

Maheshtala Municipality

Housing For ALL by 2022 (HFA)

Under Pradhan Mantri Awas Yojana (PMAY)

Detailed Project Report

Fiscal Year : 2018 – 2019

PRAFACE

The Mission "Housing for all by 2022" has been envisaged with the projected activities to enable every family to own and have pucca roof on their head instead of their present kancha or semi-pucca houses when the Nation completes 75 years of its independence in the year 2022. An all out endeavour has to be taken at the municipality level to accomplish the mission in the right earnest to help provide habitable descent dwelling units to all the citizens of this country.

At Maheshtala the mission is under implementation from 2015-16 fiscal year. At Maheshtahal Municipality level we have completed the Demand Survey to list out the beneficiary families to bring under mission coverage in tune with the statistics made available as per the Socio-Economic Caste Census 2011 and USHA Survey.

On the strength of the Demand Survey we have drawn up plan for respective verticals. However, it has been resolved to take up the BLC vertical for the mission. We are committed for development of the habitational standard of the urban poor residing in slum areas as a first priority and there after in the non-slum areas.

We have now prepared programme for implementation of the HFA in slum areas during the fiscal year 2018-2019.

VISION

The Board of Councillors at its meeting held on 21st May, 2014 adopted the **“Vision”** to be adhered to and followed by Maheshtala Municipality.

“The Maheshtala Municipality shall design for the systematic growth of the town so as to transform it as a city in the making with the active association of its citizens belonging to different religion, castes, creeds and culture through a participatory municipal administration by providing the required level of infrastructural facilities.

The Maheshtala Municipality with active participation of Community Development Societies shall adhere to pro-poor orientation for the socio economic upliftment of the poorer section of the society to give them their due status with special emphasis on women empowerment.

The Maheshtala Municipality shall present before the citizens an active, friendly, effective and powerful administration. The Councillors and the employees shall work in unison to provide hassle-free, transparent, on time and neutral municipal services to the citizens.”

Maheshtala Municipality at a glance

Maheshtala was previously a Panchayat Samity known as Thakurpukur-Maheshtala Panchayat Samity comprising 21 Gram Panchayats.

These panchayats under Maheshtala are very old settlements. It is said that the name of Maheshtala originates from the name of the Lambardar (who is entrusted with land tax collection) by the name of one Sri Mahes Suri who was entrusted with this job by one Sri Ramkanta Banerji, the local Zamindar nominated by Lord Clive, the then Governor of Bengal Province under the East India Company.

The population of Maheshtala Panchayet area (the then Mouzas which later conformed to a Municipality) as per 1991 census was 276128. The population of this area is mainly the original inhabitants. There are a certain percentage of people who came from the erstwhile East Pakistan and some who came from the neighbouring areas for re-settlement. The density of population was 6250.06/sq.km. Therefore, it was a vast agglomeration of panchayet area with high density of population ready to become a municipal town.

The main occupational pattern of this area is non-agricultural such as, tailoring, leather works, construction workers, factory labour force, fire works, bakery, carpentry, major workforce of unorganized sectors etc.

The Maheshtala Municipality was formally constituted on **21/12/1993** on the strength of the Government Notification no. 519/C-4/MM-353/92 dated 03/12/1993 comprising 21 no. Gram Panchayats and 40 full/partial Mouzas.

Administrative Boundaries

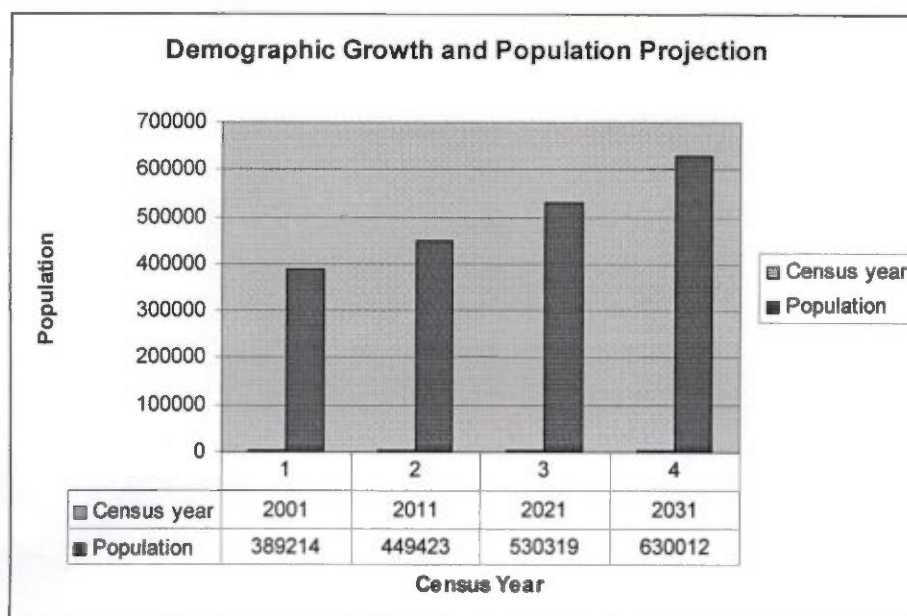

Maheshtala is a place located in the Indian state of West Bengal. Maheshtala is located at the latitude of 22.51 (22°30'36"N) and the longitude of 88.23 (88°13'48"E). The given latitude and longitude location of Maheshtala are decimal based coordinates. It is spread over a vast area of 44.1758 sq.km. and is situated on the eastern bank of Hooghly river in the southern zone of West Bengal. This municipality shares almost one fourth of its boundary with Kolkata Municipal Corporation. The other three-fourth contours are shared with Budge Budge Municipality Chatta Bazar Panchayat area and river Hooghly. The municipality is bounded by KMC in the east (Borough XIV), Budge Budge Municipality in the West, KMC Borough XV & Hooghly River in the north and Ashuti/Balarampur Gram Panchayat area in the south.

Slum : The vital area of concern and focus

According to the provisions of the Slum Area Improvement and Clearance Act, 1956 a slum is defined as those residential areas where dwellings are attributed as unfit for human habitation by reasons of dilapidation, overcrowding, faulty arrangement of streets, improper ventilation, insanitary make shift arrangement having detrimental factors in respect of safety, health & moral.

Dr. Prabab Sen Committee defines slums. "A slum is a compact settlement of at least 20 households with a collection of poorly built tenements, mostly of temporary nature, crowded to gather usually with inadequate sanitary and drinking water facilities in unhygienic conditions".

Rapid urbanization which is a natural tendency since the late 20th century and with fast growth on the 21st century brings two-fold features in a municipal town - a) economically well-placed society with better living standards and b) economically weaker section mainly concentrated in slums or squatter settlements with poor and in some places very poor living standard. The existence of slum in an urban society is the dark side of the society. For various socio-economic factors slums are developed in the municipal town.

Maheshtala Municipality since its constitution on 21st December 1993 is no exception to the rapid urbanization growth with both good and bad features. Therefore to match the rapid urbanization the first essential need was effective and gainful creation of infrastructural asset. Primary importance was given on road construction, drainage system, water supply net work and street light in order to ensure the minimum basic civic amenities to the slum dwellers.

As per 2001 Census the urban slum population in India was 61.8 million out of total urban population of 285.35 million. The urban slum population has grown to 65.49 million as per Census, 2011 out of total urban population of 377 million. In Maheshtala Municipality the slum population is 144195 as per USHA Survey conforming to 32.08% of the total population.
