to heavy shower, then use sufficient number of pumps for clearing that water.
5. To set up a Control Room and Designate one Official as Nodal Officer for this, so that the State Government and citizen can contact him for necessary purposes. Inform the name and Mobile No. of Nodal Officer to this Office and also widely circulate the same to the citizen.
6. Widely Circulate one Whatsapp No. to all the Citizens for lodging the complaint to the ULB office.
7. Keep sharp monitoring on the citizen on the use of plastic

Fund of 14<sup>th</sup> Finance Commission and West Bengal Urban Employment Programme may be utilized for this purpose, if required, and all types of leaves of the Officials and Engineers attached to the Storm Water Drainage Cleaning Section of your ULB shall be cancelled for effective monitoring.

Your early action in this regard is solicited.

Yours faithfully

  
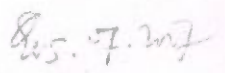

(Secretary)

# ডেঙ্গু রোধে চাই পাঁচ অঙ্গীকার

জমা জমা যেখানে, ডেঙ্গু-বাহক এডিস মশার জন্ম সেখানে। তাই:

• টেবাতা, ড্রাম, কলসি, জলের টাক যত্নে পরিষ্কার/প্রতি সপ্তাহে দুইবার।

• অল্পের সেটি জল কেব/শিশুর বুদ্ধি রক্ষা করে।

• বেঙ্গা পাত্রে, জল জমাবে না/বাড়ির আশেপাশে জল জমতেও দেবে না।

• বাড়ির চারপাশের পরিষ্কার রাখবে/ডেঙ্গু প্রতিরোধে নিয়মিত-সতর্কতা হবে।

• মশার কামড় এড়াতে বা-জল সোপাক পান/রাত জেগে বা সিন, সুশাসনের সঠিক মশারি টিকবে।

• খর হলেই ডাক্তারখার কাছে যাব/সরকারী হাসপাতালে ফিলাসুলো ডেঙ্গু পরীক্ষা ও চিকিৎসার সুযোগ নেবে।

বর্ষাকালে বা শীতের শুরুতে অনেকেই জ্বর হয়। মরতনী এই জ্বরে অথবা আতঙ্কিত হবেন না

সুস্থ থাকুন। সুস্থ রাখুন। সুস্থ রাখুন।

Sub: Sharing of AV-materials for public awareness on dengue prevention & control.

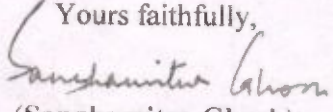

Sir,

In the context of the meeting taken by the Hon'ble Chief Minister on 12 Oct'17 on the status of dengue & other vector borne disease control matters, it is reiterated that the IEC designs/materials shared with you earlier this year may please be utilized immediately to gear up the public awareness activities against dengue & chikungunya.

2. For your ready reference, the existing version of the following AV materials on prevention & control of dengue, which had already been shared with you, are being sent again herewith to your e-mail address. Kindly arrange to resume publicity using the same immediately :-

- a) TV spot with "school children"
- b) TV spot by "Deb & Koel"
- c) Audio jingle on "dengue & chikungunya"
- d) "Munnabhai" (TV spot and radio jingle)

3. Certain changes will be made in the IEC materials, as directed in yesterday's meeting. The changed content will shortly be shared with you. Kindly take steps to effect those changes in the materials that have already been shared.

Yours faithfully,  
  
(Sanghamitra Ghosh)

**Siliguri Municipal Corporation**

to Idsp, Commissioner, me, Asit

To  
The DyCMOH-II  
Darjeeling

Sir,

Visit report of day 2 ( 03/09/17) in SMC area.

I and Urban Health Planning & Monitoring Manager visited different wards in SMC for monitoring of the House to house activity

Visited few apartments at Sarat Bose Road at word no. 16 with H-T-H Supervisor Smt. Rajlaxmi Dey. I observed that few apartments do not allowed team for H-T-H survey.

1. Prix apartment near Sarat Bose Road W/N - 16 almost 6 to 7 No. fever patient affected there. Few patient already cured and few under in treatment.

2. In De Bhawan - II one patient suffering in viral fever and he is under treatment. 2 new construction site found in this area.

3. Visited ward No. 12 with supervisor laxmi Sarkar in the Bidhan Market area where there are larvae in Fish Market and adjoining area. 2 ( two) underconstruction building visited in Bimal Sinha Sarani where 3 ( three) patients were affected with Dengue . visited Fever patient Rupali Gupata ,Manish Gupta.Ghosh house ( wherein patient soma ghosh was Dengue affected).

4. Participated in awareness programme in ward No.42 and visited scrap metal area in ward No.42 wherein in old scrap body parts of vehicles ,tier many larvae found. talked with Merchants there , they complained that there is heavy mosquito infestation . We would hold a meeting with them for spray work as necessary and fogging.

5. Visited Basu Nursing Home & North Bengal clinic and Anandoloke nursing to asses the dengue suspected patients load there and corresponding patients address in SMC area. There dengue suspected patients in ward No. 16,15, 39 detected .

6. The Commissioner SMC visited Basu Nursing home & Anandoloke Nursing home to asses the patient load .

With regards  
Dr.S.Majumder

Sir,

This is for your information that since cases are increasing in ward No. 39 and ward No.4,5 . The fooging is going on in this wards . However in my observation the Antilarval measures needs to be improved. May i suggest to engage 4 to 5 gangs simultaneously for coverage of the wards.

The operations may please be undertaken in line of the antiadult & antiarval mechanism done in ward No.12,13,14,15,16

Thanking you,

SUBHAS DEBNATH

To  
The DYCOH-II  
Darjeeling

Sir,

Forwarded herewith the action taken report on significant findings on House to House survey round 1-5/08/17.

GRP personnel in railway Quarters were visited by me,Dr.Arunava Das & NUHM team for verification of cases . The larval breeding places were shown accordingly for correction.

It was found that the cases occurred in ward no. 26,27,29,30 . The cases were verified accordingly;The Conservancy section were informed accordingly regarding cleaning of Arya Samiti play ground and concerned Councilor was requested to organise a ward committee meeting in the Arya Samiti hall if possible.

6 Fever patients detected in the Survey on 02/08/17 :-

The patients were visited by NUHM team led by MO(NUHM) . Out of the 4 patients are cured & doing well. 2 patients ( Krishna Sen 45 yr/Male & Kalpana Sen ,40 yrs. F )attended the UPHCs -9 in Deshbandhupara and under observation. Clinically viral fever.

4 fever patient detected in the Survey on 03/08/17 :-

Out of the 3 ( three) patients are cured and clinically viral fever .One patient Bikash Dey,dititted in North Bengal Medical College as he is clinically suspected Dengue.

On 04/08/17 :-

12 larvae were detected by team No.:-

The areas in ITI road , sevoke road was visited by me with Supervisor Jharna Chakraborty . There were plenty nearly 100 flower vas in Jaya Nursery. The Jaya Nursery was shown the larvae and our team emptied the flower vas with the help of Nursery people and they were empty in follow up .

One Harripada Deb ( Deb Taylors) stores and sells used glass bottles after cleaning was found in the area. There were plenty larvae in the 3 pots for cleaning .He was shown the larvae and advised accordingly and it was decided since the same is large area spraying have to be done.

13 larvae detected by Supervisor Dipankar Sarkar, which was in the garden of Jiban Kanti Chakraborty in Hati more area, House of Krishna Dutta,Sunu Sarkar in tres kept outside house were cleared , the areas visited .

The Garbage report detected has been forwarded to conservancy section. The Dengue cases detected has been verified by me & MO(NUHM) and action taken.

Thanking you :-

Sir,

As per visit in the Arogya Niketan Nursing home in Khalpara area, on 29/08/17 good number of patients of fever & Joint pain patients are admitted from santoshi Nagar,GangaNagar,Jhankar More ,Koila depo area , Kumartooly area in ward No. 4 & 5 .

In addition 3 ( three ) patients are admitted from sabji Mandi , Khalpara ward No. 8. The blood has been sent for elisa test. However considering previous history you are requested to continue the fogging ans spraying operation intensively in the ward No. 8 in this areas and associated vidyasagar pally, khalpara sabji mandi etc.

In addition there are sporadic cases in south Baghajatin colony area in pradhan Nagar also. Therefore the low lying areas to be sprayed intensively alongwith sweeper quarter near UPHC No. 3 ( Munshi premchand college) , ward No.44.

Thanking you, -

Dr.S.Majumder

Action taken report on dengue containment measures in SMC area on House to House survey by Health section SMC

As per survey report on 20/08/17, 12 fever with joint pain reported from ward No. 44 and the 12 patients and other suspected were examined in Urban Primary Health Centre No. 3 at ward No. 44 on 21/08/17 and blood collected and serum sent to Dy CMOH-II Darjeeling for Elisa for Dengue examination and 2 (two) patients found positive for Dengue.

One health camp with awareness organised in Sitala Para on 26/08/17 also in ward No. 31 since cases are increasing in this area.

There are some increasing cases in 1 no. Jyotirmoy colony in ward No. 20, 21. Therefore extensive Antiadult & Anti larval cleaning activity has been done alongwith one Health camp organised on 26/08/17.

Arrangement made for thrice weekly blood sample collection with centrifuge facility in affected UPHCs No.1 ( covers ward no. 4,5,6,7),3 ( covers 41,42,44,10 and patents of ward No, 39,40 are also nearby), Matrisadan ( ward no. 23,24,18,20,28 )& Sevasadan ( covers ward No. 26,27,28,29,30).

Arrangement made for thrice weekly blood sample collection with centrifuge facility in affected UPHCs No.1 ( covers ward no. 4,5,6,7),3 ( covers 41,42,44,10 and patents of ward No, 39,40 are also nearby), Matrisadan ( ward no. 23,24,18,20,28 )& Sevasadan ( covers ward No. 26,27,28,29,30).

• The larval and garbage report sent from the Health section SMC to Conservancy section after each round of Survey.

• Weekly meeting on Friday started with Health Officer, Borough Officers, all SISMC of conservancy section to review garbage cleaning activity and antilarval, Antiadult activity.

• Since the initial surge of cases in ward No. 26,27,29,30, boroughwise orientation programme was done in concerned Borough on 27/07/18 & 28/07/17 around the Arya Samiti area in ward No. 26,27,29,30.

• Boroughwise orientation programme has already been done in Borough -1,2,3,5 also from IBC NUHM fund. The pictures are attached.

• Special campaign have already been taken up in ward 20, 26,27,28,29 & 30 where previous clustering of cases were found. The campaign is underway with involvement Mayor SMC, MMIC SMC & local councillors in ward No. 12,13,14,15,16 and ward no. 4,5,6 where current clustering of diseases is there with simultaneous anti adult & anti larval measures.

- Extensive campaign with antilarval and antiadult measures are going on ward No. 38,39,40 where another recent clustering is seen.
- Regular visit by Health Officer from Health section with active cooperation from the CMOH Darjeeling end to Nursing Homes, Silliguri District Hospital for assessment of situation.
- Medical Officers NUHM ordered for verification of cases due to increase number of cases. The confirmed Dengue cases were verified and antiadult, Antilarval measures taken, the report is attached herewith.
- Weekly meeting on Friday started with Health Officer, Borough Officers, all SISMC of conservancy section to review garbage cleaning activity and antilarval, Antiadult activity. The pictures of the conservancy section activity has already been communicated.
- Boroughwise activity reports are attached.

IEC programmes :-

- House to House survey is going on twice monthly.
- Schoolwise orientation programme started in High Schools. Already 6 ( six) Schools covered.
- 5 Boroughwise tableau with miking started for wide publicity among people
- Scroll already given in the local 3 ( three) cable channels
- Advertisement on Uttar Banga Sambad ( Bengali) & Janapath Samachar ( Hindi) given mentioning sign & Symtoms, Elisa Testing facility in Silliguri DH & NBMCH and preventive measures and major points like to take paracetamol and plenty of fluid for fever and to seek doctors permission in Government Hospitals and Urban Primary Health centres.
- Transit point awareness campaign will be launched in Five major Transit points in time of Dengue Survey ( like Pulse polio programmes) from 01/09/17 with miking & leaflet distribution for 5 days.
- 1 lakh extra leaflet printed and IEC with distribution in Borough, wards and in schools going on from IEC NUHM fund.

28/08/17

Sub: Requirement of one Entomologist for South Dum Dum Municipality.

P.O. (H)  
2

Sir,

You are already well aware that South Dum Dum Municipal area is one of the worst affected from the outbreak of dengue and other vector borne diseases this year. Already there has been three confirmed deaths from dengue and over a hundred and fifty cases have been reported where pathological reports indicate NS1 +ve results. Many patients have been admitted to various hospitals and nursing homes. Wards 12, 13 and 14 are worst affected.

The Municipality is taking all possible measures to combat the situation. On one hand the Health Department is sending volunteers to each and every household to conduct survey on dengue as well as spread awareness amongst the citizens. The volunteers have also been trained to identify and destroy dengue larvae as and when found. On the other hand the Public Health department arranged for cleaning of the wards twice a day and also supplying additional amounts of mosquito oil in the wards. Central awareness programs have also been undertaken to raise awareness.

However, despite all efforts the situation is still far from satisfactory. Under the circumstances I am to request you to kindly pass necessary orders so that an Entomologist may kindly be deputed in South Dum Dum Municipality on a full time basis for better and effective management of the situation that has arisen due to the outbreak of dengue and vector borne diseases.

Yours faithfully

As desired by HMICOD & MA  
forwarded to Secretary UD & MA

**Sub: Cleaning the Drains of your City for avoiding Water Logging**

Sir/Madam,

You are aware that in every Rainy Season, Water Logging in different corner of the cities is the basic problem resulting to inconvenience to the citizen and loss of health and economy.

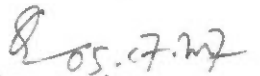

In this connection, you are requested to take the following actions, so that no Water Logging can be observed in your city during this Rainy Season:

1. Arrange Regular Cleaning of all the Drains of your City.
2. Deploy extra Manpower, if required.
3. If there arises any blockage due to Solid Wastes then remove that immediately.
4. If any Water Logging is being observed due to heavy shower, then use sufficient number of pumps for clearing that water.
5. To set up a Control Room and Designate one Official as Nodal Officer for this, so that the State Government and citizen can contact him for necessary purposes. Inform the name and Mobile No. of Nodal Officer to this Office and also widely circulate the same to the citizen.
6. Widely Circulate one Whatsapp No. to all the Citizens for lodging the complaint to the ULB office.
7. Keep sharp monitoring on the citizen on the use of plastic

Fund of 14<sup>th</sup> Finance Commission and West Bengal Urban Employment Programme may be utilized for this purpose, if required, and all types of leaves of the Officials and Engineers attached to the Storm Water Drainage Cleaning Section of your ULB shall be cancelled for effective monitoring.

Your early action in this regard is solicited.

Yours faithfully

Memn. No.- HIB/M/6-D-05-14 (Part I)/ 094

Date- Kolkata, <sup>17<sup>th</sup></sup> April, 2017

To  
The Director,  
State Urban Development Agency,  
Dept. of Municipal Affairs & Urban Development,  
Government of West Bengal.

Sub- Guidelines for choice and procurement of insecticides for vector control.

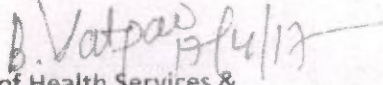

The ULBs are in the practice of using insecticides in one or other form for control of mosquito vectors so as to control diseases like Dengue, Chikungunya, Malaria etc.

A set of guidelines is sent herewith, which may be shared with the ULBs, so that proper insecticides are chosen according to the situation, used in proper method & dose and a standard procedure is maintained for procurement of such materials.

We recommend the use of insecticides approved by NVBDCP and TAC (Govt. of India), a list of which vis-à-vis the purpose is given in Annexure-I and II.

Annexure III is the suggested list of documents that are required to ascertain the validity of the firm, the product & its source for the procurement process. Annexure IV is a list of the CIB approved sources of the molecules, (i.e. raw material necessary for preparation of formulation). It is an abridged list containing names relevant for the recommended insecticides only.

Please find the annexure and do the needful.

  
Director of Health Services &  
Ex-officio Secretary,  
Govt. of West Bengal

Encl - As stated

Memn. No.- HIB/M/6-D-05-14 (Part I)/ 094/1(3)

Jt. Director of Health Services (PH & CD),  
Govt. of West Bengal

## Annexure-I

Under the National Vector Borne Disease Control Programme (NVBDCP) insecticides are used based on certain epidemiological and entomological criteria. The programme uses insecticides for indoor residual spray, indoor space spray, outdoor fogging, treatment of mosquito nets and control of vector larvae for prevention & control of vector borne diseases.

The followings are the larvicides that are applicable against mosquito vectors and are approved by NVBDCP and Technical Advisory Committee, Govt. of India.

### Mosquito Larvicides:

Larvicide formulations and dosages

S.No	Name of larvicide	Commercial formulation	Preparation of ready to spray formulation	Dosage			Frequency of application	Equipment required	Remarks
				1 square meter	50 Linear meter	Per Hectare			
1	MFO	100% petroleum based product	As it is	20 c.c.	1 Litre	200 Litres	Weekly	Knapsack hand compression Sprayer	To be applied along the shore of water body
2	Tenephos (Abate)	50% EC	2.5 c.c. in 10 Litres of potable water	20 c.c.	1 Litre	200 Litres	20-	Knapsack Hand compression Sprayer	Can be applied in clean water
3	Bacillus thuringiensis var israelensis WP	Wettable Powder	5 Kg in 200 litres of water			5 Kg	fortnightly	Knapsack hand compression Sprayer	For both clean and non-potable polluted water
4	Bacillus thuringiensis var israelensis 12 Aqueous Suspension (12AS)	Aqueous Suspension	1 litre in 200 Litres of water			1 Litres	Weekly	Knapsack Hand compression Sprayer	Clean Water
			2 litre in 200 Litres of water			2 Litres			Polluted Water
5	Difluzenuron 25% WP	25% Wettable Powder	100 gms in 100 Litres of water			25 gm a.i.	Weekly	Knapsack hand compression Sprayer	Clean Water
			200 gms in 100 Litres of water			50 gm a.i.			Polluted Water
6	Pyriproxyfen	0.5% Granular	Ready-to-use			2 kg	1 Week	Granular Applicator hand Sprayer	Clean Water
						4 kg			Polluted Water

The above mentioned insecticides should only be procured and the dosage & frequency should be strictly followed. The equipment mentioned should be used for its application.

Ch  
17/4/12

## Annexure-II

The followings are the adulticides that are applicable against mosquito vectors and are approved by NVBDCP and Technical Advisory Committee, Govt. of India.

### Mosquito Adulticides:

Insecticide	Commercial Formulation	Remarks	Equipment used
(A) Indoor space spray			
Cyphenothrin	5% EC	20 ml in 1 ltr k.oil	Pressurised spray machine or cold fogger
Pyrethrum extract	2% extract	1:19 (50 ml in 1 ltr k.oil)	
(B) Outdoor (thermal) fogging			
Malathion	Technical malathion	1:19 (50 ml in 1 ltr diesel)	Shoulder mounted fogging machine or vehicle mounted fogging machine
Cyphenothrin	5% EC	7 ml in 1 ltr diesel	

NB: Insecticides used for Indoor Residual Spray (IRS) are not included here, as the scope of IRS is very limited in urban areas.

OK.  
17/4/12

**Procurement of the insecticides:**

'Product' hereunder means the commercial formulation as procured from suppliers.

- 1) Product should have approval of NVBDCP (GOI) and TAC ( Technical Committee headed by the Additional Director General, Directorate General of Health Services, Government of India ).
  - 2) Product must be one registered with Central Insecticide Board (copy of CIB registration certificate to be submitted along with the offer). *Website of the Central Insecticide Board & Registration Committee, Govt. of India i.e. [www.cibrc.nic.in](http://www.cibrc.nic.in)* may be referred to check whether an insecticide is registered. [The insecticides enlisted in Annexure I & II are CIB registered].
  - 3) Valid Manufacturing License to be submitted by the manufacturer for the particular product.
  - 4) Shelf life of the product must, be 2 years from the date of manufacturing.
  - 5) The manufacturer requires to have 'CIB approved source of Import'- certificate for the source or the raw material for preparation of the formulation (if the product is not a proprietary product). Valid agreement with the approved source firm & bill/invoice of purchase from the approved source also to be submitted.
- In case of proprietary products, proprietary certificate from the manufacturer has to be submitted.
- 6) Either manufacturers that fulfil the above criteria or their authorised distributors are eligible to participate in the selection process. Production of tender-specific valid authorization certificate from the manufacturer is necessary for a distributor.
  - 7) Test report and guarantee certificate from the manufacturer to be submitted at the time of supply.

2. The City Project Officer, NULM  
..... Municipality.

**Subject: - Discussion and Performance Review Meeting for NULM, Health and Housing Schemes**

Sir,

This is to inform you that the Director SUDA and Mission Director, NULM desires to discuss some issues and review the performance of different Schemes like NULM, Health and Housing for All on 08/08/2017 at Conference Hall, SUDA at 12 Noon. Kindly you are requested to attend the meeting or send your representative CIC who is looking after such schemes along with the Executive Officer of your ULB on schedule date, time and venue.

**Encl.: List of the ULBs.**

Yours faithfully,

  
Addl. Director, SUDA

&  
Addl. Mission Director, WBSULM

Memo No.: - SUDA-46/2014/519...

(Feed Back Data July 2nd Round) Dr. S. Gossain

District Sl. No.	District	ULB Sl. No.	ULB	Comments	Actions
19	S24 Paraganas	79	Budge Budge	No. of Clogged drain/ Garbage pile/ recycle factory/ etc 157	Follow up with ULB for action
		80	Rajpur, Sonarpur	76% (57 out of 75) supervisors reported no. of containers positive with larvae and no. of house positive with larvae 0 No. of blocked drain reported: 87	Feed back to concerned Supervisors & their Teams. Field supervision to be strengthened. Take up with ULB/ Genl. Adm. for admin. issue if any. Follow up with ULB for action & documentation
20	Purulia	81	Malhersta	55 out of 107(8/5%) supervisors reported No. of containers & house positive with Larvae 0 No. of Other major breeding site = 526 (Wine kind of breeding site were they?)	Monitoring & Training issue Identification of such breeding site is necessary to implement specific vector control measures
		82	Baruipur	No. of clogged drain/ garbage pile, etc other potential breeding site= 114 Annexure H reported 39 positive containers only in July 1st round. (This has been informed to ULB monitors). In this round they reported 63 positive containers (through 4 out of 10 supervisors reported nil no. of container & house positive)	
21	Jalpaiguri	83	Purulia	12 out of 16 supervisors examined less no. of containers (less than 1 container/ house). Supervisor Puruli Malho reported 0= 7.2%. No. of fever case reported in the whole municipality= 0 Annexure H reported larvae found in the office premises of PWD & PHE	Supervision should be strengthened Follow up with ULB for immediate source reduction and vector control implementation
		84	Jalpaiguri	Supervisors & team members are reluctant to their activities. The whole municipality HTM compiled report has reported only 1 fever case, while no. of house positive/ container positive/ waste management factories-0. However, Devyee confirmed cases are being reported from other sources like (DSE State Surveillance Unit)- 5 (in last 7 days) which denotes that HTM report may be under reporting or are not aware of their activities	Monitoring & supervisor may be strengthened
22	Paschim Midnapore	85	Midnapore	High BQ (1.21%), CI (22.17%) and fever case (0.6%) reported by supervisor Ramprasad Singh Supervisor Srimanta Bhattacharya reported 1.15% fever cases but did not found any container or house positive with larvae Fever case have been reported High by many supervisors (9 out of 23) 14 out of 23 (56%) supervisors reported No. of containers positive with larvae 0. No Garbage pile reported in the whole municipality	Follow up with ULBs for immediate vector control measure Supervision should be strengthened PH Action Supervision should be strengthened
		86	Khatraigpur	Supervisor Adrina Mukherjee and Sibha Bose reported high CI (9.6% & 8.6 % respectively). Other potential breeding sites (freshly garbage, blocked drain), 1977, Langue confirmed cases are being reported from laboratories (26 in last 7 days)	Follow up with ULB for immediate implementation of breeding site reduction & vector control activities. Monitoring for cluster of confirmed/ suspected dengue, focused action including IEC therein.
23	Jhargram HD	87	Ghatol	Annexure H reported the team members are trained, can identify larvae, however, no. of container with positive larvae reported only 3 in the whole municipality, 6 out of 7 supervisors reported nil no. of containers positive with larvae and no. of house positive. Further it is noted that 4 out of 7 supervisors had examined less no. of containers in comparison to the no. of house visited. This indicates reluctance in work of the HTM members as well as the supervisors	Supervision should be strengthened
		88	Jhargram	HTM supervisor were compiled report not submitted. Annexure H report opined the ongoing work satisfactory, though the report indicated the concentration of the insecticide should be maintained properly Annexure H reveals that the vector control measures implemented by the Municipality is not satisfactory enough to control VSD	Follow up with ULBs & Supervision should be strengthened Administrative Issue
24	Bishnupur HD	89	Bishnupur	Complete report incomplete, however, day wise report indicates that most of the columns (No. of fever cases/ No. of container positive/ No. of house positive/ waste management and environmental factors)-0. Annexure H report indicated the area to be meso/hygienic as well as risk of outbreak high due to lack of cleanliness activities and the larvae detected in the house hold areas. The report also states that no delay in tender process and procurement of Templos the spraying process is yet to start. The supervisor were compiled report of fever with joint pain = 2 and no. of garbage pile = 2 (DV CMCH II commented "Not a true reflection of practically impossible") No. of containers examined in the whole municipality by all the supervisors is very less (4637 containers in 14899 houses = 0.3 container/ house only).	Monitoring & supervision may be strengthened Administrative Issue Supervision may be strengthened Training & Monitoring Issue
		90	Diamond Harbour	Only 1 out of 10 supervisors reported containers & house with positive larvae, though fever with joint pain have been reported by 7 out of 10 supervisors, hence presence of vector cannot be ignored. No. of garbage pile/ clogged drain/ recycle factory/ etc= 124	Monitoring & Supervision should be strengthened Administrative Issue
26	Cooch Behar	91	CoochBehar	Annexure G report revealed a lacuna in spray work & fogging. Roof top are being overlooked/ neglected during survey. Some torch used by the supervisors as not in proper condition.	Follow up with ULBs Administrative Issue

District Sl. No.	District	ULB Sl. No.	ULB	Comments	Actions
15	Basthat MD	65	Ahoknagar Kalyanagar	Houses visited 23787, fever with joint pain=14 (comparatively high % than other urban areas). Supervisor Lily Ghosh, Sumita Majumder reported 0.26%, 0.27 % of fever with joint pain respectively.	Monitoring issue & PH action
		66	Bhatpara	Fever cases=19, No. of containers having aedes larvae=564 whereas no. of households found larvae=1914 indicates mismatch reporting. High HI/CI noted by Supervisors No.22 (HI=105.87%- indicates wrong reporting), 23,4,50. Containers & households having Larvae=0 in team no. 3,5,18-20,25,27, 29,33,34,36,37,39,41,46,47,849. Out of 50 Supervisors 18 Supervisors Reported= NIL in respect of larvae found in containers as well as households. All teams can not identify larvae. SMS Reporting is good (93%).	Feed back to the Teams & Supervisors. Re-sensitization if necessary. Field supervision & monitoring. Mismatch between HI & CI - reporting issue.
16	Uttar Dinajpur	67	Beranagar	Waste management factors e.g. piles of garbage site/ clogged drain/ poorly managed construction site, etc = 238 28 out of 53 Supervisors reported no. of containers having aedes larvae=0, of while 22 (of these 28) supervisors reported fever with joint pain	Follow up with ULB for action Field supervision and sharing of observation with poor performers
		68	Kamarchat	No of Waste management sites (e.g. Garbage pile/ blocked drain/ garbage/ recycle factory, etc)= 376	Follow up with ULB for action
17	Dakshin Dinajpur	69	Bidhanagar	78 out of 54 (82.5%) supervisors reported no. of containers positive with larvae = 0, while 41 of these 78 reported fever with joint pain. Dengue confirmed cases are being reported from laboratories (10 in last 7 days) No. of garbage piles= 176 Supervisor Subhash Mondol reported high 'fever' case (1.5%), though the no. of house positive as well as waste management areas e.g. garbage/ blocked drain/ garbage/ recycle factory = 0 reported by the same supervisor	Field supervision and sharing of observation with poor performers. Monitoring for cluster of dengue cases/ fever with joint pain & bodyache. Follow up with ULB for action
		70	Basthat	Garbage pile reported in the whole municipality = 131 Reportedly no Excel report received from ULB	Supervision should be strengthened and PH action for cluster of fever if any Follow up with ULB for action
18	Paschim Bardhaman	71	Baduria	Population covered 54027, fever with joint pain reported only 5. No. of containers examined 9569 in 12240 house hold. (Very less 0.78/ house i.e. less than 1 per house)	Nodal Officer (H) to intervene immediately Feed back to the Teams & supervisors. Monitoring and supervision should be strengthened
		72	Islampur	Garbage/ clogged drain/ unmanaged construction site- All 'nil' in the whole municipal area! HI, CI, BI are very low.	Supervision & Monitoring issue. Nodal Officer (Health) to interact.
17	Dakshin Dinajpur	73	Rajganj	Population covered =52069 yet No. of fever with joint pain reported =0. However HI above 10% has been reported by several teams (Team No. 5,13, 16, 17, 18, 19, 20, 21, 26, 27, 28, 29, 30). Overall HI in the whole municipality= 8.96%.	Monitoring issue and vector control measures should be strengthened
		74	Kalyaganj	No. of garbage piles= 149 No unmanaged garbage in the supervisors' report! However a reported by CMOH. Behind the Public Bus stand there is heap of garbage.	Follow up with ULB for action
17	Dakshin Dinajpur	75	Balughat	Unmanaged garbage - Nil, clogged drain - 137. Larvicide has not been purchased till date	Feed back to the teams & Supervisors. Reporting & Administrative issue
		76	Gangarampur	In compiled sheet HI, CI, BI formulate are incorrect. 87.8% supervisors (151 out of 172) did not distribute leaflets	Administrative issue. Follow up with ULB for action. Reporting issue Distributed in previous round?
18	Paschim Bardhaman	77	Aansol	Clusture of fever cases found in ward no. 85, 34 & 60 as reported in Annexure-H The CMOH reported that the H+H activity of ULB is not satisfactory i.e. team can identify larvae partially, not carrying torch, not properly looking for domestic and peridomestic breeding sites, ULB not cleaning garbage and blocked drains. (Observations appreciated)	Verification in sample areas & PH action; appraisal to ULB Feed back to Teams & Supervisors. Follow up with ULB for admin. issues. More field supervision in further rounds; NUHM manpower, Entomologist etc. may be utilized under guidance of Nodal Officer (H).
		78	Durgapur	Risk sites 932 i.e. garbage piles=365, blocked drains = 465, other breeding sites = 102. The CMOH reported risk sites in almost all wards of ULB. 77.4% supervisors (69 out of 113) reported larval indices = 0	Follow up with ULB for action & documentation Training and Monitoring issue
18				The HI, CI & BI is 4.9, 2.3, 6.7 respectively in the area of supervisor Gita Das Praadhan	Monitoring and follow up with ULB for breeding source reduction

District Sl. No.	District	ULB Sl. No.	ULB	Comments	Actions
14	N24 Paraganas	56	New Barrackpore	Fever =0, Risk Sites=72, Out of 11 Supervisors only one Supervisor reported finding aedes larvae in one container in one household, rest 10 Supervisors' Report is Nil. In the whole municipality no fever cases found & only one larvae in one container in one house in this round (specifically in this monsoon period which is unlikely) which indicates Poor supervision & monitoring & HTH Survey not properly done	Strict Supervision & Monitoring as well as Re-sensitization is required urgently.
		57	Khardah	Population covered : 111185, fever with joint pain 771 (relatively high %). Supervisors Swapna Chakraborty, Sima Mukherjee, Turfajan Bibi reported fever cases (1.2%, 1.4%, 1.3%) of which Swapna Chakraborty reported BI: 9.4 As indicated in CMCH sir's report the ULB reported zero container having aedes larva, yet reported 324 cases with fever and joint pain. The two reports do not corroborate.	Monitoring for any cluster of fever cases with joint pain & bodyache, PH action where necessary. Appraisal to ULB for focused action e.g. vector control, IEC etc.
		58	North Barrackpore	All parameters under fever surveillance=0 except for a few teams under supervisors like K. Das, D Majumdar, M. Samadder, G. Khali and J. Karak : container positive for larvae = 0 also HICI = 0 and BI = 0 Risk sites (garbage piles / blocked drain etc) identified = 0? Dengue confirmed cases are being reported from other sources also (IDSP State Surveillance Units 4 (in last 7 days))	Supervision issue, Sensitization & follow up in the next round Administrative issue and followup with ULB
		59	South Durand	Some supervisors e.g. Tapasi Chakraborty, Dolly Guin, Ranju Das reported no. of containers positive with larvae as well as no. of house positive with larvae = 0 (though the same have reported fever with joint pain). Some supervisors e.g. Minoti Sen, Protita Biswas, Alpana Banerjee, Dhronjoy Dey have reported 0 in all the columns (eg fever with joint pain/ container positive/ house positive); even environmental risk sites reported as '0'. High fever case (0.5%) reported by Supervisor Bidhanan Ghara. Dengue confirmed cases are being reported from laboratories (105 in last 7 days)	Feed back; strengthening of supervision; follow up with ULB for breeding site reduction/ vector control; special action including IEC in high fever case/ dengue affected areas (high alert).
		60	Kachhpara	Waste management factors e.g. piles of garbage site/ clogged drain/ poorly managed construction site, etc = 753 Total fever cases=7 (very few in numbers) in whole municipality for this round, though there is fever alert in SMS server report, which should be reviewed. Out of 48726 containers checked only in 9 containers found aedes larvae. Out of 17 supervisors only 3 supervisors reported a having larvae in containers & household & rest 14 Supervisor's Reported Risk Sites=14. High no. of blocked drains reported from supervisors no.2 &17. SMS Reporting by supervisors=100%	Follow up with ULB for action Strict Supervision & Monitoring as well as Re-sensitization is required urgently & follow up with ULB
		61	Habra	Population covered 144409, fever with joint pain=62 only. Container examined 144393, positive containers 143. Supervisor Tapan Bispari reported all the indicators e.g. Fever with joint pain, container positive, house positive with larvae, environmental risk sites e.g. garbage pile/ blocked drain/ garage/ recycle factory, etc= 0	Feed back to Teams & Supervisors. Field supervision & monitoring during further rounds.
		62	Halisahar	Household coverage is less. 'Fever' cases = 21, Environmental risk Sites=157. Out of 17 Supervisors 6 Supervisors (Sl. No. 1,6,8,9,14 &17) reported containers having larvae & households having larvae as 'nil'. 10 Supervisors reported 'fever' cases =Nil. Highest no. of risk sites found (total=19) in area of Supervisor No. -10. Clogged drains reported from Team No.4&50 & 26-30. Not all teams can identify larvae. Nodal Officer (Health) found aedes larvae in 118 containers in 78 households. SMS reporting by supervisors is not good (71%)	Feed back to the Teams & Supervisors. Re-sensitization if necessary. Field supervision & monitoring. Follow up with ULB for action on risk sites.
		63	Madhanganam	Less number of households covered (1019). Risk Sites=409. Out of 33 supervisors only 3 supervisors reported as having aedes larvae in containers & households. Rest 30 Supervisor's Report =0.	Feed back to the Teams & Supervisors. Re-sensitization if necessary. Field supervision & monitoring. Follow up with ULB for action on risk sites.
		64	Titagarh	Population covered 18946, fever with joint pain=2 only, 9 out of 12 supervisors reported No. of containers positive with larvae =0	Monitoring & supervision issue

District Sl. No.	District	ULB Sl. No.	ULB	Comments	Actions
		48	Barasat	<p>Less number of containers checked. Fever cases=413. Out of 48 supervisors only 5 supervisors reported having aedes larvae in containers &amp; households. Rest 43 supervisor's reports are Nil. High no. of 'fever' cases found by Team No.11-15,181-185,221-223. No. of teams not carrying torch=5 out of 49 teams met. Only 13 containers in 13 houses have larvae. SMS Reporting Poor (68%). Fever alert 31. Larval alert=2</p> <p>As indicated in CMOH's report fever cases has increased slightly from the last round and cluster of fever cases has been found under teams 1-9 and 11-120</p> <p>Overall HI, CI &amp; BI =0</p> <p>As indicated in CMOH's report, analytical status of the containers examined / High Larval indices for action to be taken: Aedes larvae found in 239 containers in 207 households. The number has increased considerably compared to the previous round.</p> <p>Risk sites (garbage piles / blocked drain etc) identified = 309</p> <p>As indicated in CMOH sir's report 249 cases have been reported. There is a substantial rise in fever cases.</p> <p>Overall HI, CI &amp; BI =0</p> <p>Highest No. of Fever Cases with joint pain/ definite bodyache in last 7 weeks = 26 has been reported by S.Chowdhury</p> <p>Highest number of containers where larvae was found = 86 under the supervisor's team of A.Majumdar</p> <p>As indicated in CMOH sir's report Cluster of fever cases (with joint pain/ body ache) found in ward No by team/ ISI: Team numbers 26-30, 111-115, 196-200 have reported high fever cases.</p> <p>Risk sites (garbage piles / blocked drain etc) identified = 257</p> <p>As indicated in CMOH sir's report Analytical status of the containers examined / High Larval indices for action to be taken: 591 containers in 367 households have been found to have Aedes larvae. There is a significant rise in this regard. Yet some of the supervisors reporting 0 or very few positive containers.</p> <p>As indicated in CMOH's report Analytical status of the containers examined / High Larval indices for action to be taken: Reported only 28 containers having larvae in 23 households. The ULB reported very low container with larvae which seems to be reviewed.</p>	<p>Monitoring, Supervision &amp; Feed-back issues</p> <p>Monitoring &amp; PH action with appraisal to ULB for vector control</p> <p>Field supervision &amp; feed back to be strengthened</p> <p>Finding of larvae appreciated. Feed back to ULB for control of breeding site/vector control. Focus on area with high larval index.</p> <p>Administrative issue and followup with ULB</p> <p>PH action and follow up with ULB</p> <p>Supervision may be strengthened.</p> <p>Supervision issue, follow up with ULB and PH action to be taken</p> <p>PH action, Monitoring and follow up in next round</p> <p>Administrative issue, Monitoring issue, PH action to be taken and follow up with ULB</p> <p>Administrative issue and followup with ULB</p> <p>Finding of larvae appreciated. Feed back to ULB for control of breeding site/vector control. Poor performers - administrative issue.</p> <p>Administrative issue, Monitoring issue, PH action to be taken and follow up with ULB</p> <p>Supervision may be strengthened</p> <p>Administrative issue and followup with ULB</p> <p>Monitoring issue &amp; PH action</p> <p>Follow up with ULB</p> <p>Monitoring &amp; supervision &amp; training as well as Administrative issues</p> <p>Monitoring &amp; supervision &amp; training as well as Administrative issues</p>
		51	Barrackpore	<p>Overall HI, CI &amp; BI = almost 0 (only 28 containers having larvae). However, Dengue confirmed cases are being reported from other sources also (DSP State Surveillance Unit): 5 (in last 7 days)</p> <p>Risk sites (garbage piles / blocked drain etc) identified = 82</p> <p>Supervisors Kaji adhikary, Tapati Dey, Nibedita Das reported high fever case (1.42%, 1.07%, 1.2 % respectively), of which Tapati Dey &amp; Nibedita Das reported No. of container positive &amp; No. of house positive= 0. Dengue confirmed cases are being reported from other sources also (DSP State Surveillance Unit): 5 (in last 7 days)</p> <p>No. of waste management sites (e.g. Garbage pile/ blocked drain/ garbage/ recycle factory, etc) = 419</p> <p>Out of 28 supervisors all reported HI/BI/CI = Nil, Risk Sites=Nil. Fever cases only=4. The Reporting of the teams clearly reflect that they have not done the works sincerely. The ULB Authorities should monitor the same. SMS Reporting by Supervisors=100%.</p> <p>Risk Sites=107. Households coverage is low. Fever cases=14. A total 7157 containers checked but only one container in one household found larvae which is unlikely in this monsoon season. Out of 11 supervisors only one supervisor reported larvae in one container in a household &amp; 6 supervisors reported fever a Nil. Risk sites are highest of one supervisor No.9</p> <p>Risk Sites=303, Fever cases=221. Cluster of fever cases found in team No.24-27,28-31,23 reported high fever cases. Team No.6-10,33-35 reported high no. of blocked drains.</p> <p>Out of 15 Supervisors 4 supervisors (No.2,3,4,11) reported being larvae in containers &amp; households=0. SMS Reporting compliance good (100%). SMS Fever alert =13.</p>	<p>Administrative issue and followup with ULB</p> <p>Monitoring issue &amp; PH action</p> <p>Follow up with ULB</p> <p>Monitoring &amp; supervision &amp; training as well as Administrative issues</p> <p>Monitoring &amp; supervision &amp; training as well as Administrative issues</p> <p>Administrative &amp; FU with ULB</p> <p>Feed back to poor performing Teams &amp; Supervisors. Field supervision, Verification &amp; PH action for fever alerts</p>

District Sl. No.	District	ULB Sl. No.	ULB	Comments	Actions
10	Howrah	30	Uluberia	29 out of 30 Supervisors reported 0 no. of container positive for larvae and House positive for larvae. No of clogged drain, garbage pile, etc other potential breeding sites 261. No. of unmanaged garbage found in the whole municipality=1	Feed back- field supervision. Follow up with ULB for action. Do the Teams visit tyre repacking shops?
		31	HMC	179 out of 285 (62.8%). Supervisors reported no. of container found positive = 0. 183 out of 285 supervisors (64.2%) reported no. of house positive with larvae = 0. 225 (78.9%) supervisors did not found clogged drain in their surveyed area, 187 (65.6%) supervisors did not found garbage pile in their surveyed area. However Annexure H reports revealed: 1) 'Heaps of garbage and blocked drains, HMC authorities have to augment solid waste management and maintain it properly.' 2) 'Increasing trend of fever cases (346 in this round; 197 in previous round)	Feed back to Teams & Supervisors. Re-sensitization & field supervision. Feed back to ULB authorities for administrative issues.
		32	Englishbazar	No. of container examined (40535) is less than no. of household visited (43271). Most of the supervisors reported 0 in most of the parameters under waste management & environmental factors.	Feed back; Field supervision. Reporting issue/ Administrative issue
11	Medinipur	33	Old Medinipur	Risk sites i.e. garbage piles, blocked drains etc reported as 96.	Follow up with ULB for action & documentation
		34	Berhampore	(i) No. of containers found positive = 9 and (ii) environmental risk sites '0'. In the whole municipality.	(i) Feed back; field supervision. (ii) Reporting issue/ Administrative issue
		35	Medinipur	Container positive reported 1 in the whole municipality, However No. of garbage site: 55 reported by UGA Debnath, Blocked drain : 26 reported by UGA & Manashi	Follow up issue
		35	Jangpore	Population covered 89629, fever with joint pain detected 113. High case reported by Team: 50, Abhinav 16, Koushik 18, Vinod 22	Field verification and PI action if suspected dengue/chik or fever cluster; close monitoring in further rounds
		37	Dhulian	Population covered 108510, fever with joint pain detected 188; (High 'fever' case reported by Akira, Sainha, Nafra, Narmal). Out of them Narmal reported no. of containers positive 241. CI high reported by some supervisors like : Usha: 28%, Akter: 19%, Nafila: 52%, Mahamuda-56%, Chandana-29%	Field verification and PI action if suspected dengue/chik or fever cluster. Special focus on Supervisor Narmal's area, appraisal to ULB for management of containers in her area. Sample verification and appraisal to ULB for breeding site reduction/ vector control
12	Murshidabad	38	Adimganj	Population covered 49262, fever with joint pain detected 603 on the day and 1786 in last 2 weeks. No. of containers examined very low (6114) compared to the no. of household examined (11799). Positive containers reported- 29 and environmental risk site (garbage pile/ recycle factory/ clogged drain/ construction site)- 0 in the whole municipality!	Feed back to Teams & Supervisors. Re-sensitization & field supervision. Risk sites - not captured or not compiled at ULB control room?
		39	Kandi	Population covered 52856, fever with joint pain detected 999. High cases contributed by Supervisors: Karick-91, Samir-69, Suren-198. However (i) containers having larvae as well as (ii) environmental risk sites in the whole municipal area reported as '0'!	Sample verification, and PI action for high 'fever' case areas. For others, feed back to Teams & Supervisors. Risk sites - reporting issue?
		40	Gayeshpur	Population covered 61500, fever with joint pain detected 2. May be under-reporting	Monitoring issue
		41	Haridighata	Population covered 48933, fever with joint pain detected 11. May be under-reporting, garbage site reported: 106	Feed back to Teams & ULB. Nodal Officer (H) may look for blocked drains & mosquito larvae therein during next round's visit.
		42	Chakdaha	Population covered 94833, fever with joint pain detected 17. May be under-reporting. Container positive more than 20 reported by Supervisors: Paloni, Baroni, Mahibacharya, Basanti and Utpal	Monitoring & Follow up with ULB Feed back before next round. Monitoring. Verification by checking a few areas. Follow up with ULB for breeding site reduction/ vector control Followup with ULB for action
13	Nadia	43	Krishna-nagar	Population covered 88892, fever with joint pain 4 only. Waste management environmental factors reported 0, and positive container- reported 6 only in the whole municipality	Monitoring & supervision may be strengthened
		44	Nabardwaj	Population covered 133309, fever with joint pain detected 11. May be under-reporting.	Monitoring issue
		45	Kalyani	Population covered 104172, fever with joint pain detected 66. More than 10 fever cases reported by Kamal Mondol, Sultumar Bar & Usha Parua. (These supervisors reported fever cases in the previous round too, hence monitoring of these areas is necessary)	PI action; monitoring
		46	Ranaghat	CI-6.8% reported by team no. 4 and 10.8 % by team no.5	Field verification in selected areas and appraisal to ULB for vector control actions
		47	Shantipur	Total population 70080 fever with joint pain- only 8. No report has been found from Supervisor Urm Ghosh Population covered 142949 fever with joint pain reported 5 only in the whole municipality	Feed back to Teams & Supervisors. Monitoring Feed back to Teams & Supervisors. Monitoring

District Sl. No.	District	ULB Sl. No.	ULB	Comments	Actions
		18	Serampore	According to Annexure H report of the CMOH, 14 poorly managed construction sites reported and administrative action was also taken. Risk sites i.e garbage piles reported as 82, blocked drains = 74 & other outdoor breeding sites = 85. Piles of garbage sites detected alarming as reported by the CMOH. The District PH office maintaining liaison with ULB authority and planned for special survey by district team as reported by the CMOH.	Close monitoring and follow up in the next round. Monitoring and regular follow up with the ULB
		19	Arambagh	No. of container examined is less in comparison to the no. of household visited by supervisor Pampa Bag, Abhishekh Mukherjee, Dipal Malik & Prasanta Banerjee.	Training and Monitoring Issue
		20	Bhadraishwar	Increase in no. of fever cases and positive containers in this round compared to July 1st round as reported in excel sheet as well as by CMOH report. District PH office closely monitoring the situation as reported. Risk sites/outdoor breeding sites reported = 82. According to the CMOH report ULB has already been informed for vector breeding source reduction. As reported by the CMOH in Annexure H, the household owners are demanding usefulness of preserving family card & not happy by two time visit in a month.	Monitoring and follow up in the next round. Administrative Issue, Strengthen IEC activity
		21	Chandanagar MC	Risk sites reported only 3 in the whole municipality [under-reporting?] All necessary actions taken for breeding source reduction as reported in Annexure H.	Monitoring and follow up in the next round. Administrative Issue, Strengthen IEC activity
		22	Chandpany	Increase in fever cases as compared to last round as reported in excel report and in Annexure H. The situation is under close monitoring as reported by CMOH. Most of the supervisors reported 0 in larval indices as revealed by excel report which has been noticed also by the CMOH. [More of concern when fever cases are increasing]	Concern appreciated. ULB may be kept apprised from time to time Feed back to Teams & Supervisors. Field supervision
		23	Banabaria	Supervisor Alpasa Ghosh reported 2 household positive for larvae but 0 container positive for larvae. Gross mistake in reporting. All parameters under fever surveillance and larval indices 0 in the whole municipality except supervisor Shibai Das. Team members can partially identify larvae as reported by CMOH in Annexure H.	Reporting Issue Feed back to Teams & Supervisors. Re-sensitization & field supervision
9	Hooghly	24	Chinsurah	No. of piles of garbage 43. ULB authority has been communicated as reported in Annexure H by the CMOH. Most of the supervisors reported larval indices 0. No. of container checked is less than no. of household visited by five supervisors as reported in excel report.	Follow up with ULB for action Re-sensitization; field supervision; feed back to poor performing Teams
		25	Baldiyabadi	Risk sites i.e garbage piles, blocked drains, other breeding sources = 88 No. of container found positive=0, household positive=0 No. of container examined is less than no. of household visited by 5 supervisors	Administrative Issue: Follow up with ULB Feed back to Teams & Supervisors. Re-sensitization if necessary & field supervision Training and Monitoring Issue
		26	Dankuni	Larval indices 0 in the whole municipality	Feed back to Teams & Supervisors. Re-sensitization if necessary & field supervision
		27	Konnagar	Action taken for clogged drains and unmanaged garbage as reported by the CMOH in Annexure H report Increase in fever cases compared to last round as reported. The CMOH reported that clustering found in ward no. 5 of team no.11 under supervisor Jhuma Dhar. Monitoring team directed for cross checking as reported in Annexure H. Risk sites i.e blocked drains, garbage piles etc= 89. The CMOH reported the appropriate action taken. No. of container examined is less than no. of household visited by supervisor Keshab Das (Household visited = 1696 & container examined = 1264) Fever cases reported by the team to be 35 for last 2 weeks & 17 for the day. Medical team visited and clinically found not with joint pain as reported in Annexure H. The no. of containers found larvae & no. of house found positive need to be rechecked (in the whole municipality container positive 8 & house positive 13), gross mistake in reporting of supervisor Mitai Bhattacharya, Riuru Majumdar and Krishna Bose	Nodal Officer (H) may check for larvae in next round PH action, Monitoring and follow up in next round Nodal Officer (H) may check for larvae in next round Feed back to Teams & Supervisors. Concurrent field supervision Sensitization and follow up in the next round Feed back; field supervision, Reporting Issue
		29	Uttarpara	Risk sites i.e piles of garbage, blocked drains etc= 34. Although piles of garbage reported as only 2 but other major outdoor breeding sites reported= 144 and clogged drains = 131. Attempts has been taken to identify and destroy breeding sites as reported by the CMOH.	Monitoring and follow up with ULB for breeding source reduction Close monitoring and regular follow up with the ULB

Extract of the Monthly review meeting at ULB level under NUHM specially on Dengue control and prevention Programme held on 25.07.2017 at 3:00 pm at Municipal Meeting Hall, Habra Municipality.

Members present:

- 1) Sri. Nilimesh Das, Chairman, Habra Municipality
- 2) Sri Tarak Nath Das, CIC-Public-Health, Habra Municipality
- 3) Smt. Nanda Chakraborty, CIC-Education, Habra Municipality
- 4) Sri. Manik Roy Ghatak, Executive Officer, North 24 Parganas
- 5) Dr. Manas Das, Health Officer & Nodal Officer-NUHM, Habra Municipality
- 6) Dr. Sankar Lal Ghosh, Superintendent Habra S.G.Hospital and Monitoring Officer-VBD Programme from Health Deptt., Govt. of West Bengal
- 7) Sri. Bidhan Podder, Sanitary Inspector, Habra Municipality
- 8) Full Time Medical Officers, UPHCs 1, 2 & 3, NUHM
- 9) Full Pharmacists, UPHCs 1, 2 & 3, NUHM
- 10) Lab. Technicians, UPHCs 1 & 2, NUHM
- 11) Representatives from Higher Secondary, High and Primary Schools
- 12) Representatives from Private Pathological Laboratory
- 13) Supervisors, Dengue control and prevention Programme
- 14) Supervisors, Conservancy Deptt., Habra Municipality
- 15) Sri. Rishiraj Sarkar, Sanitary Inspector CBPHCS and in charge of UHND/Immunization/Monthly reports.
- 16) Sri. Soumya Banerjee, Account Assistant, CBPHCS and looking into NUHM accounts, Habra Municipality.
- 17) Sri. Uttaran Mallick Choudhury, Co-ordinator, UPHC-1
- 18) Sri. Pranab Chakraborty, Co-ordinator, UPHC-2
- 19) Sri. Soumen Ghosh, Co-ordinator, UPHC-3

Chairman presided over the meeting and following resolutions were taken:

Resolutions:

- 1) A brief technical analysis held of last two rounds (7<sup>th</sup> July to 11<sup>th</sup> July and 16<sup>th</sup> July to 20<sup>th</sup> July) house to house survey work regarding Dengue Prevention and control Programme. It is appeared in the report that no. of fever cases and no. of

larvae found in containers have been very marginally raised. Dengue Supervisors were instructed to visit with their teams at the time of house to house survey works. Reported piles of garbage, blocked drains from some area have been cleaned by conservancy workers as per Action Taken Register. Spraying of Larvicidal oil is to be carried out in all the wards 4 times a month.

A brief awareness discussion held with power point presentation with Higher Secondary, High and Primary Schools teachers' like-awareness and do's and don'ts. They were trained how to generate awareness among students from dengue and other vector borne diseases, how to destroy container, identification of larvae and other IEC activities. Health team from Municipality will visit schools at regular interval.

All private pathological laboratories representatives also joined this meeting. They were requested to submit weekly positive/reactive dengue cases report by using Elisa method or mentions if done by other methods within Habra Municipal area.

Supervisors of Dengue survey team were instructed to attend evening meeting daily during the round with Nodal Officer and ensure 100% SMS reporting as per Govt. order. Leaflets and flex were distributed among them.

Chairman, CIC-Health, Health Officer - appealed to all workers engaged to extend all possible cooperation for strengthening Dengue prevention and control programme.

- 2) HMIS reporting for offline of all facility under NUHM going to be started in all 3 UPHCs for the month of April to July. All reports uploaded within 7<sup>th</sup> of August, 2017.
- 3) Intensified Mission Indradhanush programme of survey work for identified immunization status of all children below 2 years and pregnant women's within Habra Municipal area to be started from 27<sup>th</sup> of July - 4<sup>th</sup> and beyond if needed till survey works completed. Before survey works on 24<sup>th</sup> of this month a day long 2 bathes training has been done by master trainers i.e. Health Officer, CDPO, Supervisors of ICDS and SI of CBPHCS.
- 4) Performance of OPD in all the three (03) UPHCs showing better in comparison with previous month.
- 5) UHND services have also been improved. Out of total 110 AWC and 8 SC - 216 No. of UHND sessions were organized during the month of July, 2017 where more than 8,000 of beneficiaries attended. Immunization, antenatal checkup, counseling of girl child, overall health and hygiene etc. services extended.

6) In 03 UPHCs 09 Outreach camps were organized. More than 500 patients were benefited from the outreach services. In the outreach camps organized with the help of concerned ward councilors, speciality services given likes Diabetes, Hypertension, Gynecological & obstetric, Eye, ENT and Dental checkup with free tests of blood sugar & ECG and free distribution of medicines. It is decided from the meeting, henceforth specialist Doctors may also attend patients at UPHCs as per availability in a month for increased demand of the public. It is also decided that outreach camp will be held in primary schools in remote areas under the municipal jurisdiction.

7) Lab technician need sensitization training and minimum furniture, equipments, reagents etc. from district to start basis laboratory diagnostics tests.

Meetings concluded with thanks from and to the chair and all concerned were requested to take necessary initiatives as per issues resolved in the meeting.

Memo No 1245/A-106

Dated: 07.08.2017

PO(H)  
07/08/17

To  
The Additional Director  
SUDA

Sub : Request to change the date of convening dissemination meeting on VBD by ULB

Sir,  
As per your letter No. SUDA-Health/65(Pt-xiv)/16/97(90) dated 21/7/17, I like to mention here that 13<sup>th</sup> & 27<sup>th</sup> day of this month goes into Sunday on which Representative of DM & CMOH will not attend and next month, on 27<sup>th</sup> goes into Puja Festival.

Considering above problem we have selected following dates for meeting e.g 11/8/17, 25/8/17, 13/9/17, 22/9/17, 13/9/17 & 27/10/17 respectively.

This is for your information and necessary action taken.

Thanking you,

Yours faithfully,

  
CHAIRMAN

BAIDYABATI MUNICIPALITY

 Chairman  
Baidyabati Municipality

Talked to the chairman on 9.8.17. ULB may conduct meeting on the proposed dates
