

To
The Commissioner
Bidhannagar Municipal Corporation

**Subject: Observation of the Monitoring Officer in relation to Dengue
Prevention Activity**

Reference: SUDA-257/2017/852 DATED 31/10/2017

From the report of the reporting officer attached to your corporation the visiting officer reported several short comings in Borough-III and other areas of Mahishbathan, Kestopur, Sukantanagar like:

1. Lack of coordination between health workers and conservancy staff.
2. Some open drains are noticed which are breeding sites.
3. Further there is no report of meeting with community, distribution of leaflets and awareness building through miking.

The State Government is concerned about handling the daily prevention activities in some parts of your area. Problem areas that needs improvement are been appraised to you and it is felt that more thrust is required at your level.

It is expected that probable actions has already been taken and an action taken report may kindly be communicated to this end.

Enclosure: As stated

Secretary
UD & MA
