

Sub: First service of the Engine of the Hook Loader for Stationary Compactor as per TML's schedule maintenance

It is hereby informed you that in NIT as per clause-1 f of terms and conditions for contractual operation maintenance of Stationary Compactor and Hook Loader where it is mentioned, 18 Lt mobile per vehicle will be provided by the department during the servicing at the interval of 10,000 km run. But this clause does not match with the schedule laid down by the Truck Chassis Manufacturer (i.e. TATA Motors). As per TATA motors guideline (vide extracts from their service manual enclosed herewith in CP-4 to 6) where it has mentioned that first servicing has to be done earlier of 40,000 km or 8 months, 2<sup>nd</sup> servicing has to be done earlier of 80,000 km or 16 months and 3<sup>rd</sup> servicing has to be done earlier of 1, 20,000 km or 24 months to avail the warranty period by the dealer and warranty of the vehicle gets void if the vehicle does not serviced by the dealer/ authorise service station. In view of the above the supplier HYVA has prayed vides their letter no: Hyva/East/321 Dt.19.09.2017 (Placed in CP-3) for inclusion of above mentioned time frame as prescribed by the TATA Motors.

It is also mentioned here that actual requirement of Engine Oil is 16.5 Lt per servicing per vehicle instead of 18 Lt. Hence total amount comes @ Rs. 307.00 per Lt (CP-9) would be  $16.5 \times 307.00 = \text{Rs. } 5066.00$  per vehicle per servicing will be reimbursed to HYVA by the Dept. in place of supply of Engine Oil for 1<sup>ST</sup> servicing only.

A draft letter is placed may be issued to HYVA and all Municipalities if the proposal accepted.

Sub: Commencement of O & M work of Uluberia Municipality.

Ref: Memo no-UM/2087 dt: 24.06.2019 of Uluberia Municipality.

It may kindly be recalled that as per work order no SUDA-2017/2015/1836 Dt-30.12.2015, the HYVA has to be executed the O & M work for the period of three years. Recently the Executive Officer of Uluberia Municipality informed us that they have completed the Compactor station and ready to start the O & M work. Therefore a letter may be issued to the HYVA to start the O & M of the Stationary Compactors of Uluberia Municipality.

A draft letter is placed for the above mater and may be issued if approved.

RE PL

AD  
12/7/19

The EO, Uluberia Municipality had informed that the room for the Stationary Compactor is now completed, and ready for operation of the Stationary Compactor so supplied to them.

As such, we may request HYVA (India) Pvt. Ltd. to start the O&M as per contract. A letter in this regard is placed in this file for kind approval.

Submitted for approval & oblige.

As per agreement, three years O&M period has considered together with the supply of 5<sup>th</sup> compactor. The agency has supplied the 5<sup>th</sup> compactor in time & commissioned on 28/11/16. But the Uluberia Municipality has not able to erect the station during last three years. Now it has almost 2yr 9 months over from the date of commissioning. Placed for your perusal pl.

AA  
6/8/19

Notes of the concerned Assistant Engineer, may kindly be perused. Though the commissioning date of the stationary compactor of Uluberia Municipality was 28/11/2016, the concerned ULB could not get constructed the station for the same in due time. They had just completed the station after 2yr. & 9 months after the commissioning of stationary compactor.

But as per agreement, the O&M for the compactor for 3 year, should be taken care of the agency M/s HYVA (India) Pvt. Ltd.

Thus, we may request HYVA for commencement of O&M for the said vehicle for Uluberia Municipality as soon as possible, as per terms of agreement.

A draft letter, placed in this file, in this regard, may kindly be approved.

Submitted & obliged,

Dy. Director, SUDA (AD)
