

Resolutions and proceeding of the 2nd Meeting of Task Force Committee for Solid Waste Management at State Urban Development Agency

Date: 22nd July 2019

Time: 3:00 PM

Venue: Chamber of Director, SUDA
ILGUS Bhavan, HC Block, Salk Lake
Kolkata – 700 106

Members present in the Meeting:

1. Smt. Debarati Datta Gupta, WBCS (Exec.), Director, SUDA, UD & MA Department, Govt. of West Bengal
2. Sri. Santanu Mukherjee, WBCS (Exec.), Jt. Secretary, UD & MA Department, Govt. of West Bengal and Additional State Mission Director, SBM(U)
3. Prof. Dr. Arunabha Majumder, Ex. Professor, All India Institute of Hygiene & Public Health (AIHPH) and Emeritus Professor, Jadavpur University
4. Dr. Tapas Kumar Gupta, Chief Engineer, Waste Management Cell, West Bengal Pollution Control Board (WBPCB)
5. Sri. Kalyan Roy Chowdhury, Addl. Chief Engineer (South), Municipal Engineering Directorate
6. Sri. Bijay Krishna Pal, Executive Engineer (Civil), Solid Waste Management Cell, SUDA

Others present in the Meeting:

1. Dr. SujayMitra, Chief Manager – Planning & Monitoring, SUDA
2. Sri. DipakNaskar, Executive Engineer (Civil), SUDA
3. Sri. Chandan Das, Assistant Engineer (C), Solid Waste Management Cell, SUDA

The Director, State Urban Development Agency (SUDA) chaired the meeting. All the members & participants present in the meeting were welcomed.

The discussions in the meeting focused on :

- i) Finalisation of the Terms of References (ToRs) in connection with the Request for Proposal (RfP) to be floated for engagement of shortlisted Micro-Planning Organizations at ULB level for preparation of city specific plan on solid waste management keeping conformity with the Solid Waste Management Rules, 2016. and ii) Finalisation of specifications of different vehicles and equipment to be provided to ULBs for collection and transportation of waste.

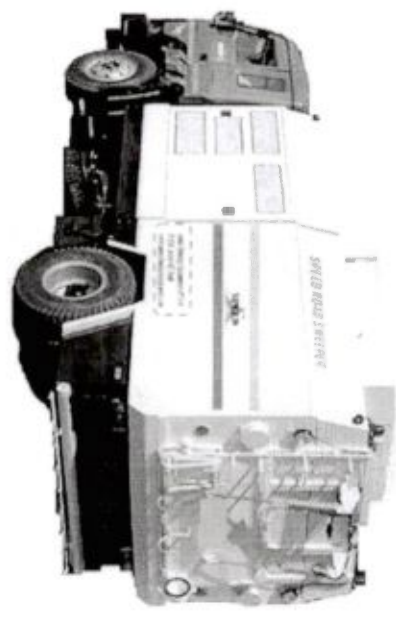

Draft RfP to be floated and specification of the vehicles to be procured were placed before the members of the committee for scrutiny and analysis. After detailed discussion amongst the committee members, the following decisions were taken:

- For engagement of planner priority should be given to the i) model towns/cities, ii) Ganga towns and iii) towns located beside the polluted river stretches in the State. However financial rate would be obtained for all towns/cities through this RfP.
- Geographical location wise RfP would be floated for 4 zones. For each zone ward wise rate would be obtained.
- The scope of work in the present RfP would include city specific feasibility study, preparation of DPR, planning on IEC activities and execution of capacity building & training for different stake holders.

- A two year time line could be fixed against deliverables adopted in the scope of work. This time period is essentially needed for gradual and sustainable implementation of the work at the field level.
- It was primarily decided to go for procurement of only Tri-cycle van (with 8 nos. 40 Ltrs. Bins) and Battery Operated Tippers (3 wheelers with battery assisted hydraulic tipping compartmentalized covered container arrangement, as per Ministry of Road, Transport and Highways Notification G.S.R. 709 (E) and should be ARAI or ICAT approved) for door to door collection of waste at source for the smaller towns or for densely populated areas as these vehicles could comfortably move in the narrow lanes, brick roads or congested areas in the towns.
- In planned cities small fuel operated tippers (Compartmentalized and covered with a minm. Gross volume of 3.2m³ and should be ARAI or ICAT approved) could be provided for collection of waste at door steps or it could be used at secondary collection points in various towns/cities.
- In addition to this, only Back-hoe Loaders would be provided to ULBs for using it only at Processing Plant and Engineered Landfill sites.
- For all these vehicles, it was decided to get the specifications vetted from the Transport Department of the Government of West Bengal, before initiation of bidding process on the Government e-Marketplace.

The meeting ended with thanks to and from the chair.

20/3/19

Product

Type of Road Sweeper	: Truck Mounted Sweeping Machine
Category of Vehicle for which Chassis to be used	: Medium Capacity Commercial Vehicles
Type of Chassis	: Chassis with Facecowl
Type of Fuel	: Diesel
Vehicle Emission Complainece	: BS-IV
Speed, Max (Km/Hr)	: 80
VIEW MORE Max Engine Power BHP	: 125

Generic Parameters

Type of Road Sweeper	Truck Mounted Sweeping Machine
Main Engine Capacity(cc)	3783
Make of Chassis	Tata LPT1109H EX2/42
Type of Chassis Frame	Ladder Type Frame
Category of Vehicle for which Chassis to be used	Medium Capacity Commercial Vehicles
Type of Chassis	Chassis with Facecowl
Type of Fuel	Diesel
Vehicle Emission Complainece	BS-IV

Fuel Consumption (declared by OEM as certified by Test Agency under Rule 115 of CMVR 1989) (Ltr/Hr)	8
Speed, Max (Km/Hr)	80
Max Engine Power BHP (BHP@rpm)	125
Max Engine Torque (N-M@rpm)	400
Main Engine Aspiration	Turbocharged Intercooled
No of Cylinder in Main Engine	4
Fuel Tank Capacity (Ltrs)	160 liter
Width of Chassis (mm)	2270 millimeter
Gradeability of Vehicle with load(%)	16.09
Gradeability of Vehicle without load(%)	16.09
Ground Clearance (mm)	225 millimeter
Wheel Base (mm)	4200 millimeter
Kerb Weight (kg)	3685 kilogram
Gross Vehicle Weight (kg)	12990 kilogram
No of Axle	2
Axle Configuration (No of Outside Tyre x No of Driving Tyre)	4 X 2
Type of Front Axle and Suspension System	I-Beam Front Axle

Type of Vehicle Tyre	Tube
Size Of Front Tyres (mm)	997 millimeter
Size Of Rear Tyres (mm)	997 millimeter
Chassis Transmission System	Manual
No. of Speed/ Forward Gears	6
Type of Steering	Power Operated
Turning Radius,Min (mm)	8300 millimeter
ABS Fitted	Yes
Front Vehicle Brake	Full Air S-Cam Brake
Rear Vehicle Brake	Full Air S-Cam Brake
Type of Clutch	Dry Friction Type
Sweeping Speed (Km/Hr)	10

Certification

Chassis Certification ARAI/VRDE/ICAT No.	AAFN0204
--	----------

Performance Parameters

Battery Warranty (Months)	12 month
Warranty Distance unlimited during warranty period(km)	Yes
No. Of Free Service	3

Standard Sparewheel with carrier mounted on chassis and Tool Kit	Yes
Warranty Time (Months)	12 month

Constructional Parameters

Length of Chassis (mm)	7575 millimeter
Height of Chassis (mm)	2470 millimeter
Size of Wheel (mm)	508 millimeter
Speed Governors	Yes
Auxiliary Diesel Engine for Hydraulic and Pneumatic Operation	Yes
If Yes Auxiliary Diesel Power (HP@rpm)	125
Auxiliary Diesel Engine Transmission	Centrifugal Clutch
Auxiliary Diesel Engine fuel tank Capacity (Ltrs)	0
No. of Cylinders in Auxiliary Diesel Engine	6
No. of Centre Brush in Sweeping System	1
Diameter of Centre Brush (mm)	400 millimeter
Material of Centre Brush	Mixed (Steel+Nylon)
No. of Side Brush in Sweeping System	2
Side Brush Diameter (mm)	600 millimeter

Main Broom Diamter (mm)	400 millimeter
Main Broom Length (mm)	1500 millimeter
No. of Main Broom	1
Main Broom Material	Mixed (Steel+Nylon)
Sweeping Width (mm)	3000 millimeter
Hydarulic System	Yes
Pneumatic System	Yes
Dust Collector Container capacity (Cu-m)	4.5
Dust Collector Container Material	Stainless Steel
Thickness of sheet from Dust Collector Container Made (mm)	4 millimeter
Type of Filter used in Dust Control	STEEL MESH FILTER
Tipping Angle (Degree)	45
Dumping Height (mm)	1200 millimeter
Collector Mechanism	Vaccum Based
Blower Speed (RPM)	3600
Blower Rating (m3/min)	254
Suction Hose (metres)	5 meter
Water Jetting Pump(Pressure Type)	Yes
Water Pump Pressure (Bar)	100
Water Tank Capacity	1800 liter

Material to be used in manufacturing of water tank Stainless Steel

Thickness of Sheet to be used in water tank (mm) 3 millimeter

Spray Location Side Brush & Veh Fr

Engine Oil Pressure Level Indicator in Control Panel Yes

Engine Cooling Liquid Temperature Indicator in Control Panel Yes

Fuel Gauge Indicator in Control Panel Yes

Operating Hour Meter Yes

Locking/Unlocking of Rear Dumper Discharge Container Yes

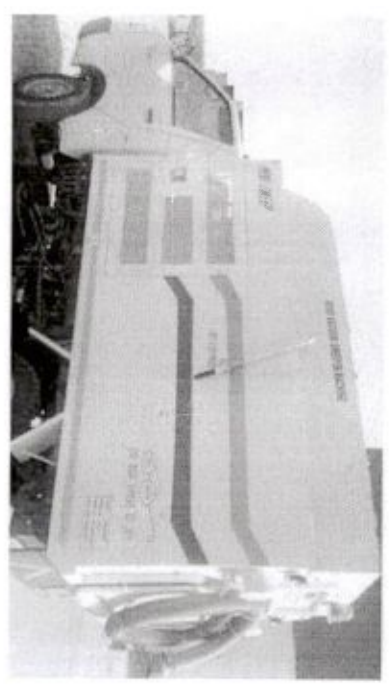

Lowering/Lifting of Rear Dumper Discharge Container Yes

Counter Weight No

If yes Counter Weight (kg) 0 kilogram

Paint Automotive Paint

Specialized and professional vehicles / Road Sweeper

Mini Road Sweeper (SPEED KILLING SYSTEMS) (MINI SWEEPER)

₹ 2,850,000.00

Sub: - Request for providing Primary/Secondary collection equipments and vehicles for the use of this ULB

Firhad Hakim
Minister-in-Charge
Deptt. of Urban Development

Sir,

It has a pleasure to inform you that this ULB has been notified to be developed as the Model town by the Department of urban Development & Municipal Affairs, Government of West Bengal. This municipality is densely populated consisting of various castes and religious and also having a good number of Slums fully congested. This ULB has already been included in the Cluster Project and has introduced segregation of House-hold wastes at source level in different wards under this ULB.

To develop and promote the collection and disposal of waste system it has been felt necessity to procure various equipments and vehicles, the details of which is enclosed for favour of your kind perusal.

It may be mentioned that is spite of the limited resources, this ULB has left no stone unturned to remove the garbages in a segregated manner. But it is felt wide gap due to non-existence of the sufficient equipments and vehicles.

Considering the totality of the fact, stated, I am to request you kindly to provide us the equipments and vehicles as per list enclosed or to provide us required fund to enable us to procure the same. Hope you will be kind enough and accord your kind approval for providing us the required equipments and vehicles as enclosed, to enable us to render better services to the rate payers and to keep this town garbage-free.

With thanks,

Encl: - as above

JS (SMMA)
ARAA
15/5/2019

Yours faithfully

Chairman,
Rishra Municipality

Sri. G. Das, AE

Please ask for
 justification &
 examine whether the
 equipment/vehicles are

Sir, really required or not.

26/6/19

Sub.- Required for primary /secondary collection of equipments,
 vehicle etc.

Ref.- E-mail from SUDA on 12-06-2019.

In response to the E-mail required on 12-06-2019 regarding requirement for
 primary/secondary collection of equipment, vehicle etc. for solid waste
 management of Berhampore Municipality, I am submitting the list of needy
 things for solid waste management of Berhampore Municipality at your end.

Thereby I request you to take necessary action.

Thanking you

We had supplied 2 fuel driven
 tipper of 2.2m³ capacity. They didn't
 mention it. Why?

Yours faithfully

Sub:- Request to provide us new Machineries for up-keeping our service facility.

Sir,

In connection with the above stated subject, we would like to inform you that Kalyani Municipality is one of the planned township in India. In recent years due to establishment of new Educational Institutions, Hospitals and Business Opportunities there has been a huge influx of people in to Kalyani Municipality. This increase in population has posed a great challenge to us in maintaining highest standard of public service in Sanitation, Water Supply and Sewerage etc.

In light of the above we need better mechanized service with latest equipments to meet the growing demand for public service, as such a list of Machineries to be required enclosed for your necessary reference.

As such we will be highly grateful if we could kindly provide us as per list enclosed.
This is for your kind perusal and necessary action please.

Yours faithfully

Enclosed: i) List of Equipments

Sub: Request to provide two road sweeping machine.

Sir,

This is to inform you that speedy vehicles ply through Jessore Road, Sodepur Road and Badu Road day and night and it has become difficult to keep these roads clean by sweeping manually. But the importance of these roads is known to all. Specially, Jessore Road runs through the heart of this municipality and this road is of national importance. To keep these roads properly clean you are requested to sanction two road sweeping machine early.

Hope, you will kindly consider the matter and sanction two road sweeping machine for our municipality early.

Yours sincerely,

Sub: Request for providing two road sweeping vehicles

Sir,

Haldia Municipality is actively engaged in making the city of Haldia, clean and green continuously taking up various activities, following all the guidelines of Nirmal Bangla Mission and Swachh Bharat Mission. This Municipality has already been certified ODF in the year 2017.

#

Being a port based industrial town, Haldia has some of the major industrial set ups in the municipal area.

It is a matter of great concern that the present pollution level of the Municipal area has already reached an alarming level. The presence of dust and suspended particles in the air is already high. Areawise the municipal area of Haldia is one of the largest in West Bengal, consisting of an area of 109 squarekms. The presence of large industrial units including two thermal power projects generates a considerable volume of coaldust and ash dust. Being a port based town, continuous heavy vehicular movement also is the reason for generation of a large volume of dust.

The present Municipal Board in the short span of time since taking charge has taken up various projects for the development of Haldia. The Municipal Board has approved construction of several kms of roads which are under various stages of construction. To clean this vast stretches of roads it is imperative that the streets are cleaned thoroughly on a regular basis. It is a certainty that manual sweeping will not serve the desired purpose of keeping this city dust free. This Municipal board has decided, taking views from citizens, to switch gradually from manual sweeping to mechanised sweeping.

To achieve this, it has become a necessity, to procure at least two road sweeping vehicles. Considering the financial constraints and limited resource of the municipal board it will not be possible for the municipality to procure the vehicles from its own fund. We will be much obliged, considering this situation, if two road sweeping vehicles are provided from your end. Hoping for your kind co-operation and help,

Thanking you,

Yours faithfully,

Chairman
Haldia Municipality
