To: sbmcellsuda@gmail.com

5 September 2019 at 17:21

Cost of one Driver/operator Rs. 360/- per day  
so cost of 02 nos. Driver/operator (taking 01 no. each in two shifts ) =  $2 \times 360 =$  Rs. **720/-**

Cost of one no helper = Rs. 211 /- per day  
so cost of 04 nos. helper (02 nos. each in two shifts each) =  $4 \times 211 =$  Rs. **844/-**

so expenditure of one day = Rs. 1564/-  
the actual expenditure in the year 2016 =  $353 \times (720 + 844)$  (taking 12 nos. holidays)  
**Rs. 5,52,092/-**

**TECHNICAL SPECIFICATION FOR STATIONARY /PORTABLE COMPACTOR OF 10.5 CUBIC METER CAPACITY**

**1. GENERAL DESCRIPTION**

A stationary type compactor capable of being transported from one location to another. It is to come as an integral unit incorporating the container and the compaction unit.

The Compactor to be such that can be transported by a specially designed Hook loader / dumper placer unit mounted on a 16T GVW truck chassis.

**2. Technical Specification**

- a) Total Volume : Min 10.5 m<sup>3</sup>
- Cycle Time : Around 45 sec
- Packing pressure : Min 200 bar
- Packing Thrust : Min 230 KN
- Electric Motor : Min 3.7 KW
- Exterior dimension(approx) : L= 4880mm, W=2250mm H=2040mm

One hydraulically operated device to receive and unload the waste in to container i.e. Tip cart capacity should be approx. 450 litre.

All Hydraulic Cylinders and allied components and all hydraulic pumps must be from manufacturers of ISO 9001 : 2008 certified.

- b) A compactor container body shall be 10.5 cum so that the same can be lifted by Hook Loader mounted on 16 MT GVW chassis for transportation and unloading of compacted garbage at the dumping ground.
- c) The compactor shall be of front loading type with a hydraulic operated device to receive waste from hand cart approx 2 to 3 hand carts / 1 to 2 tricycle vans at a time and unload the same waste in to the container.
- d) The container shall be provided with leachate collection tray for collection of leachate during compaction of garbage & there should be suitable drainage system to the nearby MUNICIPAL drain. The leachate should not drop on road during transportation.
- e) The size of charge chamber of the compactor shall be minimum 2 cum.

25 (10)

*Commercial Terms & Conditions :*

1) Payment terms :

- a) All payments will be made by the respective Municipal Authority.
- b) 80% of contract price of Compactor after receipt of equipment/vehicles at respective Municipal garage.
- c) 10% of contract price after trial run & commissioning & training of Municipal personnel.
- d) 5% of the contract price after successful and satisfactory O&M of one year.
- e) 5% of the contract price after successful and satisfactory O&M of another two years.

N.B. – Withheld contract price for O&M i.e. 5%+5% = 10% may be considered by the authority for release receipt of bank guarantee of equivalent amount valid up to completion of O&M period.

- 2) Inspection will be done at manufacturing site of bidder.
- 3) There shall be complete integrated free warranty for an initial period of 36 months.
- 4) Supply should be completed preferably within 60 days and not beyond 120 days from the date of issue of LoI / Work Order.
- 5) Delay fine : 2% Penalty for delay beyond contract delivery period will be chargeable on pro rata basis for the number of day of delay on undelivered quantity.
- 6) Earnest Money to be deposited along with Technical bid and will be retained by the State Urban Development Authority till delivery, successful commissioning and training of Municipal personnel are completed.
- 7) Bidder registered under NSIC for compactors will be exempted from Earnest money deposit only but all other terms & condition shall have to be abided by as per norms.

- 9) Price quoted should be firm and should remain valid up to 120 days from the date of opening of tender.
- 10) Bank Guarantee towards performance security @ 10% of contract price of compactors to be deposited which shall be retained by respective Urban Local Body for the entire warranty period of 36 months.
- 11) List of spares & consumables for 3 years maintenance period with individual rate should be mentioned but not to be included in the offered price.
- 12) Delivery to be made to respective Municipality garage.

**TERMS AND CONDITIONS FOR CONTRACTUAL OPERATION AND MAINTENANCE OF STATIONARY/POTABLE COMPACTOR.**

**Contractual Operational Part**

**1. SCOPE OF WORK & TERMS AND CONDITIONS FOR OPERATION OF PORTABLE COMPACTORS:**

- a. The work consists of Operation of Portable Compactor at different compactor stations within ULB area.
- b. All the types of Garbage (solid waste) brought at garbage collection point shall have to be loaded & compacted with the help of stationary Compactor placed at the site from 6 a.m to 6 p.m on every day including Sundays & Holidays. The garbage collection sites facilitated with such adequate no. of Compactors containers shall be maintained nuisance free & other mechanical devices which are required for the work to be carried out by providing suitable staff for the purpose.

- c. The sites where above compactors will be installed should be swept clean, if there are any dropping of waste from hand carts /cycle van/bins during loading .The sites should remain disinfected also throughout the day.
- d. The compactor area should be free from garbage .There should not be any garbage outside the compactor.
- e. The agency will be responsible for taking care of the total equipment installed in the Garbage Collection point including electrical supply machineries throughout the day.
- f. The compaction work to be done daily in each collection point failing which the agency will have to pay Rs. 10,000 per day as penalty charge if the conservancy service is delayed or failed due to non-availability / shortage of manpower. However, two day's in fortnight will be allowed as non-operational for periodical maintenance subject to maintaining a minimum of 315 days in a year.
- g. Normal security arrangement to be made by the agency.
- h. Necessary shed over the garbage collection point to house the equipment, container, drainage connection facilities, construction of platform as required, electricity supply will be provided by the ULB.
- i. The successful tenderer will have to comply with all applicable statutory obligations relating to i) the machine and also for ii) deployment of labor applicable in the ULB.
- j. Rate to be quoted for three (3) years of O & M.
- k. Payment will be made as per the ULB payment schedule.
- l. No service tax will be provided by the ULB.
- m. Sub-contracting for operational only may be allowed. But the entire responsibility will remain with the supplier.
- n. There shall be no penalty during the period when the equipment/vehicles are under repair due to accident. Provided conservancy service is not hampered for which Department will keep one stand by compactor.
- o. Through the work is for 03 years, review will be done after completion of each year by the ULB & the ULB will have the right to terminate the contract with prior notice of one month if the ULB authority desires so after assessing their performance of previous year.

**2. SCOPE OF WORK & TERMS AND CONDITIONS FOR OPERATION OF PRIME MOVERS (HOOK LOADER):**

- a) The work consists of loading of loaded compactor with Hook Loader, on the Vehicle, transportation and disposal of loaded compactors at the ULB Dumping Ground including placement of empty Compactor at the same point and the same system will continue till the clearing operation is completed.
- c) The compactor container to be removed by the prime movers immediately after completion of compaction as per capacity from the collection point & empty compactor is to be provided at the point.
- d) The prime mover will be operated on all days in a month including Sundays & Holidays from 6 a.m to 6 p.m. However duty hours may be changed as per requirement of the department. In case of break down /accident no extra payment will be made for extra time duty.
- e) Driver must have at least 3 years Heavy driving license & capacity to drive vehicle efficiently in dirty & muddy road such as at the ULB Dumping Ground.
- f) Driver must have his own mobile telephone which will remain open throughout the day so that communication can be made by the department as and when required.
- g) During duty hours if any driver is found intoxicated he will be suspended immediately and the agency will provide his substitute on the next day.
- h) Safety & security of the vehicle during working hours will be looked after by the Driver .If any spare or accessories is found missing or replaced after completion of days work party will be held responsible and compensation will be charged against the agency.
- i) Required fuel (Diesel, Mobile and Hydraulic Oil) will be supplied by the ULB for each vehicle. If any excess consumption of fuel is found proportionate deduction will be made from the bill. Consumption of fuel will be tallied with KM run.

- j) If any vehicle is not out shaded due to shortage/ non-availability of driver causing delay or hampering of conservancy service penalty of Rs. 10,000 per day will be deducted from the agencies' bill. However, two day's in fortnight will be allowed as non-operational for periodical maintenance subject to maintaining a minimum of 315 days in a year.
- k) In case violation of traffic rule by the concerned driver necessary penalty charges will be paid by the agency on behalf of the department and he will contact Police/Traffic authority to settle the issue.
- l) In case of accident during operation agency will keep in touch with police/ Traffic authority for releasing the vehicle as well as driver on behalf of the department.
- m) Compensation due to minor accident /damage of any public property will be made by the agency to the concerned victims/owner of the property.
- n) Bills to be submitted quarterly.
- o) Normal Insurance of the vehicle with one equipment at a time will be done by the ULB. However any damage outside the insurance coverage will be taken care of by the agency at their own cost.
- p) Though the work is for 03 years, review will be done after completion of each year by the ULB & the ULB will have the right to terminate the contract with prior notice of one month if MUNICIPAL authority desires so after assessing their performance of previous year.
- q) Diesel will be provide @13 liters/trip/vehicle subject to road/traffic/engine performance & distance covered and operational duration to be decided by Department and Mobil @ 5 lts/month for top up & 18 liters Mobil/vehicle during servicing at the interval of 10,000 KM run will be provided by the Department Hydraulic oil 100 liters for complete change twice in 3 years will be provided by the ULB. No hydraulic oil will be provided in 1<sup>st</sup> year. No fuel will be issued for servicing of vehicle of any nature. Diesel allotment may vary depending on the distance covered by each vehicle and to be decided by the Department.
- r) Through the work is for 03 years, review will be done after completion of each year by the ULB & the ULB will have the right to terminate the contract with prior notice of one month if the ULB authority desires so after assessing their performance of previous year.
- s) Sub-contracting for operational only may be allowed. But the entire responsibility will remain with the supplier.
- t) In case of complete breakdown on road/dumping ground, towing up to garage will be done by the agency operating the compactor station.

**Contractual Maintenance Part**

**1. SCOPE OF WORK & TERMS AND CONDITIONS FOR MAINTENANCE OF STATIONARY PORTABLE COMPACTORS:**

- a. The work consists of maintenance of Portable Compactor at compactor station within the ULB area.
- b. All preventive and breakdown maintenance will be done by the agency.
- c. The successful tenderer will have to comply with all applicable statutory obligations relating to i) the machine and also for ii) deployment of labor applicable in the ULB.
- d. Daily/Weekly/Monthly routine check-ups, periodic preventive maintenance and break down maintenance /repairing works, servicing, greasing, painting etc. to be done as per recommendation of the manufacturer.
- e. All spares & consumables shall be supplied by contractor.
- f. While carrying out the maintenance activities, necessary safety measures shall be adopted.
- g. List of all replaceable spares & consumables used by the agency in a month to be submitted to the Department along with the monthly bill.
- h. Agency will refund the damaged/unserviceable spares to three respective garages within a week from the date of replacement and garage in-charge will certify the same.

- 22 (7)
- i. If any compactor does not work or work is delayed causing hampering of daily conservancy service because of technical fault of compactor or due to non-availability of shortage of mechanic / spare parts penalty of Rs. 10,000/- station will be charged from the agency & will be deducted from their bill. However, two day's in fortnight will be allowed as non-operational for periodical maintenance subject to maintaining a minimum of 315 days in a year.
  - j. In case of draining out of hydraulic oil during maintenance time refilling will be done by SWM Department for first time only in 03 years.
  - k. 10% of O & M cost to be submitted as Bank Guarantee which will be retained by the ULB for 3 years as a security deposit. No concession or exemption in any form or manner what so ever will be accepted.
  - l. Through the work is for 03 years, review will be done after completion of each year by the ULB & the ULB will have the right to terminate the contract with prior notice of one month if Municipal authority desires so after assessing their performance of previous year.
  - m. No service tax will be provided by the ULB.
  - n. In case of draining out of hydraulic oil during maintenance time refilling will be done by SWM Department for 1<sup>st</sup> time only in 03 years.
  - o. Prices of the spare parts covered under warranty are not to be considered in the bidding. Cost of spare parts will be paid on actual basis.

**1. SCOPE OF WORK & TERMS AND CONDITIONS FOR MAINTENANCE OF PRIME MOVERS (HOOK LOADER):**

1. The work consists of maintenance of Prime Mover at compactor station within the Municipal area.
2. All preventive and breakdown maintenance will be done by the agency.
3. All spares & consumables to be supplied by agency.
4. List of all replaceable spares & consumables used by the agency in a month to be submitted to the Department along with the monthly bill.
5. Replacement /Repair of tires, tubes & batteries will be done by the agency at their own cost.
6. Agency will refund the damaged / unserviceable spares to the respective garage within a week from the date of replacement and garage-in-charge will certify the same.
7. Bills to be submitted quarterly.
8. Preventive maintenance can be done once in a month with prior approval of Department & Preventive maintenance of each vehicle in turn will be done by the agency for which no deduction of payment will be made and agency will clean the backlog if any for those days works by doing extra time duty for which no payment will be made by the ULB.
9. Though the work is for 03 years, review will be done after completion of each year by the ULB & the ULB will have the right to terminate the contract with prior notice of one month if the ULB authority desires so after assessing their performance of previous year.
10. If any Hook loader is not shaded or out shading is delayed causing hampering of daily conservancy service because of technical fault of hook loader or due to shortage /non availability of mechanic / spare parts, penalty of Rs. 10,000 per Hook loader per day will be deducted from the bill of agency. However, two day's in fortnight will be allowed as non-operational for periodical maintenance subject to maintaining a minimum of 315 days in a year.
11. The ULB will have the right to terminate the contract at any stage without any reason what so ever.
12. Price of the list of spares parts for portable stationary compactor & hook loader covered under warranty period are not to be considered in the bidding.
13. In case of complete break down on road/dumping ground, towing up to garage will be done by the agency operating the compactor station. However for not too major breakdown, maintenance will be done at spot by maintenance personnel.
14. Sub-contracting for operational part only may be allowed. But the entire responsibility will remain with the supplier.
