OFFICE MEMORANDUM

Sub.: Amendments in Operational guidelines of Employment through Skill Training and Placement (EST&P) component of National Urban Livelihoods Mission (NULM) based on Common Norms for Skill Development Schemes prescribed by the Ministry of Skill Development and Entrepreneurship (MoSDE) - reg.

The Operational guidelines of Employment through Training and Placement (EST&P) component of National Urban Livelihhods Mission (NULM) were issued vide O.M.No.K-14011/1/2013-UPA dated 13th December, 2013. These were amended through OM no. K-14014/58(8)/2012-UPA/FTS-7791 dated June 8, 2015 and OM No. K-14011/7/2013-UPA/FTS-9789 dated 3rd August 2015.

2 The undersigned is directed to refer to the above-mentioned subject and to say that the following amendments in the operational guidelines of EST&P component of NULM are being made in view of the Common Norms notified by the Ministry of Skill Development and Entrepreneurship (MoSDE). These amendments may be implemented with immediate effect, wherever possible. However, from April 1, 2016, all the training must be conducted as per these amended guidelines.

SN	Existing Provision	Amended Provision
1	Clause 1: Introduction and Objectives	Clause 1: Introduction and Objectives (modified as below) **The National Skill Development Policy 2015 points to a requirement of 109.73 million additional skilled human resources across 24 key sectors by 2022.** The Employment through Skills Training & Placement (EST&P) Component under NULM is designed to provide skills to the unskilled urban

		poor. The program will provide for skill training of the urban poor to enable them setting up self-employment ventures and for salaried jobs in the private sector. The EST&P Program intends to fill the gap between the demand and availability of skills by providing skill training programs as required by the market. Objectives The broader objective of the Employment through Skills Training & Placement (EST&P) Program is – • To provide an asset to the urban poor in the form of skills for sustainable livelihood. • To increase the income of urban poor through structured, market-oriented certified courses that can provide salaried employment and / or self-employment opportunities which will eventually lead to better living standards and alleviation of urban poverty on a sustainable basis. • Ensure inclusive growth with increased contribution of skilled urban poor to the National Economy. **Skill development, under EST&P is defined as any domain specific demand led skill training activity leading to employment or any outcome oriented activity that enables a participant to acquire a Skill, duly assessed and certified by an NSQF approved independent third party agency, and which enables him/her to get wage / self-employment leading to increased earnings, and/or improved working conditions, such as getting formal certification for hitherto informal skills, and/or moving from informal to formal sector jobs or pursue higher education/training.** **Under the Skill development programmes, three types of training can be provided:** **a. Training of fresh entrants to the job market**

		b. Reskilling or skill up-gradation of persons already engaged in an occupation c. Formal recognition and certification of persons who have acquired skills through informal, non-formal or experiential training in any vocational trade or craft, after imparting bridge course, if necessary.
2	Clause 2.2: Curriculum Designing	**Clause 2.2: Curriculum Designing (to be replaced)** i. **All Skill Development courses offered under the EST&P must conform to the National Skills Qualification Framework (NSQF) notified on 27.12.2013 (url http://www.skilldevelopment.gov.in/assets/images/Notification/Gazette_NSQF.pdf), which provides for transition of all training/educational programmes/ courses to be NSQF compliant by the third anniversary date of the notification of NSQF (i.e., by 27.12.2016). All training providers under EST&P would need to comply with this requirement of the NSQF, failure to do which would lead to their de-listing by the empanelling/approving authority.** ii. **The NSQF is a competency based quality assurance framework. National Occupational standards (NOS) developed by different Sectors Skill Councils (SSC) under NSQF specify the standards of performance an individual must achieve for carrying out a function in the workplace. A combination of NOSs, including those relating to soft skills, forming part of a Qualification Pack (QP) required for a job role is taught as a course. The earlier skills qualifications frameworks, viz., National Vocational Qualification Framework (NVQF) and National Vocational**

		Education Qualifications Framework (NVEQF) are superseded by NSQF. iii. Modular Employable Skill (MES) courses under DGT, MoSDE are being mapped to Qualification Packs by NSDC to make them NSQF compliant. iv. Regulatory/Awarding bodies (e.g. UGC, AICTE, NCVT, Technical and School Boards etc.) while continuing to regulate their courses, programmes, affiliation, and accreditation system shall ensure their alignment and conformity with the NSQF. v. All training providers would have to organise their courses/programmes to ensure alignment with NSQF levels in accordance with the implementation schedule given in the NSQF notification.
3	Clause 2.3 Soft Skills (to be replaced)	Clause 2.3 Soft Skills (to be replaced) i. As mentioned in 2.2 (ii) above, soft skills (which would include computer literacy, language and workplace inter-personal skills relevant for the sector/trade) are integral part of the Qualification Packs under NSQF. ii. Additionally inputs should also be given on financial literacy (savings, credit, subsidy, remittance, insurance and pension) and entitlements of poor under other components of NULM and other Central/State schemes for social benefits and poverty alleviation.
4	Clause 2.4 :Course Duration	Clause 2.4: Course Duration (to be replaced) The duration of various types of skill development training shall be: i. Training for fresh entrants will be minimum 200 hours (including practical and/or on the job training) except where prescribed by

		any Statute or as specifically approved by the Ministry. ii. In case of reskilling or skill up-gradation of persons already engaged in an occupation, trainings will be of a minimum duration of 16 hours including practical and/or on-the-job training, depending on the number of NOSs being covered. iii. Formal recognition through certification of persons, who have acquired Skill through informal, non-formal or experiential training in any vocational trade or craft, will be done, after imparting bridge courses, if required.
5	Clause 2A: Outcome of Skill Development Programmes (new clause to be added)	**Clause 2A: Outcome of Skill Development Programmes (new clause)** **The outcomes from Skill development Programmes will be as under:** **i. Outcomes for training of fresh entrants will include all of the following:** **a. Employment (both wage employment and self-employment) on an annual basis of at least 70% of the successfully certified trainees within three months of completion of training, with at least 50% of the trainees passing out being placed in wage employment; provided that SULMs shall have freedom to alter the percentage of wage and self-employment based on the nature of activity, local economy, social conditions, etc. with intimation to the Ministry.** **b. In case of wage employment, candidates shall be placed in jobs that provide wages at least equal to minimum wages prescribed and such candidates should continue to be in jobs for a minimum period of three months, from the date of placement in the same or a higher level with the same or any other employer.** **c. In case of self-employment, candidates should have been employed gainfully in**

Sir,

I would like to follow up on the action item mentioned in minutes of the meeting held at SUDA on 06-08-2018 (MEMO: SUDA - 121/2015(pt-I) dated 07-08-2018) .
I have tried to call Mr. Surajit Mondol on 21st August to discuss this. I couldn't get him on the call.
We are already running very late in terms of data entry for the Ongoing trainings.
Director, SUDA instructed to expedite the data entry as soon as possible.
So, kindly co operate with us and provide training partner details and applicant details.

*** Now, all applicant / trainee details are getting Aadhaar validated during data entry. So, it requires Aadhaar copy of each applicant.
Please let me know if you have any issue providing these data.

Format (as shared earlier in reminder -1)

Applicant data format : Student details format example (1).xlsx
STP data format : Skill Training Partners Details Format

We have completed Q1 of FY 2018-19 and GOI have asked to upload all ongoing training into NULM MIS portal. Please share the training data in prescribed format.

One update.
An OTP (One Time Password) Validation has been incorporated in the ESTP module in DAY-NULM on the Live Server. This is to ensure authentication/validation of candidates at the time of registration.

Now the TC/ULB can register a candidate for ESTP training, only after receiving the OTP from the Candidate. The OTP is sent to the mobile no of the candidate and then the candidate informs the TC/ULB of the OTP. This ensures that the candidate is physically present at the TC/ULB at the time of registration.

Sir,

As per last report, around 10 000 beneficiaries from different ULBs getting trained under PBSSD. We have very less information about those training and candidates.

As per guideline the student details should be uploaded into MIS portal www.nulm.gov.in . In last review meeting this issue raised along with certification delay.

Can you please let me know your thought on how we should initiate the data collection and data upload into MIS portal.

Please let me know for any query.

Skill Development Program under State Urban Development Agency

Date: 08.12.2016

1 Introduction

A. The Government of West Bengal has an integrated approach to Skill Development in West Bengal with the Technical Education, Training and Skill Development (TET&SD) Department being the nodal department for the state government for all skilling interventions through its Polytechnics, ITIs/ITCs, VTCs, VTPs (Public and Private) as well as various private affiliated institutes.

B. The TET&SD department through its Directorates and Council supervises 216 ITIs, 146 polytechnics and around 2800 vocational training centers operating all over the state with an annual target of skilling around 6 lakh youths under the Utkarsh Bangla scheme in the institutional and non-institutional mode for the financial year 2015-2016.

C. To address the requirement of skilled manpower across various sectors and to narrow the existing gap between the demand and supply of skills, Government of West Bengal has also constituted the West Bengal Skill Development Mission (WBSDM) under chairmanship of the Hon'ble Chief Minister along with constitution of the Paschim Banga Society for Skill Development (PBSSD) under the chairmanship of the Chief Secretary to implement the decisions of the WBSDM.

D. On 16th February, 2016 the Government of West Bengal introduced a Flagship Scheme called "Utkarsh Bangla" in the State of West Bengal for the entire non-institutional short term Skill Development interventions to provide wage/ self-employment linked skills training to the residents of the State. Under this scheme all interventions funded by the various State Government Departments/ Bodies/ Agencies from State and other funds leading to Skill Development shall be made by PBSSD on their behalf.

E. The State Urban Development Agency (SUDA) under the Department of Municipal Affairs intends to train around 26,000 urban poor residents in the 125 municipalities of the state through non-project mode under the Utkarsh Bangla Scheme. PBSSD would assist SUDA in conceptualizing and implementing of training program. In this context it may be mentioned that PBSSD has already been associated with SUDA for conducting assessments in Direct Candidates Assessment (DCA) mode.

Process of Implementation

A. Registration:

a. A portal would be developed to register the applicants. Each applicant would be given a choice to opt for a single module according to availability of empanelled capacity with PBSSD for the particular municipality. A document on registration guidelines would be made available in the portal.
b. An advertisement would be released in top newspapers inviting applications & the portal shall simultaneously go live.
c. After the deadline of registration the database would be handled by PBSSD for assignment of temporary batches. The deadline may be extended considering the number of applications received.
d. Generally a batch would be formed if more than 20 applicants are available for a particular module in a particular municipality. The temporary batches would be allocated to empanelled training centers offering the module in that municipality according to the approved method of PBSSD.
e. The empanelled training centers would be issued Letters of Intent (LoIs) asking them to confirm availability of rooms, equipment and trainers for the batches. Once the responses of the LoIs are received, the Letters of Counselling (LoC) would be released informing the training centers the procedure of counselling and capturing the biometric data of the trainees.
f. Upon successful completion of the counselling process the training centers would be allocated batches. The minimum no. of trainees in a batch must be above 12, which may be altered according to decisions made by PBSSD.
g. The assessment & certification process for all the batches would be handled by PBSSD.
h. In case it is found that the empanelled capacity is unable to satisfy the interest of the applicants, then PBSSD would arrange necessary arrangements to empanel more centers or modules or rooms to minimize the demand-supply gap.

B. Mobilization and Awareness Building:

a. The PBSSD would seek support from the 125 Urban Local Bodies (ULB) or other relevant entities for mobilization of the candidates. A workshop would be held with councilor/in-charge of the skill development interventions of all ULBs & Executive Officers to enable them to spearhead the mobilization of potential trainees. Any existing database with the ULBs may be referred in these cases.
b. TV scrollers, paper ads and various advertisement materials would be floated and circulated to raise the awareness about the program.

3 Funding:

A. The Department of Municipal Affairs would transfer the necessary fund for this training to PBSSD account head.

B. PBSSD would make the payments to the Training Providers and Assessors according to the prevailing norms or CNN, whichever applicable.

C. The PBSSD would submit a utilization certificate to Department of Municipal Affairs upon completion of the training process.

4 Monitoring and Evaluation

A. The training program would be monitored and evaluated on periodical basis primarily by the District level Project Management Units (DPMUs) and the Sub division level Project Management Units (SDPMUs). PBSSD is in the process of setting up these units.

B. Till the time these units are at place the nodal ITI/Polytechnic officers would be responsible for the monitoring and evaluation process. Inputs from the Department of Minority Affairs may be solicited in this case.

C. Release of payments to the Training Providers would be done based on the feedback received and fulfilment of the Key Performance Indicators as per the Utkarsh Bangla Scheme.

5 Activity Planner

A. The entire process of this training program would be supervised by PBSSD through its SPMU under the overall leadership of the Chief Secretary who is ex-officio Chairman of PBSSD.

B. The Activity Planner would be as follows:

Activity	Timeline
Release of Advertisement and activating portal for registration	Within 3 days of receiving approval from the Department of Municipal Affairs
Registration window	21 days to 30 days *The window may be extended for 15 days if enough no. of applications are not submitted by deadline*
Releasing LoIs (in phases)	Within 10 working days from closing of application process
Releasing LoCs (in phases)	Within 2 working days from releasing LoIs
Releasing Work Orders (in phases)	Within 10 working days from releasing LoCs
Commencement of batches	Within 5 working days from releasing the Work Orders

A quick response to this concept note would be highly appreciated.

Sub: Imparting EST&P training of Day-NULM programme through TET & SD Deptt.

Ref. : SUDA-76/2015/242 dt. 10/04/2015

Sir,

With reference to our earlier communication mentioned above I am directed to inform you WBSULM under Municipal Affairs Department intends to impart EST&P training for 26 thousand Urban Poor beneficiaries of DAY-NULM programme in the first half of FY. 2016-17 through PBSSD under your Department with its empanelled Training Provider. The list of Beneficiaries and requisite fund for such training will be provided by WBSULM and TET&SD Deptt. will arrange for imparting training, assessment, certification and placement as per DAY-NULM training norms.

In the above context it is to mention that MoHUPA has directed in their amended operational guidelines of EST&P training under DAY-NULM programme that all Training Providers have to follow NSQF compliant training course and other common norms set for this component. A copy of amended guideline and proposed modification suggested by Technical Advisory Group of MoHUPA is enclosed for your ready reference.

Therefore, to finalize the modalities for conducting such training and Terms and References between two Departments the representatives from SUDA may sit with PBSSD TET & SD representative on 27.07.2016 at 3.00 P.M at your office.

On behalf of WBSULM Sri Mrinal Kanti Rano, Joint Director(Social Development), SUDA will liaison with your department.

1 Introduction and Objectives

The National Skill Development Policy issued in March 2009 states that the demand for skilled manpower by 2022 is 50 Million. Due to increasing urbanization, 50 Million non-farm employment opportunities will be created during the 12th Five Year Plan period and same number of people would be provided certified skill training.

The Employment through Skills Training & Placement (EST&P) Component under NULM is designed to provide skills to the unskilled urban poor as well as to upgrade their existing skills. The program will provide for skill training of the urban poor to enable them setting up self-employment ventures and for salaried jobs in the private sector. The EST&P Program intends to fill the gap between the demand and availability of local skills by providing skill training programs as required by the market.

Objectives

The broader objective of the Employment through Skills Training & Placement (EST&P) Program is –

- To provide an asset to the urban poor in the form of skills for sustainable livelihood
- To increase the income of urban poor through structured, market-oriented certified courses that can provide salaried employment and / or self-employment opportunities which will eventually lead to better living standards and alleviation of urban poverty on a sustainable basis
- Ensure inclusive growth with increased contribution of skilled urban poor to the National Economy.

2 Skill Training Modules

2.1 Skill Gap Analysis

In order to achieve the above objectives, the trainings should be provided as per the industry demand and as per the curriculum recognized nationally. The industry demand for skill can be assessed only through a comprehensive Skill Gap Analysis at city level. The Skill Gap Analysis (SGA) should provide a clear picture of the industry wise demand for trained manpower, nature of skills required, trades to be selected for EST&P both for

wage employment as well as for self-employment. The SGA should also state the nature and duration of the courses required for each trade. Such a study must have projections for a period of 5 years. The Skill Gap Analysis conducted by National Skill Development Corporation (NSDC) may be referred by the State Urban Livelihoods Mission (SULM). The SULM may take help of Sector Skill Councils of NSDC, Technical Universities, State Department of Labour and Employment, State Industries Department, Government sponsored Research Institutions, State Industries Association or any other competent agency to conduct the Skill Gap Analysis. The cost of conducting Skill Gap Analysis may be booked under the A&O Expenses of NULM.

The Skill Gap Analysis should provide demand for employment in upcoming industries and also identify the scope for setting up of self-enterprises in local area. The trainings should be conducted for imparting skills with highest demand in local areas, however for candidates willing to migrate to other regions skill training courses not identified under skill gap analysis may also be conducted.

2.2 Curriculum Designing

The skill trades identified through the skill gap analysis should have a formal standard curriculum which is designed in accordance to the demand of the industry, need for assessment and certification requirements.

The National Occupational Standards (NOS) have been developed by various Sector Skill Councils under NSDC. The NOS specify the standard of performance an individual must achieve for carrying out a function in the work place. The NOS are laid down by the employers through the Sector Skill Councils under NDSC. The NOS and identified Job Roles are in accordance to the standards prescribed under the National Vocational Education Qualifications Framework (NVEQF) as mentioned in the National Skill Policy. The SULM may consider finalizing the curriculum based on the NOS and NVQEF requirements.

The Ministry of Labor & Employment has designed curriculum for a list of Modular Employable Skill (MES) courses under the Skill Development Initiative Scheme. The curriculum as provided by MoL&E may be followed for the skill training courses. However, if MES courses do not have curriculum for any particular skill training then a formal curriculum may be approved by the state.

All the standard curriculum for any training course under EST&P should be designed in consultation with a competent technical agency such as Technical University / College, Directorate of Technical Education, National Skill Development Corporation, Sector Skill Councils of NSDC, etc. Designing of curriculum should not be left on the Skill Training Provider alone. All the courses should be approved by the SULM in consultation with any of the above agencies so as to ensure standardization and job opportunities for trainee. The Training course modules should be in accordance to local industry demand and acceptable at state / national level. The course curriculum should be designed to ensure certification of industry standards.

2.3 Soft Skills

In addition to the basic skill training on specific skills, the training course modules should have the following modules integrated into the course curriculum –

a. Soft Skills – Basic Communication skills (in English and local language), Basic computer operations (for courses other than computer training), Professional Etiquettes, etc.

b. Financial Literacy – Orientation and awareness on savings, credit, subsidy, remittance, insurance and pensions.

c. Other government schemes – the candidate may also be provided information regarding other government schemes (including other components of NULM) and entitlements for poverty alleviation. The ULB should facilitate access to such schemes and entitlements for the urban poor.

The above inputs will also assist the candidate on a longer and sustainable basis.

2.4 Course Duration

It is preferred that the course duration for all the skill training programmes under EST&P would be minimum 3 months (approximately 400 hours of the technical training plus 30 hours for soft skills training) for the cost of Rs. 15,000/- (Rs. 18,000/- for North East and Special States) per candidate. However, depending on the trade and course module, SULM may define trainings with different duration. If the MES Curriculum is being followed, then the basic and advanced level skill training courses may be combined to provide 430 hours training.

3 Cost & Payment Norms

The maximum cost support provided for training under EST&P is Rs. 15,000/- per candidate (Rs. 18,000/- per candidate for North-East and Jammu & Kashmir States). However, the cost of training may vary based on the course curriculum, infrastructure and materials needed for the course, course duration, etc. The training cost will include cost of candidate mobilization, curriculum design, trainer's fees, raw materials required for training, assessment & certification, placement linkage, MIS and post-placement tracking of the candidates. No infrastructure development cost will be supported under this component.

SULM may design the terms of payment preferably in 3 or more installments i.e. 30:50:20. The first two installments may be based on the commencement of training, completion and certification of the candidate and last 20% may be paid on the placement / enterprise development and tracking of candidates for 6 months. However, the SULM may decide on any other payment terms and conditions. The STP shall track the candidates provided with support for microenterprise development and candidates provided with job placement for a period of 6 months.

The amount mentioned above is the maximum support per candidate provided under NULM. However, if the training cost is higher than the above, then the additional cost may be borne by the State Government or by the Skill Training Provider.

4 Certification

Each successful candidate undertaking training under EST&P component of NULM should be awarded a certificate issued by a competent agency which has acceptability in the industry. Assessment of the skills gained should be done by an independent certifying agency. The training agency should not be entrusted with the assessment and certification of the trainees to ensure objective assessment.

The Certification Agency (CA) should be empanelled by the SULM based on the quality, integrity and past-record of the agency. Government and Semi-Government Agencies such as National Council for Vocational Training, State Council for Vocational Training, etc. involved in certification process may be accorded priority. The State may also empanel agencies such as Sector Skill Councils, NSDC, All India Council for Technical Education (AICTE), Technical University, national level industry associations such as ASSOCHAM,

NASSCOM, etc. for the assessment and certification of the candidates, depending on their competence to perform this job.

The SULM may enter into a Memoranda of Understanding with the Certification Agency clearly defining the trainings to be certified, area of operation, delivery standards with time lines and processes, and fee to be charged by the agency. The SULM shall fix the fee for the certification based on the course curriculum and in consultation with competent technical agencies. This fee will be directly paid to the certification agency and will be considered as a part of the training cost.

The same should be mentioned in the Terms of Reference (TOR) issued for Skill Training Providers. The TOR shall clearly state the process for assessment and certification of successful candidates. The STP shall be responsible for arranging and issuing of the certificate through the empanelled Certification Agency.

The ULB / SULM through the State Level Bankers' Committee / District Level Bankers' Committee shall ensure that the certificates are considered as valid document for application of Enterprise loans from Banks.

As and when the candidate completes the training and is ready to undergo assessment, the STP shall inform the concerned Certification Agency with details of number of candidates to be assessed, trades to be assessed and location of the training center. The Certification Agency should ensure assessment and declaration of results within 30 days of receipt of the request from the STP. If a candidate fails in the assessment then she/he should be retrained for re-assessment and certification. The re-training and re-assessment cost of such unsuccessful candidates shall be borne by the STPs. The SULM shall reimburse the training cost of only successful and certified candidates to the STPs.

The Ministry of Labour and Employment under the Skill Development Initiative (SDI) Scheme has identified assessment bodies (the list with contact details is available on the website of MoLE). Based on the assessment of the trained candidates, certification is provided by National Council of Vocational Training (NCVT). The ULB / SULM may adopt the process as under the SDI Scheme for assessment and certification.

The Ministry of Human Resource Development under its Community College Scheme provides certificate to the successful candidates as per the National Vocational Education Qualification Framework (NWQEF). The SULM may try to provide such nationally

recognized certificates.

5 Skill Training Providers (STPs)

5.1. Identification

SULM may empanel private STPs through a bidding process. The selection criteria should be a combination of technical qualification, experience of the organization and the cost of training. Strict technical assessment of STPs shall have to be undertaken by the SULM to ensure that the quality of the training is not compromised.

The SULM may also directly enter into an agreement with Govt. Institutes such as Industrial Training Institutes (ITI), Polytechnic Colleges, Technical Universities, etc. with details of modalities for mobilization, training, certification, bank linkage, mandatory placement / self-employment setting up and tracking of the successful candidate.

SULM may also adopt any other successful model of skill training projects funded through Government of India or State Government programs. SULM may also provide skill training through Industrial houses / Industrial associations which provide for in-house placement of trained beneficiaries.

The empanelment of STPs should be valid for a period of 3 years based on satisfactory performance of the STPs.

The certification of all the trainings should be provided by external independent agency and not by the STP.

SULM may also hire services of external professional agencies, universities, academic institutes, etc. for drafting of the TOR, Appraisal, evaluation and monitoring of the STPs. The cost of the same may be booked under the A&O Expenditure of NULM.

5.2. Request for Proposal (RFP) for STPs

The SULM in consultation with the state government skill training agencies and in accordance with the procurement procedures approved by the State Executive Council shall undertake the bidding process for empanelment of the Skill Training Providers (STP). The Request for Proposals for the STPs should essentially contain the following sections in detail:

i) Criteria and Process for Technical Assessment

ii) Period of validity of the RFP and empanelment
iii) Amount of Performance Guarantee
iv) Approximate number of trainees with location and curriculum details
v) List of Certification Agency, Process and Costing for Certification in detail
vi) Conditions for Post Training Support including responsibility to provide placement or Self enterprise establishment support to minimum 50% of successfully trained candidates.
vii) Other Deliverables such as reporting formats, reporting processes, financial inclusion of candidates, maintenance of data base of trainees, etc.
viii) Payment Terms and Conditions with conditions for last installment of training cost to be released only after successful placement or microenterprise development and tracking for 6 months post successful completion of the training.
ix) Penalties for non-adherence to conditions as mentioned in the contract and deliverables
x) Process for termination of the contract

5.3. Post Training Support

The STP shall work towards providing job-placement or setting up self-enterprise for all the successful candidates. It is mandatory for the STP to provide placement / self-enterprise set-up support for minimum 50% of successfully trained candidates, inability to do so shall result into suitable penalty as provided in the terms & conditions of the contract with STPs.

Job Placement: On successful completion of the training, the candidate shall be provided placement in suitable job by the STP within one month of completion of the training.

Micro-enterprise: For candidates interested in setting up micro-enterprises, the STPs shall be responsible to assist in setting-up the microenterprise within 3 months of successful completion of the training. The STPs shall provide support for proposal writing, ensure credit from banks, provide support for availing subsidy to candidates regarding any of the micro-enterprise development schemes such as SEP component under NULM, Prime Minister's Employment Generation Programme (PMEGP) under Ministry of Micro, Small and Medium Enterprises (MoMSME), Cluster Development Schemes under MoMSME or any other such scheme.

Financial Inclusion: The STP shall also facilitate the opening of Basic Saving Bank Deposit account for all the candidates who do not have a bank account.

5.4. Post Training Tracking

The STP shall be required to track the successful candidates for a period of 6 months. For the candidates provided with wage employment in any industry information like appointment letter, pay package / remuneration, etc. shall be maintained and submitted to the ULB / SULM as per the terms and conditions of the contract with the STPs.

For the candidates interested in setting up micro-enterprises, the STP shall be responsible for providing support and track the progress of Micro-enterprise for a period of 6 months.

6 MIS and Reporting

For Skill Training Providers: The STP shall have the responsibility of regular reporting on progress of training, placement and micro-enterprise establishment to the ULB and SULM on a regular basis. The formats and periodicity of reporting may be mentioned in the TOR for STPs.

The STP shall also develop and maintain online Management Information System (MIS) for recording the information of all the candidates including their contact details, candidate's bank account details, status of assessment and certification, status of the placement or setting up of a micro-enterprise, etc. on their website. The SULM and ULB shall be provided access to all the information regarding the candidate and the training programs of the STPs. As and when the national MIS for NULM is launched, the STP shall have the responsibility to update the information of candidates as specified by the Ministry.

For SULM / ULB: The SMMU at the State level and CMMU at the ULB level will closely monitor progress of activities / targets under this component, undertake reporting and evaluation. The SULM and the ULB/executing agencies shall report timely progress in formats prescribed by the Mission Directorate from time-to-time, indicating the cumulative achievement monthly and upto the end of the quarter and key issues in implementation.

In addition, under NULM, a comprehensive and robust IT-enabled NULM MIS will be established for tracking targets and achievements. States and ULBs will be required to submit their progress reports online and may also use this tool to monitor progress on the ground. In the spirit of proactive disclosure of information and ensuring transparency under NULM, key progress reports under EST&P will also be made available on the public domain in a timely manner.

7 Candidates for Training

7.1. Eligibility of the Candidate

The candidates selected for training under EST&P component of NULM should be from the urban poor households only. The following conditions need to be adhered to in selection of the candidate –

i) S/he should not have undergone skill development training under the SJSRY / NULM in any other trade during the last 3 years. The candidate can however be provided advanced training on the skills acquired in any previous training.

ii) The candidate should meet the minimum qualification as per requirement of the training curriculum approved by the State Executive Committee.

iii) The percentage of SC and ST candidates being trained should not be less than the percentage of SC and ST population in the town.

iv) Out of the total beneficiaries for the State/UT under EST&P; minimum 30% should be women, minimum 15% should belong to the Minority community and minimum 3% of the candidates should be differently-abled. However based on the trade and area of implementation, if the above requirement of minimum percentage cannot be fulfilled through common training programs, specific training programs targeting the above vulnerable communities maybe undertaken by the SULM.

7.2. Awareness Generation and Demand Creation

The following strategies may be adopted by the SULM for awareness generation and creation of skill training demand from the target community.

i) The SULM & ULB should conduct mass media campaigns through newspapers, radio, television, posters, wall paintings, SHG meetings, etc. on regular basis to provide information on skill training opportunities and invite applications from the prospective candidates.

ii) The information regarding the courses, duration, location of training, name and details of skill training providers should be available at all the Urban Local Bodies, City Livelihood Centers and any other urban centers set-up by the government.

iii) The candidate should be allowed to submit 'an intent to undertake a training' on a plain paper with basic details such as name, age, contact details, name of the training required, Aadhar Card number or other identity document, etc. The prospective candidate can submit the intent to undertake training in physical form at designated centers or through mail or post. On submission of the Intent, the same shall be entered into a register and a receipt with unique registration number shall be issued to the applicant. This will create a Waiting List of prospective candidates for a specific training demanded by the urban poor. The ULB shall accept such intents throughout the year. This register shall be utilized for mobilization of the trainees as and when the demanded training commences in the city. The intent may be received through area offices of Municipal Corporations, Ward Offices, ULBs, Self Help Groups in the areas, Community Organizers, Area Level Federations and City Level Federations of the SHGs, office or training centers of NULM empanelled Skill Training Providers and any other NULM related institutions. The candidate should not have to travel long distances to submit 'the intent to undertake training'.

iv) The SULM and ULB shall ensure that candidates enlisted in the waiting list shall be informed through available communication means like SMS, letter, Public notice, SHG, ALF, etc. regarding the commencement of training program and details of location of training center, eligibility criteria, course duration, etc.

v) While deciding on the training programmes calendar for the city, the demand for particular trades as per Waiting List may be considered.

vi) In addition to the candidates listed in 'Waiting List', the ULB may identify candidates through other means like organizing camps, registration drives, sponsoring by SHGs, etc. However candidates registered in Waiting List will be given preference.

vii) If a particular skill training is sought by prospective candidates and the ULB does not have competent skill training providers empanelled, then the ULB in consultation with SULM and the local industry association shall arrange to provide the same.

viii) Before the commencement of the training, a counseling session for all the prospective candidates will be arranged. During this session the prospective candidate would be briefed in detail about the available training program, eligibility criterion, etc.

ix) At this stage an information and application form will be filled by the beneficiaries. The form shall capture all the details such as education, BPL Status, residential address, other contact details, etc. On the basis of these documents their selection will be done for a suitable training program.

x) The ULB may also provide information to the probable candidates through Monthly Job Placement Fairs, Rozgaar Melas, etc. in the slum areas.
