

Sub. : Provision of (A) Uniform, (B) Umbrella and (C) Kit Bag for grass-root level Health functionaries to the ULBs.

This is to state that uniform, kit bag and umbrella were provided to grass-root level health functionaries thrice i.e. in the year 2005, 2007 & 2010 under health component of KUSP. Already more than two years have been passed since last provision of uniform, kit bag and umbrella which do not last more than two years. A number of ULBs are pressing hard for supply of the said items to the grass root level health functionaries. As the grass root level health functionaries pay regular home visits round the year, it is essential to replace uniform, kit bag and umbrella at least every two years.

- In the last occasion, unit rate for uniform, kit bag and umbrella as well as cost involvement was as under :

(Amount in Lakh)

Uniform for 2 sets @ Rs. 300/- each for 9832 nos. of HHW, FTS and STSs	Umbrella @ Rs. 150/- for 9832 nos. of HHW, FTS and STSs	Kit Bag without contents @ Rs. 200/- for 9674 nos. of HHW and FTS	Total
58.99	14.75	19.35	93.09

- Rate of uniform may be revised during the years. Hence, current rate may be obtained. It is suggested that the rate of uniform may be obtained from Department of Health & Family Welfare for which a communication may be made, if agreed upon.
- Unit rate of umbrella and kit bag as stated in the table above may be kept unaltered.
- Cost involvement for ULBs implementing CBPHCS may be met out of CBPHCS fund available with SUDA.
- Cost involvement for ULBs implementing UPHCS may be assessed and placed before the Department of Municipal Affairs for release of additional fund.
- In case of male STSs, set of uniform will consist of trouser and shirts as were provided in earlier occasions.
- Procurement at ULB level will be done by the respective ULBs.

Submitted for kind advice.

Notes at pu-page

This is a proposal from P.O. (H) for providing uniforms, kit-bags and umbrellas to the functionaries of primary health care services at grassroot-level likewise before in the years 2005, 2007 and 2010.

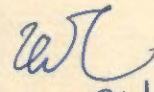

Since there is no specific provision in the current-year allotment for providing uniforms etc as proposed, Administrative & Financial sanction needs to be obtained from the Municipal Affairs Department.

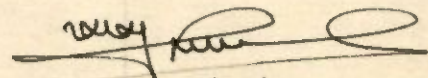

If approved, the estimated cost of uniform is to be assessed for sending the proposal with total financial involvement. For this purpose P.O. (H) may be requested to get the current-state of uniform from the Health & Family Welfare Department.

Director

PO(H)

X - as proposed.
