Sub: Request for allotment of Two (2 nos.) nos. of J.C.B. Machine for removal of garbage and other development works.

Madam,

In inviting your kind attention that, as per discussion with you and other official at your chamber, on the subject matter cited above, I am to state that, apart from the other machine and equipment already allotted for this municipality, another **two nos. of J.C.B. machine** bearing model no. "L&T KOMATSU PC 71" and "KUBOTA U30+6" respectively required for removal of garbage and other development works within the municipal area.

As the Tamluk being the district head quarter of Purba Medinipur, big size J.C.B. machine bearing model no. "L&T KOMATSU PC 71" required immediately for removal of garbage as the heap of garbage increasing day to day at a maximum volume due to shortage of landfill.

Under the above circumstances and considering the gravity of the situation you are requested to allot the above mentioned J.C.B. machines along with the other machine and equipment as already allotted for this ULB.

Please do the needful in this regard as early as possible.

Thanking you

Yours faithfully

Sub; Allotment of Road Sweeping Machine for regular cleaning arrangement for keeping our city clean.

Sir,

As discussed over phone I would request you to kindly arrange to allot us a Road sweeping Machine for smooth running of the regular cleaning arrangement of all the streets for keeping our city clean. It may be mentioned here that the NH 31 passes through the Mal Municipality and a number of Buses, Trucks are plying through the National Highway regularly. As a result it is very difficult to keep the main roads clean manually. Road sweeping machine will help us to perform the works smoothly.

Your kind cooperation in the matter is requested.

Thanking you.

I am to inform you that we are very thankful to your honour as we have received two Moveable compactors made by Hyva (one big and one small) from your end which is very useful to our Municipality.

But at present, those are not sufficient enough to Cope-up the necessity as the population of this ULB has been increasing vehemently.

I am, therefore, to request you kindly to take necessary steps so that we can get 4(four) Nos. Moveable compactors made by Hyva more (2Nos. Big & 2Nos. small) for our Conservancy Department.

Hope, we shall not be deprived from your kindness and for this act of kindness, we are grateful to you forever.

Sub: Modification of cabinet of the existing 340 nos tri-cycle van used for SWM works- regarding financial support.

Sir,

In order to make the door to door collection of bio-degradable & non- bio-degradable solid waste from the households of 34 nos wards of North Dum Dum Municipality, on segregation at source, 'Blue' & 'Green' pots have been distributed among the registered stakeholders of this Municipality. For proper functioning of the system it is felt necessary to modify the cabinet of the tri-cycle van by making a compartment within the cabinet, so that bio-degradable & non-bio-degradable solid waste may be collected on segregation at source. For the said purpose some material as detailed in annexed list are required to be procured/purchased, estimated cost for such purchase in order to modify the existing 340 nos tri-cycle van may be approximately Rs.2700* 340= Rs.918000/- (Rs. Nine lakhs & eighteen thousand) only.

It would be helpful for the Municipality, if you kindly consider to pass order for sanction of required fund for the proposed modification of existing tri-cycle van of this Municipality.

Thanking you, in anticipation of your earliest favorable consideration.

Sir,

Re : Request for remaining quantity of primary waste collection equipment

With reference to the discussions held in the meeting on 24th October 2017 regarding waste collection equipment at Unnayan Bhavan vide your letter no. 365(18)/MA/AMRUT/M-2/2015 dt. 17th October 2017, we had sent letters revising our requirement of primary waste collection equipment no 852/DDM/GEN/17 dated 7th November 2017 & 891/DDM/GEN/17 dated 15th November 2017. Also, primarily the requirement was given in 17th May 2017 vide letter no. 198/DDM/GEN/17 dated 17th May 2017. The Xerox copies of letters are attached for your kind perusal.

In those letters, we requested to provide us **additional 45,300 nos** of House to House Collection Bucket & **additional 200 nos** of Community Bins & **additional 300 nos** of Litter Bins. In the meeting held at Unnayan Bhavan on 24th October 2017, we were assured that additional quantities will also be provided at the same time. But we received only 71338 nos of Buckets, 500 Litter Bins & 500 Community Bins.

We have already distributed those buckets & Bins but those catered to only a small portion of our municipal households. So, we request to you that the remaining quantity of our requisition please be supplied at the earliest.

Dear Sir/Madam,

As per letter of acceptance-cum-supply order no. SUDA-102/2018/651 dated 10.07.2018 for supply of 2.2 cum capacity tipper with Bin Lifting mechanism, our ULB (i.e. Chandernagore Municipal Corporation) received only 02 (two) such tippers on 26.11.2018 from the concerned supplier (i.e. M/s. Future Automobile Agency Pvt. Ltd., Kolkata-69) without the aforementioned bins (Lifting mechanism). Since the entire system of collecting garbage into the tippers is truly depends upon the 'bin'(s), we would not be able to use those tippers for the work of Solid Waste Management until the said bins will be supplied for us.

Hence, we would like to request you to provide the same earlier so that vehicles (Hydraulic tippers) under Nirmal Bangla Mission may be utilized properly for the purpose it have been supplied .

Subject: Supply of on primary/ secondary collection equipments & vehicles to municipalities, stakeholders of KSWMI? – A suggestion for Consideration

Madam,

Greeting from JICA Project Team (JPT). The JICA Project Team (JPT) has been appointed by JICA to provide Technical Assistance to 6 municipalities (Uttarpara to Champdany) in which Kolkata Solid Waste Management Improvement Project (KSWMIP) has been implemented for improvement of their Solid waste Management System.

From our study we came to know that municipalities are finding it difficult in sustaining the SWM system due to shortage of manpower and equipments which are required for Segregated Primary Collection, Secondary Transportation and because of this reason the project objective could not be achieved as yet.

Accordingly, it is learnt from municipalities that SUDA has issued requisition format for Primary/ Secondary collection Equipment & Vehicles to municipalities and will provide equipments which will be required for better SWM system in the municipalities.

In this context JPT would like to suggest the following

Name of equipments / Vehicles	Purpose	JPT Recommendation	Reason for requirement
Battery Operated Tri-cycle covered van	To collect segregated waste directly from household and transport it to TS&CP. This will reduce the double handling of waste in wards.	May kindly Provide 25 to 30 Nos to each municipality in Phase-1	The van can travel long distance in short time without much physical effort inwards which are near the compost plant can directly transport the collected waste from household to compost plant without storing at Secondary collection point. This will reduce chances of mixing segregated waste in at Secondary collection point (SCP)
Tractor Trailer (TT) Container	In wards which are far from compost plant, they need secondary collection points to store primary collected waste in segregated manner for which TT container are required.	20 to 30 numbers to each municipality would be helpful	The TT containers provided under KSWMIP project got damaged, Now the waste collected from household get mixed at SCP due to shortage of TT containers.
Big Cesspool Tankers	To transport the Septic tank sludge to RWMC (10-20 km from municipalities)	1 no of 8000 m3 capacity to Konnagar and Rishra	Municipalities are not sending septic tank sludge to RWMC for treatment. It is an economical for them to transport all small cesspool to RWMC due to long distance. Big tanker will collect and transport all day waste once daily and reduce the cost of transportation

Considering the above, We would like to suggest SUDA to modify the list of equipments/vehicles which need to be procured for 6 KSWMIP municipalities. If you need any other assistance regarding above issue then kindly contact us.

Thanking you
Your sincerely

SUB: Request for allotment of 1 (one) small Compactor, 1 (one) small Loader-cum-Excavator and 3 (three) no. of small 2.2 m³ Hydraulic Tippers for SWM work under Beldanga Municipality.

REF: Our previous letter being Memo No. 579/I-26/19, Dated 12/02/2019.

Sir / Madam,

Ours is a very old town consisting of narrow lanes in half of the wards. Due to this we are facing much trouble and our SWM works is suffering a lot in want of i) 1 (one) small Compactor, ii) 1 (one) small Loader-cum-Excavator and iii) 3 (three) no. small 2.2 m³ Hydraulic Tippers.

So we would request your kindness for allotment of the said equipments in favour of our Municipality.

In this connection, I personally met with you and described our status on 7th of this month for taking favourable sympathetic decision considering our difficulties. As we are trying to collect the segregated waste materials from source and for removal of construction & other materials from main thoroughfare of the town regularly, we need the above mentioned equipments urgently.

Hope, your honour will be kind enough in sanctioning our prayer and oblige.

Thanking you.

Ref: Acceptance-cum-Supply order no. SUDA-103/2018/652 dated
10.07.2018 against supplied Dumper of 10 cum

Madam,

I would like to point out same facts regarding the vehicle supplied from your end as per your acceptance cum supply order no. SUDA-103/2018/652 dated 10.07.2018 to our ULB (i.e Chandernagore Municipal Corporation) and for which the said vehicle have not been operated/used to serve properly to our day-to-day city cleaning programme.

The said Dumper of 10 cum capacity was supplied for proper transportation of solid waste from the various points of dumped garbage to the final destination of the same. But we feel that for proper and systematic loading of the dumped garbage into the said dumper there must be a requirement of an excavator (like pay loader and having back hoe), which is presently unavailable with us. Now considering the situation and to utilize the said 'Dumper' properly we would like to propose to supply us one (01) Excavator for the said purposes, which may also help in our day-to-day activities of conservancy at our Vermi compost site.

I would further request you to consider the case.

Sub: Modification of cabinet of the existing 340 nos tri-cycle van used for SWM works- regarding financial support.

Sir,

In order to make the door to door collection of bio-degradable & non- bio-degradable solid waste from the households of 34 nos wards of North Dum Dum Municipality, on segregation at source, 'Blue' & 'Green' pots have been distributed among the registered stakeholders of this Municipality. For proper functioning of the system it is felt necessary to modify the cabinet of the tri-cycle van by making a compartment within the cabinet, so that bio-degradable & non-bio-degradable solid waste may be collected on segregation at source. For the said purpose some material as detailed in annexed list are required to be procured/purchased, estimated cost for such purchase in order to modify the existing 340 nos tri-cycle van may be approximately Rs.2700* 340= Rs.918000/- (Rs. Nine lakhs & eighteen thousand) only.

It would be helpful for the Municipality, if you kindly consider to pass order for sanction of required fund for the proposed modification of existing tri-cycle van of this Municipality.

Thanking you, in anticipation of your earliest favorable consideration.

Yours faithfully,

Chairman
North Dum Dum Municipality

Sub : Requisition of a Suction cum-Jetting machine for Halisahar Municipality.

Sir,
With due respect, your kind attention is drawn to the fact that "Storm Water Drainage Project" is being executed in this Municipal area by the KMDA, Project cost of which is Rs.120.33 crores. During execution of the project, all drains are being covered with RCC slab and manhole cover. Some existing open drains are also being connected to the new covered masonry drain constructed under the project.

Apart from the above, work of laying sewer line for 227 Km. is ongoing through GAP Sector, KMDA. Naturally Sewer Treatment project is going on and almost 80% of the work has been completed. The executing agency have constructed A,B,C and D type manhole in the main and connecting roads at the time of constructing such manholes, they are discharging muddy water through water pump in to the covered drain which are newly constructed by KMDA under Strom Water Drainage Project.

As a consequence, the covered drains filled with huge quantity of wastes from connected open drains and the deposited silt (Mud) from manholes of sewer project by way of sedimentation. Almost 70% of the depth of covered drains has been decreased as a result the total ULB area will be severely water logged in the coming monsoon season.

These drains can't be desilted manually and only mechanical process can be applied to remove the mud and waste.

Under the circumstance, it is requested to arrange for suction cum-jetting machine to this ULB in order to get rid of the problem.

Thanking you,

Yours faithfully,

Jaynagar-Majilpur Municipality.

Sir,

I would like to inform you that this Municipality has already set up a "Bio-Mythenization and Power Generation Project" with the technical support of Vivekananda Institute of Bio-Technology, Nimpith Ashram, at Municipal trenching ground at Sherhangampur, Sahajadapur, South 24-Parganas with the financial Assistance of Govt. of India for development and growing up of a pollution free environmental zone. The said project is now ready and awaiting smooth functioning as opined by the competent Authority of Vivekananda Institute of Bio-technology, Nimpith Ashram.

In this connection, it is worth mentioning that the aforesaid project of this Municipality is the pioneering Pilot Project in South 24-Parganas. To facilitate and expedite the said project the wastes should be collected in a scientific and systematic way from the houses market places and other establishments etc. so that the wastes can be segregated into bio-degradable and non-biodegradable at source very easily. As per guidelines of Solid Waste Management too, we are bound to follow this process.

In the above context, I would request you kindly to supply this Municipality with the equipments/articles required for collection of wastes for the project of Bio-Mythenization and Power Generation at an early date as per their specification of requirements as detailed in the enclosed list, for smooth and successful running of the said project.

Sub.: Requirement of Cleaning Equipments in Swachh Bharat Mission Abhiyan.

Sir,

This is to draw your kind attention that in modern civilized society, cleanliness is the part & parcel & very essential in every pros & cons of life. Swachh Bharat Mission Abhiyan programme is one of the benchmark of Government. In our Municipal jurisdiction we are also trying our heart & soul to make it as a garbage free zone as the part of cleanliness & the local people are also extending their co-operation in our initiative as much they can. Owing to lacking in some cleaning equipments we are lagging behind a little bit but not in blocking condition rather we are still dynamic.

Requirement of cleaning equipments is very essential so we have mentioned this with quantity for Jiaganj & Azimganj (Separated by Bhagirathi) and no bridge between this two town.If you arrange an Roller for our extreme purpose as we have to move this equipment turning from a long route via Berhampore at Azimganj we will be much relieved from such inconveniences.

The Names of Equipments are as follows:-

**Sub : Request to provide one ~~3000~~ Ltr. Capacity Cesspool emptier
vehicle mounted to Haldia Municipality.**

Sir,

I would like to say that Haldia Municipality is facing immense trouble to provide cesspool emptier vehicles to the public for clearing sewage from their septic tanks. With the rapid growth of this industrial town of Haldia Municipality the demand of Cesspool emptier is gradually mounting up which is not at all manageable with 2 nos. of small size cesspool emptiers now available in this Municipality.

To cope with this situation the Board of Councillor has decided to purchase a big size Cesspool emptier immediately. But Haldia Municipality is not in a position to acquire it from its own account due to paucity of municipal fund.

In view of the above I request to your august authority to provide a 3000 Ltr. Capacity Cess pool emptier vehicle mounted to Haldia Municipality for public utility service at the earliest.

Thanking you,

Sub:- Regarding sanction of 2 (two) Nos. cesspool in favour of this Municipality for greater public interest.

Respected Sir,

I, on behalf of the citizens of Dhupguri Municipality & its adjoining areas, would like to state that for want of any cesspool in the surrounding areas of this Municipality, public in general of this area including the adjoining areas have been suffering a lot of problems for long. However, cesspools although are available in Jalpaiguri, Siliguri & other towns, but it takes atleast 20 to 30 days to reach in the respective houses of the applicants and can't receive the same at times & emergency hours.

As a result of which the different wings & the associations had approached us & submitted their deputations urging / requesting to make immediate necessary arrangement for at least 2 (two) Nos. cesspools for greater public interest of Dhupguri town & its adjoining areas.

Under the above circumstances & for greater public interest, I would fervently request you to kindly consider it favorably & make necessary arrangement for the sanction & approval of 2 (Two) Nos. of cesspools in favour of this Municipality on special ground at the earliest.

With kind regards.

Respected Sir,

With reference to the above, I am to draw your attention to the fact that "Storm Water Drainage System" is being executed within this ULB by the KMDA, implementing agency of the whole project. During execution, all drains are being covered with RCC Slab & manhole Cover. Existing drains on both sides of different roads are being connected to the new drains. As a result, the drains are carrying huge quantity of wastes & Plastic materials which is being the cause of silting in beds of those constructed drains. As a result, depths of those drains are decreasing rapidly. It is not possible to remove the deposited silt and waste materials manually. Only mechanical process can be applied for this purpose. Suction Cum Jetting machine may be utilized for cleaning the waste.

Would you be kind enough to take necessary step so that one Suction cum Jetting machine is delivered to Naihati Municipality from your end.

Dated, Tamluk, The

Sub: Sanction of fund for purchasing two Mahindra Diesel Tractors, one Cesspool and one Hydraulic Trailer for Conservancy Deptt. of Tamralipta Municipality.

Sir,

I would like to inform you that this municipality has four vehicles out of which two vehicles (i) 407 mini truck of 35 years old and (ii) Escort Tractor of 40 years old and one Cesspool of thirty years old are now in dilapidated condition and the conservancy deptt. of this municipality is suffering too much to carry the garbage's of the town from vat to trenching ground and to provide the service of the cesspool to the people of this town. As such the municipality requires one Tractor with Hydraulic Trailer and one Tractor with Cesspool, for smooth functioning of the Conservancy Deptt. of this municipality.

As per quotation of authorized dealer of Mahindra Automobiles, B.S. Tractors Pvt. Ltd., amounting Rs.- 19,60,089.00 (Rupees nineteen lakh sixty thousand eighty nine) only is required for purchasing two JIVO 240 Diesel Tractor, one Hydraulic Trailer and one Cesspool for this municipality.

I am therefore request you kindly to sanction the said amount for the purpose for better conservancy service to the people of this municipality as early as possible.

Thanking you,

Sri B.N. Kar, Addl Director, S&US

Sub.: Requirement of Cleaning Equipments specifically viz. “Drain cleaning & Suction-cum-Jetting Machine (2 Nos)” in Swachh Bharat Mission Abhiyan.

Sir,

This is to draw your kind attention that in modern civilized society, cleanliness is the part & parcel & very essential in every pros & cons of life. Swachh Bharat Mission Abhiyan programme is one of the benchmark of Government. In our Municipal jurisdiction we are also trying our heart & soul to make it as a garbage free zone as the part of cleanliness & the local people are also extending their co-operation in our initiative as much they can. Owing to lacking in some cleaning equipments we are lagging behind a little bit but not in blocking condition rather we are still dynamic.

Requirement of cleaning equipments is: ‘Drain cleaning & Suction-cum-Jetting machine (02 Nos)’. This is very essential so we have mentioned this with specific quantity for Jiaganj & Azimganj (Separated by Bhagirathi river) and no bridge exist between this two towns.

This is for your kind perusal.

If you do the needful for such requirement at your earliest conveniences, I will be highly obliged.

Sub: Request for allotment of Two (2 nos.) nos. of J.C.B. Machine for removal of garbage and other development works.

Madam,

In inviting your kind attention that, as per discussion with you and other official at your chamber, on the subject matter cited above, I am to state that, apart from the other machine and equipment already allotted for this municipality, another **two nos. of J.C.B. machine** bearing model no. "L&T KOMATSU PC 71" and "KUBOTA U30+6" respectively required for removal of garbage and other development works within the municipal area.

As the Tamluk being the district head quarter of Purba Medinipur, big size J.C.B. machine bearing model no. "L&T KOMATSU PC 71" required immediately for removal of garbage as the heap of garbage increasing day to day at a maximum volume due to shortage of landfill.

Under the above circumstances and considering the gravity of the situation you are requested to allot the above mentioned J.C.B. machines along with the other machine and equipment as already allotted for this ULB.

Please do the needful in this regard as early as possible.

- (4) 1 Nos Truck Mounted Sewer Jetting cum Suction Machine 2000 Ltrs capacity amounting to Rs.25,98,000.00/-

These items have been pressed into services & are functional. Further, work orders have been issued for purchase of -

- (i) 90 units double wheel barrow with pneumatic wheel amounting to Rs. 7,02,000.00/-
- (ii) Community garbage bin of various capacities (53 Nos 200 Ltrs, 320 Nos 240 Ltrs, 192 Nos 360 Ltrs, 64 Nos 660 Ltrs, 40 Nos 1100 Ltrs, 40 Nos 1100 Ltrs, 3 Nos 3000 Ltrs & 10 Nos 5000 Ltrs) amounting to Rs. 73,21,870.00/-
- (iii) Household garbage bin of 10 Ltrs bin amounting to Rs. 39,55,900/- out of this 5700 units of house hold dust bin have been received and are in process of being distributed. The distribution has commenced from 24.03.2018.

Distribution of household (10 ltrs) dustbin for segregation has already been started

Since all the existing conservancy vehicle are 8-10 years old and are in need of regular repairing which sometimes hamper our services. I humbly request you to kindly consider allocation of additional fund for procurement of at least six more vehicle of capacity 5.5 -7.00 MT for this municipality to augment our logistic resources for keeping this town clean and hygienic.

Thanking You.

Ref: This office earlier memo nos.1198/SMC/VS/14-15 dated 02-01-15, 56/SMC/VS/15-16 dated 02-09-15

Respected Sir,

With reference to the above, I have been directed by Hon'ble Mayor to inform you that SMC had taken a decision vide its MIC meeting dated: 20.09.2016 & B.O.A dated: 24.09.2014 to purchase of modernized equipments, Vehicles, Hydraulic Excavator (Pocklen) etc for Up-gradation of SWM and other services of SMC for transportation of solid waste etc. & excavating, clearing and proper disposal of the huge quantities of accumulated garbage from the Trenching Ground, Eastern By-Pass, Siliguri. Accordingly necessary e-tendering process towards the purchase of the same has done.

As per computer generated price bid, the lowest rate of Rs. 2,65,26,750/- for purchasing of aforesaid items has been duly quoted by the concerned bidders, Necessary photo-copies of tender items are enclosed herewith for kind information.

Accordingly, a total fund of Rs. 2,65,26,750/- (Rupees two crore sixty five lakhs twenty six thousand seven hundred and fifty only) towards purchasing of the aforesaid heavy vehicles and equipments will be required.

However, considering the precarious financial position of Siliguri Municipal Corporation, I have been directed to further request you to explore the possibility if the aforesaid fund could be allotted from your kind end.

Sub: Requirement of machinery for Promod Nagar Dumping Ground.

Madam,

I am to draw your kind attention to the present precarious condition of dumped garbage at the Promod Nagar Dumping Ground. You may be aware that approximately 520 tons of garbage and waste is dumped at the dumping ground by this Municipality on a daily basis. However, only 1/5th of the total area of the dumping ground is being presently used for dumping as in the rest portion KMDA is executing projects like compost and bio-gas plant, sanitary land fill, septage management & electric animal crematorium

Currently as has been assessed by officials of this Municipality such dumping as described above will be feasible for only about a month or maybe even less than that. Consequent to that it is apprehended that the entire garbage hill rising to a height to almost 17 meters from the ground may spill over the adjacent areas which includes the KMDA project site. Thus it is of paramount importance that the existing legacy waste and the waste that is being dumped on a daily basis is shifted elsewhere.

Under the above circumstances, you are requested to kindly provide us with ~~two~~ nos. Chain Dozers and ~~four~~ nos. of Dumpers (10 wheeler) on a very urgent basis. You may directly provide with the above machinery or you may also kindly consider to allot us with necessary fund so that the purchase may be made by the Municipality following necessary rules.

Please kindly treat this letter as extremely urgent considering the ensuing monsoon.

This to bring to your kind notice that the machines supplied from allotted fund of SUDA under Mission "NIRMAL BANGLA" and other vehicles under Trans Municipal SWM Project supplied and to be supplied from KMDA have no Operation & Maintenance plan at present. We at ULB level are not in a position to provide fund for operation & maintenance considering existing fund condition as well as man power status.

We would therefore earnestly request to your good self to provide us with this support of operation and maintenance for better and smooth functioning of these vehicles. Required fuel (diesel, mobil & lubricant oil) will be providing by our Municipality for each vehicle.

We hope that you will be kind enough to sanction the proposal to fulfill the interest of locality to make the area clean.

List of Vehicles for Operation & maintenance at present are given below:

- 1) Chain dozer - 1 (one) nos
- 2) Dumper - 5 (five) nos
- 3) Succession bucket machine - 1 (one) nos
- 4) Battery operated hydraulic tipper (toto type tipper) - 11 (eleven) nos

Thanking you in anticipation.

Sub: Request for providing two road sweeping vehicles

Sir,

Haldia Municipality is actively engaged in making the city of Haldia, clean and green continuously taking up various activities, following all the guidelines of Nirmal Bangla Mission and Swachh Bharat Mission. This Municipality has already been certified ODF in the year 2017.

Being a port based industrial town, Haldia has some of the major industrial set ups in the municipal area.

It is a matter of great concern that the present pollution level of the Municipal area has already reached an alarming level. The presence of dust and suspended particles in the air is already high. Areawise the municipal area of Haldia is one of the largest in West Bengal, consisting of an area of 109 squarekms. The presence of large industrial units including two thermal power projects generates a considerable volume of coaldust and ash dust. Being a port based town, continuous heavy vehicular movement also is the reason for generation of a large volume of dust.

The present Municipal Board in the short span of time since taking charge has taken up various projects for the development of Haldia. The Municipal Board has approved construction of several kms of roads which are under various stages of construction. To clean this vast stretches of roads it is imperative that the streets are cleaned thoroughly on a regular basis. It is a certainty that manual sweeping will not serve the desired purpose of keeping this city dust free. This Municipal board has decided, taking views from citizens, to switch gradually from manual sweeping to mechanised sweeping.

To achieve this, it has become a necessity, to procure at least two road sweeping vehicles. Considering the financial constraints and limited resource of the municipal board it will not be possible for the municipality to procure the vehicles from its own fund. We will be much obliged , considering this situation, if two road sweeping vehicles are provided from your end . Hoping for your kind co-operation and help,

Sub: Report on cleanliness majors under Darjeeling Municipality.

Sir,

In reference to your memo no. Secy/UD&MA/2018/17 Dated:28.02.2018 this is to inform you that Darjeeling Municipality has undertaken various measures to keep this town clean and attractive. Apart from engaging the Municipal conservancy staff into two shifts we are also engaging unemployed youths under WBUES as safai workers at unskilled rates.

The items which were proposed for purchase under Solid Waste Management Project has already been procured and are as follows:

- (1) Backhoe Loader with loader - 1(One) unit amounting to Rs.25,78,500.00/-
- (2) 3 Nos of Hydraulic Tipper with min 5.50 to 7.00 Ton payload capacity amounting to Rs 43,40,007.00/-
- (3) 3 Nos Pickup Truck Mounted Hydraulic Hopper with min 1.25 Ton payload capacity amounting to the tune of Rs.27,32,034.00/-
- (4) 1 Nos Truck Mounted Sewer Jetting cum Suction Machine 2000 Ltrs capacity amounting to Rs.25,98,000.00/-

These items have been pressed into services & are functional. Further, work orders have been issued for purchase of -

- (i) 90 units double wheel barrow with pneumatic wheel amounting to Rs. 7,02,000.00/-
- (ii) Community garbage bin of various capacities (53 Nos 200 Ltrs , 320 Nos 240 Ltrs, 192 Nos 360 Ltrs , 64 Nos 660 Ltrs, 40 Nos 1100 Ltrs, 40 Nos 1100 Ltrs , 3 Nos 3000 Ltrs & 10 Nos 5000 Ltrs) amounting to Rs. 73,21,870.00/-
- (iii) Household garbage bin of 10 Ltrs bin amounting to Rs. 39,55,900/- out of this 5700 units of house hold dust bin have been received and are in process of being distributed. The distribution has commenced from 24.03.2018.

Distribution of household (10 Ltrs) dustbin for segregation has already been started.

Since all the existing conservancy vehicle are 8-10 years old and are in need of regular repairing which sometimes hamper our services, I humbly request you to kindly consider allocation of additional fund for procurement of at least six more vehicle of capacity 5.5 -7.00 MT for this municipality to augment our logistic resources for keeping this town clean and hygienic.

Thanking You.

Sub: Request to provide two road sweeping machine.

Sir,

This is to inform you that speedy vehicles ply through Jessore Road, Sodepur Road and Badu Road day and night and it has become difficult to keep these roads clean by sweeping manually. But the importance of these roads is known to all. Specially, Jessore Road runs through the heart of this municipality and this road is of national importance. To keep these roads properly clean you are requested to sanction two road sweeping machine early.

Hope, you will kindly consider the matter and sanction two road sweeping machine for our municipality early.

Sub: Allotment of fund for purchasing plastic Dust Bin (Nilkamal) replacing open Vat in Tamralipta Municipality.

Sir,

I would like to inform you that, there are about 90 Nos. of open vat in Tamralipta Municipality. The cows and dogs are usually spreading out the garbage's from open vat to the roads causing creation of nuisance in the area. All these open vats are to be replaced by two plastic Dust Bin of 120 liters for each open vat to stop spreading garbage in the locality and to make the city clean.

I am, therefore, request you kindly to sanction the requisite amount of fund for purchasing 200 numbers of plastic vats of each 120 liter (Nilkamal) for making the town clean throughout the day and night.

Thanking you,

Sub: Prayer for supply of vehicles for the purpose of liquid & solid waste management of this ULB.

Sir,

Let me thanks for your cooperation providing some vehicles required for the purpose of solid waste management of this ULB. This is for your kind information that ours is a vast municipality having an area of 49.25 sq. km. and a population of near about 5.00 lakhs. Due to various reasons such as it's location adjacent to Kolkata, Metro Railway, Eastern Bye pass Road, this ULB becomes also a favorable destination for living of people from all economical strata of the society. The vertical growth of population is gradually making an additional pressure upon the present infrastructure related with public amenities. This is also to inform you there are more than one lakhs of holdings within this ULB. But there are only two numbers of cesspool emptier vehicles in this ULB available for cleaning of soak pits and septic chambers of all domestic, commercial and institutional holdings. And these two vehicles have been engaged in this service for last fifteen years. Naturally this quantity is not sufficient to cater such an emergency service with an immediate effect according to demands of the citizens for this service. Moreover, at present, the condition of these vehicles is not as good as it should be for smooth providing of this service.

There are about 40 km. of under ground drain in different wards within this Municipality and the length of such drain is gradually increasing every year. This is to speak the truth that this ULB has no mechanical infrastructure to clean out sludge from these under ground drains. As a result these under ground drains are being filled up with sludge every day and may be clogged any time. It is one of the reasons of logged water for a long period in the rainy season every year. And you know very well that vector and borne diseases become more active due to logged water.

This ULB render a service of collection of dead bodies of animals with a well covered carcass van. This vehicle is being used in this service for last ten years at a stretch. As a result, frequent mechanical problems of this vehicle resist smooth functioning of this very urgent service.

In this scenario, this ULB urgently needs four numbers of cesspool emptier vehicles, two number of jetting cum suction machines and one number covered carcass van to combat the present situation and ensure amenities for the sake of public health. A brief description of these vehicles given here under.

পশ্চিমবঙ্গ সরকারের নগরোন্নয়ন ও পৌর বিষয়ক দপ্তর কর্তৃক গত ০৫/১১/২০১৮ তারিখে ইস্যু হওয়া প্রজ্ঞাপনে (নং-789/MA/O/C-4/3R-7/2003) বর্ণিত পৌরসভার কার্যনির্বাহি আধিকারিক মহাশয়ের দায়িত্ব ও কর্তব্য সম্পর্কিত বিধি নিয়ে সভায় আলোচনা হয় এবং আলোচনান্তে ঠিক হয় যে, কার্যনির্বাহি আধিকারিক আগামী ০১/০২/২০১৯ তারিখ থেকে উক্ত বিধি {West Bengal Municipal (Duties and Responsibilities of the Executive Officer) Rules, 2018} অনুযায়ী তাঁর দৈনন্দিন কার্যক্রম সম্পাদন করবেন।

২। পতঙ্গবাহিত রোগ প্রতিরোধে ২০১৯ সালের

কার্যক্রম নির্দিষ্টকরণ ও তার বাস্তবায়ন।

বিষয়টি নিয়ে আলোচনায় পৌরসভার স্বাস্থ্য-আধিকারিক জানান, ২০১৯ সালের কার্যক্রম নির্দিষ্টকরণে ইতিমধ্যে মাইক্রোপ্ল্যান সুডাতে জমা দেওয়া হয়েছে। ঐ প্লানে পৌরসভার ৩৫টি ওয়ার্ড, ৫টি লোকাল অফিস ও ৫.৯৬ লক্ষ লোকসংখ্যা দেখানো হয়েছে। বাড়ি বাড়ি সমীক্ষা কর্মীর দল - ৫০৬টি ও মোট সমীক্ষা কর্মী - ১০১২ জন, সুপারভাইজার কর্মী - ১০১ জন, ডাটা এন্ট্রি অপারেটর - ২৫ জন প্রয়োজন বলে উল্লেখ করা হয়েছে। কর্মীদের পারিশ্রমিক বৃদ্ধির পাশাপাশি যেহেতু আয়তনে আমাদের পৌরসভা অন্যান্য পৌরসভার তুলনায় অনেকটা বেশি সেহেতু মাসে ১৪ দিন কাজের পরিবর্তে সারা মাস তথা সারা বছর ধরে ঐ কর্মসূচী চালিয়ে যাওয়ার অনুমতি প্রদানে অনুরোধ জানানো হয়েছে। এছাড়া, ঐ কাজে যুক্ত থাকা সকল স্তরের স্বাস্থ্যকর্মী সহ অন্যান্য কর্মীদের রেমনারেশন বৃদ্ধির কথাও বলা হয়েছে। বর্ষার জল যাতে জমে থাকতে না পারে সেজন্য পৌরসভার প্রধান প্রধান জল বহির্গমন (আউট ফল) পথ সংস্কার করার জন্য কার্যকরী পদক্ষেপ নিতে অনুরোধ জানানো হয়েছে।

বিষয়টি নিয়ে সভায় দীর্ঘ আলোচনান্তে ঠিক হয় যে, আগামী ফেব্রুয়ারী মাস থেকে যাতে ধারাবাহিক ভাবে ঐ কর্মসূচী শুরু করা যায়, সে বিষয়ে প্রয়োজনীয় অনুমোদন আদায়ে সুডা কর্তৃপক্ষের সাথে যোগাযোগ রাখতে হবে এবং জনসচেতনতা বৃদ্ধিতে গত বছরের ন্যায় নিবিড় প্রচার কর্মসূচী চালিয়ে যাওয়া হবে।

প্রসঙ্গক্রমে, মাতৃসদন পুনরায় চালু করার বিষয়ে পৌরপ্রধান জানতে চাইলে স্বাস্থ্য-আধিকারিক জানান, আর.এম.ও. নিযুক্তির জন্য দৈনিক সংবাদ পত্রে বিজ্ঞাপন দেওয়া হলেও কোন আবেদন পত্র জমা পড়ে নি। বেসরকারী/সরকারী স্বাস্থ্য প্রতিষ্ঠানের যে হারে পারিশ্রমিক দেওয়া হয়, সে ভাবে পৌরসভা দিতে পারবে না বলে আবেদন জমা না পড়ার কারণ হতে পারে বলে তিনি জানান। যদিও গাইনোলজিস্টদের সাথে আলাপ-আলোচনা করে একটি প্রস্তাব ঠিক করা হয়েছে, যা শীঘ্রই পেশ করা হবে বলে তিনি জানান।

আপাতত আর.এম.ও ছাড়াই মাতৃসদনের অন্তর্বিভাগের কাজ শুরু করার জন্য পৌরপ্রধান সভায় পরামর্শ দেন। এছাড়া, পি.পি.পি মডেলে মাতৃসদন পরিচালনা করার প্রস্তাব পাঠানোর জন্য সংশ্লিষ্ট সকল সরকারী কর্তৃপক্ষকে পত্র দেওয়ার কথা তিনি বলেন।

স্বাস্থ্য-আধিকারিক আরো জানান, আগামী ফেব্রুয়ারী মাস থেকে কুষ্ঠ নিবারণ কর্মসূচী শুরু করা হবে।

It may cost more than one and half core of rupees for purchasing of these vehicles. It is not possible for this ULB to bear such a big amount of money out of its own source. Therefore, it has been decided in the meeting of Board of Councilors of this ULB held on 25th January, 2019 that request will be sent to SUDA for providing these vehicles for the purpose of liquid as well as solid waste management of this Municipality. This ULB will operate and maintain these vehicles at its own source of income.

Therefore, you are requested to provide us the said vehicles so that we can run such emergency public amenities without any hindrance .

This proposal is placed for your kind perusal.

Hope that your good office will do the needful at the earliest.

Thank you.
